ST. PETER'S WIN FROM F. M. A.

North End Boys Clinch Another Game and Hold Their Place at the Top.

A good sized crowd saw a one-sided game on the Shamrock grounds last evening in the Society League series, when St. Peter's defeated the F. M. A.'s 12-1, in a five inning contest and increased their lead in the race for first place. Howe, who pitched for St. Peter's, was found for but one hit, and received good support. Hargrave did good pitching but his support was very poor.

The F. M. A.'s scored their only run in the third. F. Hazel got to second on F. Maloney's error, third on a sacrifice and scored when Doherty muffed McDermott's fly. The teams were:

St. Peter's	Catcher	F. M. A.
Rogers		Gilson
Howe		Hargrave
Donnelly		J. Hazel
J. McCormick		John McDermott
F. Mahoney		F. Hazel
E. Mahoney		Joe McDermott
C. McCormick		Quigs
Small		Kelly
Doherty		Bent
W. Priars		W. Priars

The league standing now is:

Won	Lost	P.C.
St. Peter's	11	4
St. Joseph's	11	5
St. Rose's	10	8
F. M. A.	1	16

A meeting of the league executive was held after the game. There will not be any game tonight, but on Wednesday night St. Peter's and the F. M. A.'s will play, and on Thursday night St. Joseph's and St. Rose's will again clash. A meeting will be held on Thursday to arrange games for the balance of the week.

MARATHONS DOWN P. Y. M. A.

In a Fast Game on the Victoria Grounds Last Night by a Score of 3--2.

The amateur league game on the Victoria grounds last night proved one of the fastest yet played this season. The Marathons and Portland Y. M. A. teams put up an exceedingly fast contest, resulting in a victory for the former by the close score of 3 to 2. The game was replete with brilliant plays and both sides put up a snappy article of ball. Both Gilmore and Bovaard, the respective slab artists had lots of speed and each received good support. The maroon and grey went to bat and were retired in one, two, three order, while the north end boys got good stick work got two men over the plate in their first innings. In their second inning, however, the Marathons evened up matters, and the grand stand contingent were vociferous. Both teams were blanked in the third and fourth, but the fifth made good the hearts of the followers of the "Greeks" as in that inning the game was clinched.

Last night's game ties the Marathons and Portland Y. M. A. teams for first place and the next game should be a hair-raiser.

The teams lined up as follows:—

Marathons	Portland Y. M. A.
Gilmour	Pitcher
J. Malcolm	Catcher
Stubbs	
D. Malcolm	
Bradbury	
Mooney	
Totten	
Clawson	
Baird	

The score by innings was as follows:—

Innings	1	2	3	4	5	6	7	8	9	10	11	12
Marathons	0	2	0	0	1	0	3					
Portland Y. M. A.	2	0	0	0	0	0	0	2				

The league standing is as follows:

Won	Lost	To Play
Marathons	8	5
Portland Y. M. A.	8	5
Clippers	5	5
Algonquins	3	7

This evening the Algonquins and Clippers face each other. These games are worthy of a much greater measure of patronage as the class of ball being put up is of an A 1 character. Last night's game, especially, was worthy of a bumper attendance, as the fair crowd present most assuredly got the worth of their money.

NEW YORK GETS HILLEBRAND

Announcement was made in New York Saturday by the managers of the Greater New York Baseball Club of the purchase of pitcher Doc Hillebrand, the former Princeton University pitcher and Manning, also a pitcher, who has been with the Williamsport team, of the Tri-State League. Hillebrand, who was awarded to the Washington Club of the American League, by the National Commission, against his wishes, has announced that he will not play professional ball unless he is allowed to pick the club he is to play with. It was reported that Clark Griffith had secured the collegian's consent to play with the Highlanders.

MONTREAL TEAM STRENGTHENED.

On Saturday at Montreal a deal was put through by which Halligan and Bill Keister, of the Jersey City club, will become members of the Montreal team and it is probable that Madigan will go to Jersey City in exchange. Manager Morgan has opened negotiations with Comiskey, of the Chicago Americans, for Catcher Hart, and expects to land him.

Rodgers, an outfielder of Brooklyn was to have joined the Montreal team at Providence on Sunday. With these changes and others that are in prospect, Montreal will have an aggregation difficult to defeat.

DIAMOND JOTTINGS.

Ebbetts proposes a trip of the Brooklyn to California next spring.
Infielder Sheehan of the Pittsburghs joined that club in New York.
The New York Nationals have bought Pitcher McCarthy of Newark, delivery at close of Eastern League season.
Is a player less of a professional, because he does not play with a club operating under the national agreement?
Capt. Barry of Holy Cross is quoted as saying that playing on a team outside of the national agreement will not bar a man playing for Holy Cross. The player is a "pro" just the same, as he plays in a professional league.

Vickburg has sold Outfielder Hopkins to the St. Louis Nationals for \$1,000.
Brown, Lundgren and Overall have all reached their double mark in victories.
Clymer hit for 438 in 13 games with Washington; Delahanty for 347 in 27 games.
The New York Nationals have secured Third Baseman Sondheim of the Calumet (Mich.) club.
The former great pitcher of the Boston Nationals, John Clarkson, and Mrs. Clarkson are at the home of his father in Winthrop, Mass.
The White Sox have gathered seven out of ten games from Washington and the Athletics have done as well with the St. Louis Browns.

BUT TWO COLLEGES SUPPORT THEIR CREWS WITHOUT OUTSIDE AID

When the finish flag dropped at Poughkeepsie on the big varsity race and the thousands turned homeward, few of them realized the cost of the aquatic carnival which was free to the public.
A conservative estimate of the money expended in teaching, conditioning and otherwise putting the crews on the starting line places the average sum by each university at \$8,000, or a total of \$56,000 for the entire regatta.
Then there were the costs of boats, oars, expenses of running the bathhouses, wages of the coaches and other employees, training tables and transportation, all making a huge bill of expenses for a few hours' fun on the river.
Harvard and Yale spent about \$25,000 in their races, all being rowed in the open while the general public had no difficulty in witnessing some portion of them.
That is what President Eliot, of Harvard calls clean sport, and the standard he sets for other departments of sport to strive for, according to the New York American. But it takes money to run these big aquatic carnivals and with a few exceptions money must come from some other department of college sport that is more remunerative than rowing.
There are two institutions that have risen to President Eliot's standard and do not use football gate receipts to help out rowing. They are Columbia and the Navy. The former has abolished the football gate, and the expenses of the crew are met by the undergraduates and alumni subscriptions, and similar conditions prevail at Annapolis.
When the project was broached to the Navy men the question of expenses looked insurmountable, but with a good crew and a possible victory in sight, the money was quickly raised, and not one cent of the public money was expended in putting the navy in the race.
Notwithstanding the tremendous expense, college boat racing is on the increase, for so anxious, are the western col-

leges to enter for the eastern fixtures that it has become necessary for them to row for the championship of the west and then send the winner east to row to avoid overcrowding the regatta.

P. R. A. MATCHES

The Provincial Rifle Association is now sending out its programme for the annual matches which will open at Sussex on Aug. 13. To rifle men this little booklet presents a very attractive prospect for a four days' outing.

There will be eight competitions for individual prizes, in addition to the aggregate and three team matches. In addition to these there will be the extra series A at 600 yards, and B at 800 yards, which will be shot at intervals between the regular matches and in which competitors may enter as officers, privates, etc.
The revolver match, which was opened as an experiment last year, proved such an attractive feature that the prize list has been extended and a handsome trophy has been presented by Capt. W. E. Forges of Richibucto.

The prize consists of a handsome quartered oak case containing one 38 calibre Smith & Weston revolver, one S. W. pistol barrel, six inches in length, to fit a revolver frame and convert it into a single shot target pistol; one set of hard rubber frames to fit pistol barrels, one four blade brass handled screw driver and two cleaning brushes. This prize is valued at \$30 and is certain to arouse enthusiasm among the competitors.

An entirely new competition is the Robertson championship, open to all competitors, with two prizes—first, \$50 and medal; second, \$25.
There will be distributed in prizes nearly \$1,400, ten silver cups, one large silver shield, seven silver medals and one bronze medal, the largest aggregate of prizes ever offered by this association at one meeting.

THE RING WILL FITZ AND JOHNSON GET MONEY

If Bob Fitzsimmons and Jack Johnson ever get their money for their fight at the Washington Sporting Club at Philadelphia on Wednesday they must go to court for it. After consulting with their counsel the officials of the club have come to the conclusion that the two fighters are not entitled to their money, the contention being that the men did not put up a real fight. The club will enter a bond to cover the attachments on the boxes' end of the receipts and then they will go into court for the purpose of preventing the payment to the two fighters.

THIS WEEK'S BOXING.

Tonight—Jerry Gaines v. Bartley Connolly at Winnisimmet, A. C. Chelsea; Frank Mantell v. Charley Wilson at Murray, Utah; Billy Glover v. Sammy Smith at New York.
Thursday—Tommy Murphy v. Bert Keyes at Brooklyn; Benny Yanger v. Walter Little at Fort Wayne, Ind.
Friday—Billy Glover v. Jack Dorman at Rockaway.
Tommy Murphy, whose victory over Rouse O'Brien restored him to good standing, will meet Bert Keyes at the Crown Athletic Club, Brooklyn, Thursday night. This contest will be used as a training stunt by Murphy for his bout with Matty Baldwin at New Haven, Aug. 5. Of course Keyes may spring a surprise and beat Murphy, but that isn't very likely.
Billy Glover of South Boston will fight twice this week at New York. He will meet Sammy Smith again to night and on Friday will have Jack Dorman for an opponent. Glover and Smith fought last week and made such a hot even contest that the matchmaker asked for another bout. Dorman is also a good boy.
Benny Yanger, the Tipton Slaughter, will meet Walter Little at Fort Wayne, Ind. on Thursday.
Jim Jeffries has been made one of the four defendants in a suit for \$24,324 brought by Morris Berkowitz, a Los Angeles retail cigar dealer. The other defendants in the case are Jeffries' business partner, Jack Kipper, and Messrs. Chas. Willard and Frank Karter. Berkowitz alleges that he had a lease of the space in front of the Tannhauser saloon for his cigar stand located at 304 South Spring street, and that Jeffries and Kipper are moving their new establishment to 326 South Spring street, Los Angeles, where they refuse to acknowledge his right of lease. Berkowitz is suing for \$24,000, this amount covering the \$200 a month profit for ten years, to which he has added \$224 for incidentals.

Gans Matched.

Los Angeles, July 22.—Manager Thomas McCarey, of the Pacific Athletic Club, announces that he has arranged for a contest between Joe Gans and Jimmy Burns (George Memsie) in this city August 16. Gans is to receive \$8,000 win, lose or draw.
Johnson Received \$1,296.
The Philadelphia promoters of the Johnson-Fitzsimmons fiasco have changed their minds about making the boxers go to court to get their share of the receipts. Last week all concerned met in the Quaker city and Johnson was given \$1,296 as his share. The \$1,921 which was due Fitzsimmons was held up on account of an attachment placed upon it by Geo. Considine. As the latter is Fitzsimmons' manager, and it is said, the attachment was levied to prevent Fitz' creditors from getting the money, Wayne is no doubt Fitz will get his share all right.

GOLF

The golfing Frenchman was once a very rare bird; today the species is quite common. Courses are springing up all over France, not merely in the places frequented by the English and Americans, but in industrial centres such as Bordeaux and Lille, says the Pall Mall Gazette.

Parisian golf was really born at Maison Lafitte, where there is a race course with a colony of Britons, then it migrated to Le Pecq. Every French seaside place that respects itself has a golf course nowadays. It is held to be the surest way of attracting the Anglo-Saxon.

ATHLETIC

Shrubb has entered for the one, three and five mile races of the New York Calenderian Club at their annual Scottish games at Washington park, Grand and Maspeth street, Brooklyn, Sept. 2, Labor day.

Alfred Shrubb will run in a match race with Bob Halligan, formerly of the New West Side Athletic Club, in an eighth of a mile contest at New York on Aug. 17. Halligan is a runner of repute, for he visited Europe a few years ago and ran successfully against the best professionals in England and France.

A THRILLING EXPERIENCE

Narrow Escape From Death in the Quicksands Near Amherst, Madgalen Islands.

(Halifax Mail.)

Capt. James W. Main, of the Magdalen Development Company, of Grindstone, and Alfred Fuher, bookkeeper for the same firm, had a narrow escape recently from death in the quicksands near Amherst, Madgalen Islands. One evening recently they left Grindstone in a gasoline boat and had only gone a short distance when a thick fog set in. They drifted about the bay until 11 o'clock, when they struck a reef. The wind had sprung up, accompanied by a thunder storm. They succeeded in getting the boat off and proceeded, but a short distance when they struck on a sand bar. Here they decided to spend the night, with hopes at daylight to be able to tell where they were, but to their horror and astonishment, they found themselves fast sinking in the sand. Fortunately they were still at the boat but before they could get clear they had sunk to the top of their rubber boots. The sand was pressed so tightly against their feet that they tried in vain for some time to pull their feet from their boots. But at last they released themselves from the sand. Both men report that if they had not been near their boat and succeeded in getting their feet out, there is no doubt the boat and themselves would have been swallowed up. They were near the dreaded Sandy Hook, where so many vessels and lives have been lost. At daylight Captain Main and Mr. Fuher arrived at Amherst. The former gentleman had a team there to convey him to Grindstone, the latter returning via the steamer Amella the following day.

Says He Was Incorrectly Reported

Premier Robinson arrived in the city yesterday from Montreal and left for Moncton Monday. It is understood a meeting of the executive of the provincial government will be held in Fredericton tomorrow.
When questioned with regard to the telegraphic despatches which recently appeared in some of the newspapers with reference to the financial position of the province, the premier said that the reports did not give a correct account of what he had said. He also said that the financial position of the province was excellent, that its credit was equal to that of any other province of Canada, and that the object of his mission to Montreal was to consult with financiers as to the advisability of making an issue of long term bonds at the present time for the purpose of paying advances which had been obtained largely to retire his per cent. debenture of the province.
The premier added that he would not say anything further at present, but that in a short time he would be able to give to the press information which would be very satisfactory.
Asked as to whether he had made any suggestion with regard to selling public lands, his reply was that he had not done so; that he had no intention of suggesting anything of the kind, but on the contrary had said to the reporter who interviewed him that the settled policy of the government was not to dispose of its public lands.

SIR WILFRID LAURIER AT THE CAPITAL

He Received a Great Demonstration From the People of Ottawa---Will Live His Life in That City.

Ottawa, July 22.—Sir Wilfrid Laurier received a great demonstration from the people of Ottawa, irrespective of party to-night. Thousands turned out to welcome him despite a downpour of rain. The streets leading to his residence were decorated and the crowds cheered at every point. The city council presented the premier with an address and a bouquet of roses was given to Lady Laurier.

Sir Wilfrid had to make three short speeches. The first was in the city hall, which is given below, another on the steps leading from the city hall and the third at his residence where the crowd dispersed. No premier, in fact no man, ever received so enthusiastic a reception at the hands of Ottawa citizens. His statement that his future residence will be Ottawa was not a new one, but the declaration that he would prefer being a member of the Ottawa improvement commission to a peer is of decided interest, although those who know Sir Wilfrid well would come to that conclusion.

"Mr. Mayor, gentlemen of the city council, ladies and gentlemen," said Sir Wilfrid, "I have now reached my last stake of what I believe in many respects is a most pleasurable trip and the most pleasing part is that I am again home among my fellow citizens. I appreciate as I never did before how sweet home is and the truth of the saying that there is no place like home. (Cheers.) The joy of my return is intensified by the hearty welcome which I have received at your hands. Need I say how proud I am that my fellow countrymen have come to meet me, so many of my friends and neighbors, so many who are politically associated with me and so many of them that I cannot claim that privilege of their political support. I offer to one and all the prayer that you will accept the expression which comes from the bottom of my heart of my deepest gratitude.

"I have been now a fellow citizen for eleven years and as time rolls on it seems that ties of affection are winding more and more around my heart and it is my intention whatever may be the fortune or misfortune of my future life to live and die in the city of Ottawa. (Cheers.)
"A newspaper of Montreal published an article, inspired with most flattering intentions and couched in still more flattering language, expressed the opinion that I should become lord high commissioner and minister plenipotentiary to the Court of St. James. While it was flattering to me I cannot help saying that I have no such ambition (cheers); what I am now I shall remain so long as it pleases God to give me health and so long as the Canadian people repose confidence in me, as they have done during the past few years. If it pleases God to take my health away, or if the people should take away their confidence from me, then I would still be a simple citizen of Ottawa. (Cheers.) I desire no title, all that I want to be is simply a

Ald. Bullock and Frink, the special committee to confer with the Shipping Federation, did not leave for Montreal last evening as had been previously arranged, owing, it is understood, to a report from Montreal to defer their trip until certain men interested could be present. It is likely that the aldermen will leave later in the week or the first week in August.

The executive committee in charge of the arrangements for the coming firemen's tournament met last evening in No. 1 hook and ladder station and transacted considerable business. Chief Kerr reported that contributions were coming in well. Communications were read from St. Mary's and the City Cornet bands, offering their services free at the garden party to be held soon. The offers were accepted with thanks. A committee was appointed to draw up plans for the garden party.

citizen of Ottawa. If I am to have another title, another position, then the one which I would endeavor to become would be a member of the improvement commission of Ottawa, (cheers) so that I would be able to take a share in that good work and continue to take a deep interest in the beautifying of this city.

Sir Wilfrid then referred to the delay in proceeding with the new station and hotel, and said that it would be one of his first acts, now that he had returned, to see that work proceeded with. He had visited some of the most favored cities of the world, but there was none of them for which nature had done so much as for the city of Ottawa. The people of Canada and of Ottawa should do their share.

Sir Wilfrid offered his thanks for the sentiments in the address and said that if his work at the conference met with the approbation of his fellow citizens that was all that he desired. He drew a picture of the grandeur of the meeting in London of the daughter nations of the empire, the same as he had done at Quebec, and concluded by again thanking the people of Ottawa on behalf of himself and Lady Laurier for the magnificent welcome they had received.
