Bill introduced in senate at Albany providing for placing telegraph companies under control of the utilities commission.

Counsel for public service commission advises that body that it has no present power to purchase Steinway tunnel in behalf of city.

Liverpool—Spot cotton, fair demand, prices easier, middlings off 7. Futures opened steady 2 1-2 to 4 1-2 off. At 12.30 p. m., Steady 3 to 5 1-2 off from previous closing.

London, 2 p. m.—Exchange 486.35. Anacondo 33; Amalgamated Copper 51 5-8; Atchison 70 3-4; Baltimore and Ohio 81 1-2; Chesapeake and Ohio 28 1-4; Great Western 4 1-8; C. P. Liverpool, 2 p. m.—Futures steady, 3 to 4 1-2 net decline.

Birmingham—The southern iron market is gathering no speed, but appears to be maintaining the price level of $13 to $13.50 reasonably well. Efforts in New York recently to upset the basis are said to have fallen through and small lots of southern iron were sold at $13.50, Birmingham basis. The only business is in small lots for which the market price is easily obtained. Sloss Sheffield holds the key to the situation, with its $1,000,000 worth of iron on hand. Most of this is stacked at Sheffield and Florence and one does not hear of any great movement from the yards. This company appears, however, to have confidence in the situation, and continues to operate four furnaces out of the seven. It is stated that Sloss Sheffield and United States Steel enjoy a close relationship in regard to production and maintenance of prices.

Washington—It can be stated positively that President Roosevelt is favorable to an increase of freight rates. His attitude is known to the railroads and to the inter-state commerce commission. Nothing official has yet come before the inter-state commerce commission in regard to increase in freight rates.
