To the Electors of the City of St. John:

Ladies and Gentlemen:
Having been tendered the unolicited support of a large number of ratapatties, I have decided to accept nomination for the Mayoralty and trust I will receive your endorsement.
If elected, I will endeavor to give you safe, progressive and business-like administration.
During the time I have held the position of chairman of the treasury department, I have given very full attention to the city affairs; and whilst I have no doubt that the progress and development of the city (increasingly manifested during several years) will be continued, I realize fully that the taxation of the citizens must not be materially increased, but that as far as possible the rate of assessment must be reduced.
Soliciting your vote and support on Tuesday the 21st inst. Yours respectfully,
THOS. H. BULLOCK.

To the Electors of Queen's Ward:

Ladies and Gentlemen:
At the earnest solicitation of a large number of the Electors of Queen's Ward I have consented to a candidate for Alderman of the ward at the election to be held on the 21st inst. If elected, I will do all in my power for the good and economic government of the city.
Respectfully yours,
AMON A. WILSON.

Undigested Food

When any portion of food remains in the stomach and refuses to digest, it causes the torments of indigestion. This undigested food rapidly ferments, irritating the sensitive coating of the stomach, while other parts of the body, particularly the head, suffer in consequence.
So long as this undigested food remains in the stomach, the discomfort continues. A few doses of

BEECHAM'S PILLS

stop all fermentation, sweeten the contents of the stomach and give natural assistance that relieves the stomach of its burden. The use of Beecham's Pills gradually strengthens the stomach nerves and soon restores them to a normal, healthy condition.
Beecham's Pills positively cure all stomach troubles, while their beneficial effects on the liver and kidneys greatly improve the general health.
Beecham's Pills have been used and recommended by the general public for over fifty years.
Prepared only by the Proprietor, Thomas Beecham, St. Helens, Lancashire, Eng.
Sold everywhere in Canada and U. S. America. In boxes 25 cents.

NEW STRENGTH FOR THE SPRING

Nature Needs Assistance in Making New Health-Giving Blood.

In the spring your system needs toning up. In the spring to be healthy and strong you must have new blood just as the trees must have new sap. Nature demands it and nature's laws are inexorable. Without new blood you will feel weak and languid. You may have twinges of rheumatism, or the sharp stabbing pains of neuralgia, there may be disfiguring pimples or eruptions of the skin, a tired feeling in the morning, and a variable appetite. These are some of the signs that the blood is out of order, that the long trying months of indoor winter life have told upon you. A purgative medicine, such as too many people take in spring, can't help you. Purgatives merely gallop through the system, and further weaken you. Any doctor will tell you that this is true. What people need in the spring is a tonic medicine, and in all the world there is no tonic so equal Dr. Williams' Pink Pills. Every dose of this medicine helps to make new, rich, red blood—your greatest need in spring. This new, red blood clears the skin, drives out disease and makes weak, easily tired men, women and children bright, active and strong. Try this great blood-building medicine this spring, and see what new life and energy it will give you.
You can get Dr. Williams' Pink Pills from any medicine dealer or by mail post paid at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

SENATOR ELKINS TIRED OF GUSH

He Begg the American Papers to Refrain from Publishing Non-sense About His Daughter's Reported Engagement

Washington, D. C., April 10.—Senator Stephen B. Elkins, in view of the reports from Rome that the rumored engagement of Miss Katherine Elkins to the Duke of the Abruzzi had been confirmed there, and that the duke had progressed so far that the royal family have placed orders for the wedding gifts, tonight sent to the associated press, a statement deprecating of current reports, as follows:
"If you can consistently, will you kindly cease the publication of despatches and rumors of the reported engagement of my daughter, the matter has occupied the attention of the press so long and to such an extent that I feel called upon to make this request.
"While making it, I wish to state that I appreciate the kindly expressions that have appeared concerning my daughter in connection with her reported engagement. Whenever there shall be any reason to make an announcement about this matter, I will be glad to give it to the press in an authentic form."

DRIFTING TO MONARCHY

Mr. Max Nordau has discovered that the women of the United States are naturally aristocratic, and Mr. Sidney Brooks, who writes to the London Chronicle, thinks he notes in that country a "fast drift towards monarchy." He says that Washington is rapidly becoming the American capital of fashion and that from year to year the habits of the city are becoming more and more aristocratic. He says that the old-time democratic simplicity of Jefferson could afford to ride up to the White House, in his horse to the residence to be sworn in president, but under the benign sway of Theodore things are very different. The president is no longer so accessible socially. He must entertain just so often and just such people. If he sends an invitation to his household he is now regarded in the nature of a royal command, which must not be disobeyed. If he is asked to note the drift about the direction mentioned in detail as to do not. He no longer attends entertainments given by anybody. Brooks is very sure that a Court Chamberlain can already be seen looming above the horizon. Mr. Roosevelt has been known to speak of "my dear" and "my army." The old type of presidential reception is being replaced with something more selected and aristocratic. The handshaking fashion, which must always have been a serious task to the president, will be abolished. Possibly Mr. Brooks draws the picture in rather stronger lines than the facts warrant, but he is not the first person to note the drift about the direction mentioned.

The interesting thing about the matter is that the people of the United States really do not care. The men, who control the policy of the nation, are not society men. Very many of them are rich, and their wives are socially ambitious. The women have the quality attributed to them by Nordau, and if they want to surround themselves with the formalities of monarchy, the men will not deny them the pleasure. So that they dress well, keep their hair and are not too risqué in their habits, no questions are asked. They can have a Court Chamberlain if they like. They can use duchesses, countesses or anything else that suits their tastes. Father-in-laws pay the bills, looks pleased without knowing just what it is all about and goes on chasing the nimble dollar for all the world as though it were a dynamo. Washington, and if he sees that the stock market will be abolished. Possibly Mr. Brooks draws the picture in rather stronger lines than the facts warrant, but he is not the first person to note the drift about the direction mentioned.

It doesn't cost much to paint. That is if you get Rembrandt's Paints—known for over sixty years as the foremost house paints in Canada. F. A. Young has just received a large stock. He will tell you all about them and show you the splendid color cards.

A girl would fall in love with some man if there wasn't one on earth.

Rates continue nominal, in most instances, with tonnage in abundant supply.

MARINE NEWS

Schooner Emily Anderson goes from Annapolis to Maitland to load lumber for Philadelphia.
The attempt to float the C.P.R. liner Mount Temple off Ironbound, will be made on April 16.
Schooner Onyx, which arrived at Barbados for St. John, Feb. 10, lumber laden, was sold at auction at that port on March 31, for \$536.

Steamship Manchester Skipper, Captain Haworth, sailed last night at 6 o'clock for Manchester direct. This is her last sailing from St. John this season.

Allan line steamship Virginian, Captain Vipond, sailed last evening for Liverpool via Halifax, on her last trip from here for this season.

Captain Beattie has sold his steamer Arcadia to Fred Magee, of Port Elgin for \$3,000. The Arcadia was built in 1884 of oakwood and hard pine and was engaged by Burrell-Johnson & Co., of Yarmouth.

Schooner Sam Slick, of Windsor, N. S., 90 tons register, built in 1899, has been purchased by Captain John T. Johnson and Patrick George, of Parrsboro, N. S., and will be employed in the coasting trade.

The five-masted full rigger, Preussen—the largest sailing vessel in the world—and whose picture was printed in Tuesday's Journal, was passed off Sable Island Tuesday morning, by the Leyland liner Georgian, which arrived yesterday from London. Captain Wood of the Georgian declared that the big vessel with all her sails set made a never-to-be-forgotten picture in the early morning light. The Preussen is bound to New York, where she will load a cargo of case oil for Japan. —Boston Journal, April 10.

"Community Silver."
Having accepted an agency to exhibit and offer for sale a line of the above justly celebrated sterling silver plated goods in flat and table ware articles, I take pleasure in showing and recommending them to all would-be customers as the best goods I have yet seen in style, finish and rich, heavy plated patterns, and I feel sure will wear many years, being more than triple plate, and offered at much lower prices than any other reliable make. Yours respectfully,

W. TREMAINE GARD,
Diamond Dealer, Goldsmith and Jeweller,

Men's Clothing
Isn't This Worth Investigating?

We honestly and firmly believe that unless you have seen the clothing now in our stock you have no idea of what has recently been accomplished in ready-to-wear clothing. We KNOW that nowhere in St. John, except in this store, is clothing of this grade to be found.
If you have tried ready-made clothing somewhere and been disgusted; if you are now paying good prices for made-to-measure clothing and not getting satisfaction, we are now able to assure you of fine tailoring, proper fit, and correct style; to do it at a THIRD LESS THAN THE TAILOR'S PRICE.
The clothes we are selling are right INSIDE as well as outside. The good looks they have they will keep, BECAUSE THEY ARE TAILORED. It is the TAILORING that makes them fit, that gives you comfort in them. It is the TAILORING we count on to bring you back again and again as a satisfied customer.
This clothing, in which we have so much confidence, costs no more than ordinary sorts. It costs even less in many instances because our expenses are low. But in no case is the tailoring skimmed to lower the price.
