### SCHOONER ON FIRE

New York, N. Y., Nov. 1.—A wireless despatch from the steamer Caracas, of the Red D. Line, bound from Caracas for New York, received here today, says that the Caracas early today, when 272 miles south of Sandy Hook, passed the schooner Lulie L. Pollard on fire and still blazing fiercely. The United States gunboat Paduach was standing by the Pollard at the time.

The Pollard was of 471 tons burden, and had been engaged in the coastwise trade.

### TO ABOLISH COPY BOOKS

Winnipeg, Oct. 31.—The Board of Education for Manitoba has decided to abolish the use of copy-books in teaching writing to adopt the commercial college system. This is regarded as an important innovation and its results will be watched with interest.

### AN INTERESTING FIND.

The skeleton of a prehistoric animal, forty feet long and twenty-two feet in height, has been found in the Bad Lands, south of Glasgow, connected with the American Museum York, conected with the American Museum of Natural History. The relic has been shipped to New York. It took sixteen teams to haul the fossil to the railroad. Mr. Brown classifies the fossil as a Tyraunosourus rex, or "king of the lizards."

The first steamer of the South African line, the Andoni, will leave St. John on Dec. 20. The sailings will be monthly thereafter. This will be the first trip of the Andoni from this port.

Alexander Long has been appointed driver in No. 3 fire company to succeed Frank Furlong, who has resigned. Harry Donahue has succeeded William Allen as driver in No. 2 company.
