## MANY GOOD GAMES OF FOOTBALL SATURDAY

### Marathons Downed Indians 5-0---Corinthians Won Soccer Game---High School-Micmacs Tie---Yale and Dartmouth Win Big Games.

A large crowd saw three good games of football on the Victoria grounds on Saturday afternoon, when all-St. John defeated the Corinthians, 2—1, in a "Soccer" game; High School and the Intermediate Micmacs played a scoreless game, and the Marathons downed the Algonquins in a senior game. The winners made one try and succeeded in converting it, and this was the only score of the game, though the Greeks touched once for safety.

Though the Indians were playing two intermediates on their half line, as the men expected did not show up, there was little to choose between the work of the two lines of halves.

Willis, the captain of the High School team, who went on in Ring's place, made many nice tackles, and once put Dr. Malcolm out of business for a short rest. "Curly" Everett played a fast game and at one point saved a score, as he succeeded in bringing "Don" Malcolm down after the doctor had eluded Kenney. Stailing, the Acadia half, made many gains for his team, though knocked out early in the first half for a short time, as a result of a heavy tackle. Merritt showed strength, and when he got away it was hard to stop him.

On the Marathon line, "Don" Malcolm showed up the best, as he played a good punting game, as well as making many nice runs. Howard also showed up well and made the only touchdown of the game.

The scrimmages were about even, though the Marathon forwards seemed to have better control of the ball. In open work the Indians excelled and among those noticeable were Finley, Seely and Macmichael. J. Malcolm, Dever and Doherty showed up well. Goodspeed played the third quarter game and made many short gains in this way. Kenney at full played a good game, and towards the end of the last half brought several men down within a few feet of the line.

Soon after play began, the ball was rushed into Marathon territory, and a long dribble sent the ball into touch. Ellis touched for safety. Play shifting to the other end of the field, the Indians weakened, and Howard got over the line. Though two or three of the Algonquins were in his way, Howard worked his way pretty well to the centre of the field before touching the ball down, and had a good position to kick the goal from. He converted with a pretty kick and made the score 5—0. This proved the last and the rest of the play was about even.

It was a good spectators' game, as there was considerable running by the halves, and it was the only game of the season in which the Marathons have played that the opposing halves were able to get away with the ball for nice runs. These teams have met three times this season, and the Marathons have scored five times, twice in the last two games.

It will be noticed that on Saturday the Greeks were playing Dever and Doherty, the two best men from the St. Peter's forward line, whom they played against outside teams. The line-up on Saturday was:

| Marathons (5). | Algonquins (0). |
|---|---|
| Full. | |
| Ellis | Kenney (Capt.) |
| Halves. | |
| D. Malcolm (Capt.) | Merritt |
| Howard | Everett |
| Fairweather | Stahling |
| Mooney | Willis |
| Quarters. | |
| Ledingham | Thorne |
| McKay | Pike |
| Forwards. | |
| Birmingham | Finley |
| Titus | McKinnon |
| J. Malcolm | McIntyre |
| Goodspeed | Smith |
| Dever | Macmichael |
| Doherty | March |
| Masters | Clarke |
| Stubbs | Seeley |

T. Powers refereed satisfactorily.

The Other Games.

The association game was pronounced a good contest by those who understood the game. The Corinthians are a new team, and considering that it was their first game, they made a good showing. Gaft scored for the Corinthians and Bromfield and McInnis each sent in one for the St. John's. Captain Smith and Dr. Day seemed to shine among the Corinthian players, and Bromfield, Daley and Pollard showed up well for the St. John's.

Micmacs 0; High School 0.

The intermediate contest was snappy and close. The Micmacs had the advantage in the first half, but High School turned the tables in the second and came near scoring. Capt. Willis, who was playing his second game of the afternoon, and Smith made some good runs for High School, and W. Jennings was the star for the Micmacs.

**Invalid LadieS**

**This Is For You.**

There are thousands of females who suffer untold miseries common to their sex.

This is largely due to the peculiar habits of life and fashion, and the improper training of girlhood. Then, too, the physical changes that mark the three eras of womanhood (the maiden, the wife, and the mother) have much to do with her sufferings, most of which are endured in silence, unknown by even the family physician and most intimate friends.

To all such whose hollow cheeks, pale faces, sunken eyes and feeble footsteps, indicate nervousness, palpitation of the heart, weak, faint and dizzy spells, we would earnestly recommend a course of Milburn's Heart and Nerve Pills.

Mrs. Jos. Sharp, Brighton, Ont., writes: "I was troubled with palpitation of the heart, weak spells and nervous trouble, and found no relief until advised to try Milburn's Heart and Nerve Pills. I got one box and that helped me so much I sent and got five more. I am now cured completely."

Milburn's Heart and Nerve Pills are 50c. per box or three boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

BOWDOIN WINS CHAMPIONSHIP.

BRUNSWICK, Me., Nov. 16— In the presence of the largest crowd ever attending a football game in the Pine Tree state, Bowdoin won the Maine college championship today by defeating the University of Maine eleven by the score of 37 to 5. As a result of today's game the football standing of the Maine colleges is as follows: Bowdoin first; University of Maine, second; Colby, third; Bates, fourth.

Dartmouth, 22; Harvard, 0.

Boston, Nov. 16—Twelve hundred Dartmouth students, with half as many more of the younger Dartmouth alumni, flushed with their victory of 22 to 0 over the Harvard football team this afternoon, swarmed the corridors of the down-town hotels tonight and made the night gay and hilarious with their songs and cheers.

Acadia Must Play U. N. B. Again.

Fredericton, N. B., Nov. 16—The M. P. A. A. A. has decided that the U. N. B. football team protest regarding the game played between the U. N. B. and Acadia College football team at Wolfville (N. S.) not long ago, and that game has been ordered played over.

This afternoon Captain "Mike" Rutledge, of the U. N. B.,, stated that he had telegraphed to the management of the Acadia team, suggesting a play-off at St. John on Tuesday and in the event of that programme being carried out a large delegation of U. N. B. students may be depended upon to go to St. John and cheer on the team.

Dalhousie Still Champions.

Halifax, N. S., Nov. 17—(Special)—For the eighth successive year Dalhousie College has made good its claim to the Rugby championship of the Halifax league. The last league game was played yesterday and the college champions clearly demonstrated their superiority over the Wanderers by winning, 11 to 0. It was the hardest fought game of the year and considerable rough play was in evidence. Dalhousie has lost but one game during the series.

Upper Canadian Games.

Toronto, Nov. 17—(Special)—In the Rugby matches Saturday the Hamilton Tigers defeated the Argonauts at Toronto 15 to 7. Queens defeated 'Varsity at Kingston in the intercollegiate series 4 to 3.

Yale 12; Princeton 10

New Haven, Conn., Nov. 16—Football with all the brilliant variations which had been predicted for it by recent rule-making and backed up with the best that there is in the old style of play, the latter undoubtedly made possible by her strength in both line and back-field, won for Yale today by a score of 12 to 10, her annual game with Princeton on Yale field in the presence of a throng which could not have fallen under 34,000. Prophesies that this would be the greatest game of the year were correct, but the prophets were wrong in their prediction of the outcome for the orange and black crossed the Yale goal line for the first time in seven years, and, aided by the toe of Harlan added the score of a field goal to her touch down and goal.

## MARATHON ROAD RACE SATURDAY

An event of especial interest in athletic circles will take place on Saturday afternoon next, the 22nd inst., when the Marathon A. Club will hold their annual road race.

This event last year was witnessed by thousands of people and a record crowd will no doubt witness the race of next Saturday, but it is to be hoped that the runners will be given a better show by the people than at the last race.

The committee in charge will have the assistance of the police through the courtesy of Chief Clark, who is always willing to help make these annual races a success. Several members of the salvage corps will also give assistance, all of which is much appreciated by the club. The course will be from Renforth to the Victoria grounds, where the race will be finished, making the distance seven miles. Every effort will be made to have the course kept clear and for at least 400 yards from the grounds the road will be roped off and properly guarded.

Entries will be received until Friday noon and can be sent marked "Committee on Marathon Road Race," P. O. Box 319. Several entries are now on hand, including that of Atkinson, of Sackville, who won the race last fall. Halifax is to send competitors also.

## ST. FRANCIS XAVIER ANNUAL SPORTS

ANTIGONISH, Nov. 15—The sixth inter-class meet of St. Francis Xavir was held last night in the College Rink. The different events were very interesting, and showed considerable improvement over former years.

The seniors, sophomores, freshmen and academy each competed and at eight o'clock the rink was crowded to its utmost capacity. All the events were pulled off in excellent time.

A two miles exhibition race was also given by the St. F. X. crack athlete, A. D. Campbell, who covered the distance in ten minutes, 21 seconds.

The sophomores bore off the laurels of the meet with 41 points, while the seniors secured 22.

Colin Giles proved himself to be the best athlete of the evning and in both the mile and half mile kept an easy distance between him and the other competitors. However, in the latter event, which was probably the most spectacular feature of the meet, he had no mean rivals in Keen, 08, and Attridge, 11. Up to the sixth lap it was very doubtful which position would be allotted to each, but Gillis gradually forged ahead, and Attridge, by a magnificent burst of speed at the very finish, reached the tape in second position.

Glasgow town council is to supply wholesome milk for babies, but lately decided against opening municipal playgrounds to children on Sundays.

## The Australian Cockatoo.

The Cockatoo.

The cockatoo, a species of parrot, is found in the Malay Archipelago. It is to be seen in the white-crested, the dull grey, with brilliant red head and black plumage. The latter specimen is of giant size, it's appearance being sombre in the extreme.

One of the most striking features of the cockatoo is its enormous beak. The tongue of the cockatoo differs from that of other parrots in shape and color, being long and slender and of a bright red.

The cockatoo feeds upon various fruits and seeds, and is particularly fond of the kernel of the canary nut, which grows abundantly in its country. The manner in which the bird reaches the coveted kernel shows ingenuity, patience and wonderful strength of beak and claw. The nut is almost as hard as flint, and the task of possessing the sweet morsel hidden away inside so secure a shell is extremely difficult. But the patient bird seems fully repaid for his labor when at last he reaches the delicious kernel with his long tongue which inserts itself inside the fissure made in the shell, and through which the meat for a meal is taken in tiny bits.

MARY GRAHAM.

## OPERA HOUSE

### The Girl of the Golden West Will Be Tonight's Atfraction.

The Girl of the Golden West was the play presented by the Stoddart Stock Company at the Grand Opera House last evening. There was a large and enthusiastic audience present, who showed their appreciation of the performance in a marked manner.

The scene of the play is laid in Colorado, and is characteristic of life in the far west, and abounding in pathos and startling situations. Miss Leah Stoddart, as The Girl, held the attention of her audience by her clever delineation of her character. There is a freshness and charm about her acting that won her admiration. W. J. Stewart, by the able handling of his role at Jack Delmore, the road agent, won for himself additional favor. The other members of the company in their various parts gave valuable assistance. The company are first class entertainers.

The specialties introduced were up-to-date in every way. The singing and dancing of the Armitage sisters was loudly applauded. Ralph Woedley sang two songs and won several encores.—Kingston Whig.

This will be the Opera House bill by the Stoddart company tonight.

## AT THE NICKEL

### Beautiful Spanish Pictures Will Be Shown Today.

Prof. Otero, of Madrid, is one of the highest-priced entertainers in Europe, and with his troupe of famous Spanish dancers is making a tremendous hit in Paris at the present time, according to Variety, the leading vaudeville journal. Pattie Brothers, of Paris, the world greatest motion picture makers—red rooster trade mark—saw the excellent opportunity to make an interesting picture of these charming dancing ladies and graceful men, and at the Nickel today and tomorrow the national dances of Spain will be exemplified to appropriate music, introducing castanets and tambourines. Prof. Otero's people are the acknowledged exponents of Spanish grace and posing and make a picture unusually pretty.

A Southern Romance is the photo-story of a young husband in hard luck, but who struck it rich later on. Getting Even has to do with the landlord and large family problem from the American standpoint. The Nickel has already shown the French idea of this question. Towed By An Auto is a general mix-up of vehicles which were mischievously tied together.

Mr. Cairns will sing Since You Called Me Dearie tonight, and this afternoon Mr. Newcombe will render When the Sunset Kissed the Daisies on the Hill.

## COST HIM $900

### Thomas Nicholson, of McAdam, Convicted and Fined in Fifteen Scott Act Case.

Fredericton, N. B., Nov. 17—Thomas Nicholson, of McAdam, was yesterday convicted in the police court here of fifteen first offences under the Scott act and was fined $50 or thirty days' imprisonment for each offence.

The fines imposed aggregate $750 and the costs will total about $150. In default of payment the defendant will be required to spend 450 days in jail.

### Reduced a Hard Swelling

Mr. Gus E. Geroux, writing from Pembroke, tells how he was injured in a lumber camp. "A heavy log rolled against my leg and I was laid up with stiffness and a hard swelling. When I applied Polson's Nerviline I got relief. A few rubbings with this good liniment cured me." In the bush, Nerviline is indispensable; it cures neuralgia, colds, rheumatism and internal disorders too. No person can really afford to be without Nerviline. Useful for all internal and external pain. Large bottles 25c. at all dealers.

### Stolen Antiquities

It is asserted by good authority that nearly all the rare art antiquities to be found in the museums of various countries have at some time in their history been the possession of thieves. Valuable vestments and rare old paintings are stolen every year from churches where they were valued more highly than gold of their own weight.

A gentleman well versed in such matters tells us that Napoleon stole the nose from off the Sphinx that he might carry it home as a relic to be placed in a curio museum. And had not the Pyramids been of such proportion and weight they would now be gracing the different museums of the world, reposing in fragments in glass-fronted cases.

# TALKS ON TEMPERANCE

### Spirited Meetings in the Every Day Club Yesterday ---Meeting Yesterday Afternoon in Tabernacle Church.

The third meeting under the auspices of Thorne Lodge, I. O. G. T., was held yesterday afternoon at 4 o'clock in Tabernacle church. The quartette of Victoria street Baptist church sang selections. A. H. Patterson presided and scripture reading and prayer were offered by Rev. L. A. Cosman.

Rev. M. S. Trafton addressed the meeting and spoke of the temperance reform as it affected citizenship. He wondered why so much agitation was needed when such evidence of the evils of intemperance was seen in every day life. He spoke of three deaths within the last year due entirely to the drink evil. He also spoke of the revenue derived from the traffic and said that, leaving aside the effect of the drink habit on the community, severing homes and blasting the life and hopes of some of the most promising young men, the cost of maintaining officials and jails would greatly exceed the revenue.

Greed of gain and lust after political and public honor seemed to be the greatest hindrances to the moral advance of the community along these lines. People referred to the Scott act as being a failure in New Brunswick but the speaker said he lived in Carleton county for some time and while he was there an inspector who desired the law enforced was appointed. In a short time almost every hotel keeper in Woodstock was in jail.

After a time when the inspector became known he was in a sense useless as his movements were watched and the violators warned when he was coming. He asked the county council to allow him to employ a detective to help him in the prosecution of his work and was refused. It seemed to right-thinking people that it was not the Scott act that was in fault but the lack of moral stamina in the county council.

R. B. Addison will be the speaker at the meeting next Sunday afternoon. The Victoria street quartette will take part in the musical programme.

Rev. James Crisp delivered an impressive address on temperance in the Every Day Club hall yesterday afternoon. He told of a young woman under the influence of liquor, who staggered and fell in the street on Saturday evening. It was not enough, he said, to try to keep people away from liquor, but the liquor must be taken away from the people.

Good and evil influences met in conflict in this world. No man made a mistake who decided to abstain from the use of liquor. He was safe for himself, and right in his influence upon his friends. Men were moving up toward light and happiness, or down toward darkness and misery. Mr. Crisp made a very strong appeal on moral and religious grounds for total abstinence and prohibition.

William Hawker also spoke, making a strong appeal for personal sobriety and work such as the Every Day Club seeks to do. He told a number of very interesting experiences of his own boyhood and manhood, and recalled the fact that more than forty years ago, as hospital surgeon of the British army in St. John, he joined the Sons of Temperance. He had ever since been interested in the work, and his advice to all men was to make the most and the best of a sober manhood.

There was a musical programme, including hymns, a duet by Miss Cother and Miss Maston, and a solo by W. P. Colwell.

Last evening at 8.30 the hall was crowded far beyond its seating capacity, when the Leinster street Baptist church choir rendered music and Rev. W. Camp delivered an eloquent address on temperance. There were three choruss by the choir, and solos by Mrs. B. Huestis and John Wood. The choruses were sung by the full strength of the choir, and the whole of the music was greatly enjoyed.

Rev. Mr. Camp told the Bible story of the man who was robbed and beaten on the road from Jerusalem to Jericho, and how he was carelessly passed by two men en route to Jerusalem to perform religious duties. The man on the road represented wounded and suffering humanity.

The first man who passed him by on the other side might be likened to some ministers, and the second to some members of churches. There were too many religious people who regarded religion as a matter of coming together to sing and pray—a comfortable sort of religion that took no heed of suffering humanity. "If," said Mr. Camp, "any of you have that kind of religion, you are welcome to it.

"Why," he asked, "did not the people of Jerusalem make the road to Jericho safe for travelers? For the same reason that the people of St. John do not make Union street, with its rum shops, safe for men. If I went along Union street and found it full of holes, and fell and injured myself, and other citizens did the same, the people would rise up and insist that the street be made safe. And yet they allow greater pitfalls for men to exist."

Mr. Camp said that he was not there to denounce liquor sellers and brewers. That was an easy thing to do; but he recognized that saloons exist in St. John because the people want them, and the responsibility rests upon the Christian people of the city. He advised all men to go into politics, and see to it that temperance men, men of the highest personal honor, were elected to office, whether as aldermen or as the lawmakers of the nation. He appealed to the ladies to use their influence, and exhorted all present to go forth determined to exert their powers for the good of their fellows.

His attitude toward the victim of intemperance was that of compassion rather than censure. The only power that could redeem men was that of love, as exemplified by the third man on the Jericho road, who bound up the wounds of the injured man and cared for him until his strength was restored.

The address was a powerful appeal not only for right conduct but for loving service to humanity.

THE QUESTION OF FLOUR.

Not the least of the many problems which puzzle the young housekeeper, is the selection of the flour. Cook books are often indefinite; one, recommending a brand you cannot conveniently obtain; another, neglecting the point or insisting on some flour you have found unsatisfactory.

Have you ever tried blended flour? If not, use it next baking day. The leading Ontario millers are now making a blend of Ontario fall wheat with Manitoba spring wheat in such a way that the best qualities of both are combined scientifically to make a perfect flour.

Ontario fall wheat has the flavor and delicacy, but not sufficient strength. Manitoba spring wheat flour rises well, but absorbs much water and requires much kneading, the bugbear of all bread-makers. Blended flour, as milled by the Ontario millers, combines the strength of Manitoba wheat, and the delicate flavor of Ontario wheat, and is a superior flour to either one alone. It gives the food value with the lightness and deliciousness.

Housekeepers everywhere are using blended flours for bread, cake and pastry. Blended flours solve the flour troubles of all home cooks who have the discernment to use them. 21.

## INSPECTION OF BRANCH LINES

### Local Government Commission to Deal With the Matter Reached the City Saturday.

T. M. Burns, M. P. P., of Bathurst, who with Gilmour Brown, C. E., was appointed on a commission by the local government to inspect the branch railways of the province, arrived in the city on Saturday after visiting the lines in the northern and eastern parts of New Brunswick. The inspection will be completed this week.

In conversation with a reporter last evening, Mr. Burns said the commission has inspected the International road, on which thirty-two miles of rails were already laid, and the roadbed completed for a further twelve miles. Other railways gone over were the Caraquet & Gulf Shore, the Kent Northern, the Moncton & Buctouche, the New Brunswick & P. E. Island railway from Sackville to Cape Tormentine, and the Salisbury & Harvey road.

Asked as to the conditions of these roads, Mr. Burns said he was surprised to find how, in all sections, traffic had increased during the last few years. Several of the railways were paying and efforts to improve the roadbed and bridges were much in evidence. On the Salisbury & Harvey branch, as an example, a fine steel bridge below Salisbury had been built and the track was being renewed with sixty-pound rails.

The commission will continue the inspection this week. The Hampton & St. Martins branch will be gone over today, to be followed by trips over the Beersville road, the Elgin & Havelock, and the York and Stanley branch of the Canada Eastern. It is expected the work will be finished by Saturday next. Miss Pauline White, stenographer, accompanies the commissioners.

J. D. B. MacKenzie of Chatham is at the Royal.

**CAN YOU KEEP A SECRET?**

Then we'll tell you one. You know that good cake can't be made without good ingredients, and there must be a good baker to get results.

Smith, the baker, employs the best baker possible to get and using the best ingredients, as he does, makes his cake just as good as you'd want to eat.

Now here's the secret: If you want good cake, the kind you will enjoy, buy the kind Smith bakes.

Hundreds eat

**SCOTCH ZEST BREAD**

every day; it saves the tiresome task of making and baking at home, and provides for the long felt want—good bread.

## Children's Wish

We wish there really were such things
As fairies, don't you know;
For they could make all evil good;
And adjust matters so

That lessons hard would all be learned
By reading over once.
And every child would learned be,
And none would be a dunce.

A fairy queen would wave her wand
And say some magic thing
Above the heads of all child-kind,
And great good luck would bring.

New toys would come to every child,
There would be no more poor,
If fairies really did exist
To rule this big world o'er.

MAUD WALKER.
