Undigested Food

When any portion of food remains in the stomach and refuses to digest, it causes the torments of indigestion. This undigested food rapidly ferments, irritating the sensitive coating of the stomach, while other parts of the body, particularly the head, suffer in consequence.

So long as this undigested food remains in the stomach, the discomfort continues. A few doses of

BEECHAM'S PILLS

stop all fermentation, sweeten the contents of the stomach and give natural assistance that relieves the stomach of its burden. The use of Beecham's Pills gradually strengthens the stomach nerves and soon restores them to a normal, healthy condition.

Beecham's Pills positively cure all stomach troubles, while their beneficial effects on the liver and kidneys greatly improve the general health.

Beecham's Pills have been used and recommended by the general public for over fifty years.

Prepared only by the Proprietor, Thomas Beecham, St. Helens, Lancashire, Eng.

Sold everywhere in Canada and U. S. America. In boxes 25 cents.

STOCK MARKET CONTINUES QUIET

Prospect Good for Money—Europe Buying Bonds—Traders Cautious but More Confident.

(New York Journal of Commerce.)

The self-immolation of Wall Street at this season is peculiarly gratifying. Should stock market speculation continue on the quiet scale of the last three days the money market may be confidently expected to cope with the usual crop needs without undue strain. The continued easiness in call funds within a week of the enormous October first dividend payments is significant and instead of time money tending upward there has been freer lending this week at, in some cases, slightly lower rates. The banks are not doing well in their operations with the sub-treasury, the loss to date having been $2,359,000, but it is customary for the treasury to come to the rescue before the end of the week, so that it would be rash to conclude that Saturday's statement must show serious shrinkage in cash. The state of the country's finances is indeed one of the most reassuring features of the current situation.

Customers' rooms were fairly well attended yesterday, but visitors were doing little or nothing. The average trader inclines to the bull side and feels safer when he owns stocks than when he has sold something he does not possess. In the face of the heavy monetary demands of next week the opinion is that stocks may be temporarily depressed, and this tends to intensify the dullness that has prevailed this week.

There has been at work an influence, of which Wall street has heard little or nothing, namely, a steady absorption by Europe of high class bonds, including New York city 4 1-2s and Union Pacific convertibles. Perhaps $20,000,000 of the latter have been purchased by Europe since the dissolution of the underwriting syndicate, and there are indications that the demand has not been fully satisfied. Money rates for both cal land time were again slightly lower on Wednesday, renewals were made at 2 1-2 per cent and over-the-year loans were obtainable in certain instances at slightly less than 6 per cent. The larger banks, however, are expecting to see an advance before many days have passed. This week $2,359,000 has been lost to the Sub-Treasury, against only a trifling loss a week ago, but the Treasury's deposits may go far towards offsetting this adverse balance. So long as speculation remains as quiet as it was yesterday—the turn-over did not reach 300,000 shares—money is not likely to soar to the heights of a year ago.

HUMAN HEARTS

Good Performance Witnessed by Large Audience at Opera House Last Night.

At the Opera House last evening a good audience enjoyed the opening performance of Human Hearts. This play, although not new to a St. John audience, is still able to please those who wish to see a melodrama, in which the characters are true to life.

Clayton Macklin, as Tom Logan, the village blacksmith, gave a good portrayal of his part, and at the close of the third act he won deserved applause. E. A. Kerr, as the villain, and Mary E. Dicht, as the adventuress, were good in their respective parts, and were accorded the hisses due the characters they represented.

The comedy parts were well cast, and the tramp and negro servant added not a little to the evening's entertainment.

The balance of the support was good, and the company are deserving of good houses during the remainder of their short engagement here. The play will be repeated this afternoon and evening.

THE TEACHERS INSTITUTE

St. Stephen, Sept. 27.

The Charlotte county Teachers' Institute concluded its two days' session this afternoon. At this morning's session Miss Martha A. C. Osborne, B A. read a paper on "What Knowledge is of Most Worth."

The paper showed that the writer had complete knowledge of her subject. She pointed out what a great deal of pain and suffering could be avoided if people had more education; also, that all great works such as the building of railways, canals, etc., were the result of a great deal of study.

Mr. Tuttle read a paper on the Representative Powers and their cultivation. He spoke on the power of memory and imagination and how to cultivate them.

Principal Bridges of the Provincial Normal School expressed his pleasure at being present and meeting so many of his old friends for he reminded those present that he was at one time inspector of schools in a few districts of Charlotte. He thought that the teachers who attended these institutes derived a great deal of benefit and he told of an incident of a few years ago when a young lady teacher left this province and went to Victoria, B. C. to teach school. When school opened she had but four scholars but she was not discouraged, she kept at her work and by Christmas of the same year she had ninety scholars and kept increasing until now the number is limited only by the capacity of the building.

A number of teachers spoke of the great benefit derived from the study of English literature and thought that more time should be spent on it than on some of the other subjects.

P. G. McFarlane thought that almost every school teacher had too many pupils, to look after and consequently could not give the desired amount of time to each.

Mr. Cortell of Calais made a few pleasant remarks.

An interesting discussion on free hand drawing led by Miss Jean Millidge was first on the programme at the afternoon session.

A paper on spelling by Miss Eunice R. Bartlett was enjoyed by all. Secretary Vroom spoke to the paper.

The address by Principal Bridges of the Provincial Normal School on elementary reading was very instructive especially to teachers of the primary departments. He gave many hints to the teachers how to instruct the scholars in elementary reading.

Mr. Cortell again addressed the institute in a very acceptable manner.

Rev. G. Young made some remarks claiming that it was the public school teachers' work with the children that was necessary altogether but that they should be educated in home, church and Sunday school.

It was resolved that this institute extend a vote of thanks to the president for the able manner in which she conducted the affairs of the institute. A vote of thanks was extended teachers and trustees of the St. Stephen schools for the kindness shown the members of the institute while in St. Stephen.

The officers elected were as follows: President, Mrs. J. W. Graham, Milltown; vice-president, Mr. Woods, St. Andrews; secretary - treasurer, F. O. Sullivan, St. Stephen. Assistant Miss M. Kerr. Additional members of the executive, Miss Milligan, St. James; Miss Reta Allingham, Campobello.

A vote of thanks was extended to Jas. Vroom for his services to the institute.

Place and date of next meeting were left with the executive committee. The visitors enjoyed a visit through Ganong Bros. candy factory this afternoon. Mr. Ganong presented each with a box of G. B. chocolates.

OPPOSITION CONVENTION

St. Stephen, N. B., Sept. 27—Feeling that an early appeal to the electors is to be made by the present provincial government, a meeting, held this evening in the office of W. C. H. Grimmer, M. P. P., of those opposed to the government, decided that a county convention should be held early in October to nominate four candidates. The date is to be determined by the three opposition members now representing the county and will probably be about October 10th.

St. Stephen, Sept. 25—A most delightful dance was given in Redmen's Hall, Calais, last Wednesday evening as a continuation of the wedding festivities of Mr. and Mrs. Herbert Wadsworth, jr., nee Miss Frances Edwina Todd, and for the pleasure of the wedding guests from out of town.

A delightful picnic was enjoyed at the golf links last Saturday afternoon.

Mr. Tannahill Crilley leaves this week for Montreal and will on Saturday take passage in a C. P. R. steamship for England, where he will enter a college to complete his medical course.

Miss Sarah Keating has returned from a pleasant visit in Boston and vicinity.

Mr. Thomas A. Irvine arrived from Denver, Colorado, on Thursday last and will make a brief visit with relatives, leaving this week again for New York city.

Miss Alice Crilley and Miss Muriel Keirstadt leave this week for Toronto to become students at the Toronto University. Miss Keirstadt will also take a course of study at the Lillian Massey School of Domestic Science.

Mrs. Beverley A. Carter left Monday for Cranbrook (B. C.), where her husband is engaged in business.

Mrs. Hume Bates and Master Jerome Bates are guests at the Windsor for a few weeks before they leave for Vermilion (Col.) to visit her daughter, Mrs. McKusick.

ST. STEPHEN, September 27—James Farthing and family left for Fredericton last night. Mr. Farthing will have charge of the Y. M. C. A. gymnasium during the coming winter.

The marriage of Miss May Sullivan, only daughter of Mrs. Fanny Sullivan and the late Eugene Sullivan, to William F. Townsend, eldest son of Frederick W. Townsend, took place Wednesday afternoon at three o'clock at the residence of the bride's grandmother, Mrs. John Miller, Union street, Calais. The bride was attended by Miss Celia Acheson, while the groom was attended by his brother, Frank Townsend, and the Rev. Gilbert Edgett was the officiating clergyman. The bride was given in marriage by her uncle, Inspector Charles E. Miller.

The large number of beautiful presents received testified to the esteem in which the happy couple are held. After refreshments were served, Mr. and Mrs. Townsend were driven to the W. C. R. station, where they embarked on their wedding tour to Boston and Brockton, Mass..

The funeral of Roy C. Maxwell took place today from C. P. Ry. station; a large number following the remains to the St. Stephen Rural cemetery.

A pressure test was made last evening of the new waterworks system. A gauge was attached to a hydrant before the test and recorded a pressure of 120 lbs. Eight streams were then attached to hydrants and pressure was reduced but by twenty pounds. A stream was played on the Windsor Hotel with the result that it carried over the flagpole on the tower of the hotel, a height of ever 120 feet. Under the old system the pressure was between 75 and 90 pounds. Last night the pressure came from the reservoir alone the pumps not being used.

It is expected the new water will be turned on in Calais today. The people of Calais and Milltown have been waiting very anxiously for the new water as they are tired of using that which is being supplied them.

Two young men, Charles Core and Kelley, employed in Charles Core's livery stable, Calais, drank some horse liniment by mistake, with the result that Core died a few hours later. Kelley drank an overdose and was saved.

"J. A. Hartt, M. P. P., of St. Andrews, is a visitor in town today.

ST. STEPHEN, Sept. 27—The annual convention of the provincial W. C. T. U. will be held in St. Stephen, commencing Oct. 8.

Ernest Ganong, of St. John, and Miss Grace Hickey of this city, daughter of Captain and Mrs. F. Herbert Hickey, were quietly married at Christ church rectory, St. Stephen, on Tuesday afternoon, Sept. 24, by Ven. Archdeacon Newnham. The young couple will make their home in this city and have the best wishes of many friends for future happiness.

CALAIS, Sept. 27—Henry Whitney, of Newcastle, N. B., a former clerk in the drug store of Percy L. Lord in this city, is visiting his home in Milltown, N. B.

Thomas McNamara, of Boston, is enjoying a visit to his former home in this city, after an absence of five years, and is receiving a cordial welcome from his many friends.

A "wireless" message recived here Thursday contained the announcement that a squad of Sturgis deputies, headed by Albert French, were headed toward the border towns, some being bound for Eastport and others for Calais.

MARINE NOTES

Schooner Helen E. Kenney, Capt. Hindon, arrived yesterday from Richmond with a cargo of oak for Rhodes, Curry & Co., of Amherst.

St. John's, Nfld., Sept. 24—The hull of the wrecked steamer Micmac was purchased this morning at Clift's office by R. Holden. The amount paid was $1450. The work of salving the cargo will now commence.

The Allan liner Grampian sailed on her maiden trip from Liverpool for Quebec Saturday afternoon with 33 saloon, 322 second, and 193 third class passengers. This will be the second new boat of the Allan line to go to Quebec this season, the sister, ship, the Corsican being the other.

Work on the steam turbine steamer Belfast, under construction at the Bath Iron Works, is progressing finely, the hull being 94 per cent plated. The Belfast is to be 335 feet in length and will have a great freight carrying capacity and luxurious passenger accommodations. She will be a sister ship to the Camden, of the Eastern Steamship Company.

Canso, N. S., Sept. 25—The British schooner Mary E. Smith, Capt. Hardy, from Boston bound to Sydney (C. B.), in ballast, struck off Whitehead(N. S.) early today during fog. There was a heavy gale and the vessel was carried off the rocks and sank in deep water. The captain and crew escaped in their boat and landed in an exhausted condition. The vessel registered 90 tons, and was owned by Capt. Hardy and his brother, of Harbor Briton (Nfld.) The schooner was partly insured. The crew lost all their effects.

Shelburne, Sept. 26—George A Cox's new tern schooner Roseway was successfully launched from his shipyard at Bell's Cove last Thursday afternoon and afterwards towed to Joseph McGill's wharf to have her masts put in. The vessel, which registers 250 tons, is a fine, staunch craft, classes A1, 10 years and combines beauty with an enormous carrying capacity. She is 10 0feet long on the keel, 120 feet overall, 29½ feet beam and 12½ feet deep. She was built under the supervision of the veteran builder, John Cox. The schooner is being rigged by Wm. H. Hunter, and when completed will load lumber for the West Indies. Capt. J. N. Sponagle, of West Dublin, Lunenburg Co., will command her.

THE CHURCHES

An interesting programme will be carried out on Sunday morning at the Murray street Mission. The exercises will include a flag raising and the singing of patriotic songs, and a large attendance is hoped for. The mission is preparing for a good winter's work. Tomorrow will be rally day.

Mission church S. John Baptist, Paradise row—Rev. J. E. Revington-Jones, priest in charge. Services tomorrow, eighteenth Sunday after Trinity, and feast of S. LIVERPOOL—Dull spot prices steady, middlings up four points, American futures closed steady 5 to 7 net higher.

LONDON (Special)—The Bank of England today purchased 7,000 pounds bar gold in the open market and sold 700,000 pounds for shipment to Egypt.

NEW YORK—Known movements of money indicate a loss in cash by local banks of $3,546,200.

It is reported here that the New York Central is seeking a considerable loan abroad. Copper mines are closing down in view of the falling price of the metal United States Steel closing Bessemer mills in Pittsburg, reason said to be scarcity of Bessemer ore.

No strike of private wire operators.

Banks lost on week's currency movements 5,408,900.

LONDON—Discounts in London money on call 3 1-2 per cent. Discounts, short bills 3 3-4, for 3 months, 3 1-16 a 7-8. American stocks closed weak with declines extending from 1-4 to 1 per cent. General market heavy with sagging tendency. Consols were ashade lower and Coppers were weak. There was light volume of business in all departments. London was principally influenced by reaction in our market on Friday especially at some attempt to liquidate there being influences of this kind. Foreign houses expected to sell stock at opening.

LAIDLAW & CO'S LETTER.

NEW YORK, Sept. 28—While the situation viewed from any standpoint does not warrant an upward movement of prices it is doubtful on the other hand if present prices do not discount the developments of the past week. Thanks to the conservatism of a majority of the bank and commission houses no unwieldly long accounts have been created. On any further decline therefore it would not be surprising to see good support develop and while the sagging movement of prices may be resumed in the near future there seems little reason to anticipate any acute demoralization.
