TWO MEN FELL VICTIMS TO ITALIAN'S STILLETTO IN AN AFFRAY AT MINTO

One of Them, John McKay is Dying While the Other Victim Will Recover—John Endini in Jail at Oromocto and Will be Charged With Murder if McKay Dies—Tragic Result of Drunken Brawl.

John McKay lies with fifteen stiletto wounds in his body and expected to die before night.
Christopher Pettley with seven stiletto wounds seriously injured but will probably recover.
John Endini, in Oromocto jail, charged with using the knife on McKay and Pettley; will be charged with murder if either of his victims die.
Angelo Cordin, present held as a witness but believed to have been a party to the fray.
This brief tells the story of a drunken row at Minto on Sunday night which now seems to have terminated in an awful tragedy.
Last night and this morning vague reports of a double murder at Minto filtered into the city, but up to noon today it was extremely difficult to get a coherent story of what really happened.
A message from Minto to the Times said that the affray took place about eight o'clock on Sunday night when McKay and Pettley called at the house of a Russian, who was employed with them in the King mines at Minto, he proprietor of the house had John Endini and Angelo Cordin as boarders and they were present when McKay and Pettley called.
The men were drinking and McKay attempted to embrace the wife of the proprietor. Endini objected to this and struck McKay. Pettley intervened and the enraged Italian picked up a shot gun from the corner of the room and pointed it at him. Pettley however, managed to secure the gun but a fight ensued between McKay and Pettley on the one side and Endini on the other when he drew a stiletto and proceeded to carve his opponents. When the fight was finally stopped McKay was found to have been stabbed fifteen times and Pettley seven.

VICTOR GRAYSON, M.P. HAS A SHARP TONGUE

The Socialist who was Suspended From British House of Commons has a Lively Meeting.

(London Leader, Oct. 24.)
Victor Grayson, M.P., spoke amid a great deal of interruption last night as a Socialist demonstration in Nottingham. Admission was by payment, but the hall was crowded.
Ernest Guttridge (Socialist municipal candidate), who presided, had begun to speak, when a man in the middle of the hall, shouting, "You will do no good while Grayson calls the King—", the sentence was not finished, as he was quickly surrounded, but eventually he was allowed to remain.
Mr. Grayson said questions could be asked as the proper time, he said, "be courteous to courteous questions; I shall unconditionally treat any viper who comes out. You are nothing else but a viper!" (much interruption).
"My friend," proceeded Mr. Grayson, "is only an amateur if he tries to do as his representatives in the House of Commons did. He might do your hanging laws afterwards. He was not preaching disorder. If they made the crowd hungry enough it would need him to urge them to disorder. It was the apathy of the government in France towards hungry people that led to the French Revolution, and it was the apathy of the English government to the starving poor that would make the English Revolution."
The shedding of blood is a hideous, horrible, loathsome thing to me, continued the speaker. "I am not a bloodthirsty man. If I see blood I shudder." (A Voice, "You would run away home.") After the laughter that ensued, Mr. Grayson did not return to the point.
"They can throw an individual member out," he went on, "I knew before I went in that I had to be thrown out. You have only

There are differing reports as to the affair. One is that he was a participant in the fight while another has it that he left the room just before the trouble started and returned when attracted by the noise of the encounter.
Dr. Hay, who happened to be in the village was called in and with the assistance of Dr. Caldwell dressed the wounds of the two injured men. McKay's condition is reported to be very critical but it is thought Pettley has a chance for recovery.
After he had done the stabbing Endini made his escape, but he was captured later by Detective Boleya and Constable William Upton and placed under arrest.
He was arraigned before Magistrate Halifax yesterday and was remanded for eight days to await the outcome of his victim's injury. He and Cordin were taken to Oromocto jail.
Pettley belongs to Richibucto and is about thirty-five years of age. Endini, who is about forty years of age, has been at Minto only a short time. He is unable to speak the English language.
Frederick, Nov. 3.—(Special).—Advice from Minto today as to the effect that John Endini, who stabbed John McKay and Christopher Pettley, has been committed for trial and removed to the county jail at Burton. McKay and Pettley are reported to be in a critical condition, with little chance for recovery. To prevent a general strike of the miners in the King and Northville colonies it was found necessary to disperse with the services of five Italians employed there. It seems that McKay and Pettley were under the influence of liquor at the time of the stabbing, and aroused Endini's jealousy by making too free with his board-mistress.

to go to the House of Commons to get a hearing and a suspension to-morrow, and say to me, 'You may come back' I will go back to do what I did last Friday (Cheers). There must be no quarter."
Mr. Grayson was talking of people going to the House of Commons to get a hearing for the country is your duty. After the interruption, Mr. Grayson said: "It is all right, comrades, he is an underdog (Laughter)."
As to the unemployed, the speaker admitted that there were many scoundrels among them; he had met scoundrels in parliament (cheers). He had met men who would not work if they got it. He had also seen the House of Lords—it was only a matter of class (Laughter).

A FIGHTING MEMBER

(Toronto World.)
The defeat of Alex. Johnstone in South Cape Breton, N. S., removes one of the most offensive (to the opposition) of the whole government delegation. There was nothing Aleck liked better than a scamp and he was always there when a row was to be kicked up. Foster baiting was his chief occupation, and when the opposition's leading critic was hurling javalins of scorn and ridicule at the government front benches, Johnstone was the only one behind who dared interrupt. He worried Foster more than all the ministers, because his shafts could not be returned. Johnstone won fame by defeating Sir Charles Tupper in 1900.

TO GO TO THE HOUSE OF COMMONS

Mr. Grayson said questions could be asked as the proper time, he said, "be courteous to courteous questions; I shall unconditionally treat any viper who comes out. You are nothing else but a viper!" (much interruption).
"My friend," proceeded Mr. Grayson, "is only an amateur if he tries to do as his representatives in the House of Commons did. He might do your hanging laws afterwards. He was not preaching disorder. If they made the crowd hungry enough it would need him to urge them to disorder. It was the apathy of the government in France towards hungry people that led to the French Revolution, and it was the apathy of the English government to the starving poor that would make the English Revolution."
The shedding of blood is a hideous, horrible, loathsome thing to me, continued the speaker. "I am not a bloodthirsty man. If I see blood I shudder." (A Voice, "You would run away home.") After the laughter that ensued, Mr. Grayson did not return to the point.
"They can throw an individual member out," he went on, "I knew before I went in that I had to be thrown out. You have only

BATTLE OF THE BALLOTS IS GOING ON IN EARNEST IN UNITED STATES TODAY

Tonight Will Decide Whether Taft or Bryan Will Rule American People For Next Four Years—Polls Opened at 6 O'Clock This Morning and the Vote is Being Rapidly Brought Out.

New York, Nov. 3.—With the first grey shadows of approaching dawn the American voters set out today to choose a new president of the U. S. to serve for four years, from Monday of March 4th next.
Business in New York and elsewhere throughout the country is practically at a standstill while the millions of ballots are filling and the destinies of men, state and nation, are being decided. Early weather reports were favorable, and political managers renewed their predictions of yesterday that a heavy vote will be cast in every state, where there will be a semblance of a contest between the two main parties. The polls opened in N. Y. city, and throughout the state at 6 o'clock this morning.
The same rule applies in most of the states. The closing hour here, is generally set for 5 p.m. The polling places offered about the only scenes of life in the city during the early hours of the day. The banks, Stock Exchange and business houses of all descriptions were closed. Lower Broadway and the financial district appeared the most deserted of all the familiar places about the city.
Shopkeepers along Broadway, however, busied themselves during the morning with preparations of defense against the election night throngs and revelry, which reach a degree of magnitude and liberty approached by probably no other city. Barriers were constructed today in front of plate glass windows, all show cases protruding on the sidewalks were removed and as far as possible "decks were cleared," as the police expressed it, for the surging crowds that will pack the famous thoroughfare tonight from Old Trinity at the head of Wall street, to Times Square at 42nd street and beyond.
There was a rush of voters at practically every polling precinct this morning as soon as the ballot boxes were opened. The Tammany organization especially was anxious to get its vote in early, because of the fear of complications later in the day through the operation of the new registration. But Tammany is always an early voting organization. The new law, which is applicable only to New York City, and which has been denounced by the Democrats during the present state campaign as a device of the Republican legislature to reduce the Democratic plurality "below the Bronx" requires that voters shall write their own names in registering and shall repeat the signature for comparison on election day. The chateaus of questions for illiterate voters is quite extensive. These conditions are likely to result in slower voting than ever before. In the districts where there was usually heavy registration, the police feared that there would not be a voter for everybody to vote and in several instances the board of elections split up the precincts to avoid congestion and consequent trouble.
The up-state returns will undoubtedly be in before the count in many of the local precincts is fairly under way. Erie county, in which Buffalo is located and which is declared usually to be an index to the national result will be one of the first counties to announce results. Voting machines are used in most of the up-state cities and counties including Buffalo, and the returns are quickly added up from the different districts.
A comparison of the returns from Erie county with the figures of two and four years ago, will give a pretty close idea of what the drift in state and nation is to be.
Whatever of apathy may have been apparent during the campaign, itself, it has now entirely disappeared. The telegraph companies announced today that the demand for special election night wires had exceeded any in the past. Practically every theatre, hotel and restaurant in New York will receive returns over these wires and many brokerage houses both up and down town have announced that they will be open for the receipt of election news during the night and be ready to execute orders on the London exchange, which opens five hours in advance of the New York market.
Their long gridding campaign tours at an end, election day found both Mr. Taft

COUNTY COURT OPENED TODAY

Grand Jury Finds True Bill in Only Criminal Case on the Docket.

The November sitting of the County Court was opened this morning with Judge Forbes presiding. A delay was caused by the non-arrival of several juries. After electing J. TO CONSIDER PROHIBITION

Premier Hazen Tells Sons of Temperance Prohibition Will be Considered at Next Session of the Legislature.

The second session of the annual meeting of the Sons of Temperance was held this morning. Rev. W. C. Kirby, deputy M. W. P., installed the officers who were elected last evening and addresses were made by P. G. W. P. Rev. C. Flemington and the new G. W. P. E. S. Henniger.

Communications from Lt.-Gov. Tweedie and Premier Hazen, to the effect that the order of prohibition would receive at least the board of health show that the committee on the state of the order reported a falling-off in the membership, due to the fact that no lecturer or organizer had been employed. They recommended that the coming propagation committee engage a lecturer. They noted with pleasure the formation of several new divisions.
They paid a tribute to the work of the Electoral Reform League and the Temperance Federation and contended that though there had been no result yet for a provincial prohibitory law, the petitions in its favor should be circulated as widely as possible.
They advocated the formation of district divisions wherever possible. Adjournment was made about 12.30 until 2 p.m.

NEWS FROM FREDERICTON

Dr. Weaver Resigns From the Board of Health—Death of Mrs. George—Vital Statistics

Fredericton, N. B., Nov. 3 (Special).—At a meeting of the local board of health last evening Dr. W. J. Weaver, who has been chairman for the past six years, announced that he had tendered his resignation to the government. A resolution expressing appreciation of his services was adopted. It is likely that Dr. G. J. McNally will be his successor.

News was received here this morning of the death at Toronto of Mary D. George, widow of the late Daniel F. George, who at one time carried on a large business here in lumber and bark. She removed from here ten years ago, residing for a time in Halifax and died in Toronto. One son, J. Augustus, barrister, of Boston, and one daughter, Mrs. John Bauld, of Toronto, survive. The remains will be brought here to-morrow for burial.
Statistics prepared by Secretary Beckwith of the board of health show that the death rate in Fredericton for the year ending October 31st is the lowest in recent years. There were 122 deaths against 132 in the previous year. There were only 23 cases of typhoid, none of which were fatal, against 93 last previous year, and the total number of cases of contagious diseases was 48, against 143 in 1907. The marked improvement in the public health is due to the installation of the sewerage system and water filtration plant.

W. Howie Murdoch of Burr's Corner, lately appointed school book vendor by the local government is now serving a term in the county jail here for violating the Scott Act. He refused to pay a fine of fifty dollars imposed on him by Col. Marsh and fortnight ago when a constable from the city went up to arrest him he threatened to kill him with a pitch fork and the constable had to beat a retreat. Later on Murdoch came to the city voluntarily and surrendered himself to the authorities.

At the members of the local government are here and held a meeting this morning at which routine business was transacted. A delegation composed of J. Fred Benson, George Hildebrand, and Robert Murray arrived at noon and will wait on the executive this afternoon to press Chatham's claims for a provincial exhibition grant. Several other delegations will be heard during the session. The attorneys admitted last year will be sworn in by the board before the Supreme Court on Thursday morning.

St. John's, N. F., Nov. 2.—The returns at hand tonight from today's general election for the colonial legislature were limited to results from two districts only, both of these showing slight losses for the government in the popular vote. The district of Brigus returned Warren, a supporter of Sir Edward Morris, the opposition leader, by an increased majority of 121 from the last election. Carbonear district returned Maddock, a supporter of the premier, Sir Robert Bond, but by a reduced majority, from last election. The majority from the Carbonear district this year was 23 against 74 at the last election.
It is not likely that the complete returns, showing the results in the 36 districts, will be received before Thursday.

VICTORIAS ARE AFTER HONORS

Moncton Hockey Team Anxious to Get Into Nova Scotia League.

Moncton, Nov. 3 (Special).—It is stated in well informed hockey circles that the Moncton Victorias, champions of New Brunswick and the Maritime provinces, will make application this season for admission into the Nova Scotia Hockey League.
The latter organization is at an end the trophy having been permanently won by the Amherst Ramblers and the Victorias will attempt to gain admission in the new league which will be formed.
As far as locally known prospects for hockey in New Brunswick this season are very poor owing to the disqualification of last years Fredericton team. There being no other aggregation left which can make things interesting for the Victorias.

LARGE BUILDINGS FELL INTO RIVER

Pine bluff, Ark., Nov. 3.—Two large brick cotton warehouses tumbled into the Arkansas River yesterday, following the continuous caving in of the banks of the Arkansas River. The Hotel Jefferson and the Jefferson county Court House are in danger of falling into the river within the next forty-eight hours. The river continues to eat its way into the heart of the business districts and thousands of dollars worth of property are in danger. Several small cottages have been carried down stream and a large plantation on the north side of river is gradually disappearing.

BOYS OF THE YACHT CLUB HAD SUCCESSFUL SEASON

Interesting Reports Will be Presented at Quarterly Meeting of the R. K. Y. C. Tonight—Resume of Racing Season.

The quarterly meeting of the R. K. Y. C. will be held this evening. The past summer was one of the most enjoyable and successful in the club's history. The majority of the yachts have now been hauled out of the water and made snug for the winter, though the low water has interfered somewhat with this work.
During the summer the yachtsmen were favored with remarkably fine weather, greater enthusiasm was displayed, many new craft joined the fleet, and the races were conducted without a protest being registered. The races and the winners during the season were as follows:—
June 20.—Class H, salmon boats, for Merrill cup and pennants—1st, Mona, time, 1:55.32; 2nd, Wabeno, time, 1:55.45; 3rd, Chinook, time, 1:57.40.
June 27.—Class B, for Lovett cup and prizes—1st, Vagabond, time, 4:10.10; 2nd, Fei Tuen, time, 4:13.20; 3rd, Savitar, time, 4:14.07.
July 1.—Squadron cruiser classes, for articles of equipment—1st, Possum, 2nd, Viking, 3rd, Vagabond; 4th, Lovina.
July 11.—Annual cruise. Race held on Grand Lake, won by Lovina.
The motor boat race scheduled for July 23 did not take place.
Aug. 8.—Classes A, B, and C, for Beveridge cup and cash prizes—1st, Vagabond, time, 4:36.20; 2nd, Possum, time, 4:24.30; 3rd, Hermes II, time, 4:27.30.
Aug. 15.—Class A, for Ruel shield and cash prizes—1st, Possum, time 4:50.23; 2nd, Hermes II, time, 4:53.04; 3rd, Vagabond, time, 4:54.58.
The squadron cruise to Bald Mountain on Sept. 5 was rather disappointing, owing to the weather and conditions which kept the boys from climbing the mountain.
Sept. 14 was the harbor race for yachts and salmon boats. There were 8 yachts and nine salmon boats started. The yachts finished as follows:—Mira, 1st; Possum, 2nd; Canada, 3rd; Fei Tuen, 4th. The result of the salmon boat race was: Mona, 1st; Carrie Notion, 2nd; Bonnie Jean, 3rd; Wabeno, 4th.
This race was not on the regular schedule, but was arranged by members of the club, the money being raised from entry fee, and a grant from the Exhibition Association.
After paying all expenses a small balance remains, and it is suggested that a harbor race be made an annual affair to be held on Labor Day each year, and be open to cabin cruiser yachts of all recognized yacht clubs, to be sailed under Seawanhaka cup rules. Members of the club feel that they should not be content to be known as an inland water club, but should go in for racing in the harbor or on the bay.
A suggestion that is likely to receive consideration this evening is the extension of the marine railway at Millidgeville and the acquiring of more ground for putting away the yachts during the winter.
