WOMEN THE VICTIMS OF MURDEROUS ASSAULTS

**One Woman Killed in New York and Her Husband
Arrested for Murder—Another in Critical Condi-
tion at Kenosha as the Result of Forty Wounds—
Her Assailant Caught.**

New York, Sept. 10.—Believing that Mrs. Rose Zellar was murdered and her lifeless body left in the kitchen of her apartment in West 103rd street, the coroner today caused the arrest of Albert Zellar, the dead woman's husband, and Mrs. Lena Giegar, a sister of Mrs. Zellar. The husband was charged with homicide and Mrs. Giegar was held as a witness. Zellar reported the case to the police as a suicide, but Mrs. Giegar said that Mrs. Zellar was infuriated with Dr. Jacob Hockman, who formerly employed her as a housekeeper. In Mrs. Zellar's effects was found a note from a lawyer who promised to send Mrs. Zellar \$250 for some unknown purpose. Zellar is an engineer and his wife was a handsome woman about 34 years old.

The coroner said that he had learned enough to convince him there has been serious dissension between the husband and wife, growing out of the attentions of a physician to Mrs. Zellar.

Chicago, Sept. 10.—As the result of a savage attack in which she sustained more than forty wounds, Miss Anna Doherty, a member of one of the old times families of Kenosha, Wis., is in a critical condition at the Kenosha Hospital.

Henry Bushman, her confessed assailant, was hurried to Racine last night in a closed automobile to evade the crowds which thronged the streets. Twenty special policemen were sworn in, but proved ineffectual in dispersing the street gangs and a crowd of regular police was drawn up about the country jail with orders to prevent all persons from approaching nearer than a block.

The attack occurred yesterday. Miss Doherty was on her way home, when Bushman, who was intoxicated, accosted her. She started to run, but he caught her, gagged her with his free hand and dragged her nearly a quarter of a mile to a deserted place, where he beat her into insensibility. Miss Doherty, upon recovering consciousness, crawled painfully to the home of John Dilweg, several blocks away, and from there was taken to the hospital. Bushman, who is a plumber's helper, was found fast asleep in bed with a double-barrelled shot-gun beside him. When he was taken before Miss Doherty she identified him without hesitation.

ZU EULINBURG IS IT IS UP TO THE A VERY SICK G. T. P. PEOPLE MAN NOW

**German Prince Tried for Per-
jury in Connection With
Court Scandals is Completely
Broken Down.**

Berlin, Sept. 10.—Prince Philip Zu Eulenburg, whose trial on charges of perjury in connection with the court scandals of last year was indefinitely suspended on July 17th last, is suffering from repeated attacks of fainting, with intense and agonizing pains in the chest. The physicians in attendance on the prince are obliged to administer morphine to him continually and his condition now is one of almost complete collapse. The prince, since the abrupt adjournment of his trial on account of his ill health, has been confined in the police ward of Charité Hospital, where he is under the strictest surveillance. It is impossible to forecast when the trial will be resumed.

**Courtney Bay Borings Finished
And no Rocks Found in Any
Part That Would Prevent
Dredging and Wharf Building**

The borings at Courtney Bay have been completed and Engineer Davy, who has been in charge of the work, will now return to Ottawa and prepare his report for the government. A copy of the report will also be sent to Mayor Bullock. The result of the work is said to be eminently satisfactory, as nowhere has rock been encountered and there is nothing whatever to prevent that district being dredged and wharves being built to accommodate the growing shipping trade of the port. At one point the engineer had the men send the drill down to a depth of 54 feet and even then no rock was found.

His Worship the mayor said this morning that he intended paying in connection with Alderman Elkin, who is now in Montreal, with the view to having him call upon the officers of the G. T. P. and find out what they proposed to do now that the conditions had been found favorable for the establishment of transportation facilities.

VALUABLE PAINTING STOLEN
New York, Sept. 10.—Notices for the return of 1,000 crowns for the discovery and return of a valuable painting. The painting was stolen recently from a gallery in Vienna and is being sent out to all custom inspectors and art dealers from the Austro-Hungarian consulate general in this city. The painting is a portrait of a king and is valued at 1,000 crowns. A day or two later a cable message was received at the consulate from the prefect of police in Vienna saying that Count Marbach had offered 1,000 crowns for the return of the painting. A photograph of it has been received here and printed notice announcing the theft and offer of the reward. According to the letter of the Count to the Consul General, the painting is valued at "Many thousand crowns."

FRANK J. GOULD IS A PASSEKEAG MAN HERE ON HIS YACHT CHARGED WITH CRUELTY

**He is a Member of the Noted
New York Family and a
Brother of Princess Helie
de-Sagan.**

The big palatial American steam yacht Helene, with Frank J. Gould and a party of wealthy Americans on board, arrived in port yesterday. The Helene is flying the flag of the New York Yacht Club, of which Mr. Gould, her owner, is a member.

Mr. Gould is a son of the late Jay Gould and brother of Howard and George J. Gould. His sister, now the Princess de Sagan, was formerly Countess de Castellane, who was divorced from her husband, Count Boni, some years ago. Her recent marriage to Prince Helie de Sagan brought her considerable money in the public eye, both on this continent and in Europe.

The member of the Gould family at present in the city is of a pleasing personality, in fact, of a genial manner. His trip on the salt water has evidently agreed with him, as he looks exceedingly well, being the picture of health.

Mr. Gould bears a close resemblance to other members of the well-known family. He is down this way for short holiday trip to be free for a time from business cares.

The yacht party will take a trip up river before returning, and ports in Nova Scotia will also be touched.

**J. C. McInnis Arrested This
Morning on a Charge of
Brutally Abusing an English
Immigrant Boy.**

Sussex, N. B., Sept. 10.—(Special).—J. C. McInnis, of Passakeag, was arrested this morning by Town Marshal McLeod on a warrant sworn out by Frank A. Gerow, immigrant agent of Halifax, for brutally ill-using an immigrant boy, George Abbitte, from the Aston College Home, at Birmingham, England. The neighbors passing saw that Mr. McInnis beat the boy unmercifully, bringing blood on different occasions. They made the complaint to Mr. Gerow, who immediately took action, and also took the boy from McInnis. McInnis gave the necessary bail, and his case will be heard here before Justice Hornbrook at one o'clock Saturday. Fred M. Sproul will prosecute and Fowler & Jones will defend.

MR. RUTHERFORD SAYS THE LIBERALS WILL WIN OUT

**Premier of Alberta Expects a
Good Majority for the Present
Government West of the Great
Lakes.**

Toronto, Ont., Sept. 10 (Special).—"The country west of the lakes will, I think you will find, give the present government as large a majority as it gave in the present parliament." Thus said Hon. A. Rutherford, premier of Alberta, who is now in Toronto, in an interview.

Mr. Rutherford added that he could see no reason, so far as his knowledge of the western provinces went, for any foundation to the pretensions of the Conservatives. He said that the Laurier would meet with defeat west of the Great Lakes.

Speaking of the recent trip through the west of H. B. Ames, M.P., Mr. Rutherford said the Montreal member's campaign had been a failure, as far as interests of his party were concerned, for he had proved nothing.

A DARING ATTEMPT TO STEAL VALUABLE JEWELS

Guilford, Eng., Sept. 10.—A daring attempt was made last night to steal a number of valuable jewels belonging to Mrs. John Ward, who was Miss Jean Reid, daughter of Whitelaw Reid, the U. S. Ambassador in London, and whose marriage to John Ward took place in this city. The jewels were being brought to the latter in a separate letter to the sheriff, stating that the accused had pledged himself never again to indulge in intoxicating liquors.

His Honor Judge Wedderburn read letters of the highest commendation of the accused when not under the influence of liquor, from George B. Willett, Arthur H. Charters, and George Steffington and the Rev. P. H. Hobart, parish priest, the latter in a separate letter to the sheriff, stating that the accused had pledged himself never again to indulge in intoxicating liquors.

Sherriff Freeze reported to the court that he had arranged for a settlement between the Reid and Scott and had handed the lib over to the owner. His honor gave the accused some sound advice and suspended sentence during his good behavior.

The court then adjourned.

THIRTY-ONE WORLD'S RECORDS BROKEN AT LOS ANGELES RACES

Los Angeles, Cal., Sept. 10.—At the race meet of the Los Angeles Motor Cycle Club yesterday something unparalleled in the history of racing occurred. The breaking of thirty-one world's records and the establishment of eight new records. In the last event, a one-hour race, two local amateurs between them accomplished the feat. Raymond Seymour broke the ten, twenty, twenty-five and twenty-two mile records in the same race. J. Howard Shaffer passed him at this point and broke every world's record from 23 miles to 48 miles, establishing new records from 49 to 56 miles, and broke the world's one-hour record by 10 seconds. In addition to this, Paul J. G. Derkmund rode a quarter of a mile in 13 seconds, a feat never before achieved, but one which has no place in the record books.

While Derkmund was riding this race, his brother, who was riding the inside machine earlier in the day, lay dying in a hospital.

ELECTIONS IN WASHINGTON

Seattle, Wash., Sept. 10.—Returns from the primary election are in from complete, at least sixty per cent. of the total vote being reported. The selection of Wesley Jones as the Republican candidate for U. S. senator is assured. Related returns increase the returns of Mr. Jones over Senator Leonard Ankeny. The defeat of Senator Ankeny is a result of a fight for several years standing which has been led by former U. S. Senator John L. Wilson. There are insinuations that Senator Primrose will crowd the election of Republican governor.

HORSE THIEF OUT ON PROMISE TO BE GOOD

**Blair Le Blanc Out on Sus-
pended Sentence From Kings
County Court—Dairy Co.
Case up Again.**

Hampton, N. B., Sept. 10.—(Special).—The circuit court resumed at 9 o'clock this morning. S. H. White, the defendant in the breach of contract case, of Tilley vs. White, was still under cross examination for two hours.

The chief points brought out were in regard to the amount of stock held by him at various stages of the history of the dairy company, the amount now held by him being about \$25,000.

In regard to the Bermuda draft and irregularities of notes of employees, these and other matters of an unsatisfactory nature took place previous to the engagement of the plaintiff being objected to by Mr. White, in the latter was acting for the dismissal of the former manager.

Walter B. Mills, a director of the Maritime Dairy Co., testified that no arrangement as to a final settlement was made with Tilley when he left their service. He was told by Mr. White over the telephone that he would be treated fairly, but that everything was contingent on his being able to effect a settlement with the Sharps Separator Co. in regard to their contract and the undelivered machines.

Mr. White in the latter was acting for the company and not in his private capacity.

Nelson W. Eveleigh, the present manager of the dairy company was sworn, but evidence upon matters since the resignation of the plaintiff being objected to by Mr. Carvell, he was stood aside, and Mr. Fowler declared the defendants case closed.

The court adjourned till half past one o'clock.

At the adjourned session of the judges criminal court in the County of Kings County court this morning, Blair T. Le-Blanc, who pleaded guilty some days ago to stealing a horse and carriage, harness and rug, the property of John Scott of Cardwell, was brought up for sentence.

His Honor Judge Wedderburn read letters of the highest commendation of the accused when not under the influence of liquor, from George B. Willett, Arthur H. Charters, and George Steffington and the Rev. P. H. Hobart, parish priest, the latter in a separate letter to the sheriff, stating that the accused had pledged himself never again to indulge in intoxicating liquors.

Sherriff Freeze reported to the court that he had arranged for a settlement between the Reid and Scott and had handed the lib over to the owner. His honor gave the accused some sound advice and suspended sentence during his good behavior.

The court then adjourned.

THE GANS-NELSON FIGHT RECEIPTS

**The Gate Totalled \$18,000 of
Which Nelson Received \$7,500
and Gans Got \$5,045.**

San Francisco, Sept. 10.—The receipts of the Gans-Nelson fight were slightly in excess of \$18,000, of which Nelson received \$7,500 and Gans, \$5,045. The gate was not up to expectation, but it is believed that the Moran-Atwell contest two days before, had something to do with the falling off.

NEWS FROM FREDERICTON

**C. P. R. Strike Breakers Fined
For Carrying Gun Into The
Woods in Close Season.**

Fredericton, N. B., Sept. 10.—(Special).—Three C. P. R. strike breakers from McAdam, Oscar Carlson, Henry Landry and Thomas Ryott, were convicted at the police court this morning on a charge of carrying firearms into the woods in the close season. Carlson was fined ten dollars, with fourteen dollars costs, and the others five each, with ten dollars costs. The alternative is twenty days in jail, but the fines will probably be paid.

The charge against them of hunting game in the close season was dismissed for want of evidence.

Wm. J. Noble will leave next week for Northern Maine to commence the season's lumbering operations for Cushing & Company.

Arthur Robinson, the New York stock broker, recently injured by a gasoline explosion at his camp in the Miramichi woods, is progressing favorably towards recovery. He was badly burned about the face and hands, but will not lose his eyesight as at first reported. Burning gasoline set fire to his clothing, and he extinguished the flames by jumping into the lake.

A Squaw, named Kate Bear, was before the police court this morning for drunkenness, and on view of the court with the name of another Squaw, who supplied the liquor, she was allowed to go.

Lord Winterton, of London, and Capt. and Mrs. Martin, of the United States army, are at the Queen today en route to the Miramichi on a hunting trip.

Mr. and Mrs. Elihu Root, Jr., of New York, who have been spending the last three weeks canoeing on the Nepisiguit River, arrived at Bathurst yesterday and proceeded to Quebec.

Norman Cameron, a blacksmith, who preferred charges against Chief Winterton, returned to the city yesterday, and has promised to attend the meeting of the police commission this evening and substantiate the charges.

CASE AGAINST D. C. CLINCH UP IN THE CIRCUIT COURT

**Capt. Morrissey of Wormworth, England, on Stand
Swore He Sent Clinch \$9,000 to Buy United
States Steel Stock and Got Neither Stock nor
His Money Back.**

The case of the King vs. D. Carleton Clinch, charged with theft of \$9,000 from Captain George Morrissey, occupied to-day's session of the circuit court before Judge McLeod and jury.

Attorney-General Hazen, prosecutor, and J. B. M. Baxter defended.

Captain Morrissey, the only witness for the crown, said that he was residing at Wormworth, Eng.

He told of instructing the Bank of Liverpool to forward \$9,000 to W. H. Goadby & Co., brokers and agents of D. C. Clinch, doing business at 74 Broadway, New York City at Mr. Clinch's request. The \$9,000 was to be invested by Mr. Clinch in United States steel stock preferred.

Mr. Baxter objected to the statement about the sending of the amount by the bank to the Goadby concern.

Mr. Baxter objected to any correspondence between Goadby and Morrissey being allowed in evidence. A copy of the original cable was shown, which directed the Bank of Liverpool to forward W. H. Goadby at New York the amount specified.

The witness received a communication from Clinch acknowledging receipt of the money, but stating that he had not made a purchase of the stock, as he considered the price unreasonable.

In a later communication the accused wrote Mr. Morrissey, stating the United States Steel Corporation preferred stock shares were selling at 92 7/8, but as he expected to buy soon at 85 he allowed the matter to stand in abeyance, and if he (Morrissey) would not get impatient, everything would go all right.

The witness called Clinch shortly after as follows:

"D. C. Clinch, St. John.

"Buy steel preferred and cable amount."

"Morrissey."

A letter written on Jan. 30 was not passed in evidence by Mr. Hazen, on objection by Mr. Baxter, as a discussion of the proper mode of investing the money was the contents of the missive.

On Jan. 29, Clinch wrote to Morrissey the following letter:

"Dear Sir—I received your two cables the first asking if I bought the steel stock yet to which I replied no, not yet. A second letter on the same day stated that he Clinch had purchased the stock at 92 1/2 and was mailing certificates later. He asked Morrissey to be easy on him as he had securities which would bring him enough to make compensation.

To Mr. Hazen, I wrote to Clinch requesting the certificates or money but received nothing.

On March 21, Clinch wrote to Morrissey Sir—The sheriff has attached part of my funds with my New York agents but, I will be able to send the certificates in a month.

Do not be too hard on me. Remember that ten years ago I pulled out of a bad hole when I owed you a large amount.

On June 2, Mr. Morrissey said he left Liverpool arriving in St. John on the 15th, went immediately to Mr. Clinch's office where he asked for the steel certificates but the accused responded that he had not the documents so he could not give them to him.

He denied securing postponements of the civil action in the police court in the hope of being recompensed by Clinch of his friends. He said he was willing to drop proceedings against Clinch if restitution was made, but he never expected Clinch to be able to comply as the latter had himself informed him that he "hadn't a dollar in the world."

As far as he recollected, three of the adjustments in the police court were due to Judge Ritchie's absence in Quebec and another owing to the illness of Dr. Earle.

He left it to Clinch's judgment to invest at the most opportune time. Clinch acknowledged the receipt of \$9,000. He had heard of Goadby & Co. as agents of Clinch. He asked Clinch who seized Goadby's stocks and papers, but received no answer.

To a juror the witness said he does not owe a dollar and was never master of the bark Peokina. This closed the evidence for the crown.

Mr. Baxter moved for discharge of the prisoner, but His Honor declined to grant the request.

He further contended that this court had no jurisdiction to try the case as the money was received in the United States. His Honor cited the Chestnut alien labor case in refutation.

Mr. Baxter contended that the accused was not responsible for Goadby.

The case was adjourned until this afternoon.

J. B. M. Baxter, Attorney-General Hazen and Judge McLeod will advise the jury in the King vs. Clinch case this afternoon, and it is possible that the case will go to the jury before adjournment.

He gained of the financial stringency to shoot himself if money took action.

July 1st, witness received a letter from Clinch begging him to delay instituting proceedings against him.

To Mr. Hazen the witness stated that not at any time had he received his money or the certificates.

In the depot he had a conversation with Clinch immediately prior to the institution of civil proceedings. Clinch took him out on the platform where he declared to the witness that if "sufficient time" were given him he would repay every penny he owed."

He declined to consider the proposition as he intended prosecuting him.

Juror, "Did you do anything that brought forth the solicitations from the accused."

Witness, "No other than to ask him for my certificates." Mr. Hazen completed his questioning and Mr. Baxter commenced the cross-examination for the defense.

Witness had a good idea why Clinch interviewed Dr. Earle, who was counsel for him (Morrissey). He had instructed Dr. Earle to take action against Clinch in the police court. He denied that the latter informed him that his chattels were levied on at New York by the sheriff, which rendered him unable to secure the Steel certificates for Morrissey. He would not swear positively that he used the words "You'll either find that money or I'll go ahead with the prosecution" in conversation with Clinch.

He denied securing postponements of the civil action in the police court in the hope of being recompensed by Clinch of his friends. He said he was willing to drop proceedings against Clinch if restitution was made, but he never expected Clinch to be able to comply as the latter had himself informed him that he "hadn't a dollar in the world."

As far as he recollected, three of the adjustments in the police court were due to Judge Ritchie's absence in Quebec and another owing to the illness of Dr. Earle.

He left it to Clinch's judgment to invest at the most opportune time. Clinch acknowledged the receipt of \$9,000. He had heard of Goadby & Co. as agents of Clinch. He asked Clinch who seized Goadby's stocks and papers, but received no answer.

To a juror the witness said he does not owe a dollar and was never master of the bark Peokina. This closed the evidence for the crown.

Mr. Baxter moved for discharge of the prisoner, but His Honor declined to grant the request.

He further contended that this court had no jurisdiction to try the case as the money was received in the United States. His Honor cited the Chestnut alien labor case in refutation.

Mr. Baxter contended that the accused was not responsible for Goadby.

The case was adjourned until this afternoon.

J. B. M. Baxter, Attorney-General Hazen and Judge McLeod will advise the jury in the King vs. Clinch case this afternoon, and it is possible that the case will go to the jury before adjournment.

MULAI WILL TAKE HIS CUE FROM KAISER

**New Sultan of Morocco
Awaits German Advice Be-
fore Responding to the
Franco-Spanish Note.**

Paris, Sept. 10.—The Temps, in an outspoken editorial, declares that the only explanation of Mulai Hafid's delay in responding to his proclamation as Sultan at Tangier, August 23, is that he is awaiting the counsel of Germany.

The Temps repudiates the German semi-official statements that the Mission of Dr. Vassel, the German consul, who is on his way to Fez, is not political, and insists that the evidence is now conclusive that Dr. Vassel made a political declaration to El Kasar. It recalls the similarity between the German denials now and those made concerning the mission of Count Von Tattenbach, the former German Minister to Morocco, when he visited the Sultan in 1905, the political nature of which the white and yellow books later substantiated.

The Temps says when Dr. Vassel departed for Fez had authoritative information that the principal object of his journey was to warn Mulai Hafid against El Menebbi, the former Minister of War, because the latter had visited the French and Spanish legations at Tangier.

"Germany was discontented" says the Temps, "and for that it had despatched Dr. Vassel to enter into direct relations with Mulai Hafid. Today's rumor that Mulai Hafid intends to convoke the leading men of the country, makes the situation practically identical with that of 1905. In both cases the German agent, Von Tattenbach then, and Vassel now, encouraged the Sultan who has been counting on dissensions in Europe, to resist our demands, and in both cases, an assembly of notables served as a pretext for resistance.

The similarity in the situation might be alarming, but in the meantime, the conference of Algiers, the termination of the Russo-Japanese war, the development of Franco-English and Franco-Spanish ententes and the conclusion of a Russo-English entente enables us to review the Moroccan situation without apprehension."

Tabriz, Sept. 10.—Negotiations looking to the restoration of peace have been reopened before the Russian and the Revolutionists through the efforts of the British consul.

THE TIMES NEW REPORTER

ANOTHER OUTRAGE.

Our esteemed fellow citizen Mr. Jamesy Jones says that something must be done to rid this city of the policemen who go about the streets, getting in the way of citizens and obstructing traffic. Many of our best citizens and leading taxpayers have been jostled by these blue coats, who act as if they had a right to interfere with the pleasure of the people. One of them went up to a group of well-dressed gentlemen last evening and insolently demanded that they were blocking the sidewalk. Another eminently respectable taxpayer was told he must

not stand on the sidewalk. This is intolerable. If these characters are permitted to go about in this manner and this city council takes no action there will undoubtedly be a resort to the courts of law. It is really an evidence of great forbearance that such action has not already been taken. It is stated on excellent authority that several estimable gentlemen were actually told last week that if they did not cease shouting and dancing on the public street they would be arrested. By what right does any man with brass buttons conduct himself in this manner? Jamesy says that unless the aldermen get rid of the policemen he will go out and canvass against every one of them at the next election. What is wanted in this free country is freedom of the subject to do what he likes. Jamesy is quite hot about it.

cial event of recent years has aroused more interest than that at the curling rink last evening, when Mr. Billy and Mr. Alfie, supported by Mr. Twin and Mr. Dan, and Mr. Beth and another Mr. Billy were introduced and gave a most interesting and highly classical entertainment. The swings and jabs were greeted with delight, and the punches and sidesteps aroused great enthusiasm. When Mr. Twin swatted Mr. Dan on the mug the applause was deafening, and when Mr. Billy handed Mr. Alfie one in the bread-basket he received an ovation. Too much praise cannot be given to these gifted entertainers, and it is pleasing to be able to announce that the gate receipts were large. Every small boy in St. Stephen has his coat off today, and the general feeling freely expressed on all sides is that the town has been greatly benefited and highly honored.

GREAT SOCIAL EVENT.
St. Stephen, Sept. 10 (Special).—No so-
