G. T. P. PREPARING FOR GRAIN CROPS

Rushing Cars to the Western Centres and Building New Locomotives.

In order to be in a position to participate in the movement of this year's wheat crop, the Grand Trunk Pacific Railway management is collecting cars in the West. As often as a new G. T. P. car can be loaded for the West it is wheeled westward, unloaded and held there for the thrashing time, when it is expected everything on wheels will be busy. Already 500 of these splendid big box cars have been gathered and distributed along the line west of Winnipeg.

The first of the twenty locomotives being built at Toronto for the Grand Trunk Pacific have been turned out. Already there are employed west of Winnipeg, along the line, sixty-seven locomotives. As the company expect to assist in the movement of the present crop, which promises to be a record-breaker, there will be in all probability at least one hundred locomotives working on the prairie section by the end of this autumn.

THE CANADIAN DAIRY OUTPUT

Statistics Showing the Output of Butter, Cheese and Condensed Milk Factories for 1907.

The government will shortly issue a dairy bulletin giving the statistics of butter, cheese and condensed milk factories for the year 1907. They are shown for provinces and electoral districts, and comparison is made of census records taken for the years 1900, 1905 and 1907. The total value of the products of all factories in the first of these years was $29,731,922, in the second $33,257,674, and in the third $35,457,543. For cheese only the increase in value in the seven years was $1,376,209 and for butter $3,708,090. Ontario and Quebec are the two great dairy-producing provinces of the Dominion. The first named shows an increase in the seven years of $1,665,043 for cheese and $592,522 for butter; the second named shows a decrease in the same period of $69,512 for cheese, but an increase of $2,339,873 for butter. These statistics are for factory production only; no figures are given for domestic production.

When you buy tea it is just as easy to get the best as to get the next best. The best housekeeper cannot make a good cup of tea with tea of poor quality, but anyone by using "Salada" Tea can make a delicious and healthful drink. With "Salada" you can make more tea and better tea. At all grocers. 64
