

Stanfield's Underwear

(Chapter 4)

Spinning the Yarn

The Stanfield mills are monuments to the value of good machinery. The wonderful spinning machines do an incredible amount of work, and do it better than even the best spinning wheels can do.

As the Maritime farmers send their best wool to the Stanfield mills, it is washed—carefully sorted—and shrunk. It then goes to the combing machines, which comb out all short lengths, weak strands, and leave only the toughest, springiest wool.

This goes to the Spinning Machines, where 18 machines do the work of 16,546 women with spinning wheels.

It is by using such improvements that Stanfield's Unshrinkable Underwear can be so good and yet cost so little.

The pure Nova Scotia wool—the best in the world for Underwear—insures warmth, comfort and wear. The Stanfield process of taking the shrink out of the wool, before the garments are woven, makes absolutely unskrinkable underwear.

The Stanfield way of combing, knitting, cutting and sewing (which will be described later) insures the completed garments being satisfactory in every way.

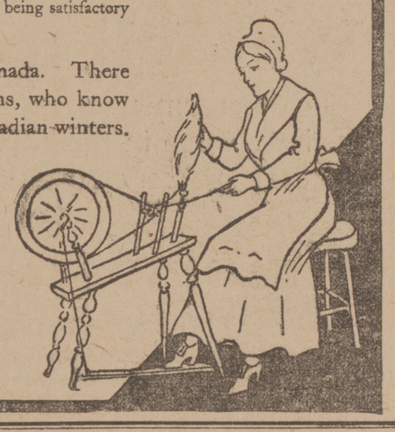

Stanfield's Underwear is made right here in Canada. There is no duty to pay on it. It is made by Canadians, who know what Canadians need in the way of protection for Canadian winters.

It is made in all sizes for men and women—from 22 to 70 inches.

STANFIELDS LIMITED - TRURO, N. S.

JOHN STANFIELD ACCEPTS IN SPITE OF ALL THREATS

Head of Big Truro Manufacturing Concern Nominated by Colchester Conservatives for Dominion House---Liberals Choose Charles Hill.

Truro, N. S., Nov. 7—John Stanfield, of Truro, a large employer of labor and a prominent manufacturer, was today unanimously nominated by the Liberal-Conservative convention to contest Colchester for the vacancy in the house of commons caused by the appointment of F. A. Laurence to the supreme court bench. Mr. Stanfield is the managing director of Stanfields, Limited.

The Liberals met in convention at the same hour, also in Truro. Their nominee is Charles Hill, of Onslow, a well known general trader. Mr. Hill is brother of the member for Colchester in the local house.

Both men are considered to be strong candidates.

A sensation occurred at the Conservative nomination at Truro when a minority of the board of directors of the Stanfield's, Limited, informed John Stanfield that under his contract to give his time to the company he could not accept the nomination. He accordingly presented the following letter to the convention. Afterwards, however, at a public meeting he announced that he would accept the nomination and that he would buy all the stock offered by any dissatisfied shareholders:

"Gentlemen—I am fully aware that my name has been prominently before you, as a candidate to represent the party in the coming contest. I must freely and without equivocation tell you that I was prepared to accept a nomination, if I was the choice of the party, and to endeavor to wrest the county from the hands of the Liberals. I now extremely regret to be obliged to tell you that yesterday at a meeting of the board of directors of the Stanfield, Limited, of which I am the president, a minority of that board advised me that the conditions of my contract with the company enabled them to prevent me from taking any part in any election as a candidate and that they would enjoin me, should I become your candidate and offer myself as such to the electorate. Therefore, I must withdraw my name as a candidate in the coming contest. I may say that I have good reason to believe that the action of the minority of my board is the result of the manipulation of those whose sympathies are with our enemies, the Liberals. Fully realizing the awkwardness of the situation I now respectfully ask you, the delegates, to retire and conclude your deliberations.

(Signed) "JOHN STANFIELD."

HE ATE POISON IVY

An illustration of how Zam-Buk heals and closes poisoned wounds is provided by Mr. G. W. Stimers, of Colborne. He says: "Some time ago in consequence of eating poisoned ivy I broke out in sores on my head and face. I went to a doctor who treated me, and for a time the wounds healed, but they broke out again as bad as before, and all remedies I tried failed to give me relief. A sample box of Zam-Buk which I obtained did me so much good that I purchased a proper supply. The result of its work has been a complete cure. The sores have healed without leaving any scars, and indeed there is now no trace of them. The glands in my throat had become swollen and hard. These symptoms also have been cured by application of Zam-Buk."

Absolutely pure, Zam-Buk is nature's balm, and for all skin diseases is without equal. Zam-Buk will also cure ulcers, festering sores, ringworm, cuts, bruises, chapped hands, boils, eczema, piles, etc., etc. Write Zam-Buk Co., Toronto, for free trial box, sending 1c. stamp. All stores and druggists sell at 50 cents a box.

Everett, Miss., Nov. 7—Clifford McCausland, four years old, son of Former Alderman Harold E. McCausland, accidentally shot and killed himself today. With his brother, Charles, aged six, and his young sister, Clifford gaine access to his father's desk and secured a loaded revolver. The revolver was discharged while Clifford was playing with it and the boy was shot in the head, dying later at the city hospital.

In World of Sport

TEDDY JR. IN TRY OUT

CAMBRIDGE, Mass., Nov. 5—Theodore Roosevelt, Jr., playing at left end on the Harvard Varsity for the first time, was forced to retire from the scrimmage this afternoon because of an injury to his left ankle. The coaches decided to give him a try-out on the Varsity, and he went into the game with all manner of vim. He was after the ball every second and was raising havoc with the second team's line when he sprained a tendon in his left ankle in a mixup.

The coaches rushed to his assistance and Coach Leary personally accompanied him from the field. He is expected to be out of the game for some time.

The whole Harvard eleven braced today and the offense was particularly effective, although in a twenty-minute scrimmage against a very fast second eleven there was no scoring. The forward pass and onside kick worked finely and Newhall made some clever quarter-back runs.

BASE BALL

NEW YORK MADE BIG DEAL.

This is the way the Yankees will probably shove their batting order at their opponents when the season opens next spring, for Clark Griffith yesterday completed the greatest trade of his career as a big league manager.

Jimmy Williams, the veteran second baseman, and Danny Hoffman, who has been tried repeatedly and found wanting, have been traded to the St. Louis Browns for Harry Niles, one of the greatest young ball players in the business, and Charley Hemphill, a veteran who has regained his stride.

Another deal, by the terms of which Hobe Ferris, of the Boston club, joins the Yankees, and Frank Laporte goes to Boston, went through, but it is not probable that Ferris will play with Griff's team next spring. He was probably secured as material for future deals.

BOSTONS PICK UP A GREAT SLUGGER.

The Boston Pilgrims seem to have picked up a wonder in Outfielder Cravath of the Los Angeles (Cal.) club. This man is said to be a wonderful batter, after the pattern of Ty Cobb, and he is expected to make good from the very start when he breaks into big league company next spring.

The following from a Los Angeles paper, gives some idea as to the ability of the latest find:

"This is the fellow from Santa Ana that so many of the fans called a busher, even after he had played here last year, and he was certainly a wizard with the bat yesterday; and strange to say, he didn't have a chance to do any fielding in either game, or, rather to make any outs. In six times at the bat he hit two home runs, a two-bagger and two singles, and all of them were the kind of swats that hurt a man who tries to stop them."

BOSTON TRADES FERRIS.

BOSTON, Nov. 6—Hobe Ferris, who for seven years has played second base for the Boston Americans, was yesterday sold to the New York American club. Ferris will not play with New York, but will be included in a deal whereby New York gives Ferris, Jimmy Williams and Danny Hoffman for Niles, Hemphill and Glade, the pitcher, of the St. Louis American club.

DECISION FOR LUSH.

CINCINNATI, Nov. 6—The national baseball commission today decided that the Philadelphia National league club should pay Player John C. Lush his salary under his contract with that club from the time that the season opened to and including the day he was released to the St. Louis National league club. The latter club, if it assumed his contract, must then pay him the difference between the amount the player would receive from the Philadelphia club under his contract and $3000 his contract price for the season.

BILL COUGHLIN, MAGNATE NOW.

SCRANTON, Nov. 6—Bill Coughlin, captain of the Detroit Americans, has become a baseball magnate. In company with Eddie Ashenbach, last year manager of the St. Poul American association team, he has closed a deal for the franchise and property holdings of the Scranton club of the New York State League, and will take hold at once.

Ashenbach will manage the club, Coughlin continuing with Detroit. It is expected that Scranton will be able to get hold of some of the Detroit youngsters who need further schooling.

BOWLING

Word has been received that the team of St. John bowlers who have been playing at Eastport have won two games out of the three played. On Wednesday afternoon the St. John men won, but lost in the evening by thirty-five points. Yesterday afternoon, however, they won again with a lead of twenty-two points and so come home victors. They are expected to arrive on this morning's boat. The team was picked to represent Black's alleys, North End, and those playing were H. F. Black, T. L. Wilson, R. J. Norton, J. A. Galbraith and C. Johnston.

THE TURF

NEW YORK, Nov. 6—Jockey Willie Shaw, who has been riding in Germany during the season, has just returned to this country, and strolled out to Aqueduct yesterday to witness some American racing for the first time this year.

Shaw ha a very successful season in the Kaiser's country, riding 53 winners and being at the head of the list when he departed. As the racing was virtually over at the time, there is little fear of any of the others overcoming Shaw's lead.

Shaw will not go back next year, and, while he would not say so, it is a safe bet that he will ride on the metropolitan tracks next season in the colors of Frank Farrell.

DANNY MAHER PUTS OVER HIS 100TH WINNER.

Danny Maher, the American jockey who is this year repeating his former successes on the English turf, put over his 100th winner of the season at Gatwick last week when he landed Persinus in the Montefiore Plate at the almost prohibitive odds of 1 to 20.

TOMORROW'S FOOTBALL HERE

Two Big Games That Are Attracting Attention.

The two big football matches in the city tomorrow continue to attract attention and the lovers of the game are assured of an abundance of entertainment along this line. The Marathon-Moncton game on the Victoria grounds will be a hard fought battle from first to last. Both teams are putting on their strongest line-ups.

The Monctonians are probably heavier than the Greeks, though the latter will have the speed. Dick Tibbetts, of Fredericton, will likely referee.

On the Shamrock grounds the U. N. B. will do battle with the Algonquins, and a fast game will doubtless be the result, On the Collegians' home grounds the Indians gave them an even fight and figure the matters should be reversed here. The north end fifteen will have the strongest team they have played this season, and whoever wins will for a certainty have to play for it.

THE RING

ROUSE O'BRIEN SHADED.

NEW YORK, Nov. 6—Battling Hurley of Passaic, N. J. had a shade on Rouse O'Brien of Boston at the end of six rounds in the main bout at the Sharkey A. C. tonight. O'Brien, tired from his hard bout Tuesday night was willing all the way, but he didn't have strength enough to overcome the lead gained by Hurley in the second, third and fourth rounds. The fighters went so fast that they were signed for next week's stag at the Sharkey club.

RING GOSSIP.

Matty Baldwin will box in the main event at the Paddock A. C. in New York Friday evening.

Johnny Summers of England and Willie Moody have agreed to box six rounds at Philadelphia Nov. 16.

President Pierce of the Cooper A. C. is trying to arrange a contest for Thanksgiving day between Al Delmont and Meyer Stringer. The latter is a Scotchman and is credited with draws against Johnny Summers and Joey Bowker. Since coming to America Stringer has beaten Jimmy Devine, Mississippi and George Hoey.

Peter Sullivan of Fall River and Rudolph Unholz will box 20 rounds at Salt Lake, Nov. 15.

Warren Zurbrick, the boxer-cyclist, has returned to the ring after a long lay-off. He will meet Cy Flynn of Buffalo at Kenmore, N. Y., Thanksgiving day.

Joe Thomas has been offered a purse to meet Billy Papke at Brazil, Ind., Thanksgiving day.

Sam Wallace, who stands 6 feet 4 inches and weighs 200, is being touted by his Cincinnati friends as a heavy-weight prospect. Wallace, who is colored, recently knocked out Jim Fields in two rounds.

GOLF

TRAVERS NOT ENTERED.

NEW YORK, Nov. 6—On account of the short days the qualifying round at the Atlantic City County Club tomorrow will be at 18 instead of 36 holes. Jerome D. Travers, who won the low score prize last spring, will not be a starter, as expected, but over 100 have entered. The entire day will be given up to the qualifying play, in which the maker of the lowest score will receive a prize, while six sets of 16 will keep on tomorrow for match play cups and runners-up prizes.

FEDERATION TAKE A HAND

New Athletic Body After Star Road Race Montreal.

MONTREAL, Nov. 6—Secretary Springing, of the Amateur Athletic Federation stated this evening after ameeting of the federation, which was attended by representatives from Ottawa, Quebec and Montreal, that all runners who participate in the Montreal Star road race on Saturday next would be suspended and professionalized, as the federation considered Tom Longboat, who will compete, a professional. The Indian is now under the ban of the A. A. U. of America and the A. A. F. will support their rulings. This means that if the Halifax team enters the race they will come under the ban of the A. A. U., which will prevent them participating in any meetings in the United States or Canada, excepting "outlaw" meets under the C. A. A. U. It will also prevent them from competing in the Olympic games to be held in London next year.

General Sporting Notes

The Liverpool autumn handicap for 1500 sovereigns will be run this week Friday.

Capt. W. H. Darell, winner of the diamond sculls at Henley this year, has just been married to Miss Jeffie Bainbridge, an English belle.

Wrestling has a firm hold on the English public. The latest match is between Tom McInerney of Liverpool and Emil Vervet of France, for $250 a side.

The Amateur Football Association announces that the Queen's Club football ground will this season be reserved exclusively for matches in which their affiliated clubs take part, excepting the Oxford Cambridge and army-navy fames.

MARTIN AND McINNIS LEAD ANTI-JAP FIGHT

Former Premier of British Columbia Will Lead Exclusion League Forces in Next Elections.

Vancouver, B. C., Nov. 7—Joe Martin, former premier of British Columbia, is regarded as practically certain to lead the exclusion league forces in the next dominion election and will in all likelihood be assisted by W. W. B. McInnis, former governor of the Klondike. Besides making a special play for the labor and exclusionist vote the new party will seek aid from the disgruntled Liberals and Conservatives alike and endeavor to elect candidates between the two main parties.

A MATTER OF ECONOMY.

If the thousand and one things about the house that make money go fast—the little things that don't seem to count—were bunched together in one, it would not be so difficult to stop the leak. But they are usually such trivial things that it takes more than a sharp and ever-watchful eye to keep expenses down.

In flour, for instance. We buy a flour that our grocer recommends. He doesn't know for what particular purpose we want it—and it sells pretty well—so he sends it to our homes. The flour may be good, but perhaps it takes a long time to knead. Or it may take more flour to make a batch of bread than it ought to. Or we may want it for cakes and pastry and it won't give the light, appetizing cake, or short crust in the pie that we expect. Most of us have found trouble of this kind.

If we had time to compare one brand with another, some household leaks would be avoided, and some household tempers would disappear. There is a big difference in flour. Some flour turns out a perfect baking, seems to do equally well for bread and pastry.

Blended Flour—made from Ontario fall wheat and Manitoba spring wheat, blended in just the right proportions—makes baking a pleasure, and is winning unexampled favor in the kitchens of careful housekeepers. It makes better bread, lighter cakes, more wholesome pastry and biscuits.

Note it, good housekeepers, and use Blended Flour next time.

Skowhegan, Me., Nov. 7—John Williams, proprietor of the Somerset House, at Somerset Junction, was brought here today and locked up on a charge of manslaughter, on account of the killing of Harry Sheasgreen at the hotel last Tuesday. According to the police, Williams admitted the shooting, saying that Sheasgreen had been ejected from the hotel and afterward returned and tried to batter down the front door with an axe. Williams asserts that he shot the intruder in self-defence.

In a statement made to a justice of the peace a short time before his death, Sheasgreen is said to have exonerated Williams from blame. The prisoner will be given a hearing in court tomorrow.

J. N. Pugsley, of Parrsboro, was registered at the Royal yesterday.

EXPECT LARGE WHEAT CARGOES DURING SEASON

C. P. R. Has Already Forwarded 321,000 Bushels to Tihs Port.

Montreal, Nov. 7—A striking feature of the fall wheat movement on the C. P. R. is the increase in the all-rail shipments to the seaboard. As a general rule little wheat is shipped to the coast for transportation to the old country until the close of navigation.

Possibly, owing to the lateness of the harvest and the consequent rush of wheat, for any kind of transportation eastward, whether by lake or rail, the shipments by rail have this year started weeks earlier than usual and are already assuming considerable proportions. Already the Canadian Pacific has shipped no less than 321,000 bushels of wheat by the all-rail route from the west over the north shore section through to West St. John, whence it will be loaded on the Atlantic boats for shipment to Liverpool.

A large proportion of the grain that has so far been shipped east by the lake route has been absorbed in the Canadian milling market. The result has been that export wheat has had to find some other outlet before winter sets in, and the Canadian Pacific has furnished this, hustling the wheat to the seaboard as fast as possible.

It is expected that owing to the short wheat shipping season on the lakes this year an unusually large proportion of the western wheat crop will find its way to St. John by rail.
