Waldo Watson, the five year old son of Frank Watson, grocer, of MacKay street, had a narrow escape from drowning yesterday afternoon. Waldo left his home early in the afternoon to go to play on the street, and it was not long before he had wandered in the direction of Marble Cove. A gentleman who was sitting close to the shore noticed the young lad sitting on the bank. Suddenly the boy fell into the water, which was over four feet deep. The man went quickly to the rescue and, reaching out, caught the badly frightened child and took him to his home. Beyond the ducking the little fellow escaped injury.

SAY THE DATE IS NOT FIXED

W. H. Barnaby and O. H. Warwick Talk on Investigation Into Macaulay Bros. Fire.

It is understood that Police Magistrate Ritchie will hold an investigation into the recent Kipp street fire; but, as he is not quite clear on certain points, no date has as yet been arranged.

W. H. Barnaby said this morning that he had no great interest in the matter. He denied that any announcement had been made to the effect that such investigation was to begin before Judge Ritchie yesterday afternoon, and added that he and Mr. Warwick did not appear at the police court to give evidence in the matter, which he said, was talked over, informally, in the magistrate's room yesterday afternoon. He understood that an investigation would be made, but as Judge Ritchie was not clear on certain points, no date had been arranged.

O. H. Warwick said that at the meeting held recently in the Board of Trade rooms he had moved a resolution that an investigation into the fire at Macaulay Bros. and matters relating to the fire department be held before the police magistrate; and Mr. Barnaby had seconded the motion.

Mr. Warwick said further it was felt that it was up to himself and Mr. Barnaby to act in the matter, and accordingly they had called at the police court yesterday afternoon.

The idea, he said, was to investigate the matter in a general way, with a view to improving conditions generally.

Like Mr. Barnaby, he understood that an enquiry would be made but just when he did not know.

Judge Ritchie, when seen this morning, declined to say anything for publication.

THE NEW FERRY PHONE SERVICE

The Instruments Will Be Installed in a Day or Two—Passenger Facilities To Be Improved.

The telephones in the east and west side ferry toll houses will be installed in a few days and should prove a great convenience. The 'phones will be of the usual "pay service" type and similar to those already installed in several of the hotels here. In the east side toll house the instrument will be placed near the entrance while in the west side toll house it will be in the men's waiting room. A feature of the west end arrangement is that to gain access to the 'phone one will have to pass the turnstile. Figured out this way it will cost more to telephone from the west side ferry 'phone than from the east side instrument. On the east side one will simply "drop a nickel in the slot," and start talking while in the west end in addition to the nickel fee it will cost either two cents or a ferry ticket to pass the turnstile. Of course this includes a harbor excursion on the erratic Ludlow or the odoriferous Wun Lung, co patrons are assured of their money's worth, as after phoning it will cost no more to cross the harbor and see if the message has been received. Chairman Baxter of the ferry board hopes to have the improved facilities for the handling of passengers on the east and west side floats installed in a few days. Then instead of being confined to the pens as at present, passengers will be permitted to go half way down the floats on one side and a railing will separate them from the portion reserved for teams and for the passengers leaving the ferry. This will be a very considerable improvement over the present system.

THEY WERE REMANDED

Men Arrested in Connection With McClary Manufacturing Co.'s Robbery Brought Into Court.

In the police court this morning, Oscar Peterson and Hanford G. Geldert, arrested Monday on warrants for larceny in connection with the recent thefts at the establishment of the McClary Manufacturing Co., were brought before Judge Ritchie and remanded.

Melburn Spencer, charged with being drunk and fighting on the north side of Haymarket square, was fined \$8 or thirty days in jail. His honor told Spencer that he understood he had acted very badly at the time of his arrest.

Leo Smith was fined \$8 or two months for drunkenness. He will also be obliged to pay twenty-five cents for cartage. John McGill paid \$4, also for drunkenness.

WILL CONSIDER SOME WEST SIDE MATTERS

Meeting of the Board of Works Will be Held This Afternoon.

If all of the members do not go to the circus there will be a meeting of the board of works this afternoon to consider Director Cushing's letter, which was read at Monday's meeting, and some west side matters of importance.

It is stated that Rodney wharf has commenced in several places to slide out of line, due, so it is said, to the dredging operations having been carried too close. This makes it difficult for the street railway company to continue building their trestle down the side of the wharf. It has also been found that the level of Union street near the junction with Rodney wharf has sunk considerably.
