LAIDLAW & CO'S LETTER.

NEW YORK, Oct. 3—Transactions in the stock market yesterday were conducted in gradually contracting volume, the professional element apparently realizing the futulity of trading among themselves. The closing undertone was somewhat softer because of the increasing evidences of closer money conditions. While the advance of call rates to ten per cent was perhaps due in large measure to transitory causes money still ran strongly against this centre. Since Friday the banks have lost nearly 3 1-2 millions in their operations with the sub-treasury alone and there is no reason to believe that the efflux of currency which set in last week through other channels has been materially checked. The prospect therefore is for another substantial reduction of the surplus reserves next week and while further government deposits are a practical certainty, it is the fixed policy of the secretary of the treasury to extend relief only when necessary. London prices today were weak with particular pressure on the copper stocks, the latter being particularly significant on account of the depression in the price of copper metal. It is still a question how far the decline in that commodity will extend.

DeWITT CAIRNS TO SING THE PALMS

A special feature at The Cedar for Thursday, Friday and Saturday will be DeWitt Cairns with his favorite song, The Palms. Many requests have been made for this bill, which will be in conjunction with an excellent set of pictures.

The greatest of western pictures entitled The Bandit King, will be another big hit for Thursday, Friday and Saturday. A great laugh entitled The Servant Hypnotist, and a beautiful drama entitled The Little Blind Girl, will make one of the best five cent shows ever given in the city.

Every child will be presented with a bag of candy at Saturday's matinee.

ST. ANDREW'S NOTES

(St. Andrews Beacon)

St. Andrews sent quite a large contingent to the U. N. B. on Friday last. Among them were Percy Rigby, Archie Shirley, R. Fraser Armstrong, Royden Smith and George Cockburn.

A large and handsome motor yacht, belonging to Edward Maxwell, arrived from Montreal this week. She will be placed among the other pleasure yachts on the beach near the lighthouse until the summer breezes blow again.

Mr. and Mrs. W. B. Waycott, of San Francisco, are visiting St. Andrews. Mr. Waycott is one of the St. Andrews boys who has "made good" in the west. He is now manager of one of the leading telegraph lines in the big Pacific city.

Since the death of Engineer Cowie, the steamer Viking has been unable to get an engineer with a proper certificate, so that she is refusing passengers.

Manager Kennedy of Kennedy's hotel says that the past season has been the most successful summer season in the history of the house. Though the weather was considerably "off" the hotel patronage was good throughout all the summer months.

(St. Andrews Beacon.)

J. A. Miller ,of McAdam, trackmaster of the eastern division of the C. P. R. made a trip of inspection over the New Brunswick Southern Railway last week. Mr. Miller expressed himself as pleased with the condition of the road. While it was rough in sections, he said, yet the work which has been going on during the past two months has improved the road immeasurably. There are now 175 men at work along the N. B. S. line engaged in re-building, re-placing ties and lengthening the sidings, as well as in making other improvements. During the past two months new ties have been laid between Spruce Lake and Prince of Wales to the number of 6,910. The entire line has been re-laid in proportion. At St. George a Y switch is being installed. This will fill the place of a turnstile and will make good time a practical certainty.

A PLACE OF BEAUTY: THE PRIDE OF HALIFAX

The New Dunlap-Cooke Establishment on Barrington Street is the Most Magnificent Fur Parlor in Canada--It is the Peer of the Dunlap-Cooke Show Room in Boston, and Elicits the Admiration of Every Passer-By, and the Display Delights the Eye of Every Man and Woman Who Appreciates Fine Furs.

(Halifax Herald.)

The people given to croaking about the lack of enterprise in Halifax, have within the past two years, been several times "held up short" by evidences of an outstanding kind to the contrary.

As a matter of fact there are numbers of our merchants who, in initiative and enterprise, are second to none in Canada—there would seem to be much in what returned "emigrants" from this province to the beguiling and roseate west have recently been saying, viz.:

"If a man will stay in Halifax and devote the same thought and energy to the acquisition of dollars and the development of his business he can as readily do both here as there—and save his travelling expenses."

Within the past week we have had another refreshing proof of Halifax business "enterprise."

The Dunlap-Cooke Company, of Canada, limited—the growth of whose operations as manufacturers of fine furs, should be a source of pride to the province; since it is a Nova Scotia house, forty years old, and now enjoying national reputation—have taken another stride forward. They have removed from their rooms in the St. Paul building, having acquired and fitted up beautifully, at a large expense, the Wright marble building.

In fact, the great plate glass window with its dark oak and Ascot green back ground, for the display of beautiful furs, of finest quality and latest "style," proved so arresting this week that many people not meditating purchase but attracted by the window, have yielded to an irresistible impulse and gone into the big establishment to have a look around.

A representative of The Mail was one of these, and on entering the "show room," it was found to match the window—and that is saying a great deal, for undoubtedly in the dressing of the window taste and effective display meet to perfection.

Nothing in life is so pleasing in itself that it canot be made more so by its environment.

The Dunlap-Cooke Company evidently have a due appreciation of that fact, for they have on view "stock" which has already captured the eye of the women, so arranged as to enable them to examine it under the most pleasant conditions.

The place is, indeed, designed after the handsome premises of the firm in Boston, but recent visitors familiar with the interior of its stores elsewhere in Canada, and the United States, declare it to be the peer of them all."

The adjective "swell" is the one which is being generously used to describe it by delighted patrons.

In fact to designate the luxuriously appointed "parlors" as "show rooms" would convey a very inadequate idea of them.

The whole interior has been remodelled.

The side walls are finished in green, with Grecian borders meeting the tops of the cases. The remaining side walls and radiators are beautifully finished in ivory and gold.

The floors are carpeted with finest Wilton carpet, in pleasing contrast with the substantial Flemish oak and brass fittings and furniture.

The lighting apparatus is the handsomest and most effective, so far as the representative of The Mail is aware, to be found in any business establishment in the city. The electric lights are hung in thirty old English lanterns of black metal, with green opalescent glass sides, suspended from the wall and show cases.

The handsome interior finish is in keeping with the store front, which is beyond criticism. The deep show windows— the largest in the provinces—are finished in old copper verde green, setting off to fine advantage the front of white marble.

The parlors are bordered with full length mirrors, so that a lady has that thing in stole, or coat which is most "becoming" to her particular "style."

Yesterday afternoon one of the prettiest and best known girls in Halifax was "trying on" furs; for the recent cold "snap" is a reminder that the days when furs will be needed are not so far away.

"Isn't it delightful," she said, "to have such a fur shop as this right at one's door—I know the big Boston shops—there's nothing there to beat it in my opinion."

Her opinion has been many times echoed by visitors to the establishment this last week.

For furs of the latest "cut" and the best quality, and parlors luxurious and ideally adapted to display, and to "trying on," the firm have added one thing which will perpetuate the popularity which the beautiful shop is bound to enjoy. This is a staff whose courtesy, eagerness to please, and capability, make it a pleasure even to call and ask the price of a muff.

The writer has been in shops in which patrons are made to feel that it is an insult to request to be waited upon—but these are not the establishments which are in the local forward movement.

The Dunlap-Cooke Company have undoubtedly "scored" in their courteous staff.

As to the display of furs, it is such as to delight the heart of the woman who can buy.

The variety is almost endless and each variety is represented by its best.

Indeed, in every detail is apparent a discriminating determination to provide unimpeachable "quality" first and foremost.

The house is a Nova Scotia house and its evolution, through sagacity, energy, and cast iron determination to be second to nobody in its line, to its present status, must be a source of not only local, but provincial pride.

Houses of this type advertise to the whole continent the fact that not only are Canadian furs among the best furs in the world, but that Nova Scotia enterprise is able to take this national "asset" and give to the most critical patronage in the large metropolitan centres all that they require in "style" and "finish."

The firm is to be heartily congratulated upon a change which cannot fail to be era marking in its history—the big fur shop cannot possibly be overlooked—the people will simply be compelled to visit it because it is so attractive that it is bound to have patronage.

Captain Ellis, who holds a Canadian certificate, hadnever been to Jamaica before, and was trying to navigate the intricate channel without the services of a pilot. NEW MOVING PICTURES AT THE OPERA HOUSE

The new moving pictures that are to be shown at the Opera House today and for the remainder of the week, afternoons and evenings, are said to excel any moving pictures ever shown in this city.

One film alone, A Trip to the Alps, is a magnificent photographic piece of art and is alone worth five times the price of admission to see. It is an actual scene taken from the forward part of a train in motion. The scenic effect is beautiful and instructive, each detail is complete and holds the attention of the spectator. Another new picture is entitled Electric Fluid. It is a laugh maker from start to finish; full of fun and wonderment.

The Electric Belt, another comedy film, is Pathe Brothers' original production and has never been shown here before. Other films and illustrated songs by Frank Austin and character sketches by Prof. Ferguson will go toward making a big show.

Miss Louise Nase has gone to Montreal and Ottawa. She will be the guest of Colonel and Mrs. Tilton.

Zam-Buk

The old Roman charioteers, and heroes wounded by wild beasts in the now ruined Colosseum at Rome, annointed their wounds with secret balms made from the roots and herbs of the field. Instinct tells us to rub a place that hurts, and in Zam-Buk, the great herbal balm, is found the ideal substance with which to rub. Zam-Buk differs from ordinary salves, ointments, etc., in the important fact that it contains no trace of any mineral substance, and is also free from animal oil or fat. It is composed of the finest herbal essences and juices, and is so refined that the most delicate skin can absorb it with beneficial effect. It is at one and the same time healing, soothing and antiseptic. It does more, does it better, and does it in less time than any other known balm.

ECZEMA, SCALP SORES AND ERUPTIONS CURED.

Mr. Henry Harvey, of Cataraqui' Ont., says:—"I am glad to state that Zam-Buk in my case has done all it was recommended to do. I had some sores on the scalp, which at times caused me such acute pain that I could not bear to touch the part. This continued for nearly two years, and defied all remedies I tried. Zam-Buk was recommended to me and, after a fair trial, I am glad to report the sores are quite cured. I can strongly recommend Zam-Buk for scalp diseases."

Mr. T. Bull, of Cooksville,, Ont., says:—"I consider Zam-Buk splendid value. I have used it on Burns, Pimples, Cuts and Sores, and have found it to contain more healing qualities than any preparation used before, and can recommend it."

Mrs. Nellie Campbell, of Inverary, Ont., writes:—"I think Zam-Buk a splendid healer. I had a bad spot of Eczema on one of my fingers that bothered me terribly. I obtained a supply of Zam-Buk and to my delight it healed the Eczema very speedily. I shall keep a supply of Zam-Buk handy, as I think it such an excellent remedy. I would not be without it inthe house."

WHAT ZAM-BUK CURES.

OPPOSITION CANDIDATES HOLD MEETINGS IN ALBERT COUNTY

Enthusiastic Gatherings in Hillsboro and Albert ---J. D. Hazen and J. K. Flemming Among the Speakers.

HILLSBORO, Oct. 2—A meeting in the interest of the opposition candidates in Albert was held in the public hall at Hillsboro Tuesday night and was addressed by the candidates and J. D. Hazen, leader of the opposition and Mr. Flemming, M. P. P., for Carleton. The night was very dark and rainy and the attendance was not as large as it otherwise would have been, but the hall was well filled. The meeting was presided over by Councillor H. J. Steeves, and he introduced the speakers, the first being W. B. Dickson, who announced that he and W. B. Jonah had been selected candidates of the local opposition to contest the county of Albert, and that it was believed that an election was near at hand. Mr. Dickson said that as Mr. Hazen and Mr. Flemming had come to discuss the political questions of the day he would himself address them at greater length on a future occasion.

W. B. Jonah spoke at some length on the extravagance of the government which resulted in the increased expenditure, and the large increase of the debt, it having been increased so that the interest charges which were one-twentieth of the revenue in 1880, were now one quarter of the total revenue of the province.

He referred to the fact that the parishes of Hillsboro and Elgin were naturally united in political matters, and while Elgin had always given its generous support to the Hillsboro candidates. Elgin now expected Hillsboro to return the compliment in voting for the Elgin candidate in this election.

Mr. Flemming, M. P. P., of Carleton county, was the next speaker and in a very few moments had engaged the undivided attention of his audience in an interesting and clear exposition of the financial affairs of the province. He dealt with the many financial deals of the government, whereby, he declared, the public funds were frittered away, and the money, which should be used for the roads, was wasted. He pointed out that the money which the government boasted of contributing to the support of agriculture was really spent largely in the payment of salaries of the officials. He warned the electors that if the present government was retained longer in power, that instead of paying 12 cents on one hundred dollars for road tax, they would have to pay twenty-five cents per hundred dollars, and in proof of this he recited the public reports and showed that the government had expended all the road money for 1906 and borrowed a large amount from the year 1907 which was also spent last year. Mr. Flemming concluded with appealing to the electors of Albert to assist Mr. Hazen in forming a new and better administration. Mr. Flemming showed an intimate knowledge of the affairs of the province, and was listened to with marked attention throughout his very eloquent address.

Mr. Hazen, leader of the opposition, was the last speaker, and although the hour was late, the audience remained throughout his very strong address. He devoted much of his time to the Central and International railway schemes of the government, whereby he said over two millions of dollars of obligations were saddled upon the province, which with the other indebtedness increased the total liabilities to about eight million dollars, making an increase in the debt to about twenty-six dollars per head of the population. He pointed out to the electors that there was a marked change in the attitude of the people, which showed a turning of the electors from the government to the support of the opposition and predicted a splendid victory when the elections were called. He eulogized very highly the opposition candidates in Albert and asked the electors to see that they were returned to support a new and better administration at Fredericton. Mr. Hazen concluded his very eloquent speech at eleven o'clock when the audience dispersed after singing God Save the King.

Messrs. Hazen, Flemming, Dickson, Jonah and Dr. Marvin were entertained at dinner before the meeting by the Hon. Mr. Osman and Mrs. Osman at their hospitable home. Messrs. Hazen, Flemming and Dickson speak tonight at Albert. Mr. Jonah being called to Fredericton on business.

ALBERT, N. B., Oct. 2—J. D. Hazen, leader of the local opposition, and J. K. Flemming, M. P. P., of Carleton county, addressed a meeting tonight in Oulton Hall. Dr. S. C. Murray occupied the chair. Among those who occupied seats on the platform were W. B. Dickson, the opposition candidate for the local house; I. C. Prescott and others.

Mr. Flemming was the first speaker and spoke well. He dealt with the Highway Act, the school book question, and attacked the local government generally. He also denied emphatically the statements made by Dr. Pugsley and which appeared in The Sun today in reference to the financial standing of the province.

Mr. Hazen spoke in complimentary terms about Messrs Dickson and Jonah, the opposition candidates, and predicted an election before another session. Consequently, he said, he had advised his party to select their candidates at once and be prepared. By November 1st he expected to see all the opposition candidates in the field, and after the votes were counted he expected to see at least thirty Conservative members in the house.
