Value of cargo, $70,866.

W. S. Fisher returned to the city on today's Boston train.

Eczema, Salt Rheum.

Eczema or Salt Rheum, as it is often called, is one of the most agonizing of skin diseases. It manifests itself in little round blisters, which contain an extremely irritating fluid. These break and subsequently a crust or scale is formed.

The intense burning, itching and smarting, especially at night or when the part is exposed to any strong heat, are almost unbearable.

The pre-eminent success which Burdock Blood Bitters has met with in permanently curing a disease of such severity is due to its wonderful blood cleansing and purifying properties.

No other remedy has done, or can do, so much for those who are almost driven to distraction with the terrible torture, as our thousands of signed testimonials can testify to.

Mrs. Jno. R. Keady, Linton, N.B., writes: "I was so troubled with Salt Rheum for eight years, that I could not work my hands were so sore. By using Burdock Blood Bitters my hands were eventually cured."

Mrs. Ira C. Buckner, Eden, Ont., writes: "I was troubled with Eczema for a long time. It came out on my face and between my shoulders. A friend told me about Burdock Blood Bitters. I took two bottles and it helped me so much I cannot recommend it too highly."

CIVIC WASTE

St. John, Dec. 10, 1907.

Editor Times:

Sir:—I notice in today's Telegraph Engineer Murdoch says he has nothing to do with the water mains under present management. That being the case one would naturally think he would have more time to devote to the regular city work, and see that it is done in a proper way. I will give you an instance of the imposition imposed upon us as tax payers. An excavation was begun in Paradise Row about five or six weeks ago and up to the present time I will venture to say that it has cost the city over three times the regular cost. As a fitting wind up to the job I passed along the road about nine o'clock this morning and noticed six men loading a cart. This afternoon, shortly after three, I passed the same place. Five men were standing or leaning against a house, apparently waiting for the time to go home. That is generally any time after four. And yet this is only a sample of what is done under the eyes of the tax payers in other parts of the city and in other departments of civic work.

The thoughtful citizen is often made to feel that something is radically wrong at the fountain head. This kind of work degrades the workman; in short, it is unmanly. Our citizens are not all observant of such doings. One, an alderman, made the remark at the council board not long ago that he saw nothing wrong with the work; he did not believe in pimping and spying. What can we expect of our workmen and officials when aldermen of the above calibre sit at our council meetings? I am a firm believer in paying our men a good wage and in return exact a full day's work of nine hours. Smoking in working hours, should be prohibited, both in the office and street. The worn-out men should be provided for. The superintendents should have power to discharge workmen who are not inclined to do a good day's work. Heads of departments should discharge superintendents who are shirking their work.

Thanking you, Mr. Editor, for the interest you have taken in the past in civic affairs. I remain yours,

CITIZEN.

Keep Your Nerves Strong

No Surer Road to Ill-Health Than Neglect of the Nerves

If you say a man is strong it implies that his nervous system is strong.

If you say that a woman's nerves are weak, you affirm what is absolutely true, that her whole physical condition is so far below the par that collapse may easily follow.

No remedy has ever been devised that will compare with Ferrozone in nervous maladies.

Ferrozone does not affect the nerves as hypnotics or sedatives which lull them into obedience—it makes them strong, because it contains the constituents that are necessary to make nerve strength.

Ferrozone makes blood.

Ferrozone gives strength.

Ferrozone forces appetite, assures assimilation of food.

Ferrozone imparts to the whole organization vim, endurance, buoyancy.

No matter how nervous you are or how long this condition has prevailed, use Ferrozone, and in a month you will have convincing proof of its tonic and restorative power.

Perfectly safe even for children, absolutely sure to restore anyone nervous, unstrung and hysterical.

Ferrozone cures not by stimulation, but by nourishing and feeding the nervous organization with the elements it lacks; try Ferrozone, sold in 50c. boxes by all druggists.

AT THE OPERA HOUSE

The moving pictures in the Opera House drew large numbers yesterday afternoon and evening and, judging from the applause, they proved highly entertaining. One picture alone is well worth the price of admission. It is a colored film and is entitled The Clock Maker's Secret. The Judge's Sweetheart is another good film, and abounds in comedy. The songs by Frank Leeman are well sung and come in for plenty of applause with their accompaniment of moving pictures.

The pictures will be shown this afternoon and evening, and on Friday they will be replaced by new ones.

Christmas Boxes.

Our lines are complete. We suggest calling now and select; we will put away your purchase and deliver it before Christmas. Come today, avoid the rush and shop in comfort.

SCAMMELL'S,
63 Charlotte Street,
"Where they sell Good Christmas Candies."

TURKEY STUFFED WITH GOLD AND PRECIOUS GEMS

Contents of Its Craw Would Stock a Country Jewelry Store if Properly Prepared.

DENVER, Col., Dec. 11—When the family of Nelson J. Campbell, custodian of the state capitol, sat down to their Thanksgiving dinner. Mr. Campbell announced to the assembled guests:

"Now all of you must prepare to enjoy this dinner—the turkey stuffing especially, incidentally, you may name what kind of stuffing you will take—gold nugget, silver nugget, amethyst, moonstone—just name the kind you want, and it will be dished out to you. It is not often you have the opportunity to sit down to a Thanksgiving turkey which is stuffed with gold and silver and precious stones."

In the craw of the turkey were found the following valuables: Four gold nuggets, assaying $65,000 a ton, three silver nuggets, assaying $4,000 to the ton; one amethyst, value not known; twelve moonstones, value not known; one trouser button, three shoelace tips, three halves of marbles, particles of twine and a point of a knife blade.

Mr. Campbell was offered $50 cash for the output of the turkey's gizzard, but refused it. The bird was bought from a commission company for $1.20. Mr. Campbell discovered it was shipped to Denver from El Paso, Tex. The commission firm that handled the turkey shipment from El Paso through its shipper has secured a lease on the mineral lands on which the turkey grazed, and will at once take out a mineral patent under the mining laws of the United States.

Deafness Cannot be Cured.

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

F. J. CHENEY & CO., Toledo, O
Sold by Druggists, 75c.
Take Hall's Family Pills for constipation.

ITEMS OF INTEREST

A lamp as a present is one of the best, as it brightens the home. The Auer Light Co. have the best stock to pick from.

Attention is called to the advertisement of the Glacier Rink in today's issue. The rink is being put in first-class shape and will no doubt be liberally patronized.

Trial Catarrh treatments are being mailed out free, on request, by Dr. Shoop, Racine, Wis. These tests are proving to the people—without a penny's cost—the great value of this scientific prescription known to druggists everywhere as Dr. Shoop's Catarrh Remedy. Sold by all druggists.

The young ladies are thinking rather seriously these times, 1908 means another leap year. They're wondering if it's going to be a Diamond Ring this Christmas, because they know that Walter H. Irving, the Jeweler, 55 King street, has some beauties from eleven dollars up.

COLONIAL FAIR OPENS TODAY.

At Calvin church school room the Colonial Fair opened at 2 p. m. today. Some tasty and artistic booths, representing New Brunswick, Nova Scotia, Prince Edward Island and Canada are on exhibition, and are well stocked with useful and fancy articles, suitable for Christmas gifts.

The sale will be continued this evening and Friday and during each evening a programme will be carried out.

THE PRINCESS THEATRE.

The great motion picture, The Life of Christ, at the Princess Theatre this week is proving the popular success the management prophesied for it. Crowds of delighted spectators have filled the theatre at each performance, and there is every indication that the attendance this week will make a record.

This is easily understood when the beauty and clearness of the films are considered. The subject lends itself to reproduction in this form to a marked degree, but it remained for the great moving picture house of Pathe to undertake a work which daunted all other manufacturers on account of the length of the film required and the enormous expense.

The efforts of the Paris firm to obtain a unique record of the events in the life of Christ were crowned with success. They spent more than $25,000 on the enterprise, and as a result nothing equal to these pictures has ever been produced. They are now being shown in St. John for the first time in Canada. The opportunity to see them should not be missed. A special programme of sacred music is given with every performance.

A tickling cough, from any cause, is quickly stopped by Dr. Shoop's Cough Cure. And it is so thoroughly harmless and safe, that Dr. Shoop tells mothers everywhere to give it without hesitation, even to very young babes. The wholesome green leaves and tender stems of a lung-healing mountainous shrub, furnish the curative properties to Dr. Shoop's Cough Cure. It calms the cough, and heals the sore and sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Simply a resinous plant extract, that helps to heal aching lungs. The Spaniards call this shrub which the Doctor uses, "The Sacred Herb." Always demand Dr. Shoop's Cough Cure. All druggists.

Mrs. Ross Neill

The death occurred at Barnesville, yesterday of Mrs. Lucy Neill, wife of Ross Neill, after a brief illness due to pleurisy. Mrs. Neill had been ill for about a week and her death comes as a severe blow to her husband and family. She leaves a husband, one son and three daughters, all at home. Before her marriage Mrs. Neill was Miss Lucy Coleman, daughter of John Coleman of this city. R. H. Coleman, of Mecklenburg street, is a brother of the deceased, and Mrs. William Murphy, of Horsfield street, a sister. The funeral will be held at 1 p. m. tomorrow at Barnesville.

The management of the Glacier rink (the old Queen's Rink), expect to open for the winter season next week. The building is in better shape than for many years, being now comfortable and bright. The ladies' room will be in charge of a matron, a check room system for both ladies and gentlemen has been inaugurated, and a shower bath has been installed for the hockey players. Arrangements are being made for a first-class band service for skating nights. Season tickets will be for sale at the rink on Thursday, Friday and Saturday evenings of this week, and every evening next week. A season ticket would make a most acceptable Christmas present.

White Model L. Touring Car, 20 Steam Horse Power.

ANNOUNCEMENT!

I desire to announce that I have secured the agency for the Maritime Provinces for the WHITE STEAMER. This is the car which was, after exhaustive tests, selected by experts for the use of the United States Government for army service and for President Roosevelt.

More than 1500 White Steamers were manufactured and sold in 1906, and almost double that number in 1907, about twice as many large cars as were made by any other company in the world. Though known everywhere as "The Car for Service," the White holds the world's record for the fastest mile on the track, and has easily won the leading hill-climbing and endurance contests of England and America. Send for Bulletin No. 14 telling of the service of WHITE STEAMERS at the Kingston earthquake, at the Pittsburg floods. In Japan, India, the Philippines, etc., and giving much additional information.

J. A. PUGSLEY, St. John, N.B.
