BALL NOTES.

Pres George Dovey says there is no truth in the report that Dave Brain will be sold to Cincinnati.

Frank Laporte was out of the game for several days with a strained tendon in his leg, and was being tried at centerfield in the third Philadelphia game when he was forced to take his second layoff as the result of an aggravation of his trouble.

Manager Monte Cross of the Kansas City club says that he is anxious for that outfielder promised him by Manager McGuire of the Boston Americans.

Manager McGuire will keep his boys busy for the next month playing games in the afternoon and working out each morning from 10 to 11:30.

The Red Sox manager believes in practice and can always be found doing his share.

Tim Hurst says that Arthur Irwin is in bad grace with the Union league. In Philadelphia, where they have major league ball every day, they have no time for the "onions."

It is estimated that 60,000 persons paid to see ball games in Chicago last Sunday, where there are several independent clubs located.

Players who interfere with umpires who are entitled to the protection of all fair-minded people while they have charge of ball games, should be politely requested to take up some other less public occupation. The kickers and browbeaters who held forth at Baltimore and Cleveland a few years ago and had the old game nearly down and out are now despised by real sportsmen.

CANADIAN CHAMPION SWIMMER GOING TO OLYMPICS.

Toronto, May 8.—H. H. Dener, of the Irish-Canadians, the Canadian diving champion, who was left out in the cold when the Olympic trial entries for swimming and diving were closed, will be a competitor after all. He wired Montreal Tuesday, and C. A. Sprigings, the secretary of the trials, telegraphed back accepting his post entry. He will do the fancy and high diving on Friday and Saturday. C. S. Morris, of the Toronto Swimming Club may also go.

$30,000 PURSE FOR BIG "MILL"

James Coffroth Names a Proposition for Burns and Johnson.

Boston, May 8.—Promoter Coffroth of Colma, Calif., offers a $30,000 purse for Johnson and Burns to box for on July 4. They can limit the bout to from 20 to 45 rounds.

Sandy Ferguson will probably meet Sam Langford at the Armory A. A. one week from next Tuesday. Ferguson will be substituted for Joe Jeannette.

RING NOTES.

Charley Hitte, of Albany, N. Y., and Tony Caponi, the Italian middleweight, who made two good fights against Bill Papke and Johny Marto, of New York and Willie Moody of Philadelphia, will figure in a double star bill at the National A. C., New York, on May 19. Each bout is listed for six rounds.

Johnny Summers, who beat Kid Sullivan last week at Baltimore, sailed for England on the Lusitania yesterday. He will return in the fall.

Jack Killeen, the Irish middleweight champion, who made good on his first appearance in this country, will meet Johnny Carroll, of Brooklyn, at the Olympic A. C., New York, to-night.

The fact that Willy Fitzgerald, who is matched with Aurelio Herrera for the main bout at the Armory A. A. next week, defeated the much-vaunted Tommy Quill a couple of weeks ago, will make the Fighting Harp the favorite over the Mexican. Fitzgerald made a great showing against Quill, who proved his class when he stopped Jim Bonner's successful advance.

Herrera has appeared here twice, and on each occasion more than made good. He is one of the hardest-hitting lightweights who ever appeared before the public, and after their last bout Kid Goodman was obliged to stay abed for several days nursing some very sore ribs, which report says the Mexican's vicious and powerful punches fractured.

Fitzgerald is training hard at New York, for if he can beat Herrera he will be reinstated to the front ranks of the lightweight class.

Herrera is looking ruddy and healthy and is already down to weight. He will train right up to the last ditch at Northboro. Joe Nelson, who has helped to condition him, will meet Fred Sidney in the semi-final, while Eddy Murphy, South Boston's hard-hitting lightweight, will clash with Billy Connaty.

Benny Yanger has re-entered the ring and is coming East for bouts. He should have held fast to his determination to retire, for in his bout at Chelsea he looked passe.

Jim Bonner, of Summit Hill, Penn., and Jack Cardiff, of Reading, Penn., will meet at Hazleton, Penn., next month.

The bout between Al Kaufman and Human Punching Bag Joe Grim will be held next Tuesday.

BETTING IS PERMITTED.

Frankfort, Ky., May 8.—The court of appeals Wednesday refused to dissolve the injunction against the city authorities of Louisville, preventing them from interfering with the betting at the present Churchill Downs meeting. The effect of the decision is to permit betting under the present pari-mutual system to continue.

YALE-HARVARD TRACK MEET

Captains and Managers Have Made Arrangements. Crimson May Lose Captain Dodge.

Boston, May 8.—Capt. Dray and manager Townshend of the Yale track team met Capt. Dodge and manager Emerson yesterday at lunch at Touraine and arranged the details of the Yale-Harvard track meet. The officials were selected, and the minor arrangements completed.

The Harvard track team is practising hard for the meet with Dartmouth, which will be the first chance the team has had to smell gunpowder in an outside meet since it returned from vacation, and it will be its last opportunity before the meet with Yale.

On the whole, the men are doing as well as was to be hoped for. Capt. Dodge is in poor shape. His old tendon trouble has returned, and it would be no surprise were he unable to run Saturday. If this weakness in his leg continues, Harvard may lose several points in the Yale meet.

The Harvard track team has decided to change a part of its insignia. In the future, instead of the white jerseys with the crimson stripe that has denoted the Harvard track teams for years, the members will wear crimson jerseys with white letters. Many will regret the change, as the Harvard track uniform was considered the prettiest in the country. The change is defended on the grounds of comfort, the red jerseys being warmer, it is said.

AMERICAN FUNDS FOR OLYMPIC SHORT.

New York, May 8.—According to the Tribune, Treasurer Julian W. Curtis, of the American Olympic Committee, has made a detailed statement of the various donations to a fund to send a representative American team to the Olympic games in England this summer. Up to date, he reports, only $11,041 has been subscribed, which is far short of the $50,000 which the American committee estimates will be necessary to send a strong team abroad. Of this amount the colleges, including Yale, Dartmouth, Penna, Chicago, and Michigan, have subscribed $1,300, and various athletic clubs about $3,200. Individual subscribers include Andrew Carnegie, S. B. Guggenheim and A. G. Spalding, who gave $500 each.

It's easy to paint with good paint, it works so nicely and looks so fresh. Ramsay's Paints are good paints—good all the way through. Every house in town should be touched up with Ramsay's Paints. F. A. Young has a full stock. Ramsay's Paints, the right paint to paint right.

HORSEMEN GET THE HOOK

Expelled From National Trotting Association for Ringing at Montreal.

New York, May 7.—W. S. Quenier, B. F. Hall, Wm. Hyland and Ross Rich, all of Watertown, N. Y., on Tuesday were expelled from the National Trotting Association after a hearing before the board of review of that organization. The horse Direct Wood, owned by these four men, and P. Hurley and N. Crary of Potsdam, N. Y., also were expelled. Charges against Hurley and Crary were dismissed.

The six men were brought up before the board charged with having raced Direct Wood, who has a mark of 2.07½, under the name of Dick Pointer, supposed Greenbay gelding, in ice races at Montreal. Quenier admitted when examined that the horse had been falsely entered.

"You see," said Quenier, when testifying before the board, "we found that a whole lot of people were taking horses over to the ice races and entering them under other names, and in other classes, and we just thought we would get in on it, too."

Dr. E. N. Darling, of Putnam, Conn., and the mare Lady Nelson, also were expelled by the board. It was charged that Lady Nelson had been in races in Connecticut and Massachusetts under the name of Molly O., as a green horse. Charges against John F. Kingsley of Pomfret, Conn., who drove the mare, were dismissed. Kingsley was also exonerated on a charge of driving a horse owned by H. H. Davenport of Pomfret, which was falsely entered at Starbridge, Mass. Mr. Davenport withdrew the horse after the first race, notifying the association that he had learned he had been imposed upon. Both Davenport and the horse Billy Wilkes were suspended until the $40 won in the race and a recording fee of $50 for the change in the horse's name are paid.

BAN LIFTED ON LOCAL HORSEMEN

National Trotting Association Reinstate Dr. T. Fred Johnston and D. E. Lynch.

New York, May 8.—The Board of Review of the National Trotting Association on Wednesday reserved decision on an application by H. E. Bell, of Mansfield, Ohio, for the reinstatement of D. W. Cummins, of Shelby, Ohio. Mr. Cummins was expelled in 1903 for complicity in a case in which it was alleged that the horse Dan Hughes was received at Warren, O., in 1902, under the name of Dick M. His reinstatement was opposed by officials of the Warren track.

In executive session the board decided to grant temporary reinstatement to Cummins.

The board also reinstated the following:—H. B. Throop, Richmond, Va.; James R. Mahafey, Wilmington, Del.; D. E. Lynch and T. Fred Johnston, St. John N. B.; J. F. Kennedy, Prince Albert, Sask., Canada; H. P. James, Janesville, Va., and Pliney E. Burnham, Governeur, N. Y.

MRS. TOMMY BURNS OFF FOR ENGLAND

Champion's Wife to Meet Her Husband, Going for Health Treatment.

Toronto, May 8.—Mrs. Tommy Burns, wife of the champion pugilist, has left for New York, from whence she will sail for England the latter part of the week. In London she will join her husband, who will take her to Carlsbad in an effort to restore her health. Burns denies any intention of coming home for the present. He expects to match with Johnson, but will not fight before fall. He will go to Carlsbad with Mrs. Burns and will spend two or three months there. Burns says that his constant training of the past year makes necessary a rest before working for as tough a man as Johnson.

FOOTBALL FOR OLYMPIC DOUBTFUL.

Ottawa, May 8.—"I think that as far as Canadians are concerned in the Olympic games, they will have to pin their faith to the rowing, tennis, lawn bowling, athletic and lacrosse teams," said a member of the Olmypic committee Wednesday. "The athletic, rowing, tennis, bowling and lacrosse contingents are the only ones that are certain to be sent across the water." The committeee has yet to deal with the propositions to send football, Rugby and Association and boxing teams to England. Association football, as played by the first division amateur teams in England is far superior to any played in Canada, and although there has been a great deal of wrangling as to which soccer team should be chosen, it would not be at all surprising if the committee were to decide not to send the kickers at all.

As for Rugby, Canada has a better chance of being represented, but a definite decision has also to be reached on this point.

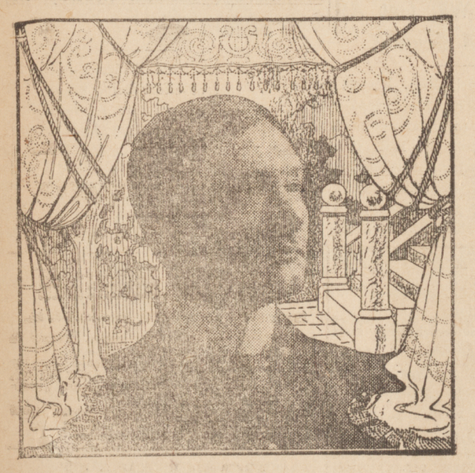

Tennis and lawn bowlers are also certain to go, and Captain Foulkes, of Ottawa, who is managing the tennis end of the work, has already received a number of entries from well known Canadian players.

CANADA SHOULD SEND GOOD TEAM OF MARATHON COMPETITORS.

Toronto, May 8.—How many Marathon runners will Canada send to England? Mr. Stark, president of the C. A. A. U. says at least three or four. Mr. Jas. E. Merrick, vice-president of the C. A. A. U., says: "Three anyway. The president however, sized the situation to a nicety when he said: 'The Marathon I regard as our chance for fame at the Olmypic. We have a golden chance to win, a better chance in this than in any other event, and I would like to see every man eight or ten if necessary be sent over so that we might make a tip-top showing. It would be glorious if Canada could run one, two, three in this big event. If the committee has the money I would favor a big Marathron team."

AQUATIC

Baroness Huguenot, 2:24¼, by Baron Wilkes, dam Lady Huguenot, by Huguenot, son of Smuggler, 2:15¼, who was a good prospect in Maine last year, has been sold to men in Haverhill.

Mr. Clint G. Ford who has been identified with the very foremost dramatic attractions, including Gillet's "Secret Service Co.," "David Harum," "The Clansman," etc., has this to say of Newbro's Herpicide:

"For years I was annoyed with dandruff and itching of the scalp, all due to my twenty years of theatrical life with its incumbent 'make-up' and wig wearing. At times the itching of the scalp was intense. All remedies failed me until I tried Herpicide, and I soon found that it was giving wonderful results. The itching and also the dandruff entirely ceased, and my hair resumed its natural life and vigor.

There is no question in my mind about the reality of the dandruff germ, and I unhesitatingly recommend Herpicide to my friends in the profession."

(Signed) CLINT G. FORD.

THEATRICAL FOLK
Use and Recommend
NEWBRO'S HERPICIDE

Extravagant claims for toilct remedies do not influence theatrical people, because long experience enables them to discriminate intelligently. They demand merit and will rarely use a preparation that is not actually worth as much or more than it costs in dollars and cents.

Herpicide kills the dandruff germ and by actual test does more good than all other hair remedies combined. This accounts for its popularity in theatrical circles.

"Queen Roselle" writes of Newbro's Herpicide:

"I take pleasure in announcing the very satisfactory results I have had from the use of Newbro's Herpicide. My hair was falling out so rapidly that I was afraid I would lose it all. A friend advised Herpicide, and, after using it faithfully my hair stopped falling out, the dandruff disappeared and my hair is now very soft and glossy.

I would like to see every lady of the profession try Herpicide, for I am confident that they would be delighted with it."

(Signed) QUEEN ROSELLE.

TWO SIZES, 50c, and $1.00

New Scale Williams Player Piano

A Masterpiece in Music
A Triumph of Mechanics

At last, we have perfected the New Scale Williams Player Piano. It combines the limpid, liquid tone—the magnificent volume—the sensitive, responsive touch—and the peerless construction—of the New Scale Williams Piano, *with the ability to play it.*

The New Scale Williams Player Piano is two instruments in one. If you are out of practice—or too tired to make the effort—or cannot master the difficulties of the score—use the player attachment and you may enjoy anything and everything in the world of music.

Turn off the player attachment and you have one of the world's great pianos—as peerless in tone and action as though it did not contain the player action.

Many homes lack a New Scale Williams Piano simply because there is no one to play it. You get both the piano and the ability to play it, in the New Scale Williams Player Piano. Write for booklets.

BIG COLLEGE CREWS ARE IN READINESS

Boston, May 7.—High winds and turbulent waters prevented the local oarsmen getting afloat yesterday, but enabled them to put finishing touches on their boats and readjust their rigging preparatory to opening the active boating season.

Next Saturday there will be two college races. Columbia will meet the Annapolis crew on the Severn at Annapolis and for the first time Georgetown and the University of New York will meet in a match race on the Potomac at Washington.

The race between the university crews of Georgetown and New York marks the opening of what gives promises of being an annual fixture. This time the New York crew travels to Washington and it is expected that next season the Washington crew will go to New York.

Next in order will come the annual regatta of the American rowing association at Philadelphia, May 23. Not since the old days have there been so many college crews entered for one fixture as in this regatta, and while the crews are in most instances rated as "second" their work will attract the attention of the experts, as it will reflect the form attained by the varsity combinations.

That Yale will not find it as easy to win out as was the case last spring is indicated by the fact that Columbia's rather light aggregation will be found on the line ready to do the Henley distance in one mad sprint and Harvard will not be represented by a crew of weaklings.

In order to make the annual race day between Cornell and Harvard more interesting steps are now being taken to have the annual school races scheduled so that the finals will be rowed in connection with the college fixtures. The school races will consist of two events, finals for first and second crews, and their following will help swell the attendance and guarantee the success of the day's sport.

Ex-champion F. B. Greer took a look at his shell last week and announced his intention of doing some practice work at once. He will do his rowing from the B. A. A. for the present.

The work of the Harvard varsity crew has been watched with keen interest since the return from Annnapolis but not the slightest change has been noticeable in the stroke, which indicates that the coaches believe in letting well enough alone. It is agreed that the varsity and freshmen are far ahead of last year's crew at this time.

While the ability of the Harvard crew to do the New London distance is not yet known, it seems certain that it will row the short course on the Charles river at least 10 seconds faster than it could before going to Ithaca last spring. Cornell, through sickness, has lost its No. 7 and that tends to cripple a crew almost as much as the loss of a stroke. Coach Courtney will hustle to develope a new man, and may be depended on to turn out a creditable crew, no matter what happens.

The controversy over the selection of an all-America crew to take part in the Olympic regatta has resulted in many bitter things being said against Pres. James Pilkington and Julian Curtis, the committee named to select the oarsmen, owing to their alleged tendency to favor a crew composed of college oarsmen. If this regatta was to be held in any other country such criticism might be justified, but sending a crew to England, where there are such stringent rowing laws, necessitates great care being taken.

The attitude of the committee is correct, for as long as we play with the Britishers we should send entries that will challenge inspection. And of course Coach Courtney is right when he picks a crew of scullers as being the most available to journey across from a purely rowing standpoint, for the individual test is the only true test.

Eugene Buckley.

The Orloff mare in foal to a Russian stallion sent from Moscow to Ticonderoga, N. Y., to be bred to Bingen, has foaled a fine filly and has been bred to Bingen. When it is known that she is safely in foal she with her filly will be sent back to Russia.

Ed. Farmer of Arlington has bought the Bingen colt, whose dam, a Lambert mare, could play all comers in the Spy pond races.
