FINANCIAL and COMMERCIAL

(Furnished by D. C. Clinch, Banker and Broker.)

New York:—Bullish operations are likely to be continued in the stock market which should broaden with public participation later. Standard dividend paying shares are attempting to equalize money rates with their disbursement returns. This is the simplest explanation of the advance which is founded on the strong fundamentals of cheap money and fine crops. The flood damage in the south is the only unfavorable feature. It may check bullish activities in issues directly affected. But we do not anticipate any bad effect otherwise just now. Reports of new business are made by the Journal of Commerce this morning with electrical lines, billet orders, etc., picking up. The Saturday shock will soon be forgotten and we would not allow its memory to affect stock market operations.

The fact that the total bond sales this year thus far par value have amounted to almost seven hundred million dollars against less than three hundred million in the corresponding period of last year shows the investment demand which when pronounced always precedes a bull stock market of large proportions. The outlook for the bank statement tomorrow indicates a slight increase in reserve which will go further toward stimulating investment. The standard oil and Morgan interests through their lieutenants Harriman and Hill are working the market upward on easy money, believing that later Taft will be elected followed by harvests which cannot fail to increase business and on this prospect they expect to realize the benefits that accrue to farsightedness. The future is being discounted. That which we know now is not speculative.

THE COTTON OUTLOOK.

Liverpool.—Due 28 1-2 lower on August, 11 lower on September and 6 1-2 to 7 points lower on later positions. Opened steady 9 points lower on near and 10 points lower on distant positions. At 12.15 p.m.—Steady Aug. 3 points higher, August, September 1 point lower and later positions 5 to 5 1-2 points lower. Spots very dull 2 points higher, middlings 5.25d. Sales 2,000 speculation and export 300, American 1,000, imports 6,000 bales including 5,000 Amn.

Weather:—Indications are for fair weather today and tomorrow except for scattered showers in the extreme southwest. Today is first September "notice" day. One result of flood damage to the Carolina mills will be the irregular delivery of heavy cotton goods. The Hamilton Mfg. Co. and the Mass. Mills, Lowell, Mass., have resumed work after two weeks idleness employing 4500 hands.

RANDOLPH.

LONDON STOCKS.

London, 2 p.m.—Consols 86 7-16, Anc 48, Acp 79 3-4, Atch 89 7-8, BO 95 1-2, CO 42 3-4, CPR 177, Erie 24 1-2, EF 39 3-8, Ills 138 5-8, KT 33 1-8, LN 110, NP 144 3-8, Cen 105 1-2, OW 43 1-2, Pa 125 1-2, RG 129, RI 19, SR 20, SP 104 5-8, St. Paul 144 1-8, UP 162 5-8, US 47, UX 110 1-8.

DETAILED STOCK GOSSIP.

U. P. should do better according to Harriman advices. S. P. reports continue bullish. We reported a bull tip yesterday on S. P. Pfd. It is repeated in the Herald this morning. ACP is due for several points more advance according to Boston wires. The trend of Smelters still seems to us to be upward, and it may cross par any time. Bull reports from responsible quarters are noted on Atchison. The reported drive at Paul shorts is now said to be on. We are very bullish on Great Northern and N. P. because of high class information. R. I. Pfd. and M. K. T. are two low-priced stocks most favored by our information. The specialties Con. Gas, W. X. Sug., C. P. R., Ills. Cen. and Lead should do better according to current gossip in big concerns. Bull talk amanates from the president of N. Y. Air Brake Co. on the stock of that Co'y. Gen. elec, is being tipped for higher prices because of an increase in the electrical business.

SUMMARY.

Americans in London steady mostly above parity.

Texas farmers' union will fight N. Y. Cotton Exchange.

The bankruptcy suit against A. C. Brown & Co. will be contested by the firm.

A Chicago paper states that Wm. N. Cromwell gave $50,000 to the Representation National Committee per E. H. Harriman.

An anti-Roosevelt syndicate offers 2-million for the N. Y. Tribune.

The big decline in cotton prices for the near months is said to have financially hurt the big cotton plungers.

Can. Pac. will complete double tracking the 400 miles of road bed between Winnipeg and Fort Wm. in time for the fall grain movement.

18 roads 3rd week Aug. show average gross dec. 12.12 per cent.

12 industrials advanced 1.19 per cent, 20 active r.r.'s advance 1.52.

HIGHER PRICES EXPECTED.

It is only too plain that the important interests are again working aggressively on the bull side of the market, and we confidently look for considerably higher prices before the end of the week. Bear factors in the news will be disregarded entirely, while manipulation for the rise is going on in the Harriman stocks and elsewhere. It is just a question of which stocks to buy, though for the best results care should be taken not to buy "on the bulges." We think that U. P., S. P., Reading, St. Paul, G. Q., and N. P. in about that order are the best of the rails, though we also look for decided advances in N. W., D. H., Ills. Central, Atchison, Pa, B.O. R.I. Pfd, and N. & W. Among industrials Smelters, Copper and Steels will be the orders, though all the bull pools in that section of the list will receive encouragement. We wouldn't advise buying N. Y. C. although that stock will likely also sympathize in the general upward movement to some extent. We look for a very strong opening today with irregularity later but a general trend to higher prices.

TOWN TOPICS.

WHEAT AND COTTON.

Liverpool—Wheat opened quiet 3—8 up. Corn opened quiet unchanged. At 1.30 p.m.—Wheat 1-8 to 3-8 up from opening. Corn 3-8 up.

Liverpool—Cotton dull prices barely steady, futures opened steady 8 1-2 to 12 off. At 12.30 p.m.—Steady with near months unchanged to 3 up and distant five to 7 off from previous closing.

New York, Aug. 28.—The advance was in full swing when the market closed and it looks to me as if prices would go higher today and in fact as if the upward movement would continue for some time. Reactions are to be expected but these should be ultilized in my opinion to buy stocks on. Union Pacific, S.P., Reading and U.S. Steel look to me to be the best purchases on the list.

EVANS.

NEW YORK FINANCIAL BUREAU.

N.Y.—We understand some very important developments are scheduled to take place very soon in the financial world. It is our impression that they will be very favorable to certain properties. It is further believed that these prospective events are responsible for the immediate bullish activity in the standard shares.
