ST. JOHN IS THE MECCA FOR MILLINERS TODAY

Wholesale Millinery Openings Begin Tomorrow, and Many are Here to Attend Them.

How This Season's Styles Compare With Those of Last Year--Favorite Trimmings, Colors and Shapes--Ribbons are Popular.

From all over the province milliners are coming into the city to visit the wholesale millinery openings which begin tomorrow and continue until Thursday.

Manchester Robertson Allison, Ltd. will hold their opening tomorrow. Brock & Paterson, tomorrow and The London House Wholesale, tomorrow. F. W. Daniel & Co. will not open their fall and winter millinery until Wednesday probably, of next week.

The hats for this season while in striking contrast to those of last year, are particularly pleasing, inasmuch as the shapes are fairly large with drooping brims which make them generally becoming. Silk is much more generally used in the form of huge bows, combined with long wings in soft flowing effects. The crowns are larger but hardly exaggerated this being mainly to support the trimming.

It will be noted that the drooping brim is exceptionally large and comes in the bell as well as the mushroom effect and in some shapes the brim turns up slightly in front or at the left side with an increased droop at the back.

In turbans the correct thing will be the full, large balloon-shaped crown with almost no rim, in both velvet and felt shapes. It will be remembered that last fall, the mushroom shaped brim--which has been so popular during the past summer--was just coming in. This year, as seen from both French and American models, the hats are trimmed fuller. Front rank milliners are showing blocked shapes in felt and felt with velvet.

In the way of trimmings silk and silk combined with velvet is being used. Fall much more extensively than for several seasons. In many instances almost the entire hat is made of silk with velvet bindings. Taffeta and ottoman silk are extremely popular, but moire is a great favorite.

Large, broad wings will be lavishly used in this season's hats--the broader the better. Where once a pair of employed, sometimes as many as seven pairs will be used in a single hat. Among the wings being shown at the millinery openings, aere and white are easily the favorites. Fancy feathers of every description are also quite the thing in the fall and winter millinery. Amazon ostrich, fox tail plumes, hussar and brush, are very much in evidence.

In floral adornment velvet pascies go a long way toward making up a natty effect, and American milliners are using convolvulus and large roses very largely. In fact foliage in all shades is very popular. While plain ribbons form an important item in the correct adornment of this season's hats, the really fetching effects are obtained by the use of shot silks which form the latest effects in millinery ribbons. Japanese embroidery is another of this year's novelties.

There is a large run on taffeta and ottoman silks, which are used almost exclusively in place of ribbon in the creation of the huge bows, which give a decidedly jaunty effect.

By way of ornaments long hat pins are still a la mode, but here again Japanese designs are correct, all the new goods having long heads instead of the round design so popular during the summer. Flat and half round heads are also very much in evidence.

The color effects for this season's hats are exceedingly pretty, and autumn shades enter largely into the variety. From a full cinnamon to deep brown, emerald and myrtle greens are great favorites and in the shot effects, greens, reds and browns come together.

All white or white, and black will also be very popular especially for early fall. Among the very newest shades are the blue-violet and a very pretty raspberry effect.

PASSENGERS COMPLAIN

Passengers on the Calvin Austin Say They Were Unnecessarily Delayed at Eastport.

Passengers who arrived on the steamer Calvin Austin on Sunday morning were very indignant at the manner in which they were treated. At Eastport they were told on Saturday that they could transfer to the Yale which had run down there for freight, and come up on her to St. John, or they could wait for the Austin. Being assured that the Austin would arrive here not later than 8 or 8:30 o'clock on Saturday night quite a number remained on her. As a result they did not get away from Eastport till early Sunday morning, and friends here who were waiting for them were disappointed. It is stated that there was no sufficient reason for holding the boat at Eastport.

FATHER GAYNOR AND JAMES KING

Henry King Makes Statement to Hanington, Teed & Hanington Relative to His Brother's Money.

The following is the statement of Henry King in reply to A. H. Hanington relative to a rumor circulated relative to the Rev. Father Gaynor:

"I am a brother of James King, and wish to state that when I came here about four months ago my brother, James King, informed me that Father Gaynor held a large sum of money belonging to him, of his earnings that he had paid him from time to time, and my brother requested me to ascertain how the account stood--how much was due.

"I then called upon Father Gaynor and asked him to kindly give me a statement of my brother's account, which he did, and I handed that statement to my lawyer, and after considering the matter over he told me to let the affair drop, and no more was said about it.

"I have not said anything to make those stories about Father Gaynor. I mentioned that my brother told me Father Gaynor owed him, but I have not authorized anyone to make any statement about it."

The Times is informed that when Henry King asked for the statement it was made out at Father Gaynor's request by Stew. Hayes, accountant, of Queen street, and showed a balance of \$1281 due to James King. This amount was available for Mr. King at any time.

STORMY TIMES NOW IN FREDERICTON HOSPITAL

Unless the Matron Resigns Whole Staff Will Leave

Nurses Complain That They Are Obligated to Light Fires and Do Other Work for Which They Were Not Engaged

FREDERICTON, N. B., Sept. 10--(Special)--The trouble at the Victoria Hospital has reached an acute stage and it is now certain that unless the matron, Miss McCallum, leaves the institution, the staff of eight female and one male nurse will go out in a body.

The enquiry commenced by the board of trustees several days ago was resumed last night and the proceedings were of a somewhat sensational character.

Wm. Kelly, the male nurse, was examined by the trustees and stated that he believed that the matron had on occasions in the past shown favoritism to Dr. Vanwart. He admitted that he had told Dr. Atherton that he would not have got a certain patient had the matron been at home.

The matron was next called upon to reply to the specific charges made against her by Dr. Atherton. The latter was permitted to conduct the examination, and the dialogue which passed between the two was very interesting. The matron denied positively that she had shown favoritism to Dr. Vanwart or any other physician.

Eight young ladies, nurses, submitted an ultimatum in which they condemned in strongest terms the matron's management of the institution. They complained of the condition of the kitchen and dining room also of the cooking and the manner in which the meals are served. They also complained that an English boy employed about the institution is allowed too many privileges and frequently uses insulting language towards them. He is too lazy to get up and make fires in the morning and it has to be done by one of the nurses. Five of the nurses were examined by the trustees and backed up the statements which they had made in writing.

Miss McCallum withdrew from the room while the trustees were in session, but is to be furnished with a typewritten copy of their statement in order that she may make a reply to it. The enquiry will be resumed on Wednesday evening. The trustees regard the case as a very serious one and in order to restore harmony will likely ask the matron for her resignation.

IS OTTAWA THE GRAFT CAPITAL?

Armstrong, M. P., Petrolia; Edmund Bristol, M. P., Toronto; Dr. Sproule M. P., East Grey, and J. B. Lucas, M. P., Centre Greer. The feature of the meeting was the calculation by Edmund Bristol, M. P., that there were at least thirty millions of graft every year at Ottawa. Mr. Borden's speech was a review and expansion of his previous announcements of policy.

Mrs. Kulture (president of the Woman's Literary Club)--Mrs. Benton Holmes, what is your idea of domestic science? Mrs. Benton Holmes--Why, er--er, the art of er--er--keeping one's husband home from the club.

VANCOUVER DEMONSTRATION AGAINST JAPANESE WAS PART OF PRE-ARRANGED PROGRAMME

Its Chief Purpose Was to Impress Japanese Commercial Commissioner --- Tokio is Silent on the Question, while London Says "The Wonder is It Has Not Happened Before."

TOKIO, Sept. 10--The most meagre account of the anti-Japanese trouble in Vancouver, B. C., is published in a special cablegram to the Asahi this morning. While awaiting details, the Asahi refrains from editorial comment. The published despatch, which is from Ishii, of the Japanese bureau of Commerce, is brief and expresses the opinion that the trouble is over. The Japanese press and officials generally show no disturbance over the immigration question, and it is conceded in official circles here that the matter will be ultimately settled satisfactorily, although sporadic outbreaks are expected. The Japanese official decline to say what steps if any, have been taken in the Canadian trouble, pending further information.

LONDON, Sept. 10--The Daily Mail in its issue of today does not discuss the Vancouver incident editorially, but prints an interesting sensational article by Hamilton Fyfe, who sums up the incident by saying: "The wonder is that it has not happened before."

He says that California and British Columbia have the same problem to puzzle over, and agrees with Dr. Goldwin Smith that "before many years there must be a supreme struggle between Europeans and Asiatics for supremacy on the Pacific Coast."

PORTLAND, Ore., Sept. 10--The Oregonian today prints this despatch from Seattle, Washington: "Every indication is that the Vancouver, B. C., riots were carefully planned to impress Ishii, chief of the bureau of foreign commerce. It is significant that the leaders of the Seattle organization against Japanese immigration, were in Vancouver heading the demonstration."

Frank W. Cotterill, president of the Washington state federation of labor; E. A. Fowler, secretary of the anti-Japanese and Korean immigration league; George P. Listman, a prominent Seattle labor leader, all were present, together with a big delegation of American anti-Japanese sympathizers. The significance of the demonstration was that it was the first time since the riots in Seattle that a large number of Americans had taken part in the anti-Japanese demonstration.

Consul-General Nasse presented the telegram to Sir Wilfrid Laurier. "All that I am doing," said Mr. Nasse, "is to present to the premier the information of the disturbances as it reaches me. For the rest I leave to the good sense of the British and Canadian governments, who have always treated us fairly. I am satisfied that they will do so in future and that our people will have the protection of the Canadian law."

MONCTON LADIES ARE RAISING DEFENCE FUND

KINGS COUNTY IS LAW ABIDING

No Criminal Business Before Kings County Circuit, Which Opened at Hampton Today

The September term of the Kings County circuit court opened at 11 o'clock this morning. Mr. Justice Landry, as bench. The grand jury was as follows: Andrew Walker, J. D. McKenney, Robert Johnson, George Suffren, D. A. McNeil, John Dalling, Hugh J. McCormick, Harry Titus, Walter Kilpatrick, James E. Wadell, Andrew Armstrong, Frank A. McPherson, Samuel Tabor, James E. Hoyt, Frank Whitman, R. H. Smith, Charles E. Ryan, Thomas Bell, Aubrey Flewelling, George M. Wilson, Fred. M. Sproule, Isaac Campbell, Allan W. Hicks, Ira Earle.

They selected Harry Titus as foreman, were sworn, and addressed by the judge. His honor congratulated Mr. Titus, a young man on his selection as foreman and the other jurors on their attendance and in the absence of any criminal matters to be considered by them, as also he did the county on its freedom from crime as evidenced by the presence of a pair of white gloves on his desk.

He suggested that the government might very well pass an act to prevent the calling of grand jurors by the sheriff from their duties all over the county when there is no criminal business to occupy their attention. Notice could readily be given the sheriff by the crown officers in time to save the expense of sending farmers and others in the busy season being called to assist in the administration of justice. He again thanked them for their attendance and dismissed them.

Quite an array of counsel was present in court and included Hon. A. S. White, K. C., Daniel Mullin, K. C., Geo. W. Fowler, Ora P. King, W. B. Jonah, A. W. Baird and E. S. Ritchie.

The civil cases were: Non-jury--Harrison vs. Newcombe, A. W. Baird, for plaintiff D. Mullin, K. C. E. S. Ritchie, for defendant. By mutual consent this cause will be tried by Judge Landry in chambers at St. John on the close of the jury case.

The Bay of Fundy Lumber Co. vs. Thomas Brown, White and King for plaintiff company; Fowler and Jonah for defendant. This case is as to the destruction of valuable lumber by reason of a fire set by the defendant on Sunday August 26th, 1905, while fishing on plaintiff company's lands in the Parish of Hammond and amounting to take proper measures for extinguishing the same. The defendant pleads that he is not guilty as charged and that the lands burned over are not those claimed by the company. The plaintiff's case was opened by A. S. White, K. C. before the jury who put in evidence certificates of the license and incorporation of the company in the state of Maine the admission of which is being opposed by Messrs Fowler and Jonah.

The petit jury is as follows: William Snider, William Chown, John J. Haslam, Andrew McClary, Studholm; J. D. Seely, Beverly F.
