IN THE TORONTO STOCK MARKET

Money Going Into Better Paying Propositions Than Listed Securities.

(Toronto World.)

In conformity with the other world's markets for securities the Toronto list has held remarkably quiet and apathetic. The continued tightness of money and general pessimism which prevails owing to the backwardness in the season has even deterred investors from entering the market. It has been recognized for some time that real estate and other ventures have shown better return on money than securities have, and it has become a question as to what rate should now be expected on stocks to allow them to rule at a parity with other investments. If the prices of several of the semi-investment issues can be accepted as a criterion it would seem that where three years ago a 5 per cent return was accepted as a sufficient inducement to buyers, owing to the changed conditions in the money market the looked for return now is fully 6 per cent, if not slightly above that level.

The Toronto market, as is the case in other markets, is passing through an evolution which will only be recognized when the change has gone into effect. Much of the small investment money and also considerable of the funds of financial institutions have found their way into better paying propositions than the ordinary listed securities on the market. This has been in effect now for at least two years. Like all other movements this will ultimately run its course, and when a surfeit of funds has been reached in real estate and other ventures, sentiment will revert back to stocks as affording a better opening than the other competitors. It may take some time, yet before this stage is reached, but the very knowledge that this will ultimately occur will sooner or later bring some new buying into the stock market. Where dividends are at all insured investments at current levels produce a fair return even at the present high rates for money, and there is certainly the prospect of a change which will be advantageous to stockholders at some time in the future. Acting on these grounds alone the stock market is to be commended to those who have surplus funds and who do not want to put the whole of their surplus into any one channel.

THE MARKET FOR DAIRY PRODUCE

Both Butter and Cheese Hold Strong Position --- Current Prices.

(Montreal Gazette, Saturday)

Cheese prices in the country yesterday displayed strength, the ruling price on the boards being 11 3-4c., as compared with 11 1-2c last Saturday. As high as 11 13-16c. was paid on some boards. A feature was the demand for colored, which sold at a premium over the white. At this date last year the ruling price in the country was 11c. Owing to the improvement in the pastures consequent upon the fine weather, the flow of milk is increasing, and the make is showing a corresponding increase.

Prices for butter in the country today were a shade stronger. At Cowansville 29 5-8c to 20 3-4c was obtained, as compared with ruling prices of 20 3-8c. to 20 1-2c last Saturday, and at St. Hyacinthe the price paid was 20 5-8c as compared with 20 3-8c to 20 1-2c last Saturday. At this date last year at Cowansville fresh butter brought 22 1-4c to 22 5-8c and salted 21 1-2c to 22 5-8c, while at St. Hyacinthe 22c. was paid for fresh and 21 1-4c to 21 3-8c for salted.

The local cheese market was firm today, the official quotations being—Ontario, 11 7-8; Quebec, 11 1-2c; Townships, 11 5-8c to 11 3-4c. Receipts today were 12,200 boxes and receipts for the week were 71,787 boxes, as against 63,604 boxes last week and 93,152 boxes for the corresponding week of last year.

The local butter market is firm, official quotations being:—Townships, 20 3-4c; Quebec, 20 1-2c. Ontario, 20c.; dairy 18c to 18 1-2c. Receipts today were 2,723 packages and receipts for the week were 15,424 packages, as against 12,908 packages last week and 29,266 packages for the corresponding week of last year.

THE C. P. R. LED IN INCREASED EARNINGS

Interesting Statement of the Great Railways for the Month of May.

Returns of railway earnings, at least as far as the gross are concerned, are again very satisfactory. The fact is satisfactory, both on its own account and because large gains are so essential to counterbalance the tremendous increases which are taking place in the operating expenses of the roads. The statement for April showed quite a large improvement in the gross revenues over the corresponding month of last year, and the statement for the month of May, as published by the New York Financial Chronicle, is almost equally good. Briefly the 67 roads which contributed returns, show a gain in the aggregate of $10,889,344, or 14.97 per cent. With the roads as a whole making such a satisfactory showing, it necessarily follows that the separate roads have done equally well. The gains are large, whereas the losses are few and unimportant. It is interesting to note that Canadian Pacific leads all the roads in individual increases. The following shows the principal changes in gross earnings in May:—

	Increases.
Canadian Pacific	$1,344,000
Gt. Northern Sys (2 roads)	1,258,519

CHARLES C. D. ROBERTS BALKED SUICIDE PLAN

(Continued from page 1.)

BALTIMORE, June 18—George E. Bronson Howard reached Baltimore yesterday and was seen at his apartments in the Talbott, No. 307 East North avenue

"Mrs. Howard, your wife, says you are a coward and a cad," began the interviewer. "What about it?"

Howard flecked the ashes from a cigarette and replied:

"Her statement that I was stingy is all rot. I spent about $2,500 with this little experience, and I've got enough. I did refuse to pay a lot of unreasonable bills, but I offered to send her back to Norfolk when she chose Miss Schenck in preference to me. She refused the offer, and that's all there is to it.

"I have been represented in the newspaper reports as more or less of a lightweight, without much responsibility, but I want you to let people know that among those with whom I associated in Baltimore, where they know me best, I am regarded as a pretty decent sort of a chap."

"Your wife says that you had your face massaged and used three or four kinds of powders, and that Miss Schenck offered you her rouge?" Howard was asked.

"Most of which is true," he said. "I do have my face massaged, as do many gentlemen who enjoy a comfortable shave; and I do use powder after shaving, as do most men who want to appear decent, and Miss Schenck did offer me her rouge—whether in a spirit of fun or to make mischief I don't know, and care less."

"And your wife says that you talked in your sleep about having crucified a man in the Philippines, and she concluded that you are crazy."

"I may, and probably do talk in my sleep," replied Howard, "for I am very nervous and hard-worked, and these brain impressions may find audible expression in my unconscious state. I might even admit having talked about crucifying a man in the Philippines, excepting that I happen to know the facts. My wife got all that from a story I wrote, the theme of which is just exactly that experience.

"I might as well let the public and my friends know," he continued, "what is at the bottom of this matrimonial trouble. It is the entire absence of love on the part of my wife.

"With my little experience before me, I want to give just a few words of advice to those contemplating matrimony. Let your courtship be longer than two days. In fact make it just as long as possible. The essential thing is to know the woman you are to marry."

"A little doctor in every home" is a term that has been aptly applied to Dr. Scott's White Liniment, though the word "little" is hardly in keeping with the big bottle you can get in any good drug store for 25c. A sure pain killer, healer and emollient.

It may not be chronic dyspepsia, only indigestion; it may not be inability to eat nearly all foods, only certain kinds. No matter what your digestive ailment, Herner's Dyspepsia Cure will give you relief and in a short time complete release from stomach ills. 35c. and $1.00, at all good druggists.

HEAR THE NEW "TWO-STEP."

Harrison's orchestra will play the popular "Currie Business University Two-Step" at each performance in the Opera House during this week. This lively and catchy march is now on sale at the music stores—price thirty-five cents per copy.

The hot wave which has struck St. John caused a decided rush on the Peter Pan Chemisette fronts and other styles of outing suits offered at M. R. A's today. The sale will be continued tomorrow, when some new goods will be introduced, and new prices, even lower than those advertised, added. A particularly favorable feature of today's sale was the eagerness with which the ladies seized upon the Peter Pan models trimmed so daintily in Butcher's Blue Linen.

The Caribou correspondent of yesterday's Bangor Commercial says:—Mr. and Mrs. S. L. White have left for Boston and Magnolia, Mass., where Mr. White will attend the druggists' convention, after which Mr. and Mrs. White will visit relatives in Oxford county, Augusta, St. John and Nova Scotia. They expect to be away from home four or five weeks.

REPORTS, DISASTERS, ETC.

Boston, June 17—On the passage from Jamaica to this port str Verona (Nor) struck an obstruction off the Delaware capes and was floated into dry dock at East Boston for examination. It is found that eight bottom plates were badly indented, the damage extending along the bottom and covering both sides of keel plate. No plates were broken so it was decided to allow the steamer to make another trip to Jamaica, where she will load for New York. She will then go to Brooklyn to undergo repairs. It is believed the steamer struck a submerged wreck.

MARINE NOTES

Battle line steamer Tangara, Captain Kehoe, arrived at Liverpool last Monday from this port with her deal cargo.

British schooner Clayola arrived yesterday at St. Martins to load laths for New York. Schooner Ravola is also at St. Martins making extensive repairs at the hands of James Delong, and when finished will also load laths for New York.

FUSHIMI IS ENJOYING IT

Japanese Prince Having Splendid Time on His Tour Through the Canaeian West.

BANFF, Albta, June 18—According to the re-arranged schedule, the royal train arrived at Calgary at 9.45 o'clock, on time. The receptions tendered to His Imperial Highness throughout the west have been without an exception most cordial and enthusiastic, but that of today at Calgary seems difficult to describe. It was of a whirlwind character. The programme as scheduled and the prompt manner in which it was carried out, to the great delight of the prince and party, and the decorations and enthusiasm might be told in one word, "magnificent." On arrival the prince and party were received by Commissioner Perry, of the R. N. W. M. P., and a guard of honor from the Calgary Light Horse, with their splendid band, were on the platform. The party were immediately driven in police wagons to the barracks, and after a rest of a few moments were taken in motor to the Rawlson ranch, a distance of about twelve miles, where they saw probably the finest hackney horses in America. The Prince, who is a great lover of horses, interestedly discussed the points of the animals with the breeders, and expressed himself as delighted with the opportunity of having seen such splendid animals.

After the inspection the party started to the polo grounds to witness a match between Calgary and Fishcreek, both very high class teams, and here a most interesting and exciting half hour was spent. After a few moments on the train to get rid of the morning dust, the party again drove to the barracks and lunched with the officers of the R. N. W. M. P., the only outsider being P. Burns. The train left Calgary at a few minutes after three and ran without stop to Morley, where a gathering of Stoney Indians had been arranged. Two or three hundred in paint and feathers were drawn up on their ponies, and made a most picturesque sight, and after some manoeuvres they were addressed by the Prince, who left with them a very tangible expression of his pleasure. No further stop was made until Banff was reached, where the party are now the guests of the Canadian Pacific Company in their hotel, and are looking forward to a couple of days of quiet rest at this peaceful spot in the heart of the Rockies. So far no hitch has occurred in the programme and the party are enthusiastic in their praises of the arrangements the company had made for their enjoyment.

Just Slightly

He was a dry goods drummer, on his way back to New York from Washington and finding himself alone, and having read the daily paper, he went over and dropped into a seat beside a stranger and began:

"I see that the United States Senator who was convicted of stealing government land out west somewhere, and sent to prison for a year is out again."

"Yes," was the cold reply.

"Do you remember his name?"

"No."

"Remember how much he stole?"

"No."

"Well, it was a good thing, but I wonder how they ever convicted him. What's your opinion of a U. S. Senator who goes into such a job? He should have got five years instead of one, shouldn't he?"

"Perhaps so?"

"There are probably others engaged in the same sort of steals?"

"Probably."

"Well, I hope they will all be brought to prison bars. The people are in earnest in this demand for reform. Do you hang out in Washington?"

"More or less."

"Then you have met this fellow who went to prisoner?"

"Yes, he is my brother!"

The drummer whistled and raised his eyebrows. The position was embarrassing, but only slightly so—to him. He mused over it for a minute and then said:

"Oh, well no feller can ever tell what his brother is going to do. Do you care about a game of poker?"

JOE KERR.

JOKELETS.

Captain—All is lost. We can't save the ship!

Moses—Did you hear that, Ikey? The ship is going down!

Ikey—What's that to us? We don't own it, nor did we insure it. Let her sink.

Mrs. A. F. Alward, of Victoria street, was pleasantly surprised by a party of friends last Monday night, who presented her with a handsome ruby ring. Mrs. Alward will leave tonight for Calgary, where she will reside in future.

DEATHS

CARRUTHERS—At St. John, N. B., June 18, 1907, Jane Carruthers, of Caverhill, N. B.

Funeral service on Thursday at Trinity church, commencing at 3 oclock.

Is Your Back Lame?

Lame back is only one of many symptoms of kidney trouble. Other symptoms showing that you need Swamp-Root are, being obliged to pass water often during the day and to get up many times during the night.

Catarrh of the Bladder.

Inability to hold urine, smarting in passing, uric acid, headache, dizziness, indigestion, sleeplessness, nervousness, sometimes the heart acts badly, rheumatism, bloating, lack of ambition, may be loss of flesh, sallow complexion.

If your water when allowed to remain in a glass or bottle for twenty-four hours, forms a sediment or brick dust settling, or has a cloudy appearance, it is also evidence that your kidneys and bladder need immediate attention.

Danger Signals.

If these danger signals are unheeded more serious results follow; Bright's disease, which is the worst form of kidney trouble, may steal upon you.

The mild and immediate effect of Swamp-Root the great kidney, liver and bladder remedy is soon realized. It stands the highest for its remarkable cures in the most distressing cases. If you need a medicine, you should have the best. Sold by druggists in Canada in 75c. and $1.25 sizes.

Sample Bottle of Swamp-Root Free by Mail

Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle, free by mail—it will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys. When writing be sure and mention the "St. John Evening Times."

TO BE HUMBLED.

Spinks—Proudly is one of those people who think they know it all.

Winks—Never mind. Pride goes before a fall. He has a daughter who will soon be through school. He will sit and listen to her graduation essay and feel like an ignoramus.

VACATION TIME.

Soon off to the country will flock in a hoard
The city folks, haughty and proud,
And the farmer will wish, when they've crowded his board,
That his wife hadn't boarded the crowd.

THE WAY IT COST.

First Visitor to Exposition—Where are you going after leaving the exposition?

Second Visitor—To the poorhouse, I reckon.

Dr. H. E. Gilmor, of St. Martins, is in this city.

THIS IS ALSO THE LAST SUB-DIVISION OF LOTS INSIDE THE CITY LIMITS. THEY ARE OFFERED TO YOU FOR THE NEXT THREE DAYS AT ALMOST HALF THEIR MARKET VALUE

Now that we are assured of the wheat crop there is no doubt that Calgary will in the next three months double its already enormous immigration, and who can tell where this wonderful city of 25,000 people will grow to. It has already made its mark as being the most prosperous city in the world by 3 per cent.

TO THE CITIZENS OF ST. JOHN, FROM THE CITY CLERK OF CALGARY

This is to certify that the property offered for sale by J. A. Driscoll is within the Corporation Limits of the City of Calgary, Alberta, and is high and dry, free of stone, level, and has good soil. It is situated in the vicinity of the reservoir (gravity system) and can be freely supplied with water. It lies southwest of the most fashionable residence district in Calgary.

Immediately to the east Elbow Park lots have sold at $235 each (25 feet frontage), to the north lots are held for $150. One half mile to the northeast lots are selling for from $450 to $700 each, owned by the Canadian Pacific Railway.

It is not claimed that a large profit can be made in an immediate turn-over, but within one mile of here lots that sold three years ago at $60 each, are now worth $900 investment value. According to present prospects of Calgary the purchasers of this property should realize a profit of 400 per cent. in two years.

According to present Calgary prices the value of this property runs at $75 per lot (25 feet frontage).

H. E. GILLIS, City Clerk.
