OFFERS $1500 FOR CHURCH IN INDIA

T. S. Simms Makes Generous Offer to Baptist Foreign Miission Board

T. S. Simms has offered $1,500 to the Foreign Mission Board of the United Baptist Church for the purpose of building a church in Vizianagram, in the Telegu mission, India. The offer was read at a meeting of the board yesterday and gratefully accepted. The donation will be made in three yearly payments of $500 each. The building committee is preparing plans for a suitable building.

Rev. George Churchill of Nova Scotia, one of the missionaries in India, was reported seriously ill. Miss Elizabeth Churchill, his daughter, was accepted as a missionary to India.

SAYS POLE WILL NEVER BE FOUND

Capt. Mikkelson, Arctic Explorer Talks of the Dangers of Polar Research

Victoria, B. C, April 1.—That the North Pole will never be found and that the attempts of Peary, Varicle and the other explorers whose vaulting ambition is the great discovery of the centuries are merely foolish risks, is the belief of Captain Ejnar Mikkelson, the Arctic explorer who headed the Anglo-American expedition to seek a vast continent believed to exist in the Beaufort Sea, the most northerly body of water on the face of the globe.

Captain Mikkelson is on his way out from the far north, where his vessel was wrecked in the ice pack, and had made the long "mush" out from Herschel Island by way of Nome and Fairbanks to Valdez, when disaster again overtook him. He was one of the unlucky passengers on the Saratoga when that vessel crashed on a sunken reef off Busby Island a few days ago, the passengers being saved by a passing coaster and taken back to Valdez. In the opinion of Captain Mikkelson it is folly to spend great sums of money in annual exploration parties whose quest is the elusive pole.

"Under the conditions," said Captain Mikkelson, "it is absolutely impossible to carry the necessary scientific instruments over the ice on sleds, and without the proper instruments, observations are out of the question, and penetration to the farthest north a wasted accomplishment.

Captain Mikkelson is now on his way to the Pacific coast from the north, and will go directly to New York and London, where, in a series of lectures, he will report on the results of his work. In an interview in Fairbanks, Alaska, where he was honored with a big reception, he said in regard to the expedition:

"One of the most important features of the expedition was the finding of the depth of the ocean. From certain indications I have gained the conviction that there is a vast continent above Alaska in the vicinity of the Beaufort Sea that never yet has been penetrated. To locate this archipelago I find it will be necessary to use a ship. At first I thought we could make the trip overland from Herschel Island, but after travelling some distance northward from that point we came to open water—a great body of water.

"I am more confident than ever of success in this undertaking, and while I am in the east I will make arrangements for the purchase of a staunch craft that will be able to combat the ice floes in the polar seas."

WILL KEEP HIM ANOTHER YEAR

Water and Sewerage Board Decides to Retain Services of Engineer Hunter

At a meeting of the water and sewerage board last night it was decided that the services of Engineer Hunter be retained for another year. A new sewer in Wright street, estimated cost $3,700, was recommended. A delegation of citizens was heard, asking that the testing of No. 2 pipe be continued. The board of trade wrote along the same lines.

Engineer Hunter expressed the intention of continuing the tests as soon as the frost is out of the ground.

The chairman said that if repairs are not made soon by some one at the Marsh bridge there will be a flood which will be the most costly thing the city ever knew.

The director was instructed to report on the cost of a sewer in St. James street, west side, and also in Douglas avenue.

It was decided to call for tenders for the sale of land owned by the city back of Grand Bay, tenders to close in sixty days. The land was acquired with the Mispec pulp mill. It is partly in Kings and partly in St. John county.

A petition received from the provincial hospital authorities, asking leave to make a duplicate connection with the 24-inch main was granted.

Some minor matters were dealt with.

LOST IN THE ALPS

Excellent Production by the Myrkle—Harder Company at the Opera House

In "Lost In the Alps" at the opera house last night the Myrkle-Harder Company made a decided hit. The bill is one of the best they have put on during their engagement. It is a four-act comedy drama, treating of the injustices practised in Russian officialdom. The piece affords splendid opportunity for costuming, which is taken full advantage of. The scenery used indicates the complete line carried by the company.

As Alexis Karatoff, a Russian officer, pardoned from Siberia, but persecuted by Russian officials, Mr. Mansfield did full justice to the part and received unstinted applause. Miss Myrkle in the role of Gretchen, a peasant, was winsome and had the audience with her throughout. Clare Evans as Hans Opperheimer handled the comedy role in excellent manner. As Nicholas Barosky, John Bertin gave a good rendition of a brutal officer. The other parts are all in good hands and the specialties excellent. "Lost In the Alps" will be repeated tonight.

THE PARKER CASE

The Parker case was resumed in the police court yesterday afternoon when five witnesses were examined for the defence, all of whom contradicted Mrs. Millicent Parker and William Rogers for the prosecution.

The evidence was to the effect that Mrs. Parker had given $10 to Wm. J. Parker as a loan after having failed to get it changed in order to lend him $5 he asked for. Mr. Rogers was present at the time and the money was given to Alice Parker, as testified to by witnesses for the prosecution.

Mrs. Ralph Cobham testified to taking the money back to Mrs. Parker, and of her refusing to take it.

Judge Ritchie intimated that he would send the defendant up for trial. The case will be resumed on Tuesday at 2 o'clock.

HALIFAX BUSINESS MAN DROPS DEAD

George Stairs, a Director in Many Concerns, Stricken While Talking to Nephew.

Halifax, N. S., April 1.—The sudden death this afternoon of George Stairs, managing director of the Consumers Cordage Company, came as a painful surprise to the business and social community. Mr. Stairs had had a slight attack of grip last week, which confined him to the house for a few days and prevented him attending the annual meeting of the Nova Scotia Steel and Coal Company, of which he was a director, but otherwise he had been in apparently good health. This afternoon about 4 o'clock he called at the office of the Royal Securities Corporation, of which he was president, and was in conversation with his nephew, Gilbert S. Stairs. It was observed after they had been talking for a little while that Mr. Stairs was speaking more slowly and in a lower tone. Then he fell over in his chair and in a moment was dead. Mr. Stairs in addition to holding directorships in the companies previously mentioned, was director of the Union Bank of Halifax, a meeting of which he had attended on Monday. His wife predeceased him fourteen years. Five children survive. No man in the business life of Halifax was more highly esteemed than Mr. Stairs.

DELAYED BY DERAILMENT

Moncton, N. B., April 2.—(Special.)—The main line of the I. C. R. was blocked about three hours yesterday at Calhoun's on account of an engine on Melanson's west-bound special being off the track at the switch. The west-bound C. P. R. was delayed one hour and forty minutes.
