FINANCIAL and COMMERCIAL

(Furnished by D. C. Clinch, Banker and Broker.) Oct. 17th.

NEW YORK FINANCIAL BUREAU.

Important news is lacking in the published reports this morning. The fact that Bulgaria refuses to pay indemnity to Turkey with Servia still hot under the collar leaves the Balkan situation open and there may be some further realizing today on the part of those who do not wish to remain long over Sunday in view of the possibility of disturbance. The bank statement today will report a decrease in the surplus if the loan account reflects further taking of foreign loans on account of stocks sold but not otherwise. The dealings with the interior showing a slight gain in preliminary estimates at this season is extraordinary. The monetary conditions afford no cause for apprehension, however, and stock returns being higher than money rates in most cases so long as the corps are safe we feel that these fundamentals prevent any serious decline even with foreign and domestic politics unsettling. In the event of any raiding shrewd operators will be found buying the standard rails eagerly. The outlook toward the end of the year seems to us to favor an advance in prices accompanied by steady business improvement gradual betterment in trade being reported by commercial agencies even now in the face of the election. Press comment is mixed with market literature conservative and "on the fence" as to immediate movements.

DETAILED STOCK GOSSIP.

Southern Pacific and Mop. may be regarded as the best purchase on reactions for turns. Reading is being tipped for higher prices at once but we would not expect them without the removal of offerings just above yesterday's high prices. The up rush in Paul seems to have been a drive at shorts and as professional selling has been reported in the last few days the shortage was fairly large. N. P. and G. Q. should be taken on reactions excellent buying appearing on moderate declines. Going carefully through the list we find that Steel, ACP. AR. Lead, Fuel, Erie, Penna., R. I. Pfd. and B. R. T. continue to mark time in a trading area but with removal of offerings a point or two above prevailing prices, higher prices would be seen, otherwise reactionary tendencies after moderate bulging for the present. A-10 should be confidently bought on recessions according to our reports. Low priced rails should be picked up on reactions.

Liverpool.Due 2 to 3 higher on Oct. and Dec. and 4 higher on later. Opened irregular 4 higher on near and 2 higher on late. Closed barely steady net 1 1-2 higher on Oct., unchanged Oct. Nov. to Feb. March and unchanged to 1-2 higher on late months. Spot dull 4 higher mid. up's 5.03d. Sales 4,000, spec. and export 200, American 3,000, imports 8,000, including 6,000 American.

Weather.—Fair weather is indicated for today and tomorrow, except for showers over the Southwest tomorrow.

Commercial.—"Just for a moment it looked as if Oct. would show some strength, but the interest that is most powerful in the spot month quickly sat down upon the people who ventured in to buy Oct."

SUMMARY.

Paris hears King Menelik of Abisynnia is dead.

European situation cooling down, but many difficulties still raised, especially by Germany.

Dun's review says moderate improvement indicated in reports of current trade from most sections.

Bradstreet's say election uncertainties and unseasonably warm weather checking distribution. Chicago reports no date fixed for Standard Oil decision.

Bethlehem Steel getting more orders for structural steel than it can handle. Morse trial continues. Kansas City Southern report shows 2.57 per cent. for common after Pfd. div.

Twenty roads Aug. show average net dec. 9.52 per cent., and for two months 9.71 per cent.

Banks lost on week's currency movement $126,000.

Loss of currency to the interior abnormally small for this time of year.

Twelve industrials advanced .16, 20 active rails declined .27 per cent.

TOWN TOPICS.

The failure of continental news to develop anything particularly unfavorable over night will likely be reflected in a somewhat stronger market today. Leading interests have the situation in the stock market in hand, though naturally there is disappointment over the fact that the outside public as yet betrays no intention of buying stocks. There is, however, a substantial professional element ready to help advance prices if properly encouraged, and though support of this kind is not of the exact character wanted it looks as if the inside interests would accept it as better than nothing. There will be little hope of increasing outside interest as long as stocks like Steel and Penna. hold back, and if bull plans do not miscarry, those issues will enjoy a sharp advance. Union Pac. will likely assume leadership in any general rise. The continued strength in the conv. bonds, while possibly merely due to manipulation in order to affect sentiment, is having its effect nevertheless.

Rg. Atch., B.O. have not reached the limit of their advance in our opinion, and we are still bullish on Mo. Pac. Erie should show good recovery after the present realizing has run its course. The European situation should, be closely watched, as that is the market index at present.

London Close:—Cons 84 11-16, Anc 43 3-4, C 75 5-8, Atch 89 7-8, BO 96 1-2, D 28 3-4, CO 42 1-8, GW 7 1-8, CPR 174 1-2, Erie 30 1-2, EF 44, Ills 138 1-4, KT 30 5-8, LN 106 1-4, N 73 1-2, NP 141 1-4, Cen 104 1-4, OW 40 7-8, Pa 124, RG 131, RI 19 1-4, SR 22, SJ 53 1-8, SP 103 1-2, ST 137 1-2, UP 166 1-2, 'US 46 3-8, UX 109 1-4, WZ 26 3-4.

London.—Gold amounting to 50,000 pounds was withdrawn from the Bank of England for South America. The bank received 100,000 pounds gold from Egypt.

New York.—Directors of Natl. Lead will meet about Nov. 19th to act on common div. Current rate of 5 per cent. is more than being earned, in fact, earnings are considered by some to warrant six per cent., but a leading interest says that question of an increase in div. has never been considered, and that such action is very unlikely for some time to come.

DOW, JONES & CO.

Liverpool.—Wheat closed quiet 3-8 to 7-8 up. Corn quiet 1-4 to 3-8 up. London bar silver 23 7-8d, up 1-8d.

Reports are current that a drive at B. O. shorts is to take place in the near future. Information from this source on previous occasions has proved accurate on B. O., although not immediately.

A canvass to find the favorite stocks of conservative and important firms indicate that U.P., Reading, S. P., N. P., Atch., A. R. and Steel are most recommended as purchases on reactions.

N. Y. FINANCIAL BUREAU.

New York.—To a certain extent election uncertainties, and perhaps to a larger foreign news is holding the market in check, but it is all ready to advance, and barring some unexpected unfavorable developments, I believe that higher prices are surely in sight. I therefore think that good stocks should be bought on all reactions. Take profits on part of your line on the big bulges, but keep long of some stocks all the time.

NEWS AND VIEWS OF THE CAMPAIGN

MR. MORINE LOOKING FOR TROUBLE.

Hon. W. S. Fielding has begun his series of meetings in Queens-Shelbourne with a meeting at Caledonia. Hon. A. B. Morine asked for a portion of time and that it made a joint meeting. This request was acceded to. It is intended by Mr. Morine to follow Mr. Fielding through the constituency and demand part of the time at each of the Finance Minister's meetings.

CONSERVATIVE CANDIDATES IN QUEBEC.

Several more Conservative candidatures are officially announced in Quebec. In Bagot Mr. Hector Sylvestre, a young farmer, 23 years of age, will do battle with Mr. Marcil, ex-M.P., for the county. In Rouville Mr. J. A. Nadeau, notary, of Iberville, but a native of Rouville, has been placed in nomination against Hon. Mr. Brodeur, Minister of Marine and Fisheries. In St. Hyacinthe Dr. Cortier, of St. Madelaine, has accepted the party candidature. In St. Johns-Iberville Mr. J. O. Fourner has accepted the nomination. —Ottawa Journal.

WILL NOT OPPOSE VERVILLE.

Mr. F. D. Monk, ex-M.P., has written a letter to the labor leaders to the effect that the Conservative party has decided not to oppose Mr. Verville in the county of Maisonneuve.

A WORD FROM THE WEST.

The history of the opposition to Sir Wilfrid Laurier, says the Winnipeg Free Press, is almost wholly a record of attempted "scandals," which served their little hour before elections and vanished, as bad smell will, after being aired. Six months hence the whole string of rigmaroles now being roared against the ministry will have passed out of public memory as completely as the ancient Crow's Nest inventions had been done years before they were Roblined to extricate poor, silly Mr. Ames.

FIRE IN NORTH END

Two Storey Brook Street House Badly Gutted Early This Morning.

An alarm from Box 142 brought out the firemen for a bad blaze about 2.30 this morning on Brooks street, North End. The fire was in a three-story wooden house owned by the Palmer estate and occupied by John Cullen. The origin of the fire is unknown. It was first noticed by Patrolman George Henry in a woodshed in the rear. By the time the firemen arrived the blaze had assumed large proportions and a second alarm was rung in. There were three engines and seven stretches of hose, and it was only after a stubborn fight of two hours that the fire was subdued. The building was badly gutted and little was saveed in the two upper flats.

MARINE NOTES

Cuba-Boston line steamer Talisman is taking away a great cargo of potatoes and other freight this time.

British bark Edna M. Smith, Capt. Steeves, arrived at Barbados September 28. She was 41 days on the passage. The bark left that port on the 29th for Moss Point.

Nova Scotia schooner Success, now on her way here from Barbados, has on 614 packages molasses and 100 barrels sugar. She is about due now.

Danish steamship Helmer Gorch left Chatham, N. B., last Wednesday with a cargo of deals for Bristol.

Capt. J. W. Boyd, of Yarmouth, N. S., received word on Tuesday that the barkt. Lakeside, at present in Rosario, had been chartered to load hay at that port for Rio Janeiro. The charter price is $2,600, lump sum.

This morning the British bark Belmont, that was damaged badly in the big East Boston dock fire, will be towed to New York, where almost her entire starboard side will be replaced in drydock. The plates and frames will have to be taken out, and it is thought that the cost will not be far below $15,000, and may reach $20,000. The big craft will be a month undergoing her refitting. Then she will return here and load lumber for the River Plate. She is owned by John G. Hall & Co., of this city.—Boston Journal, Oct. 16.

Capt. Hayes, Fourth Officer Walker and four of the crew of the White Star liner Majestic, were awarded by the Norwegian government in Southampton, Sept. 29, a silver cup, medals and certificates for rescuing the crew of the Norwegian tank steamer Helios in mid-ocean several months ago. The cup went to Capt. Hayes. In accepting the tokens, the recipients said they had merely done their duty in saving the crew of the Helios.

Dramagraph At Nickel Monday.

The Dramagraph, which opens an engagement in the Nickel Theatre on Monday, is an elaboration of the Humanovo idea of motion pictures, with human voice.

It is the very latest thing in pictorial entertainment in New York City and St. John is again favored with an early presentation of this novelty. A company of competent New York play people are now in the city rehearsing "The Despatch Bearer," a thrilling wartime drama, and on Monday at noon it will receive its initial production.

Nickel goers are awaiting with considerable pleasant anticipation this new feature.
