ST. JOHN, N. B. TUESDAY, DECEMBER 29, 1908.

EIGHT PAGES—ONE CENT

NUMBER OF VICTIMS OF EARTHQUAKE IN SOUTHERN ITALY MAY REACH 75,000

TODAY ADDS NEW HORRORS TO THE TERRIBLE TALE OF DEATH AND DESTRUCTION IN ITALY

Messina, Reggio and Other Cities Laid Waste—Every Report Tells of New Disasters—Mount Aetna Thundering Ominously and May Burst Forth With Devastating Eruption—Murder and Pillage in the Ruined Cities—Martial Law Proclaimed in the Whole Earthquake Zone—The Most Awful Disaster of Modern Times.

.....
 * Catania, Sicily, Dec. 29—Mount Aetna, the volcano a short distance from here, is this morning showing considerable activity and the detonations which can be plainly heard in this city, together with the volume of smoke rolling out of the crater have added to the panic of the people.
 * According to the director of the local observatory, this activity is directly connected with the earthquakes of yesterday, which wrought such havoc in Calabria and Sicily.
 *

.....
 * The people panic-stricken and under a spell of terror. Troops began to pour into Messina last night and this morning a number of steamers arrived from the Peninsula with soldiers on board. Patrols were at once organized and efforts made to bring some order into the situation. Bands of citizens were formed and helped heroically in the work of rescue. Many courageous acts were performed by soldiers and citizens alike, and in some cases the rescuers themselves lost their lives in trying to help others. Towards morning several of the worst fires had been extinguished, the looting was under partial control and comparative order had been partially restored. Everything possible is being done to succor the wounded, but the relief measures are still utterly inadequate owing to the immensity of the disaster. The finest places churches and theatres of Messina are now heaps of ruins.
 *

.....
 * threaten to fall at any moment. The tidal wave sank numberless small boats in the harbor of Catania.
 * At Riposto the tidal wave was 35 feet high. It swept in with appalling power, and lasted forty-two seconds.
 *

.....
 * Rome, Dec. 29—The disaster in the province of Calabria and the island of Sicily has today assumed staggering proportions. Each successive report received from the stricken region makes it more apparent that the first stories of the widespread destruction were little if any exaggerated.
 * Messina alone reports 12,000 victims, but it is feared that this is only a partial list of the dead and wounded. Reports are coming in from other towns giving estimates of dead therein from 500 to several thousands. Reggio still remains in its tragic isolation. It is impossible to get word from the stricken city, and the silence gives rise to the most fearful apprehensions.
 *

.....
 * The devastation over the entire district was more or less complete. No part of the province of Reggio or Calabria escaped. The disturbance was most severe along the shores of the Straits of Messina, where the cities of Messina and Reggio are situated. In more than one town the shocks caused gas meters to explode, and disastrous fires resulted. The flames helped greatly to swell the death list.
 * The configuration of the Straits of Messina has been materially altered. The tidal wave that completed the destructive work of the earthquake was 32 feet high. Wireless telegraphy has been of the greatest assistance in getting in reports from the devastated regions and in helping the authorities to realize the extent of the disaster and to send help to the places where it was most urgently needed.
 *

.....
 * Messina has a population of close on to 100,000 people.
 * Other dispatches received here place the dead at Messina at even more appalling figures. The Tribune publishes a special telegram saying the casualties will reach a total of 75,000 people. This report has not been substantiated.
 * London, Dec. 29—A special despatch received here from Gatazaro, says that only a few thousand out of the entire population of Reggio have escaped death or injury.
 * Lieut. General Fiero Di Cassato has ordered that all looters and robbers be shot on sight. Martial law will be instituted in the earthquake zone.
 * The population of Reggio is placed at about 50,000 persons by the best authorities. The city is eight miles south of Messina.
 *

.....
 * Vandalism at Messina
 * News has come from Messina, eight miles north of Reggio, but no reliable estimate of the dead there has been made. Vandalism of the worst kind has broken out and the government has adopted the most energetic and most severe measures for its repression. Robbers and looters are shot on sight.
 * The prison at Messina collapsed. Some of the prisoners were killed but the survivors made their escape and joined the hooligans who were sacking the city. Such confusion reigned that the robbers met with no resistance. The local chief of police lies dead in the rooms of his office.
 * The barracks at Messina were demolished. The commander of the troops was killed outright, and there are many victims among the enlisted men. The government last night sent General Feira Di Cossetto, an army corps commander, to take full charge of the troops in the devastated territory. One of his first measures will be to declare martial law.
 *

.....
 * Battleships to the Rescue
 * A flying squadron of the Italian Navy, composed of the three best battleships, had left for a cruise on the Atlantic before the first news of the disaster came to hand. Through the medium of wireless telegraphy, it was possible to reach these vessels and order them to proceed at full speed for Messina.
 * A British squadron that was at Syracuse has left for Messina. It is taking a number of doctors and supplies of medicines, etc., for the succor of the wounded.
 * There are also several Russian ships at Syracuse. It is reported from Catania that the Bishop of Messina is buried under the ruins of his residence. Signor Deputis, a member of the Chamber of Deputies, from Messina together with the members of his family, is also reported dead. The Fulci family was one of the most prominent in Catania. The Dome of the Cathedral at Catania collapsed and other churches as well as the City Hall
 *

.....
 * America Takes Relief Measures
 * Washington, Dec. 29—The Italian embassy was without official advices of the earthquake up to a late hour this morning. Ambassador Mayor Des Planches is in Canada, and is not expected back in Washington until tomorrow night. Any advices received in the meantime by the embassy from the Rome government probably will be forwarded to him and it is probable that he will get into touch with his government immediately, either directly or through the other members of the embassy staff.
 * The American National Red Cross today sent out telegraphic requests to all of its branches for relief funds to be supplied to the sufferers from the earthquake in Southern Italy. The Italian Red Cross Society being so fully organized it will not be necessary for the American society to do more than to send money contributions which will be done as promptly as possible.
 *

.....
 * One Night of Horror
 * The robbers pillaged the ruins of scattered buildings and even stole clothing and valuables from the corpses of the victims. They were not deterred by the flames that broke out in several sections of the city, but took advantage of the light for their vandalism. The night in Messina was one of horror indescribable. Fire, robbery, death and dying on every side, the city in the utmost confusion, and

.....
 * King Victor on the Scene
 * Naples, Dec. 29—King Victor Emmanuel will proceed at once to Calabria and Sicily and do all in his power to further the work of rescue. He has ordered a special train to be prepared and this will take him as near as possible to the scene of the disaster. From this point his majesty will make use of any transportation facilities available to get into Reggio and Messina.
 * It is reported here that the Prefect of Reggio was killed in the earthquake and that an Inspector general from the home office in Rome has been sent to replace him. The Prefect of Reggio is the head of the province, and the post corresponds to a governor of a state in America.
 *

.....
 * Funerals
 * Mrs. Elizabeth Stewart was buried at 2 p. m. from 139 Adelaide Road, Rev. L. A. McLean officiating at the services and interment was made in Fernhill.
 * The funeral of Miss Evelyn Kennedy took place at 2.30 p. m. from her father's residence, 88 Paradise Row, to Holy Trinity church, Rev. Father Walsh administered the burial rites and interment was made in the new Catholic cemetery.
 * The funeral of the late John M. Congle took place at half-past two today from the residence of his daughter, Germain street, west end, where Rev. G. F. Sevil conducted the services. Interment took place in the new Catholic cemetery.
 *

TWO WOMEN ARE PLACED ON TRIAL FOR A MURDER

Sequel to the Mysterious Slaying of Capt. J. Clayton Erb at His Home Near Media, Pennsylvania.

.....
 * Media, Pa.—Mrs. M. Florence Erb and her sister, Mrs. Katherine Beisel, were placed on trial in the Delaware County Court here today, charged with the murder of Mrs. Erb's husband, Capt. J. Clayton Erb, at his country home, "Red Gables," near Village Green, on the night of October 6. Captain Erb, who was secretary to Ismael W. Durham, the republican leader of Philadelphia, and also a well-known National Guardsman, was shot during a quarrel in which Mrs. Erb and Mrs. Beisel participated. Mrs. Beisel is charged with having fired the shot that killed the captain, but both she and Mrs. Erb have been jointly and separately indicted on a charge of murder.
 * Mrs. Erb, it is alleged, quarrelled with her husband and summoned to her home from a nearby hotelery. Mrs. Beisel, though Captain Erb had served notice on his sister-in-law not to come to the house. When Mrs. Beisel entered "Red Gables" there was a wrangle, and shortly thereafter, servants heard the crashing of glass and five revolver shots. Mrs.

.....
 * Erb, who sent for assistance after the shooting, said her sister had shot Captain Erb, who was found lying dead in the hall near his bedroom with three bullets in his body. Mrs. Beisel admitted firing the shots, but declared she did so in self-defense.
 * Since the shooting, Mrs. Beisel has been in jail, but Mrs. Erb has been out on bail, having secured her release on habeas corpus. Mrs. Erb was well known to patrons of horse shows, where she rode and was recognized as a clever horsewoman. Mrs. Beisel's husband is a train man on the Philadelphia and Reading Railroad. The Erbs frequently quarrelled, and Mrs. Beisel always sided with her sister.
 * The case will be tried before Judge Isaac Johnson, and District Attorney Dutton MasDahl, assisted by Asst. Dist. Atty. Northam Robinson will press for conviction of both women as indicted. Frank B. Rhodes, W. Roger Friedfield and W. C. Alexander will represent the accused, whose plea will be, it is said, self-defense.
 *

THE EARTHQUAKE WAS RECORDED AT OTTAWA

.....
 * Ottawa, Dec. 29 (Special)—At the Dominion Observatory the earthquake at Calabria, Italy, was distinctly recorded. The preliminary tremors were noted shortly before midnight, December 27th. It is apparently the most despoiled quake which has occurred in Italy for years.
 * The seismograph was agitated for several hours.
 *

TWO MORE TOWNS ARE WIPED OUT

.....
 * Montelone, Calabria, Dec. 29—The towns of Palmi and Bagnara have been practically destroyed. The dead at Palmi number 1,000, and it is impossible to estimate the injured. Large numbers were killed also at Bagnara, and the list of wounded there also will be heavy. Details are lacking.
 * Tidal wave inundated a village at San Giovanni, 2,500 feet back from the shore line.
 * Palmi has 10,000 inhabitants and Bagnara 7,500.
 * The Orange Peel dredge was towed to No. 6 berth on the west side this morning where it will be utilized in dredging the strip of mud recently located.
 *

TROUBLE IN VENEZUELA

.....
 * Fierce Fighting Between Adherents of Castro and Gomez.
 *

Twenty Men Were Killed and Fifty Wounded—Gomez Men Were Worst in the Engagement.

.....
 * Port of Spain, Trinidad, Dec. 29—There has been fighting at Macouro, on the Venezuelan coast, between adherents of former President Castro and the crew of a gunboat working in the interest of the new president, Juan Vicente Gomez. About twenty men were killed, and some fifty were wounded. The Gomez party was obliged to withdraw temporarily, but later it determined to resume the engagement.
 * This news was brought in here by the Miranda, the gunboat in question.
 *

PRENTICE BOYS ELECT OFFICERS

.....
 * King Edward Lodge, No. 39, P. A. P. B., held their annual election of officers last night, about one hundred members were present, and the balloting was very lively, resulting as follows:
 * W. Master—H. Sallen; past master—Wm. Davis; D. master—D. Wells; recording secretary—L. Edwin Rolston; financial secretary—Wm. Smith; treasurer—Alfred Belyea; chaplain—John C. Appleton; director ceremonies—R. Melvin; O. Tyler—W. Maxwell; I. Tyler—E. Patchell; first lecturer—E. Clark; second lecturer—J. Maxwell; committeemen—J. Carlson, C. Price, J. Snider, E. Purvis, E. Alston; trustees of the new Catholic church—A. McLean, chairman; William Smith, treasurer; Isaac McLeod, secretary.
 *

FUNERALS

.....
 * Mrs. Elizabeth Stewart was buried at 2 p. m. from 139 Adelaide Road, Rev. L. A. McLean officiating at the services and interment was made in Fernhill.
 * The funeral of Miss Evelyn Kennedy took place at 2.30 p. m. from her father's residence, 88 Paradise Row, to Holy Trinity church, Rev. Father Walsh administered the burial rites and interment was made in the new Catholic cemetery.
 * The funeral of the late John M. Congle took place at half-past two today from the residence of his daughter, Germain street, west end, where Rev. G. F. Sevil conducted the services. Interment took place in the new Catholic cemetery.
 *

NEIL HOYT

.....
 * Word was received this morning of the death at Hopewell, Ohio, of Neil Hoyt, formerly a resident of this city where he was a well known stevedore. Mr. Hoyt left St. John about a year ago and has been ailing for some time with heart trouble. He retired from active work several years ago. He was about 75 years of age and is survived by his wife, one son and three daughters. The son is A. C. Hoyt, stevedore, of this city, and the daughters are: Mrs. (Capt.) Thomas R. Pye, of Hopewell Cape; Mrs. Robert Kinsman, of Milton, Mass.; and Mrs. W. W. Pines, of Waterville, N. S. Mr. Hoyt was a member of the Leinster street Baptist church and was respected by all who knew him. The body will probably be brought here for burial.
 *

GIRVIN-VANBUSKIRK

.....
 * Moncton, N. B., Dec. 29 (Special)—A quiet wedding took place at the Windsor Hotel here yesterday afternoon when Miss Maud Vanbuskirk, daughter of Mr. and Mrs. Joseph Vanbuskirk, of Harcourt was married to Dr. Robert G. Girvin also a member of the Leinster street Baptist church, performed the ceremony.
 * The temperance workers who have been securing names to petitions favoring local option in Lorne, Lansdowne, Victoria and Dukes wards, will present their petitions to Mayor Bullock today at the Windsor Hotel. A large delegation is expected to attend.
 * The following is the valuation of the outward cargo of the steamship Manchester Mariner, now on her way to Manchester from this port—Canadian goods, \$119,548; foreign goods, \$106,894. Total \$226,442. She has among her cargo 53943 bushels wheat and 274 head of cattle.
 * The case against Stanley McIntyre, charged with smashing John Brennan's saloon in Fairville, was heard before Justice of the Peace Mason this morning, and adjourned until this afternoon. Herbert McIntyre is still at liberty.
 *

CENTRAL RAILWAY ENQUIRY IS PRACTICALLY FINISHED

THE QUESTION OF SHORT WEIGHT BREAD

.....
 * Correspondent Complains to Mayor Bullock that Alleged Two-Pound Loaves Do Not Weigh Out—What the Bakers Say.
 *

.....
 * The matter of short weight in bread has come up now in a new form, inasmuch that Mayor Bullock has received a communication from a north end resident complaining that there is apparently no standard weight here and contending that there should be as in other places. The mayor's correspondent also asks if there is not some way the matter can be dealt with.
 * There is not any regulation here governing the weight of a loaf of bread, though most other cities in the maritime provinces have a standard.
 * Mayor Bullock will report the matter to one of the boards, to the end that legislation may be enacted fixing the standard of weight for the city.
 * Investigation by the Times today showed that after weighing the products of the various city bakers, the weight ran from one pound and a half to a pound and three-quarters. This, of course, applies to what is known as "home made" bread, or the special brand now selling, though the regular baker's square loaf comes fully up to two pounds. The general reason given by the bakers for the short weight is that in the special brand extra ingredients are used, but one grocer answers this by saying that if this be so, the price could be advanced accordingly.
 * Some prominent bakers, spoken to, say that the short weight is on account of the changes in the market prices of the ingredients, such as loaf sugar, etc. At the present price in flour there is little profit in the business at the prevailing price of bread. The baker, however, would favor a regulation weight and making a proportionate advance in price. In his firm's case they sold as much bread at the shorter as at the full weight. He would favor two pounds for special and two and a quarter pounds for bakers' loaf. Having two prices was, however, not favored. One baker said that it would mean the dealers would have a lot of stale bread on hand, which would be hard on the bakers, as they have to exchange.
 *

.....
 * It is Expected the Report of the Commissioners will Be Ready to Present to the Next Session of the Legislature—E. G. Evans and A. P. Barnhill Were This Morning's Witnesses.
 *

.....
 * The Central Railway enquiry was resumed this morning in the Admiralty Court room, there being present Mr. Justice Landry and Fulton McDougall, Mr. Teed was absent.
 * A. P. Barnhill, counsel for the old commissioners, submitted a file of requisitions, which he said had been found in the head office, and vouchers for which were on file in the Norton office. He thought they might be of assistance to the commissioners. The papers were put in evidence.
 * E. G. Evans was recalled. Mr. Powell questioned him regarding a statement put in evidence by Hon. Dr. Pugsley relating to bonds held as security by Evans and Elkin, of \$31,700 on December 1903. Witness said the account was correct. It was a statement of account and interest from that day forward.
 * A statement put in by Dr. Pugsley relating to certain monies he and Mr. Allyn had paid the witness, dated March 4, 1904, was also produced and witness said it showed payments to him of \$64,199.87 during a period of time from Oct. 11, 1901, to Feb. 28, 1903. The money was expended in construction and improvements. The construction was on the 15-mile section, not included in the Barnes contract. The improvements were expenditures on the old Central Railway from Chipman to Norton. These payments were not part of his option, but were made after he had disposed of the road, and was acting as manager.
 * On September 15, 1902, a payment of \$12,840 was received from G. W. Allen and from October, 1902 to January, 1903, \$9,000 from Dr. Pugsley. Up to January, 1903, \$21,840.96 had been expended in improvements on the Old Central Railway, and in January, 1902, the government had issued an issue of bonds.
 * The whole amount was incurred previous to August, 1902, and he had financed it for a time until the money was secured from the government. He had expended no money personally after August, 1902.
 * The witness explained at some length the manner in which he had kept the books of the railway, and how all accounts were properly kept.
 * Mr. Powell called attention to certain entries in the company's books, and incidentally remarked that it seemed queer that men keeping a set of books involving over a million dollars, did not know enough to put credits and debits in their proper places. The order of entry was reversed. The witness went on to explain to the commission about several entries in the books.
 * Witness repudiated the implication of Mr. Powell that there had been "kiting" between himself and the company. He was very emphatic in saying that such was not the case.
 * Mr. Powell said a statement had been put in evidence by Mr. Pugsley showing the witness had received \$60,000, and what purported to be a copy of receipts given by the witness for the amount. He asked the witness if he had accounted to the commission for all monies received. Mr. Evans replied that he had. He would not say he had not received the \$60,000. He thought it must be a part of the purchase money, as Mr. Pugsley must have some good reason for making such a statement. There might be an error in the dates.
 * Mr. Evans asked to be permitted to make a statement before leaving the stand. He said he had made a statement in his evidence of the estimated cost of the road at \$130,000. The actual cost was \$142,000, and in addition there were amounts of \$12,275 for extra work for sidings, buildings, filling in trestles, etc., cost of branches and sidings in addition to his estimate, \$29,040.36, building of pump house at Minto, \$1,966, and also items for rails, etc. He submitted a statement of these amounts provided on January 13, 1904. He wished to make everything as clear as possible for the commission. He had received \$11,500 for plans, profiles, etc.
 * Mr. Powell said he would submit to Mr. Evans later the statement showing the payment of \$60,000 from Dr. Pugsley.
 *

.....
 * Mr. Evans was then allowed to stand down.
 * Mr. Barnhill then took the stand and said he had been asked certain questions by Mr. Powell. These questions were connected with the company after he had severed his connection with it, and was acting as solicitor for Evans and Elkin. They had given him permission to explain the matters.
 * There were two suits, one on behalf of E. G. Elkin, who sued the N. B. Coal & Railway Co., under date of Sept. 21, 1904, for \$2,200 and interest, \$162.22, it was settled April 4, 1905; the suit came to trial, and judgment was delivered in favor of the plaintiff for \$2,822.19. The first amount was a part of the option and the second was money due Mr. Evans for services, supplies, etc. Another question was with reference to \$28,590 in bonds sold by his firm, and the money paid to the bond. These bonds were hypothecated to secure a balance due Evans and Elkin. His firm had held the bonds for a time against loans made to Evans and Elkin. Under an order of George McAvity \$8,000 in bonds on August 29, 1903, and received from him \$7,690. Of this amount, \$5,000 was used to take up an acceptance, and \$2,690 was handed to Dr. Pugsley.
 * The next question dealt with related to bonds delivered to the company on Sept. 5, 1903, on payment to a draft of \$3,000. Mr. Barnhill said his firm had attached to the draft for \$3,000 on the Union Bank bonds \$50 to \$12. That was the last he knew of these bonds.
 * On Nov. 16, 1904, his firm had returned to the company fifteen bonds, Nos. 545 to 559, amounting to \$7,500. These amounts had been paid to Evans and Elkin.
 * On March 9, 1904, he had asked the company for authority to sell some of the bonds to raise money for Evans and Elkin. He produced a copy of a letter giving the necessary authority. Six bonds had been sold to a client, and the proceeds, \$2,992.40, placed to the credit of Evans and Elkin. On April 5, 1904, a sum of fourteen bonds was made for \$7,073.64, of this amount \$5,822.92 was placed to the credit of Evans and Elkin, and the balance part of the Bank of Nova Scotia for three bonds held there as security for a note of Mr. Evans'. These bonds probably appeared, said Mr. Barnhill, in the list of bonds transferred from the Bank of N. S. to the Bank of N. B. He thought there was an error of three bonds in the bank's statement.
 * This accounted for all the bonds held by Evans and Elkin.
 * Mr. Powell remarked that it was like an oasis in the wilderness to find a witness who could explain matters as clearly as Mr. Barnhill. Mr. Powell had books and papers to substantiate his testimony.
 * He submitted a statement showing the transactions his firm had with Evans and Elkin.
 * Mr. Powell remarked that it was like an oasis in the wilderness to find a witness who could explain matters as clearly as Mr. Barnhill. Mr. Powell had books and papers to substantiate his testimony.
 * He submitted a statement showing the transactions his firm had with Evans and Elkin.
 * Mr. Barnhill, in response to Mr. McDougall, said he did not take any responsibility for the books or balance part of the company. He had thought the books of the company were being kept and had been assured they were kept, and he had taken pains to have financial statements prepared.
 * To Mr. Powell he said he feared, from the evidence that he produced, there were not been kept. He had not left the directorate of the company because of loose methods, but because he had felt he could not give it the attention it demanded, he being at that time director of about 15 companies.
 * Asked by Mr. McDougall as to payments to him for his services, he said he had received some \$1,400 in a period of two years. He also had a claim against the commissioners which was now pending. There was no record on the company's books of these payments.
 * (Continued on page 8.)

POLICE COURT

Michael Harley Fined \$25 for Violation of the Liquor License Act.

.....
 * Magistrate Ritchie delivered an important judgment in the Michael Harley liquor case this morning. His honor dismissed the difference between the English and Canadian liquor license acts. In the old country a liquor dealer can be prosecuted only if he sells liquor to an intoxicated person, but in Canada the inebriated one must not only be prohibited from purchasing intoxicants by the proprietor but if he possesses a bottle of liquor secured in other places and drinks there from on his premises he is liable for prosecution. His honor stated that he has noticed frequent violations of the section of the act governing this case otherwise the number of inebriates on the bench daily would not be so large. It is well for liquor dealers to know that they are responsible for allowing men under the influence of liquor on their premises. A fine of \$25 or one month in jail was imposed and the amount paid into the court treasury.
 * John Stone, a baker, admitted assaulting Geo. E. Smith, his employer, in the latter's bakery last night and was fined \$20 or two months in jail. Stone asked Patrolman Cavanaugh when placed under arrest the privilege of being permitted to do an overcoat and when the officer released his grip on Stone, the latter struck him on the jaw. The policeman promptly retaliated by picking up the man and flooring him. Resistance was not preferred against him.
 * William Short, the youth accused of assaulting and robbing Charles Wong, a drygoods man on Christmas eve, and stealing \$11. or thereabouts from the cash drawer, pleaded guilty and was remanded until tomorrow. T. P. Regan represents the Chinaman. Paul Bebbington was remanded for probation.
 * Isaac Williams has been reported by Detective Killen for purchasing a gold filled watch and not recording the transfer on his books.
 * Edna Goodspeed, accused of forgery and theft of jewelry, will be arraigned at the police court this afternoon after the conclusion of the Harding case. The girl was arrested by Detective Killen for stealing a bank book on the Bank of Commerce, and attempting to forge Miss Jennie Kincaid's name on a cheque for \$62.46, and subsequently she was charged with purloining the jewelry from Mrs. Margaret Travis with whom she boarded. She is a sister of Fred Goodspeed who figured in the Doherty murder case a few years ago.
 *

INSANITY MAY BE LINE OF DEFENCE FOR HAINS

Like the Noted Thaw Case the Trial of Thornton J. Hains May Dev'op Into a Battle Between Expert Alienists.

.....
 * Flushing, N. Y., Dec. 28—The trial for murder of Thornton J. Hains will not be unique in the absence of expert testimony and this case, like the more prominent homicide cases that have preceded it, will be filled with testimony of alienists and the interrogatives involving hypothetical premises. The defense opened the doors yesterday by developing from its more important witnesses, the actions of Captain Peter C. Hains jr., with the design to show his mental condition, counsel for Hains will place General and Mrs. Peter Hains on the stand to testify to their son's mental processes.
 * Seated near the state's lawyers was Peter Austin Flint, the alienist who was an important figure and witness in the Thaw case. Under his direction witnesses who were asked about Captain Hains' actions were interrogated by the state if the captain displayed signs of "madness" or "prone to resistance," and "obstinacy of control." The defence will call their medical experts to the stand later.
 * District Attorney Darrin, whose term expires on Dec. 31, said today that he did not desire to continue in the case after his term of office was over but if designated by the court, would continue as the state's counsel without compensation.
 * Servants in the home of Captain Hains jr., at Fort Hamilton will be called by defence counsel today to testify to certain happenings at the captain's home after his return from the Philippines.
 *
