LATE LOCALS

The laying of the corner stone of the new Salvation Army citadel on Charlotte street will take place this afternoon at four o'clock with appropriate ceremonies, as already announced.

The Amateur Baseball League seems to have died a natural (or unnatural) death. No games have been played lately, although the schedule has not been finished. Each team, it is understood, has yet to play four or five games to complete the scheduled list. No one, however, appears to know what will be done, whether there will be any further games or not. Several of the players, when asked, replied that they did not know whether there would be any more games or not. Others said it was intended to go ahead with the games. The schedule expired on July 9, so it is presumed some arrangement will have to be made with the lessees of the grounds—the Everyday Club—before any further games are played.

NO GASOLINE ON STMR. VICTORIA

J. Willard Smith and Manager Orchard Say None Was Carried With St. Luke's Picnic.

J. Willard Smith and Manager Orchard of the Star line, called at the Times office this morning in connection with the report that gasoline had been carried on the steamer Victoria on the same trip as the St. Luke's picnic. Both were emphatic in contradicting the report as there was not a gill of gasoline on the Victoria on that trip. On other occasions, as common carriers, the Star Line people are compelled to receive gasoline as other freight, but on excursion trips it is never carried under any circumstances.

WILL VISIT ENGLAND

C. J. Milligan, Wife and Brother to Make Extended Tour of Old Country.

Mr. and Mrs. C. J. Milligan will leave on Tuesday for New York where they will be joined by Mr. Milligan's brother L. Stuart Milligan and sail for England on the steamer Philadelphia of the American line, on Wednesday. They will go first to Cardiff where Mr. Milligan has some business matters to attend to and afterwards will make a tour of the British Isles and the continent. They will be away about three months. Mr. Milligan having obtained leave of absence for that time.

During his absence from the city Miss Lavers, who is in Mr. Milligan's office, will act as registrar of probates, she having been appointed deputy registrar.

A LITTLE GIRL AND THE PLAYGROUNDS

Passing along the street the other day, a lady interested in the public playgrounds noticed a little girl, in a ragged dress, sitting on a door step beside an alley of the usual cheerless and depressing aspect. She stopped and spoke.

"Have you been at the playground yet?"

"No," the little one replied, "but I am going next week."

"But," said the lady, "there are several days yet of this week; why not go now?"

The little girl's face flushed, and the lady continued her enquiry in a sympathetic tone.

"Are you waiting for a new dress?" The child smiled and nodded. "I will have one next week," she said. The lady tried to persuade her to go with her to the grounds that day, but did not succeed.

This is a simple story, and yet it ought to appeal to the parents of children who never have to wait for a new dress or any other pleasure that should be theirs.

DROP IN SUGAR

Refined Sugar Has Dropped 20 Cents per cwt. in Past Three Weeks.

There has been a reduction of twenty cents per hundred pounds on all grades of refined sugar in the past three weeks, a most unusual occurrence on the eve of the "preserving season." The decline came on two occasions, the first, a drop of ten cents on June 18, and the second drop of a like amount on Tuesday, July 9.

No reason is assigned for the decline except that some of the refineries are overstocked, and want to unload, as there has been no change in the price of the raw material.

The first drop was made by the Canadian refiners and the second one by the American refineries, followed by like action by the Canadians.

Local wholesalers do not anticipate any further decline and the change in price is hardly sufficient to have any effect on the consumer. Indications are that the housewife's "dollar's worth" will not be any larger for the present.

DEATH OF AN M. P. P.

John Young Died at Tracadie This Morning From an Attack of Apoplexy.

A despatch from J. J. McGaffigan, who is in Tracadie, announces the death from apoplexy this morning of John Young, M. P. P. He was stricken at five o'clock and died at 9.30.

The Parliamentary Companion gives the following sketch of the life of Mr. Young, who was one of the best known men of Gloucester county:

John Young, born at Tracadie, N.B., May 1, 1841, son of James Young, Scottish, and his wife, Ann Ferguson, Canadian. Educated at Granville school, Chatham. Married Nov. 18, 1867, Addie M. Hubbard, fourth daughter of Capt. William Hubbard, of Alberton, P. E. I. Was warden of Gloucester County two terms, and county councillor upwards of twenty years. A general merchant. Was first elected to the legislature at the general elections in April, 1886. Served full term, and retired from politics until 1890, then elected at by-election, Dec. 4, 1890, to fill vacancy caused by the resignation of P. J. Veniot, who was appointed collector of customs at Bathurst. Re-elected at general elections, 1903. A Liberal.

The late Mr. Young was well known to all sportsmen and other visitors to Tracadie, and was a member of a family distinguished in the history of Gloucester county.

WANT A PROCESSION

Firemen Think a Torchlight Parade Should Be Included in Their Celebration.

A number of the firemen in discussing the programme for the tournament on Sept. 2 and 3, as decided on at the meeting held last night, have suggested that a torchlight procession should be held on one of the nights. Many of the men while recognizing that a torchlight procession involves considerable trouble and perhaps some ruined clothes, are willing and anxious to undertake the matter in order to provide as good a display as possible.

AN EXCELLENT CATCH

Two Commercial Men Who Had a Good Day's Fishing at Jack's Lake.

Stanley Howell and J. V. Keirstead, two of T. H. Estabrooks' travellers, in company with Walter Rollison, of London, England, pride themselves with holding the Kings Co. record of trout fishing. During Tuesday and part of Wednesday they caught over 200 of the speckled beauties in Jack's Lake, varying in weight from one half pound to one and three-quarter pound. They also saw two moose, a bear, wildcat and a fox, but owing to the present restriction on game they were left unexploited.
