

# J. K. FLEMMING CHALLENGES PREMIER ROBINSON TO A JOINT DEBATE ON FINANCES

The following, which was received last evening by telephone from J. K. Fleming, M. P. P., at Hartland, speaks for itself: To the Editor of The Telegraph.

Sir,—I have read in today's Sun Premier Robinson's reply to my criticism of provincial finances as it appeared in your issue of Tuesday last. The premier states that my review is "unparalleled misrepresentation," and "a flagrant insult to the intelligent people." I state, most positively, that every word of my statement is true. The premier states otherwise. The voters of New Brunswick will be at a loss to know who is right. They have a right to know; and, to give them the best possible opportunity of judging between us, I will meet Premier Robinson on the public platform in your city, and discuss provincial finances with him before the public of St. John at any time between now and election day. If the legislature is called before an election, I will discuss them with him on the floor of the legislature.

Awaiting the convenience of my friend the premier, I remain yours,  
Hartland, N. B., Jan. 1, 1908. J. K. FLEMMING.

## PEOPLE OF NOTE

**Richardson Clover**  
Rear-Admiral Richardson Clover of the United States navy graduated from the Naval Academy in 1867 and was made an ensign in 1868 and after many years faithful service he reached the rank of commander in 1897. Admiral Clover married Mrs. Mary Eudora Miller, the daughter of Senator Miller of California on May 19, 1886. He had a sea command during the Spanish-American war and did valiant service. He was connected with a number of the naval boards in Washington before reaching his present grade. He is a member of the National Geographical Society and makes his home in Washington.

a despatch from Washington to the effect that the local management has decided to farm out Charley Hickman to Toledo. It is a well-known fact that Lajoie was anxious for two years to land Hickman, and last season, when Washington asked for waivers, Cleveland declined to let the slugger out of the American League. As far as is known at this time, Lajoie intends to give Hickman a try-out at first base, and expects him to make good. Should the player fail to come up to expectations he will be carried as an emergency batter.

Even should Cleveland let Hickman out, Toledo would be the last place he would land, as Bill Armour, the Toledo manager, has for years been at odds' points with Hickman, and was responsible for the release of the player to Washington two years ago.

**MCGUIRE WILL AGAIN TRY TO LAND MACFARLAND**  
CLEVELAND, Dec. 29 — Manager Jim McGuire is expected in Cleveland this week for the purpose of straightening out the matter of signing Eddie MacFarland, the White Sox catcher, for the Boston Red Sox. When McGuire was here some time ago he failed to see MacFarland, but he said at that time that he would make another try later on.

**RAYMOND TIFT WILL STAY WITH NEW YORK.**  
NEW YORK, Dec. 29 — Raymond Tift, the former Brown College twirler, will be retained by the New York Americans. Tift resides at Somerville, Mass., where, as a pitcher for the local high school nine, he was considered one of the best scholastic twirlers ever produced.

**WRESTLING LINK IS TRIUMPHANT.**  
Shad Link of Baltimore defeated Emil Bruglio, the Polish heavy-weight, at catch-as-catch-can wrestling at the Columbia last night. Link got the first and third falls in 22 and 11 minutes, respectively. The second fall went to the Pole after some exceedingly rugged work in eight minutes.

In the preliminaries Joe Ierardi threw Kid Walker in nine minutes, Matt Dunn won over Dan King in four minutes, and Frank Miller wrestled a draw with John Flaherty.

**BILLARDS**  
An innovation in the game of billiards has recently been introduced in England in the form of a table in which the familiar rectangle shape is superseded by an oval. This development is the outcome of modern exigencies, more especially owing to the perfection of certain strokes, such as the anchor, which, once the position has been secured, enables the player to continue scoring indefinitely. Such a position of a certain position has rather depreciated interest in the game, and the study of angles resulting in what is known in the billiard parlance as top-of-the-table play has rendered the game somewhat monotonous to follow when two skilled manipulators are pitted against one another.

In order to obviate such unvarying repetition, the present table has been evolved, as thereby a more open game is assured. Though popularly described as oval, the shape is really arched, and it is constructed by the arcs of two circles of fixed relative sizes, which approach the figure of an ellipse. This method of construction is essential in eliminating the difficulty in finding the angle vertex on the ever-changing curve of the oval or ellipse.

**ST. STEPHEN APPOINTS A WATER COMMISSION**  
St. Stephen, N. B., Jan. 1.—(Special)—The town council held its annual meeting last evening. For some time it has been considering the appointment of a commission to manage the new water works system. The commission was appointed, and consists of Mayor Teed, who is appointed for one year; F. E. Roe, for two years, and Councillor A. A. Laffin for three years.

At the expiration of each of the above terms, an appointment will be made to fill the vacancy. The council has delegated power to this commission to appoint a superintendent of the water system, and Councillor Laffin will receive the appointment within a few days. The salary will probably be \$1,200 or \$1,500 a year.

Mayor Teed's acceptance of the commission will probably retire him from the office of mayor at the close of the present term, the last of January. Councillor Laffin will also retire as a representative from Dukas ward.

Samuel Topping fell on the side walk this morning and fractured his hip bone.

**Cottage Lots to Be Given Away.**  
Would you like to secure a cottage lot on the St. John river for an investment of \$1,000? The plan of the Prince's Beach Company is to give away this month, six large lots valued at \$400. Read the ad today on page 5. Study the January literature and see if you cannot supply a line that will win a prize. You also have a chance to win a house and three lots valued at \$2,500.—The Prince's Beach Company.

## GOVERNMENT TO EXTEND WHARVES

### The Request of the Civic Delegation to Ottawa Has Been Granted.

Ottawa, Jan. 1.—(Special)—Dr. Pugsley informed your correspondent today that the dominion government had acceded to the request of the St. John civic delegation that visited Ottawa recently in connection with the St. John harbor. The delegation was headed by Mayor Sears, and the proposition of St. John city was for extensive harbor improvements, principally to build from the new 600-foot wharf out to the harbor line, the city to give the land. Dr. Pugsley has just been able to get the matter through the council.

The mayor was informed yesterday of the decision of the government in the following telegram from Dr. Pugsley:

Ottawa (Ont.), Jan. 1.  
Mayor Sears, St. John (N. B.):  
As I have informed you by letter today, the government has decided to grant the request of the common council recently presented for the building of wharf extension Sand Point. The extension which we are just entering will be one of great prosperity for St. John, and that another important forward step will be taken toward the working out of its destiny as one of Canada's great ocean ports. I wish you many happy returns of the New Year.

WILLIAM PUGSLEY.  
In reply, his worship sent the following message of congratulation:

St. John (N. B.), Jan. 1, '08.  
Hon. Wm. Pugsley, Minister Public Works, Ottawa (Ont.):  
I heartily congratulate you and the citizens of St. John and the dominion on the success of your efforts in behalf of our port in securing the government's determination to extend our wharves by building the wharf extension, etc., for us at Sand Point. From the bottom of my heart I wish you a happy and prosperous New Year. Thank the cabinet for me for this New Year's gift.  
EDWARD SEARS, Mayor.

In carrying out the proposition submitted by the delegation the dominion government, after receiving a conveyance of the site for the proposed extension, will extend the southerly face of the 600-foot wharf between 400 and 500 feet to the harbor line. Facing the harbor the extension will run a distance of 200 feet and will then turn westward to be joined to the existing wharf on the one side and the southerly side of the 600-foot wharf, a distance of about 830 feet. Provision will thus be made for two additional berths.

On the southerly side facing Sand Point the total length in a straight line from the angle of No. 5 will be nearly 1,100 feet, which will give one new berth in addition to the one the city is now building, and accommodation will be provided for two steamers of about 550 feet each. On the northerly side the berth will be 630 feet long, ending at an angle, the remaining 200 feet connecting with No. 5.

The city stipulated in the proposal that the government should not charge lower rates than at the other wharves, but in opinion is generally held by the members of the delegation that the government will hand over the management and control to the civic authorities and that the revenues after providing for maintenance and general expenses, will eventually become an addition to the city funds.

The cost of the improvements, including warehouse, is estimated at between \$250,000 and \$300,000. It is thought probable that tenders will be called for construction at an early date so that the work may be taken up next season.

The plans will necessarily be prepared by the department of public works, but whether the present form of crib work will be continued has yet to be decided. There is said to be a possibility that a concrete superstructure terminating about low water mark may be the style adopted.

## A TREAT FOR THE BOYS

### The Father Matthew Association Visits Industrial School.

The boys of the St. Patrick's Industrial School, Silver Falls, were yesterday entertained to a Christmas tree and treat by the members of the Father Matthew Association. A large number of friends drove out, including His Lordship Bishop Casey, Rev. A. J. Duke, C. S. R., Rev. J. H. Borgman, C. S. R., Rev. M. J. Maloney, C. S. R., Rev. E. J. Holland, C. S. R., Rev. D. S. O'Keefe, His worship Mayor Sears, Miles E. Agar, president of the Father Matthew Association, and a large number of the members. The entertainment was opened with a Christmas carol by the children, followed by short address by His Lordship the Bishop, Rev. Father Duke, Mayor Sears and M. E. Agar. A musical programme by the members of the Father Matthew Association was then carried out by Mr. McMahon, Michael Morris, Miss Mullin, Miss Josephine Fitzpatrick, Edward McCourt and David Higgins. On the conclusion of the programme the good things on the tree were distributed among the children. His Lordship and the visiting dinner, Rev. A. J. O'Neill, pastor at Silver Falls, and Sister Patrick, who is in charge of the Industrial School, were heartily congratulated on the appearance of the boys and the general success of the work.

## The Wise Men.

It was in a grocery store in a Long Island village, and a dozen of us were sitting around the red-hot stove of Skinner's grocery. Of course, the talk was of the hard times, and Uncle Ezra Schenckhorn drew a long breath and said: "Gentlemen, I saw this coming at least seven years ago, and sounded note of warning. I told the people of the country there was too much speculation." There were murmurs of approval, and then Deacon Hotchkiss shook his head in a solemn way and observed: "I don't care how much bread I have wasted in telling the people that the era of prosperity could not last, and that it was bound to be followed by these hard times." There was a moment of silence and then Job Livingstone, who owns the only

Sitting around the red-hot stove.

sandpit for miles around, nodded his head and added: "Aye; any man of acumen could see it coming. The country was speculation-mad. Everybody was plunging. The only wonder is that the panic held off so long. There are plenty of men here tonight that I told to go slow more than three years ago." Two or three of the sitters remarked that they had been warned by him, and then Uncle Philetus Smith had his say: "Five years ago Dan White came to me to borrow a dollar. I told him that we were in for a panic and to get ready for it. Why, gentlemen—"

"Just then a boy came running in and said that Abner White's woodshed was on fire, and while we sat dumb for a few seconds Peter Williams called out: "Holy smoke and tall catnip! But I predicted this very thing nine years ago and have been looking for it every night since!"

ONLY THREE BARRELS.  
A Milwaukee man tells a short story illustrating the high estimate placed by the German citizens of that city upon sauerkraut, as a food staple.

A friend was talking to the Teuton about the high price of cabbage at the time, when the latter replied:—"Yes, dose cabbage is high awful! My wife she used to put me up seven barrels of sauerkraut every year. Now it is mooch different. We can afford to haf three barrels only."

"Only three barrels, Hans?"  
"Yes, only three barrels. Choost enough to have on hand in case of sickness."—Exchange.

## ALGONQUINS AND ST. ANDREWS TONIGHT

A Championship Basket Ball Match Which Will Be Well Worth Seeing.

A basket ball game which is arousing considerable interest is tonight's contest between the Shamrocks of St. Andrews and Algonquins of St. John in the Algonquin gymnasium, Metcalf street, at 8 o'clock. The teams are two of the fastest in the province and the match should be an exhibition of real basket ball. The St. Andrews men arrived last night and are at the Clifton. Two players, Rigby and Woods, formerly of the Shamrocks, will not doubt give good account of themselves. The teams will be:  
Shamrocks. . . . . Algonquins.  
Forwards. . . . . C. C. McIntyre  
Rigby. . . . . Chase  
Centre. . . . . A. McIntyre  
Defence. . . . .  
Woods. . . . .  
Burton. . . . .  
Clark is with the St. Andrews men as a substitute. Emery, of Carmarthen street, will referee the game tonight.

## CURLING

Thistles on Howe's Lake.

Owing to the soft ice there was little curling at the rink yesterday, though St. Andrew's had one scratch game.

The Thistle curlers had an outdoor bonnet themselves to Howe's Lake and the annual match between the president and vice-president rinks was begun. The two rinks under the president's colors came out ahead with a total of 36 over the vice-presidents, who totalled 25.

The rinks were:  
Presidents. . . . . Vice-Presidents.  
George Warwick. . . . . C. J. Milligan.  
J. Morrison. . . . . F. Watson.  
F. C. Myers. . . . . H. C. Olive.  
J. Fred Shaw. . . . . J. C. Chesley.  
H. G. Barnes. . . . . J. S. Gregory.  
M. Smith. . . . . A. G. Stevens.  
A. D. Malcolm. . . . . D. R. Willett.  
J. W. Holly. . . . . J. A. Sinclair.

A Prefecture Match.

Frederick, Jan. 1.—(Special)—The curling match between the president and vice-presidents rinks today resulted as follows:  
Presidents. . . . . Vice-Presidents.  
R. Randolph. . . . . J. A. Winslow.  
F. C. Myers. . . . . S. Simmons.  
L. G. Barnes. . . . . C. H. Randolph.  
H. G. Barnes. . . . . J. S. Gregory.  
Hawthorne. . . . . W. Wilson.  
Hatt. . . . . T. Tibbitts.

Total. . . . . 77. Total. . . . . 67.  
On Christmas day the vice-presidents led by 11 points, so the final result gives them one of a lead on the two days' play.

St. Stephen Match.

St. Stephen, Jan. 1.—(Special)—Today is generally observed as a holiday and all places of business are closed. The curlers enjoyed the first match game of the season, fourteen ends, against vice-presidents.

President. . . . . Vice-President.  
W. E. Grant. . . . . Frank Murchie.  
Beverly Stevens. . . . . Sam Hyslop.  
J. E. Ganong. . . . . John Black.  
Col. Chapman. . . . . Andrew Mungall.  
Rev. G. M. Young. . . . . Archdeacon Newn.

Total. . . . . 62. Total. . . . . 51.  
President J. E. Ganong was the victor by 11 points.

## Is Your Daughter Strong and Healthy?

Never before was physical health and vigor so highly esteemed and so eagerly sought for as today. No man finds happiness in a sickly wife, and the woman who wishes to enjoy the pleasures of life should spare no effort to maintain perfect health.

It is pertinent, therefore, to ask if your daughter is growing up strong and ruddy? Has she strength to drink in greedily all the pleasures that youth so zealously seeks and which only youth can thoroughly enjoy; or is she compelled to use the street car instead of enjoying the delightful exercise of walking—does she after the ball arise refreshed and vigorous, or is she exhausted, indifferent and perhaps irritable?

When strength and vigor can be so easily maintained by Ferrozene, when the glow of health is so quickly brought to the cheeks and elasticity to the step, it is plainly a mother's duty to see that Ferrozene is on hand to assist her daughter back to health.

Upon the wake of Ferrozene quickly follows a stream of rich, nourishing blood which imparts that power and surplus energy so earnestly desired by those in ill-health. Stop and think what this means for your daughter—certainly a great deal. Every growing girl and young woman derives enormous benefit in many ways from the nutritive, vitalizing tonic. Ferrozene is free from alcohol and perfectly safe to use. Prepared in the form of a chocolate-coated tablet and sold in 50c. boxes, or six for \$2.50, at all dealers, or by mail from N. C. Polson & Co., Kingston, Ont., or Hartford, Conn., U. S. A.

## BOWLING

Two turkeys were given away on Black's alley yesterday. E. Cowan, the veteran bowler, rolled a score of 115 and carried off the honors at bowling. S. McKel captured the bird offered on the shooting gallery with a total of eight bulls out of fifteen. On Friday evening the monthly roll-up for the derby had will be held. Nineteen competitors have qualified.

## MORAN AND ATTELL DRAW

### Englishman Makes Whirlwind Finish.

Colma Arena, San Francisco, Jan. 1.—Owen Moran, champion featherweight of England, fought 25 rounds to a draw today with Abe Attell, champion of America. Moran was strong and aggressive, quick as a flash and kept Attell all the time. Attell had plenty of opportunity to show his cleverness in keeping away from the rushes of the Briton.

Attell's punches seemed to lack force and he found it difficult to land a blow on a vital spot. Moran's eye was blackened and his nose bled, but punching blows to the stomach and swings to jaw were lacking. Moran's plan was to lead with right or left and then close in the clinch. He fought viciously, but he did not do Attell much harm.

The final round was most exciting. Moran seemed to take on new vigor and with head down he went at Attell, swinging rights and lefts. When the going rang for the stop both men kept on fighting fiercely. Referee Jeffries had to separate them.

Jeffries' decision was received with approval. There came near being no fight owing to the fact that Moran was two ounces overweight. Attell had to be paid \$250 for this overweight before he would consent to go into the ring.

Moran's manager said the Englishman had found it extremely difficult to get down to weight and that at 11 o'clock this morning he was compelled to do two miles of vigorous road work.

While interesting, the fight was not particularly exciting and did not come up to the standard of a championship contest. Between 7,000 and 8,000 persons witnessed it.

Referee Jeffries said that the fight was so close that he found it impossible to decide for either man. He thought Attell slightly the better on points, but not enough to justify a decision in his favor.

No match in years between small men aroused so tremendous an interest locally as the contest between Attell and Moran, and despite the many counter attractions, the attendance was a record-breaker for a fight of this kind.

Moran arrived from San Rafael this morning at 9 o'clock and sought quarters close to the arena, where he remained until weighing-in time.

Attell was also early, and advised his friends to wager their money on him.

Neither man did any work today and each announced that he had experienced no difficulty in making the required 120 pounds, two and one-half hours before the fight began.

Attell had been under weight for several days, but the Englishman was not quite so fortunate and his tapering off exercises were of a more strenuous nature.

Betting on the outcome continued brisk all the morning. The seconds of the fighters were announced as follows:  
For Attell—Battling Nelson, Kid Farmer, Monte and Caser Attell.  
For Moran—Melicks, Tiv Creling and Prof. Jim Kelly.

## THE RING

NEW YORK, Dec. 31.—Billy Glover of Boston easily outpointed Jeff Dougherty in a six-round bout at Brown's gym tonight. In the early rounds Dougherty

## BASE BALL

### BIG PRICE FOR THONEY

What a remarkable baseball career John Thoney has had. Two years ago Garry Herrmann of the Cincinnati Club had Thoney on his reserve list and let him go for a song. Before that Thoney was with the Cleveland team and Lajoie let him go to New York. Clark Griffith sized him up as a misfit and Thoney drifted back to the minors. Now he has the honor of having had more money paid for him than any player in the history of the game.
