DAIRY PRODUCE

MONTREAL, Nov. 5—The cheese market continues quiet, and though there were a few cables received from the other side very little trade resulted. The local trade has fallen off some, and at the country boards on Saturday many of the factories announced that they had closed for the season.

For the October make the prices have eased off, and the quotations today are: Quebecs, 12 to 12¼c; Townships, 12¼ to 12½c; Ontarios, 12½ to 13c.

Dealers reported a quiet butter market today with prices ruling firm at 28 to 28½c. The chances are that before the end of the week the quotations will be lower, as owing to the higher prices the local demand has fallen off to a very noticeable extent, and here is pratically nothing doing at all in the export line.

The local receipts were 230 packages, as compared with 1,026 for the corresponding day of last year.

The exports of butter from Montreal for Europe last week were five packages to Glasgow:

OBTAINED GOODS ON BOGUS ORDERS

Timothy Garnett Arrested on Serious Charges Yesterday Afternoon.

Timothy Garnett was yesterday afternoon arrested by Deputy Chief Jenkins and Detective Killen on charges of forgery and obtaining goods under false pretences. Garnett, who is 23 years old, is an escaped chain gang prisoner, and has from time to time been employed with Quinn & Co. stove dealers, etc, 615 Main street, north end. It is charged that he forged the firm's name to orders for goods obtained from T. McAvity & Sons to the amount of $109 and from W. H. Thorne & Co. for a smaller amount.

The operations, with which Garnett is charged extend over a period of only a few days and it was only yesterday that it was discovered that something was wrong and the police notified.

James E. Quinn, of the firm of Quinn & Co., was conversing yesterday with a member of the McAvity firm, and the latter asked "what are you doing with so many rifles and revolvers lately?"

"Why do you ask that," said Mr. Quinn.

"Well, your orders during the past few days have been heavy," said Mr. McAvity.

Mr. Quinn had no knowledge of an exceptionally heavy sale of firearms and he thought it wise to compare his invoices with Mr. McAvity's book. This was done yesterday afternoon, and Mr. Quinn was surprised to find he was charged with a large number of rifles, revolvers, knives, razors and other small articles of hardware, which did not appear on the invoices.

A discrepancy of $109 was computed between the amount of the invoices and the total of Mr. Quinn's account. Orders were produced by Messrs. McAvity and these Mr. Quinn pronounced as forgeries. He informed the police and Garnett was arrested.

The young man has figured in police court circles before.

REPORTS, DISASTERS, ETC.

Seattle, Wash, Nov 5—A despatch from Tacoma says that Captain Balfour, moster of ship Combemere (Br), who was quoted as reporting the missing ship Arthur M Sewall off Cape Flattery, denies the interview. Captain Balfour states he sighted a four-masted American shop about 7 o'clock Sunday morning seven miles west of Edez Point. The ship was seen but a few minutes. She was low in the water and rigged like the Sewall. The ship sighted was undoubtedly the Erskine M. Phelps, sister ship to the missing Sewall, which arrived at Seattle yesterday.

Halifax, NS, Nov 6—Ard, schr Howard (Br) New York for Georgetown, PEI (put in with topmast heads carried away and loss of sails in a gale Sunday off Cape Sable).

MARINE NOTES.

When at Montserrat the Ocamo's anchor found an old one lost from the Oruro, one of her sister ships, two years ago and brought it to the surface. It was huled on deck and brought here. It has been lying all the time in twenty fathoms of water and was covered with fine coral growths.

The St. Andrtws Beacon says:—"The streak of bad luck which has been following the str Viking, seems to have extended to Captain Richardson. Last Tuesday he took the mails down river in his gasoline boat. He made the run down all right, but when he started on the return trip on Wednesday he had to cope with a nasty storm. He reached Wilson's Beach in safety and was heading down the shore toward Welshpool, when his engine stopped. Before he could get it moving again the sea swept the boat upon the shore, tumbling the captain out somewhat unceremoniously but otherwise doing him no injury.

The bark Osberga, Captain Hatfield, at present discharging at Rosario, has been chartered to load at Yarmouth.

Bark Silberhorn, Captain Gibson, from Newcastle, NSW, June 12 for Piagua, is overdue.

Capt. W. R. McKinnon, of Yarmouth, has gone to Europe to join the steamer Usher as mate. The Usher is now at Rotterdam and will proceed to a port in Wales.

The vessel is bound for San Juan, Porto Rico, and will sail in a day or two. Mesrs. Egide Pothier and Homer LeBlanc, of Tusket Wedge, left yesterday morning to join the Catherine ,the former as cook and the latter as mate. The vessel will probably trade among the West India Islandns until spring.

NEWS FROM P. E. ISLAND

Island Athletes Are Incensed Over the Action of the M. P. A. A. A.

CHARLOTTETOWN, P. E. I., Nov. 7 (Special)—The will of the late Major Wright, merchant, of Bedeque, is probated. His estate is worth $103,000, including real estate, $3,500, shares Bank of Nova Scotia $16,500, Dominion Iron and Steel $390, provincial government debentures $22,000, cash in banks $6300, mortgages $44,000, judgments on promissory notes etc., $8,400, sundries $1,900. All the estate is divided equally between his son, Richmond Harold Wright, and his daughter, Maria Millicent Wright, of Bedeque.

L. B. McMillan, ex-president of the Abegweit athletic club, and ex-vice-president of the M. P. A. A. A., says that the M. P. A. A. A. have treated them very unfriendly in suspending the firemen who took part in the St. John tournament. He says the association should have consulted them before attempting wholesale suspension of the men who took part in events unquestionably amateur. There are many men of the Victoria and Abegweit clubs who are members of the Charlottetown fire department who had the assurance of the president of the M. P. A. A. A. by wire that the St. John events were sanctioned. They think an investigation should have been held before suspending them in the middle of the football season. There is strong feeling through the province to cut loose from the association.

MONTREAL STOCKS

MONTREAL, November 7 (Special.)—As the result of local Wall street influence and a further advance in the Bank of England's discount rate to 7 per cent, the local stock market was disturbed, though price changes were not marked. Dominion Steel Preferred was offered down to 37 1-2, with buyers offering 37. Common was offered at 13 7-8, with buyers at 13 1-2. There were no transactions in early trading in stocks; bonds sold at 68. Rumor still connects the selling with a syndicate which some time ago bought extensively. Their common holdings were paid for in cash, but preferred was bought on margins and calling of loans on these is said to have compelled the syndicate to let go some. The possibility of more selling is consequently keeping the price down. Dominion coal was stronger at 39 1-8, and Montreal Street Railway at 167. Weak features were Detroit at 31 1-2, Toronto Railway at 86 and Canadian Pacific at 145 1-2. Richelieu & Ontario Navigation Company declared a quarterly dividend of 1 1-4 per cent.

SIS IN NEW YORK

Sis in New York is the title of the offering which will come to the Opera House on Nov. 11 and it reveals the merry Hoosier lass in a new role. A visit to the great metropolis permits of many chances for fun, and Sis runs the gamut from shaking hands with "Oscar" of the Waldorf-Astoria, mailing a souvenir post card in the fire alarm box and nearly causing a riot, to trying to stop the trolley cars by standing on the track. She takes with her the characters that have followed her through her laughing adventures since the author discovered her down in Posey County, Indiana. Sis in her new play ought to be a winner.

NATURAL HISTORY SOCIETY

The Natural History Society lecture hall was crowded yesterday afternoon while Mrs. H. Lawrence, of Wolfville, lectured on the French in Acadia. The speaker was introduced by the president, Mrs. G. F. Matthew. The lecturer first spoke of the adventurers, soldiers, traders and fishermen, who were the first to attempt settling in Acadia. The sufferings of the early settlers were described. The founding of Port Royal, now Annapolis, and its subsequent history were given. The manners and customs of the Acadians, the country they inhabited and the events leading up to their expulsion from Acadia were told of in a most pleasing way.

Fort La Tour, its history and the tragic events attending its defence and surrender and the heroism of Madam La Tour, its brave defender, were described, and from this Mrs. Lawrence turned to the French settlements on the St. John river and gave statistics of the population, and the closing events of the French regime in Acadia and the capture of Louisburg closed a most interesting and instructive lecture.

A hearty vote of thanks was tendered the lecturer, after which refreshments were served by young ladies in French costume.

CARDS AND CIGARETTES

Editor Times:

Sir,—For some time past the patrons of the Sussex express to and from St. John, daily witness a typical form of youthful degeneracy. Four young boys, in short trousers, occupying seats in the smoker, puffing away at the cigarette and on their knees a piece of cardboard, which acts as a card table, and in the open gaze they whiff the smoke of the deadly cigarette and indulge in a game of cards, very much to the disgust of the travelling public. It is a sad sight, to see a group of young boys, whose sense of shame is so deadened, indulging in this sort of practice boldly in a public conveyance, and if the parents of these children allow such actions the railway officials should have some consideration for the public morals, and put a stop to this disgusting spectacle.
