LAIDLAW & CO'S LETTER.

NEW YORK, Jan. 3—Yesterday's sharp improvement in the stock market was apparently of professional origin, based upon the liquidated condition of the market and the expectation that the next few weeks would witness a rapid improvement in the money situation. The reduction in the Bank of England discount rate and the favorable November statement of the Reading road were strong supplementary factors. Current news, nevertheless, is of very uneven tenor. The recent Atchison statement and that of L. & N. this morning made unflattering exhibits, the latter emphasizing the difficulties imposed on Southern roads by legislative strictures and which resulted in a receivership for the Sea Board Air Line. Some improvement in the demand for copper is reported as the result of the all round curtailment of production, but there are now more pronounced signs than ever of reaction in the steel industry. A general reduction in the prices of steel products is expected within the next few months, and this is expected to be the forerunner of a general reaction of commodity prices. The current improvement in stock prices appears to be quite justified in view of the heavy shrinkage of values and the low range at which good dividend paying stocks are selling and it would not be surprising if the advance barring reactions proceeded further.

LAIDLAW & CO.

THE COUNTRY MARKET

The country market supply is somewhat lighter in every line than that of last week, and owing to the unfavorable condition of the roads farmers are unable to come to town. As a natural consequence poultry are not nearly so plentiful as last week.

As may have been expected, there is rather a lull in trade after the holiday rush, although there is not the slightest evidence of depression and prices in many lines may safely be regarded as in the buyer's favor.

Retail figures rule as follows:—Beef 4 to 18c. per lb.; mutton 7 to 12, veal 12 to 16, bacon 13 to 16, ham 16 to 18, turkeys 22 to 25; fowl 50 to $1.50 per pair, chickens $1.00 to $1.50, ox tails 5c. each, sausages 15c. per lb., potatoes 25c. per peck, turnips 15c., parsnips 30c., carrots 25c., onions 50c. per peck, or 5c. per lb., celery 6 to 12c. per head, lettuce 5c.

Creamery butter 35c. per lb, dairy rolls 30 to 32c., and tub butter 28 cents.

Hennery eggs are bringing from 35 to 40 cents per dozen, and cased eggs 30 cents.

Owing to the fact that the law will not allow dealers to have game for sale, nothing in this line is being shown.

NIGHT RIDERS AT WORK IN THE SOUTH

They Visited a Tennessee Town Early This Morning and Did Much Damage.

NASHVILLE, Tenn. Jan 3—A long distance telephone message to the American from Russellville, Ky., says that night riders visited that town at 12.45 o'clock this morning. The tobacco warehouse of F. G. Work & Co. and the American Snuff Co. were dynamited and burned. The planing mill of Roberts & Brown and three other smaller houses were more or less damaged. Many shots were fired and it is reported that two men, one of them a commercial traveller, were wounded, but this is not confirmed. There were between 50 and 75 masked men in the party and they were in Russellville about an hour. The Louisville & Nashville depot was threatened by the flames but escaped. The attack was entirely unexpected.

Russellville is a town of about 4,000 inhabitants and is the county seat of Logan County which borders on the Tennessee line.

It is in the heart of the "Dark" tobacco district, and but one county, Todd county, separates it from Christian and Trigg counties, the scene of the recent depredations in and around Hopkinsville. Further details were not obtainable at 3 o'clock this morning.

Donley, the Canadian trade commissioner to Mexico, who was a passenger.

The Yarmouth barkentin Lakeside, at Buenos Ayres has been chartered to load hay at that port for Para. After that she will either proceed to West Indies for salt or will sail direct to Yarmouth. Kinetic Energy

Kinetic is a good word. It means "power to make things go." A fat bank account, a rock on the edge of a hill, a barrel of gunpowder, and SCOTT'S EMULSION all contain "kinetic energy," so the professor tells us.

The bride, who was given away by Arthur Johnston, an old friend of the family, was attired in white silk, and carried a shower of white roses. Miss Jean A.
