re-marry in Canada after obtaining a divorce from the Canadian parliament, and further that if such party remarry outside the dominion such remarriage shall be considered invalid and illegal and the remarried party shall be considered a bigamist within Canadian territory.

Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential.

Dr. Shoop's Night Cure is the local. Dr. Shoop's Night Cure is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood elements.

The "Night Cure," as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weakness and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—see general tonic to the system. For positive local help, use as well

THREE MONTREAL ITALIANS FREED OF MURDER CHARGE

Montreal, March 24—Three Italians, Francesco Ciavari, Giovanni Mancini and Maria Arita were this afternoon acquitted on the charge of murdering another Italian, Ernesto Cassieri, last month.

Cassieri made an ante mortem statement in which he accused the trio of murdering him, but there was no corroborative evidence of this and the three were emancipated that Cassieri had committed suicide.

The court of King's bench has been kept busy for several weeks hearing cases of murderous assault by Italians and there are still three more cases on the docket.

Grave Charge Against Jackson

ATTORNEY GENERAL JACKSON

New York, March 23—Attorney General William Schuyler Jackson is accused under oath of having demanded that Frank White, receiver of the Hamilton Bank, should share equally with him the aggregate of the fees and commissions earned by Mr. White while acting in that capacity.

That assertion was sworn to by Mr. White when he was forced to appear as an unwilling witness before the county grand jury.

Due to the fact that Frank White owed his appointment as receiver for the Hamilton Bank directly to Attorney General Jackson, whose first deputy he had been until he resigned that office to accept the receivership, and to the additional fact that other receiverships were bestowed through Mr. Jackson's influence upon persons who were his close political or office associates, this is regarded as one of the most serious accusations yet lodged against the attorney general's administration.

EASY TO DISSOLVE MARRIAGE BOND IN FRANCE NOW

Paris, March 24—The senate by an overwhelming majority has concurred in the bill recently passed by the chamber of deputies to convert automatically, a decree of separation into a divorce at the end of three years when either party to the separation requests it.

The constantly growing number of divorces in France since the restoration of the divorce law in 1886 (marriage having been indissoluble throughout French history, except for the period from the beginning of the revolution to the restoration in 1816) has been the subject of an intensely interesting and bitter controversy recently.

Paul Bourget as the champion of the traditional indissoluble union, precipitated it with his problem play "A Divorce," in which he portrayed the wreck following in the wake of the separation of parents. The dispute took wide range in the newspapers and a "referendum" was held at the theatre where the play was given. A statement attributed to M. Brand, now minister of justice, in favor of "trial marriages," but which the minister repudiated, added piquancy to the controversy.

Men and women, married, unmarried and divorced, old and young, came forward and told pathetic stories of life tragedies in support of their respective contentions. In the end, the friends of greater freedom of union and disunion had the better of it in parliament, the "referendum" and the public prints.

M. Bourget, while reaffirming his irreconcilable opposition to the principle of divorce says he is not surprised either at the senate's action or the expression of public opinion.

"A student of moral science," he said, "I long ago foresaw what France was coming to. We are hurrying toward 'free union.' France, as demonstrated by the polemic which has just closed, is divided into two camps—one, the feeble, opposes divorce; the other, the stronger, favors free union."

TO INSURE SAFETY OF TRUST FUNDS

Bill Up in Nova Scotia House That Banks Must Be Ten Years Old Before Stock is Legal Investment.

Halifax, March 24—In the provincial legislature today a bill was introduced from the opposition side which provides that it shall not be legal to invest trust funds in the stock of banks that have been less than ten years in business and whose reserve is less than 50 per cent. of their capital.

The government today announced its acceptance of the opposition policy on crown lands. This provides that no crown lands shall be leased except for bona fide settlement and for a thorough survey and stock-taking of the crown lands of the province.

FRENCH SCANDAL MAY INVOLVE PROMINENT PEOPLE

Paris, March 24—The arrest yesterday of Henry Rochette appears likely to develop into a big scandal. It is stated that several prominent politicians and involved in the dealings of Rochette, who threatened the examining magistrate with the name of an influential senator.

A large number of brokers have suffered considerable financial loss through the arrest of Rochette. They had been instructed to buy up shares in his concerns, which showed a tendency to slump. Accordingly on Saturday, they bought up \$400,000 worth and received from Rochette checks on the Bank of France, but payment of the checks was refused by order of the court.

The news of the arrest caused a panic in the provincial branches of the Credit Minier Et Industriel Bank, directed by Rochette. Depositors clamored all day at the branches, but no money was paid out to them.

Rochette conducted a big financial newspaper, Le Financier, at a cost of about \$30,000 a month by means of which he was better able to dispose of stock in this various companies.

One of the directors of the Credit Minier states that Rochette's affairs are solvent. He says that Rochette has nearly \$2,000,000 deposited in the Bank of France, which is sufficient to meet all liabilities, and that the Credit Minier and the Franco-Spanish Banks have the working capitals of all Rochette's companies in their safes.

HALIFAX GARRISON GRUMBLING ABOUT DELAY IN PAY

Halifax, N. S., March 23—There is a great deal of discontent among the military who garrison Halifax because their pay is not forthcoming. The rank and file are accustomed to receive their wages weekly and in some cases fortnightly. Nobody has been paid since the end of February and there is a lot of kicking.

The only thing that prevents a real outbreak of trouble is the fact that the men are getting script for small amounts, but good only at the canteens. The Canadian troops who now constitute the garrison are saying that never, when the troops here were British, was the pay allowed to become overdue. A year ago there was a similar delay in paying the forces at Halifax.

The non production of supplementary estimates at Ottawa is said to be the cause of the present difficulty.

HALIFAX MAN FOUND DEAD IN FACTORY DRYING ROOM

Halifax, March 24—When men employed at the Silliker car works went to work this morning the dead body of David Lockhart was found in a room. Lockhart had been employed with the Silliker company since they commenced operations in Halifax. Last night he was down town, and on his way home he became wet in the heavy rain. He went in to the drying room for the purpose of drying his clothes. On entering he apparently fell about four feet into the place where the hot pipes are arranged. The heat from the pipes caused his wet clothes to steam and his back and feet were badly scalded. The medical examiner gave a certificate of death from shock and suffocation.

HIGH PRICES FOR LEGISLATORS' VOTES

\$10,000 Offered to Each Senator That Will Oppose Gov. Hughes' Anti-Gambling Bill.

Albany, March 23—The state legislature seems on the verge of a serious scandal as a result of the persistent rumor that large sums of money have been sent here to defame Governor Hughes' race track gambling legislation. "Never in the four years that I have been here have I seen such an open and bold-faced attempt," said one senator who served on the Armstrong insurance investigation, this morning. The price of votes has been declared to be at least \$10,000, and higher figures are whispered, coincident with the rumor, moreover, comes the manifest fact that the bills seem to be hopelessly lost. From 28 to 30 votes against them in the senate seem to have been secured. Never since the fight began has the outlook been so dark for the governor's programme.

The governor on his part is showing no intention of abandoning the fight. Again and again he had declined to accept the amendment which makes the new law take effect Sept. 1, thus saving this year's racing and the prospect of a long and bitter fight is growing.

AUSTRALIA'S NEW GOVERNOR TO ATTEND TRICENTENARY

(Special to The Telegraph.) Ottawa, March 24—The following cable has been received from the governor of Australia by Lord Grey in reply to an invitation to attend the Tercentenary at Quebec, July next:

"Melbourne, March 24, 1908. "Referring to your telegram, March 17, ministers highly appreciate invitation received from Canadian ministers and they have therefore invited Earl Dudley, governor general designate of the Commonwealth, to represent Australia at the celebration. Prime minister regrets that he cannot possibly be present, as he is attending with Earl Dudley."

BIG UNIONIST VICTORY IS WON

London, March 25—The most keenly fought bye-election for the present parliament which was necessitated through the death of Charles Goddard Clarke, member for Peckham, resulted today in a great victory for the Unionists, whose candidate, S. C. Good, was elected by a majority of 2,494. The Liberals carried the district in 1906 by a majority of 2,389.

The announcement of the returns in the House of Commons caused a scene of the greatest excitement. There were Unionist shouts demanding that the government resign.

Very Little Encouragement to Be Derived from Bulletins

Balfour Calls Daily to Inquire After His Former Foe—Haldane Mentioned as Probable Successor to Asquith in the Exchequer—Winston Churchill and Lloyd-George Accused of Treachery.

New York, March 24—The Herald has received the following cable despatch from London: Members of all shades of politics are becoming more and more concerned every day over the declining strength of the Prime Minister.

The Prince of Wales is a constant visitor to Downing street, going there every day. But no messages of sympathy or anxious inquiry are more welcome to the suffering premier than those personally

DR. HENRY CAMPBELL BANNERMAN

sent upstair by his great political opponent, Mr. Balfour, who, though in common with all visitors is excluded from the sick-room, calls every day and sometimes twice a day at the premier's residence. It is recognized in the lobby of the House of Commons that Sir Henry's health is rapidly declining. Sir Thomas Barlow spends considerable time with his patient, but very little encouragement is to be derived from the bulletins. The chances of his being able to resume the active duties of the premiership, indeed, are absolutely nil.

The serious condition of the prime minister has led to a considerable and respectful act on the part of the headquarters staff of the Conservative and Unionist party, who have ordered the withdrawal from circulation of whatever cartoons, pictorial posters, leaflets or the like they may have in use for the purpose of electioneering, which may caricature the prime minister after the fashion which is perfectly legitimate in ordinary circumstances in the warfare of party politics. GREAT EXODUS OF MORMONS TO ALBERTA
