

GEORGE W. UPHAM PICKED TO REDEEM CARLETON CO.

He Was Unanimously Chosen by Liberals.

Stirring Speeches by F. B. Carvell, M.P. and Others Mark a Highly Successful and Enthusiastic Convention—Liberals Sanguine of Victory.

Woodstock, N. B., Nov. 18.—George W. Upham, lumberman and millman, of Woodstock, and one of the most popular men in the whole county, was unanimously nominated this afternoon by the Liberals of Carleton assembled in Graham's Opera House. The gathering numbered close to 500 and was thoroughly representative. Never before have the Carleton Liberals been so enthusiastic or so hopeful. They have their opponents on the run and will put up a whirlwind fight during the rest of this morning.

President James A. Barter, of Ayovale, called the gathering to order at 2:30. F. Thorne, secretary of the association and the other members of the executive all being present, the first order of business was a matter of great personal regret that advanced age and had health forced him to resign his office. He called for nominations for a new president. The only name submitted was that of Walter Frank R. Shaw, who was accordingly elected. The retiring president was tendered a hearty vote of thanks for his long and zealous services, eulogistic addresses in support of the nomination being made by F. B. Carvell, M.P., Hon. W. P. Jones and others.

The actual work of the day was then proceeded with, the nominating committee consisting of the following: Woodstock (town)—Ald. Coles, Dugan, James W. Gallagher, Albert G. Fields, C. D. Johnston.

Woodstock (parish)—Solomon Perley, Charles G. Hand, Charles Peabody, and Charles Gough.

Northampton—Henry Phillips and F. L. Ryan.

Richmond—W. O. Johnson, Oliver R. Hemphill, Richard Roach and Joseph Merrithew.

Lakefield—Byron Robinson, Charles M. Shaw, Harley Hannah, Milton McBride.

Wilmot—Fred Tweedie and Merrill Tracy.

Wicklow—Councillor Carey Estey, John Holmes, Wellington Jamieson and Rennie Tracy.

Kent—John W. Bohan, Amos Demerchant, Charles E. Gallagher and William J. Gallagher.

Simonds—Holland Estley and Councillor Odour Shaw.

Peel—Andrew McCain and John Brook.

Brighton—Frank Hagman, C. Humphrey Taylor, C. E. Hayward and Woodford Craig.

Aberdeen—Councillor E. S. Gillmor, Joseph Nixon, Murdoch McKenzie and Frank Staten.

It took the committee but a few minutes to make a choice, only one ballot being necessary, George W. Upham receiving an overwhelming majority. The vote was immediately made unanimous, whereupon the committee through its chairman, Charles E. Gallagher, submitted Mr. Upham's name for ratification.

The vast audience to a man rose to its feet and cheered. It was a real triumph, one of the greatest receptions as a candidate ever got in this county. When the applause had partially subsided, Mr. Upham came forward to speak. He said he had gone down to the polls to fight a good fight, but owing to the fact that the Liberals were then disunited, a great many having listened to the pleasing promises of the enemy, defeat was not to be won. He said, "Now things are different. The Liberals are thoroughly united, triumphant, and confident. The Hazen government is discredited and even its strongest supporters are inclined to admit that it is one of the biggest disappointments the country has ever known. As for himself, he would conduct the fairest and hardest fight of which he was capable and with the assistance of the party felt assured that the country would be saved."

When the delegates had withdrawn to consider the nomination, Wendell B. Faris made an excellent fighting speech, which was loudly applauded.

Mr. Carvell, who had just delivered a scathing criticism of the local administration, showing that the Hazen government had violated every pledge which it had made in opposition. They had given every assurance, he said, that they would respect the old law and hand over the management to the municipalities. Instead of doing this they had retained the most vicious principle of provincial control of the boards and grants and the system of day's work had been employed to their own political advantage.

Mr. Carvell charged the government with spending hundreds of dollars in benefiting the private property of their supporters and gave glowing instances in the towns of Woodstock, The Harland, The Hazen, and others. He continued, has sold themselves out to the big lumbermen and given the right to cut lumber down to nine inches, which would ruin the great nation.

A WISE MOTHER'S STORY

Let All Mothers and Daughters Read Carefully and Profit By It.

"I am convinced," writes Mrs. A. B. Hopcraft from St. John, "that a majority of young girls who die of consumption do so because their mothers neglected their health at the critical time when careful nursing insures vigor and sound health. If a girl's health is neglected from her eleventh to sixteenth year her body will be weak and she becomes a ready victim of cold, pneumonia, and in many cases consumption itself. In her sixteenth year my youngest daughter showed signs of failing strength. Some dyspeptic troubles developed, her heart became weak, palpitation frightened her dreadfully. She was irregular in the important bodily functions and rapid loss in weight and a ruddy complexion pointed to a rapid decline."

She disliked making her troubles known to our doctor, a feeling I felt I should respect, and so by good fortune I was led to use Ferrero's with most gratifying results. My neighbor next door, Mrs. Woods, had found Ferrero's so good in nervousness that she persuaded me that it would restore Flossie's health, and from the time the second box was commenced her improvement was constant. She is now a big, strong girl, ruddy and plump, able to study hard and to take her share of household duties. I am an earnest advocate of Ferrero's. We all use it now as a tonic as it is certainly woman's best friend."

All dealers sell Ferrero's, 50 cents per box or six boxes for \$2.50; procure a supply today.

Investigation Shows There Was No Fixing of Aldermen

Matter Arising Out of the Hazelwood-Cowan Case Was Enquired Into by a Committee in City Hall Last Evening.

As a result of the investigation held last evening to enquire into a statement made in a report of the Hazelwood-Cowan case that a witness had said the aldermen had to be "fixed," the committee will report that there appeared to have been an error in the account of the evidence given in court. Dr. Hazelwood in his testimony under oath that any money was paid to any official or member of the civic government, there was no foundation for a charge against any alderman.

From the evidence given by Dr. John T. Hazelwood, Mr. Cowan and Judge J. R. Armstrong, it appeared that a conversation took place between the plaintiff and defendant with regard to certain payments having to be made for drawing up a release. Mr. Cowan, however testified that he received payment of the Hazelwood claim in full as ordered by the council.

Ald. Baxter presided, and Ald. McGoldrick and Frink were present with the common clerk. Ald. Vanwart, the other member of the committee was out of the city. Miss Bessie Wetmore, city hall stenographer, took a report of the evidence.

The chairman read the resolution of the common council ordering an enquiry under oath.

R. E. Walker, on the Telegraph, was the first witness and said that information reached him on the evening of the hearing of the case before Judge Forbes that a charge of "fixing" the aldermen had been made and he telegraphed the city editor to that effect. That ended his own connection with the matter. He understood another reporter subsequently obtained a summary of the evidence which was published the following morning.

Dr. Hazelwood was next called. He was the plaintiff, he said, in the action against Mr. Cowan. Judge John R. Armstrong acted as his counsel.

The chairman—During the hearing was any statement made by Mr. Cowan with regard to "fixing" the aldermen?

Dr. Hazelwood—"I said in my evidence that Mr. Cowan told me that the expenses would be heavy and that by the time Mr. Hazelwood had his out of it there would be about \$40 coming to him and that these people didn't do things for nothing."

The chairman—"Did you say that Mr. Cowan said that any or all the aldermen had to be 'fixed' or that any improper arrangement had to be made?"

Dr. Hazelwood—"No, and I don't think I used the word 'fixing.'"

Ald. McGoldrick—"There was nothing said about 'fixing' the aldermen?"

Dr. Hazelwood—"No."

Judge Armstrong was called. He said: "I was attorney for Dr. Hazelwood in his action against Mr. Cowan. The first witness I called were Dr. Frink, chairman of the water board, and Mr. Toole, in the chamberlain's office. I called Dr. Frink to show how much trouble Mr. Cowan had been put to in obtaining a settlement having the idea in mind that he was making too heavy a charge. Mr. Toole was asked how much Mr. Cowan received. In consequence of what Dr. Hazelwood had told me, I asked the witnesses if either

obtaining Dr. Hazelwood's signature and subsequently receiving the city's check, which he cashed. "Mr. Wardroper," he concluded, "did not charge me anything. I was paid \$200 as ordered by the common council."

Some discussion followed on the error in the report of the proceedings which attributed the "fixing" statement to Mr. Cowan instead of Dr. Hazelwood.

Mr. Cowan said Mr. Ellis, of the Globe, made a correction the following day.

The chairman said it made little difference whether an error of that kind was made, the point was if the aldermen had been guilty as alleged.

Ald. McGoldrick said in view of the wide publicity given to the report, he thought Mr. Cowan should have written to the press, but he had not done so.

Ald. Frink—"The whole point is you did not pay money to any alderman or city official or attempt to pay anyone?"

Mr. Cowan—"That is quite correct."

The chairman said under the circumstances there was no necessity to call Mr. Wardroper or anyone from the chamberlain's office. Mr. Cowan had denied that he had given a cent to anyone connected with the city administration and beyond bringing in a formal finding the investigation was at an end.

The committee then went into private session and drew up a report as stated.

Can You Tell the Cause of Your Trouble?

Are you sometimes discouraged, and can't tell the cause of your trouble, or what makes you sick?

Do you know that about nine-tenths of all sickness is caused by kidney trouble? Have you ever stopped to think that your kidneys may be the cause of your poor health?

Most people do not realize how much work the kidneys are required to do every day. Every drop of blood in the body must pass through and be filtered by the kidneys thousands of times a day.

How can they do their work well if they are sick?

If your kidneys need treatment, Dr. Kilmor's Swamp-Root, the wonderful kidney remedy, will prove to be just the medicine you need.

If you will write to Dr. Kilmor & Co., Binghamton, N. Y., every reader of this paper, who has not already tried Swamp-Root, will receive a sample bottle by mail, absolutely free. You can purchase the regular 75c. and \$1.25 size bottles at all drug stores in Canada.

RECOMMEND REPAIRS TO THE SCH. JOLLETTE

The portwainers yesterday completed their survey on the Nova Scotia schooner Jollette, now at the west end, and recommended that the vessel be discharged and placed on the blocks and that she be thoroughly caulked all over and fitted with new sails and other damage made good, and the vessel placed in a seaworthy condition.

Captain Vassal reports that the Jollette loaded with lumber at Alma (N. B.), for Eastport (Me.). Through stress of weather while on the passage the vessel took shelter at Apple River, where she grounded and strained herself badly, causing her to leak. From Apple River she brought the schooner to this port. She has cord cargo. The captain wants to proceed to Eastport.

At a meeting of the commissioners of the Great Marsh held yesterday, the plans of the proposed improvements to the marsh were considered. A further meeting will be held today. The three commissioners, Thomas Potts, J. M. Donavan and F. J. Rafferty, were present. Director Murdoch also attended to explain the proposed changes.

It is understood that the work of rebuilding the bridge will not be carried out this winter on account of the concrete construction necessary. The commissioners have authority to do whatever small work may be required to make temporary repairs, and will proceed with the work at once.

YESTERDAY'S STORM

Nearly an Inch of Snow Fell Yesterday—Street Cars Were Not Hindered.

Yesterday St. John felt the first touch of winter and most people came to the conclusion that it was a disagreeable touch. Not that it was cold, the temperature during the day ranging between 32 degrees and 22 degrees above. The snow, however, which commenced to fall early in the afternoon, thickened towards night and being driven by a high wind made outdoor exercise undesirable.

Up to nine o'clock last night three quarters of an inch of snow had fallen. The street cars were little impeded by the storm; the sweepers were out, but had no difficulty in keeping the tracks clear.

This was really the first snow storm this season. Last year the first of any consequence was on December 4 when four inches fell.

On Tuesday afternoon the Albert and Westmorland District Division S. of T. held their quarterly meeting at Middle St. John, opening at 3 o'clock. District Secretary J. H. Hicks presiding. The reports of the subordinate divisions in the district were read and several matters in connection with the divisions in the two counties were considered.

The matter of the Scot's Act election in Westmorland county was brought forward, and a strong committee, consisting of Rev. C. W. Hamilton, Rev. C. Flemington, Rev. E. Steeves, Edw. McCarthy, E. Hicks, F. E. Brooks and G. Fawcett, was appointed to form plans to help in the campaign.

In the evening Sackville Division No. 40 celebrated their 60th anniversary by a public meeting in their hall. The chair was taken by Rev. G. Fawcett, deputy of the division. A solo was sung by Mrs. Harper, a very interesting history of the division was read by G. Fawcett, of Sackville; an address of welcome was made by Rev. E. E. Steeves; addresses were delivered by Rev. W. J. Kirby, E. S. Henrigan, G. W. P.; Rev. C. W. Hamilton, D. P. Hicks; Rev. Father LeBlanc read an original and very interesting paper on Temperance.

During the evening a number of selections were given by an efficient choir. At the close of the meeting a resolution of thanks was tendered Father LeBlanc for his excellent paper with a request for it to be printed.

The meeting was brought to a close by the national anthem.

SONS OF TEMPERANCE

EVANGELISTIC MEETING WERE WELL ATTENDED

There was a large attendance at the evangelistic service in German Street Baptist church last evening, despite the inclement weather and a very heart-searching address was delivered by Rev. S. W. Cummings on the "Scenes around the Cross."

At the after meeting several rose for prayer. The meetings are growing in interest and are expected to result in much good. Arrangements have been made for a meeting for the older boys and girls on Tuesday afternoon next, instead of Friday as at first announced. The meetings will continue each evening this week and next week.

Notwithstanding the storm there was a good attendance at the Evangelistic service in Tabernacle Baptist church last evening. Rev. Mr. Williams took his text from Luke xvi 5: "How much owest thou unto my Lord?"

He said many people seemed to think they owed God very little. He wanted to mention four great debts. The first could be called a national debt—the debt we owed for the great country we lived in; second, the debt we owed to God for our Christian homes and good influences; third, the debt we owed to God for the Bible; 4th, the debt which Jesus paid for men on the Cross.

The sermon was a very excellent and convincing one.

New York, Nov. 18.—Supreme Court Justice Bischoff, in a decision handed down today, allows alimony at the rate of \$25,000 a year payable monthly, to Katherine Clemmons Gould, pending the adjudication of her suit for separation from Howard Gould. This is the same alimony that Mr. Gould has been voluntarily allowing his wife pending the determination of her suit. She asked for \$120,000 a year.

The decision allows counsel fees of \$5,000.

Indescribable Asthma

Six Mile Brook, N. S.—Such suffering as Munro Ginn has endured from asthma is seldom witnessed. "For six years," he says, "I suffered torture. Doctors said I couldn't get well, but after using three bottles of 'Catarhizone' I was cured and never felt better in my life than I do today. 'Catarhizone' is certain to cure asthma. For bronchitis and catarrh it is equally sure. Don't use doubtful remedies when cure is swift and permanent from 'Catarhizone.' Sold by all dealers. Two month's treatment \$1; sample size, 25c. Be sure you use 'Catarhizone.'"

At a largely attended meeting of St. John Presbyterian church last night, it was decided to extend a call to Rev. J. H. A. Anderson, of Centerville, to the vacant pulpit of the church. Rev. A. A. Graham, moderator pro tem, of the congregation, was in the chair and J. Herbert Crockett acted as secretary. Only two names were considered by the meeting, that of Mr. Anderson and that of Rev. David Wright, of Wolfville.

After the vote was taken it was found that Mr. Wright had secured only a slender number of the whole and it was decided to make the call to Rev. Mr. Anderson, unanimously.
