In the World of Sport

CLOSE CALL FOR ST. JOSEPH'S

A Tie Only With St. Roses Last Night---Score Stood 2 to 2 ---Lots of Excitement---A Close Decision.

Things looked blue for a while for the St. Joseph's last night on the Shamrock grounds and their chances for the championship seemed to be fading away, for in a four-inning game the St. Rose's tied them, the score standing 2 to 2.

Wild excitement reigned for a time, as it was in the fourth that the Fairville boys tied the score. It looked for a brief space that it was all up with St. Joseph's. The St. Rose's maintain that in this inning McKinnon brought in the winning run for them and Umpire Case's decision otherwise came in for criticism. The teams were:

St. Joseph's.	St. Rose's.
Catcher.	
Mills	J. O'Toole
Pitcher.	
McGuiggan	O'Keefe
First Base.	
Simpson	Dawson
Second Base.	
Cregan	McKinnon
Third Base.	
Conboy	Downing
Shortstop.	
Long	Ryan
Right Field.	
Owens	Reed
Centre Field.	
McDonald	R. O'Toole
Left Field.	
Harris	Joyce

By timely hits and a combination of errors on the part of the St. Rose's the St. Joseph's made two in their first inning. From that out they did not appear to be exerting themselves and the Fairville team held them. The latter's pitcher, while touched up considerably, received at times good support.

It remained for the fourth inning to furnish the excitement. With two men on bases the right fielder of the St. Joseph's missed an easy one and allowed McKinnon to get to third, from which he attempted to steal home. That he was safe at the plate many believe. In a close decision, however, Umpire Case called him out. As the St. Rose's were inside of the coaching lines, his decision would seem right in any event. Some wrangling, however, resulted. A bunch of errors following allowed two more, however, and the game was stopped and declared a tie, amid great excitement.

Montreal	30	60	.333

The Tecumseh, Mich., team has been depleted by a raid of Dan Brouthers, scout for the Giants. Dan has signed up Second Baseman Wagner, Left Fielder Preston, Third Baseman Wolfe, Pitcher Richardson and First Baseman Fred Merkle. The quintet will report in New York Sept. 22, at the end of the Southern Michigan league season.

The New York Americans are negotiating for Bell, centre fielder of the Butte, Mont., team. In two games at Seattle on one day he got eight clean hits out of nine times at bat. Among the lot were two home runs. In seven games he made seventeen hits.

Pitcher Harry Hoch, who has been bought by the Phillies, is principal of the Camden (N. J.) High School.

Charley Hickman has played in Boston, Cleveland, Detroit, Washington and Chicago in the American League.

Cobb of Detroit has made twenty-seven assists and taken part in twelve double plays this season, completely distancing any outfielder in the major league.

The Chicago Americans have bought Pitcher Frank Miller, of the Houghton, Mich., Copper League team. He is but 20 years of age.

McHale, the fielder sold by Portland, Ore., to Boston, and now with Stockton, figures out there is not sufficient inducement for him to come east.

The Phillies are about 100 points on their standing a year ago. The Cubs are also ahead, but Pittsburg, New York and St. Louis are behind.

Lindermann, who won a game for the Bostons from Brooklyn, is pitching for Hartford.

The Boston Nationals have sold Catcher Snook, the Lafayette College man, to Reading of the Tri-State, and have secured Azmusson, a youngster who has been playing with some of the strong semi-professional teams of chicago, and who is recommended by Jimmy Ryan, Jake Starl, and others. Jake Weimer has pitched to him, and says he is a crackerjack.

Detroit offered the Indianapolis club $500 aside from the purchase money, for the use of Pitcher Summers right away. Indianapolis declined to accept.

Thoney still leads the Eastern League in batting, but his percentage, .350, is lower than it has been for weeks. Joe Kelley is second with .338. In 83 contests Thoney has made 80 runs and 120 hits.

Boston has taken seven games out of eleven from Cincinnati before the latter landed six straight.

Cincinnati has bought "Bunny" Pearce, the Newark, O., catcher.

VICTORIAS MAY REINFORCE

Will the Moncton "Vics" reinforce from other league teams at the "hub"? is the question that is being asked. It wouldn't be surprising, as there are doubtless many who could fill a Victoria uniform in Moncton. In all events Saturday's game should be a hot one.

THE OAR

THE VALUE OF A ROWING MACHINE.

The work of the Argonauts at Philadelphia is the more remarkable when it is remembered that three of the men in the Argonaut eight had not rowed in a shell of any sort until this spring. Their work is a demonstration of the value of machine rowing in winter previous to actual work on the water. The Argonauts had a big squad on the Kerns machines in their gymnasium during the winter months, and when spring came the men all knew the rudiments of the game and merely transferred to their shells that symmetry of stroke that they had acquired on the machines.

Taylor, the stroke of the Argonauts, is but 19 years old.

The fast time of the Argonauts' eight caused much comment by oarsmen. Only once has the time of the Canadians been excelled on the Schuylkill, and that year there was a freshet, causing a heavy tide.

JEFFRIES POINT CREW COMING.

Secretary McCoy of the Northwest Arm Rowing Club regatta committee has received word from Boston that the Jeffries Point crew, which rowed at the recent Boston regatta, will come for the regatta on the Arm, August 24. The crew consists of J. Lewis, M. Costello, R. Nugent, J. Sullivan, with E. Pope sub.

Greer has also been heard from, but cannot decide about coming until he and his club officials consult.

GERMANS WIN AGAIN.

KIEL, Germany, Aug. 13—Prince Henry of Prussia today steered the Tilly X. across the finish line an easy winner over the other German and all the American sonderklasse boats competing for Emperor William's cup.

The Spokane I. was second, 4 minutes 27 seconds behind the Tilly X., beating the third boat, the Wittelsbach, winner of yesterday's race, by one minute 25 seconds.

The Wannssee was fourth, the Chewink VIII. was fifth and the Marblehead was last.

THE AUTO

"Good roads people were never more active than they are today in the South," says Cassius F. Baker, who has just returned from an all-over-the-South trip for the Pope Motor Car Company, makers of Pope-Toledo automobiles.

To advise a motorist to keep his mouth shut while cranking a car might seem somewhat superfluous, but after an accident that happened to a Chicago motorist recently, who was cranking a car when the engine back-fired. He had his tongue out at the time, and the jar forced his jaws together so suddenly that the end of his tasting organ was completely severed. Displaying great fortitude, he jumped into the car and drove straight to a hospital, where the loose part was stitched on. The doctors are assured that the automobilist will recover his speech.

An Amherst automobile party had a rather trying experience in Sackville on Sunday. They ran into a telephone pole near the centre of the town and twisted things a bit. After getting straightened out they started for home but had not gone far down Bridge street when another pole got in the road with rather disastrous results.—Sackville Post.

FOOTBALL

MONTREAL GETTING READY.

In Montreal they are commencing to brush up for football. The Montreal Gazette of Wednesday says:—"The first indication of the coming of the football season is usually the semi-annual meeting of the Q. R. F., which is held in the M. A. A. A. building, on Peel street, Saturday night, and athletes will soon drop their paddles, lacrosse sticks and bats to get out on the field to practice for what promises to be a good season."

MAJOR DELMAR TRYS RECORD

But Was Unable to Beat Sweet Marie's Time at Poughkeepsie---Good Racing at Grand Circuit.

Poughkeepsie, N. Y., Aug. 15—The largest attendance of the week was at the grand circuit races at the Hudson River driving park this afternoon.

Major Delmar went an exhibition mile in 2.05¼ in an effort to lower the track trotting record of 2.04½, made by Sweet Marie last year. Arluelle, driven by Geers, in the 2.05 pace, best two in three, was the only favorite of the day that justified the selection. The mare was never in danger and won easily.

Favorites in the two other races fared badly. Leeland, an even money favorite for the 2.12 pace, was distanced in the second heat through a bad break. Tommy H., the winner, sold for $9 in pools of $55. He won the first and second heats in hard finishes, but broke in the third, losing the heat to John McEwen. The fourth heat was a great race between the two horses, Tommy H. winning by a neck.

Five heats were required to decide the 2.15 trot. McDougal sold favorite $25 to $80 for the field, but was never a factor. Princine won the first heat in a driving finish with Fanny P. The second and third heats went to Henry S., Jr., second choice in the betting, but the latter was beaten by Chimes Bell by a neck in the fourth.

ROUGH AT PRESQUE ISLE.

The racing at Presque Isle Tuesday was the fastest ever seen in the county and attended by many interesting and exciting incidents. The finishes were close and all horses were evidently driven to win. There were a number of accidents. Kewaden fell in the first race, spilling Watchman driven by Jeff Bradbury and Hal B., driven by J. Willard. There was a general smashing of sulkies but none of the drivers were seriously injured.

Madonna fell in the second heat, throwing Driver Gerow who was at first thought to have been seriously injured but was not badly hurt.

The attendance was large for the time of year. In the first heat of the 2.20 class, Northern Spy turned the track in 2.16 1-4, a new track record.

FAST WORK AT READVILLE.

Audubon Boy, 1.59 1-4, paced a mile in 2.04 1-4 for James Y. Gatcomb at Readville Tuesday morning. John Young worked the three-year-old trotters Bisa and Bertini in 2.14. The pacing stallion John Ward worked a mile in 2.08 1-2. He will be held over until next year.

The vanguard of the Grand Circuit cavalcade is beginning to reach this track.

The additional classes at Charlottetown are 2.15 trot and pace, $400; 2.19 trot and pace $350; 2.24 trot and pace, $300.

In a series of local races at Sydney on Saturday Harry K., a brown gelding, won a miners' race with 2.44 as his best time. Nellie B., a brown mare, won the second heat in 2.40 flat.

The chestnut gelding Frank Krohn, driven by J. C. R. Larder, won the 2.30 class race, the summary being as follows:

Frank Krohn, ch g, J. C. Larder, 1 1 1
Lena Miller, bl. m., P. Doherty, 2 2 2
Sydney
Nancy T., b. m, T. O'Neill, Bridgeport 3 3 3
Time—2.35 1-2, 2.35, 2.35.

TENNIS

ALL THE BIG ONES THERE.

The lawn tennis players of the country assembled at Southampton, L. I., on Tuesday to contest in the tournament on the courts of the Meadow Club. The singles has brought to the courts National Champion William J. Clothier and with him two ex-champions, W. A. Larned and Beals C. Wright. Clothier is in the upper half of the draw of fifty-two competitors and with him B. M. Grant, the Southern title holder, in the doubles; Wylie C. Grant, Carr B. Neel, the ex-Western champion, and Beals C. Wright. The lower half is not so strong. William A. Larned and Karl H. Behr are most prominent. Then there are several younger aspirants, including Robert Le Roy of Columbia, the intercollegiate champion; Harry Torrence, Herbert L. Westfall, the young Brooklyn player, who was the challenger for the New York State title; Nat Thornton, the Southern champion; F. C. Colston and the Pennsylvania State champion, J. R. Carpenter.

ATHLETIC

GETTING DOWN TO BUSINESS.

A meeting of the Amherst Amateur Athletic Club was held Tuesday night in the store of A. V. Murray, Church street, Amherst. The name of the club was changed back to the Regals A. A. C. It was unanimously decided to hold a field meet on Labor Day, September 2nd. The following officers were elected for the ensuing year: President, Claude Ambrose; Vice-President, Wm. Neale; Secretary-Treasurer, Edward Fuller.

THE IRISH-CANADIANS.

In explanation of his defeat by Nebrich at Fort Erie on Saturday, little Tom Coley, the Canadian champion, while not wishing to detract from Nebrich's victory, claims that the track had much to do with the result.

It was a nine-lap affair, and the Buffalo man, well acquainted with the conditions, took the lead at the start and hugging the inside bore out every time Coley tried to pass him. As a result the little Irish-Canadian found it impossible to go ahead, and after many fruitless attempts gave it up.

The Irish-Canadians have unearthed another goer, one Albert Haddleford, who covers the mile around 4.38, and is besides a good quarter-miler.

Haddleford will be seen in the relay against Longboat at the Police games next week. Haddleford will take the second last mile. "Dick" Grant taking the last. Cummings and Coley will be the other two members of the relay and it is confidently expected Longboat will lower the four-mile world's record.

TILL TAPPERS CAUGHT

James Hennessy and John Pickett were yesterday evening arrested by Patrolman James Greer on a charge of breaking into James Garnett's restaurant, 711 Main street, north end, and robbing the till in broad daylight. The break was made between one and two o'clock, while Mr. Garnett was away to his dinner, and between two and five dollars were taken. The arrest was made between 7 and 8 o'clock.

Hennessy admitted his guilt, saying he took $2.60, but Pickett, who is a stranger in the city, said he knew nothing about it.

I. O. O. F. GRAND LODGE

ST. STEPHEN, Aug. 16—At the meeting of the Grand Lodge of Oddfellows yesterday the per capita tax was reduced from 44 cents to 40 cents. The committee on petitions reported that four lodges and seven Rebekah lodges had been instituted during the year, Grand Lodge decided to meet next year in Charlottetown.

The 36th annual convention of the maritime Young Men's Christian Association will be held in New Glasgow October 17 to 20. Reduced fares will be given on all railroad and steamboat lines. The music at the meetings will be in charge of the James Church male quartette. A partial list of the speakers includes: Hon. H. B. Ames, Montreal; Hon. D. C. Fraser, governor of Nova Scotia; Dr. G. J. Fisher, secretary of international physical work; Thos. H. Billings, student secretary for Canada; E. M. Robinson, international boys' work secretary; J. M. Dudley, railroad secretary; Clayton S. Cooper, Lovell Murray, Rev. D. B. Hemmeon, Rev. E. W. Forbes, W. J. Southam, Rev. Dr. Wm. Tufts, Capt. J. E. Masters and Geo. E. Johnson.

Senator Thompson, of Fredericton, was here yesterday.

HOW TO SWIM

Valuable Instruction for Readers of The Times

XII.

TO ESCAPE FROM NECK HOLD.

If clutched round the neck he must take a deep breath and lean well over the drowning person, at the same time place one hand in the small part of his back, raise the other arm in line with the shoulder, and pass it over the drowning person's arm, then pinch the nostrils close with the fingers and at the same time place the palm of the hand on the chin and push away with all possible force. The holding of the nose will make the drowning man open his mouth for breathing; being under water, choking will ensue, and the rescuer will gain complete control.

CLUTCHED ROUND THE BODY AND ARMS.

If clutched round the body and arms, or round the body only, the rescuer must lean well over the drowning person, take a breath as before, and either withdraw both arms in an upward direction in front of his body, or in accordance with the instructions for releasing one's-self if held round the neck. In either case place the one hand on his shoulder, and palm of the other hand against his chin, at the same time bring your knee up against the lower part of his chest, and then by means of a strong and sudden push stretch the arms and leg straight out, throwing the whole weight of the body backwards. This sudden motion will break the clutch and leave the rescuer free

Many a gallant life has been lost in the attempt to rescue a fellow-creature from ignorance of these simple methods. All that is necessary is careful study and frequent practice in the water.

If this be properly done, even a moderate swimmer can fearlessly go to the aid of the drowning.

RESUSCITATION.

Death from drowning is the result of asphyxia, or suffocation, due to a stoppage of the supply of pure air to the lungs.

Dr. Silvester's method of restoring natural respiration by artificial means, is recommended by the Royal Life Saving Society of London, and is as follows:

When a person is lifted out of the water in an apparently drowned condition, there must be no loss of time in attempting restoration, as a moment's delay may prove fatal.

The means used to restore life must be carried out with caution, perseverance, and continuous energy, as life has, in many cases been restored after long hours of unceasing work.

In all cases send for medical assistance as soon as possible.

Under no circumstances hold the patient up by the feet, nor allow him to be carried face downwards. Avoid rough usage, especially twisting or bending of limbs, and do not allow the patient to remain on the back unless the tongue is pulled forward.

In the event of respiration not being entirely suspended when a person is lifted out of the water, it may not be necessary to imitate breathing, but natural respiration may be assisted by the application of an irritant substance to the nostrils and tickling the nose. Smelling salts, pepper, or snuff may be used, or hot and cold water alternately dashed on face and chest.

[Persons wishing to receive instruction in correct swimming and life saving may communicate with Prof. Wilkinson at 545 Main street.]

A CRIME THAT IS NOT PUNISHABLE.

How many people reading this article have gone into a drug store and asked for some well known and highly tried medicine and some unscrupulous druggist has said, "Yes! we have that, but have you ever tried this remedy, it is just as good and costs less." Any druggist doing this has not the interest of your health at heart, but the interest of his pocket, as he can make more profit out of the cheap substitute.

For the protection and benefit of the public, we wish to say that DR. FOWLER'S EXTRACT OF WILD STRAWBERRY has been used in thousands of homes for the past sixty-two years and has never failed to give prompt relief and cure in all cases of Diarrhoea, Dysentery, Colic, Stomach Cramps, Summer Complaint, Sea Sickness, Cholera Infantum, Cholera Morbus and all Fluxes of the Bowels. When you buy DR. FOWLER'S, you are not experimenting with a new and untried remedy, but are getting one that has stood the test of time.

Miss Lettie Reid, Vivian, Ont., writes: "Last year I suffered untold agony from cramps in the stomach and did not know what to do until a friend suggested I should try DR. FOWLER'S EXTRACT OF WILD STRAWBERRY and as I was glad to try anything I purchased a bottle.

"When I had taken four doses I found relief and since then I never fail to keep a bottle in the house."

CONCERT WAS BIG SUCCESS

Very Fine Programme and Large Attendance at Firemen's Concert Last Evening.

The immense audience that filled the Opera House last night was evidence enough of the popularity of the local fire department. The auditorium was packed to its utmost capacity. The programme included besides leading local talent, a number of performers from other places and encores were the order of the evening.

Long before eight o'clock every seat on the main floor had been taken and at the opening of the programme there was not a seat to be had.

Miss Pauline C. Biedermann rendered Liszt's Cantique d' Amour with splendid execution and expression and as an encore Murmuring Zephyrs by Nieman. Balfe's duet, Excelsior, was nicely rendered by G. S. Mayes and J. A. Kelly, who were obliged to respond to an enthusiastic encore.

D. B. Pidgeon followed with Lohr's When Thou Art Near Me, and responded to an encore with Just a Wearying for You. Both numbers received very able treatment, his fine baritone voice being heard to much advantage.

Two of Noel Johnston's tuneful compositions, The Rose and The River, and the Sea were artistically sung by Mr. Mayes and warmly applauded. The first part of the programme closed with a violin selection by Miss Helen Furlong, who displayed admirable technique and sympathetic interpretation in Borowski's Adoration and in her encore number A Serenade by Victor Herbert.

In the interval the audience were entertained by a series of moving pictures, showing with much appropriateness the stirring scene at a fire. The engines on their way to the scene of action, the rescue of a child, the last desperate leap into the blanket and a burning building in which three lives were lost were among the incidents faithfully depicted and watched with interest.

A piano solo, Valse Chromatique, No. 5, by Godard, executed with perfect attack and precision by Miss Biedermann, was the opening number of the second half of the entertainment.

Miss Lucy Tonge, an ever popular favorite with a St. John audience on the few occasions they are accorded the pleasure of hearing her, sang Sunset by Dudley Buck, with perfect phrasing and expression. In response to an enthusiastic encore she gave a characteristic melody entitled Little No 'Count Coon with much brightness and selfpossession.

Fred T. McKean was heard to great advantage in the stirring phrases of The King's Own and contributed Under The Rose, by Fisher, as a repeat number.

Leaving the patrons of the Nickel for once in aid of the good cause Miss Felix won the hearts of the audience by her singing of the vocal valse Carmena. Miss Felix contributed I'm Wearyin' Awa' with much delicacy of tone and phrasing.

Mr. Kelly, who must be heartily congratulated on the success of the concert under his direction, appeared in two dainty morceaux entitled When Dreams Come Down the Sky and When She is Near, in which he was accompanied by the composer, Vernon Eville. His fine voice well brought out the many pleasing features in the compositions.

The recitations by A. W. Baird proved to be among the most popular features of the evening, and thrice he was obliged to respond to encores.

Leslie Stuart's "Bandolero" was rendered in a very pleasing manner by Miss Blenda Thomson, who gave as an encore Hearts and Flowers.

Owing to the indisposition of Miss Franklyn Gale Mr. Baird reappeared in the pathetic reading Over the Hill from the Poor House and was again warmly applauded. The concert closed with the singing of God Save the King by those who had contributed to make it such an artistic and financial success.

Mrs. George Morrison, of Philadelphia, is visiting Mrs. Joseph Henderson, 60 Carmarthen street.

A DISAPPOINTMENT

First time since we started baking **STEAK PIES** we have had to disappoint our many customers. But owing to pressure of business we will not be able to have them tomorrow (Saturday). Will ask you to kindly forbear with us this once and we'll try not to do it again. We fully appreciate your likings for them and take this way of expressing our regret at the disappointment. But drop around and see us just the same, we'll please you with something else.

At your grocer's there's a pleasure,
You have never dreamed you know,
It's a loaf of bread---a treasure!
SCOTCH ZEST BREAD, so why not go

Yes, run over to the grocer's and get a loaf of **Scotch Zest Bread**, a pleasure to eat; a treasure you'll value.
