

A VISIT TO
EDMONTON

British Journalists Spent Yesterday in Edmonton Capital.

EDMONTON, Alta., July 30.—This growing northern capital was visited today by the British journalists who are traveling on the C. P. R. and who were greatly impressed with what was shown them. They were met by Messrs. Fraser, vice-president of the board of trade, and A. G. Harrison, secretary, by whom they were entertained at breakfast. After the banks of the Saskatchewan which were inspected and visits were paid to the farms of several homesteaders. The settlers were enthusiastic over this country and gave details of their finances, telling the press that energy and industry were the essentials to secure the prosperity they themselves had gained. The visitors were amazed at the growth and activity of Edmonton.

They were entertained at luncheon in the afternoon, at which Frank Oliver, minister of the interior, Mayor Griesbach, Hon. C. W. Ross, attorney general of Alberta, Senator Roy, ex-Mayor Mackenzie, Mr. Maxwell, and other representative men were present. Mr. Kenneth Birnes, of the Westminster Gazette, returned thanks for the warm welcome that had been given.

Mr. Fraser, who presided at the luncheon, made a happy reply and Hon. Frank Oliver also expressed his pleasure at meeting the distinguished guests.

At Strathcona, Mayor Mills, G. W. Marriott, president, and James Weir, secretary of the board of trade, welcomed the press men and a pleasant time was spent, the party being accompanied by a number of citizens of Edmonton.

Banff, in the Canadian Rockies, will be reached tomorrow morning.

EMBALMED
IN ARSENIC

Peculiar Case Before Grand Jury at Clinton, Illinois.

CLINTON, Ill., July 30.—At the resumption today of the grand jury inquiry into the circumstances surrounding the death of Mrs. Pet Magill, for which her husband and his second wife are being held, C. G. Oakman, attorney, undertaker who embalmed Mrs. Pet Magill's body, testified that the fluid used by him contained arsenic. He explained to the jury that the use of arsenical embalming fluids in cases of sudden death, went into effect, July 1, he had not used it, but that on May 31, when Mrs. Magill died, the law was not in force. The grand jury will probably not conclude its examination until Friday.

KILLED HIS WIFE
WITH THE CARVER

New York Man Stabbed His Wife Six Times and Then Committed Suicide.

NEW YORK, July 30.—John Lynck, a Pole, killed his wife this afternoon by slashing her six times with a carving knife and then committed suicide by stabbing himself at his home in Twenty-third street, Brooklyn. The woman fell dead in the doorway as she was trying to escape. Lynck some time ago left the city laboring under the impression that he was to be deported. Recently he returned and his fears that he would be sent back to Europe, where, it is said, he was wanted for an offence, are thought to have unbalanced his mind.

ETHEL ROOSEVELT'S
DEBUT IN SOCIETY

President's Younger Daughter Will "Come Out" at Washington After Christmas.

WASHINGTON, July 30.—There is a persistent rumor here that her parents will permit Miss Ethel Roosevelt to withdraw from school after the Christmas holidays and enjoy the festivities of a social season in the White House. It seems unlikely, however, that she should be denied the advantage of making her first bow to society within the walls of the historic executive mansion.

HE SHOT HIMSELF
WHILE JURY WAITED

COLORADO SPRINGS, Colo., July 30.—Amos R. Rumbaugh, of Washington, D. C., the witness who it was believed, could shed light upon the death of Miss Laura Matthews, whose body was found in a lane near Broadmoor yesterday with a bullet hole in the head, shot himself this evening while the coroner's jury was waiting his appearance to testify, and was not expected to recover at the hospital to which he was taken. Several sensational facts developed at the inquest.

COLORADO SPRINGS, Colo., July 31.—Amos R. Rumbaugh, who shot himself yesterday, rather than testify at the inquest over the body of his friend, Miss Laura Matthews, died today.

MISS SUTTON WILL NOT PLAY

LONDON, July 31.—Keen disappointment was expressed at Newcastle-on-Tyne yesterday at the announcement that Miss May Sutton had decided not to defend the lawn tennis challenge cup and gold badge she won last year.

Miss Sutton's decision is somewhat of a mystery. It is probable, however, that the California girl, who returns to America next week, preferred to spend the last few days she is here in comparative idleness, content to rest on the laurels she has already won this summer.

AN ACCIDENT
ON THE ERIE
CANALMasonry of Bed Gave Way and Canal Boats Went Down
MUCH DAMAGE DONE

Three Story Mill Building Precipitated into Water and Two Breweries Threatened With Demolition

SYRACUSE, N. Y., July 30.—The arches of masonry which support the bed of the Erie Canal at a point near the center of this city, where it passes over Onondaga Creek, gave way this afternoon and four canal boats were drawn into the bed of the creek beneath. Fifty feet of the wall and the 3-story Empire flour mill were precipitated into the water and the Bartels and Greenway breweries, respectively on the north and south banks of the canal, were threatened with demolition.

The driver of the canal boat Peter J. Roler, of Black River, noticed that the boat was moving too rapidly and hurriedly moored it to the canal bank. The rope snapped like so much thread, carrying away a part of the wall upon which the flour mills stand. Fred Race, the owner of the boat brought his wife and eight-year-old daughter on deck and when the boat neared a safe section of the wall, all jumped to the shore. Henry Race 50 years old, father of the owner, was standing in the stern of the boat. Employees of the Standard Milling Company reached out to seize him as the boat approached the vortex. The boat swung toward the wall and they grabbed him as it took its final plunge downward. The Goodell was tipped up at the gas plant, to a crane. It pulled the crane over and severed the steel anchorage cables. A foreman in the gas plant caught two women and a child as they jumped to the bank and the boat was drawn into the break, followed by the Major J. J. Bailey, owned by F. Daventport. Two boats owned by Frank G. Fout, of New York, loaded with coal from Watkins were swept into the vortex afterwards. Mr. Fout and 4 children were saved by a deckhand. The Peter J. Roler loaded with gravel was carried into the break in two parts.

The remaining wall of the Empire Mills is badly cracked and will have to come down. The canal level at this point is five miles in length, and division superintendent, Thos. Wheeler, immediately ordered the water drawn off. He said that the break was caused by the arches of the aqueduct over Onondaga Creek giving way. When the level is emptied the danger of flood in the creek section north of Onondaga Lake will pass and the banked up waters of the creek will flow uninterrupted by the boats. All canal traffic is tied up and it will be several days at least before the damage can be repaired. The boats and cargoes are total losses.

RAILROADS
IN RATE WAR

CHICAGO, July 31.—A rate war among the railroads from Chicago to New York is threatened. Passenger agents from all these lines were to have met here yesterday to consider the reduction in passenger rates by the Michigan Central and Grand Trunk roads, but several officials telegraphed that it would be impossible for them to attend the meeting as peace could be secured only by all lines joining in an agreement. The meeting was postponed indefinitely.

It was announced that the Wabash and Erie roads would also put into effect, as soon as they can, a so-called commercial rate party as the Grand Trunk's, \$15.75 per capita for parties of ten or more traveling on one ticket from here to New York. This is a cut of \$1 from their present rate. If the Michigan Central makes another reduction in its party fares, a rate war will probably be precipitated.

INTERESTING
LEGAL POINT

Case of Logan vs. McLean in City Court Brings Out a New Point.

Argument of counsel in the case of Wellington Logan, fisherman, of Strait Shore vs. Captain McLean, of tug Waring, for damage to nets, was taken up before Judge Ritchie this morning. J. B. Recorder C. N. Skinner for the plaintiff and the case is rather out of the ordinary. In fact is about the only one of the kind, as regards legal points, that has come up for hearing in the city courts, and it is understood it will be carried to a higher tribunal.

The plaintiff, who holds the fishing berth No. 22, at Hilyard's mill, alleges that the defendant, while navigating tug Waring, ran into and damaged his net, which was moored out in the stream, and for which Mr. Logan claims \$17 damages. Mr. Skinner moved for a nonsuit on the ground that the title to the fishing lot referred to was really the question to be decided, and, as this came within the same category as the title to lands, it was a matter in which this court had no jurisdiction.

Mr. Skinner argued further that it had been shown that the plaintiff had no legal right to be fishing where he was, since the net was below low water mark, and, furthermore, the space between low water and low water mark belonged to the city in its corporate capacity, and had nothing to do with right or ownership by individuals. The portions—or lots—between high and low water mark were disposed of by the city to individuals for fishing purposes.

Mr. Baxter argued that, admitting that the plaintiff had no legal right to fish where and as he did, the defendant, Capt. McLean, had a right to be on the look out for fishing nets and be careful to avoid them.

The appeal will be taken at once. It will come before the supreme court at its next sitting. No doubt the case will be taken to the Imperial privy council should the decision be against the company. House Struck by Lightning—Growing Crops Badly Damaged and In Some Cases Wiped Out.

FREDERICTON, N. B., July 31.—(Special).—One of the worst electrical storms in years swept over the river parishes of Kingsclear and Queensbury last yesterday afternoon. Hail stones ranging in size from a pea to a marble, lasted for twenty minutes, doing damage to the growing crops. A man from Myshall Settlement, who was in the city today, says that crops along the river for a distance of six miles were completely wiped out. He says that the weather became very cold during the progress of the storm and in places the ground was white with hail stones this morning.

The residence of Ludlow Cliff at Queensbury was struck by lightning but not seriously damaged. Mr. Cliff estimates that hail damaged his crop to the extent of \$200 dollars. The loss sustained by at least a dozen other farmers in the neighborhood will be equally as great.

MUST HAVE BEEN
RARE OLD BIRD

Ramesis of Egypt Evidently Knew the Value of Advertising.

LONDON, July 31.—Egyptologists claim that they have discovered that Ramesis II is a fraud, and that he is not entitled to the appellation of "Great" which historians have given him. Recent explorations, it is said, have developed the fact that the many temples and monuments bearing his name, and therefore supposedly his work, existed a thousand years before him. The explorers believe the king was vain and caused his name to be cut everywhere. Prof. Naville, one of the official explorers of antiquities in Egypt has this to say about Rameses: The more we discover about Rameses the more convinced we are that he was a fraud. He was not great in any way, but his vanity was colossal. To satisfy this he conceived the notion of causing his name to be inscribed on every statue and monument that he thought would stand the test of time. The plan succeeded for many years. In consequence of it explorers decided that he must have been a great king. Now we are beginning to find him out.

THE TOTAL MAY
AMOUNT TO
\$16,000

Edwin Brown the Charlottetown Lawyer Has Been SENT UP FOR TRIAL

On a Charge of Forging Endorsement on a Note—Swindled a Poor Widow Out of \$2,300.

CHARLOTTETOWN, P. E. I., July 31.—(Special).—The preliminary examination of Edwin O. Brown, barrister, charged with forging the name of Alexander Martin, M. P. for Queens county, as an endorser to a note of \$500 drawn by Brown in favor of Martin and discounted by the Royal Bank of Canada, was held today in the police court before Stipendiary Magistrate McDonald.

J. E. McMillan, manager of the Royal Bank, testified that Brown had a note discounted on July 24th. He had made application on the 22nd but said he wished to send the note in the meantime to Martin, who lives in the country, to endorse it. As Brown and Martin had done business before and were political friends, McMillan did not suspect anything wrong. Mr. Martin swore that he did not endorse the note, never authorized anyone to endorse it, nor was he asked to do so. He never had transactions with Brown involving the payment of the \$500.

Attorney General Peters, for the prosecution, endeavored to have admitted as evidence another note for \$300 in Martin's favor, endorsed by him and discounted at the Union Bank of Halifax by Brown on the same day. This is alleged by the prosecution to be also a forgery. The prisoner's counsel objected to the other note being admitted as no charge had been preferred on it, and it was not before the court. Mr. Peters asked Mr. Martin to compare signatures on both notes, but the magistrate would not allow the question.

On the Royal Bank charge Brown was committed for trial to the supreme court in January next.

Interest in the case continues unabated and daily fresh transactions are coming to light. At present the total amount alleged to have been improperly obtained reaches over \$16,000, and the end is not yet. Brown has assigned for the benefit of his creditors to the executor of the estate of a Charlottetown man, whose widow gave Brown \$2,300 in insurance money to invest, for which no returns were made. It is not likely that bail will be granted. What Brown has done with the money is a mystery.
