ST. JOHN, N. B., TUESDAY, JULY 6, 1909

EIGHT PAGES—ONE CENT

ORANGEMEN WILL HAVE GREAT TIME ON MONDAY

Celebration of "the Glorious Twelfth" This Year Will Be the Greatest St. John Has Ever Seen—2,500 Followers of King William Will Be in Line—A Stand for Temperance

Always strongly supporting the cause of temperance, the Loyal Orange Association has this year come out stronger than ever in its favor. At the big Orange demonstration to be held here on July 12th, any member of the order seen under the influence of liquor will be summarily dealt with by his lodge, and, if at all disorderly, will be at once handed over to the police. With a probable attendance in St. John on Monday next of 2,500 followers of King William in regalia and with the hundreds of visitors who will come to the city for the day, it will be necessary to maintain perfect order and the officers of the St. John county and district lodges, together with the representatives from the subordinate lodges who have the celebration in hand, are entitled to much credit for the complete arrangements made.

Everything is now practically perfected except the order of procession, and this can not be arranged until almost the last minute.

There will in fact be several processions in St. John on Monday. In the morning the visiting lodges, with bands of music, will be pouring into the city by boats and trains. Special excursion rates will be given on the L. C. R. and C. P. R. and in many instances special trains will be chartered. It is expected 500 Orangemen will be present from York and Carleton counties, with a like number from Westmorland, Albert and Kent. North Shore Orange lodges will send about 150 men. Charlotte County and the border lodges will probably send 250 more, while St. John county, east and west, and the St. John city lodges, are expected to turn out about 600. It is also expected that lodges from Digby and other bay ports in Nova Scotia will be represented, while the Royal Black Knights of Ireland and the Royal Scarlet Chapter of the province will turn out in all their gorgeous uniforms. As for music, it is expected there will be from 15 to 20 bands in the grand procession. Numerically and from a spectacular standpoint, next Monday's procession is expected to be one of the greatest ever held in eastern Canada.

The morning will be occupied in the arrival of outside lodges. These will arrive at the Union depot over both the L. C. R. and C. P. R. lines between ten and 12 o'clock. Headed by their bands they will proceed to the Barrack Square. The Lorneville representatives will arrive in a flotilla of motor boats about 10:30 Monday morning. In the afternoon the city lodges, preceptories and chapters will assemble at their respective lodge rooms and each unit with bands, banners and full regalia will proceed to the Barrack Square.

The steamer May Queen will make a special trip bringing the brethren from the Grand Lake section. She will leave Sydney at 4 a. m. on Monday arriving in Indian town at 1 p. m. in time for the procession.

TWO MORE BIG NEWS FROM GOLD FINDS FREDERICTON

British Columbia Has Two Important Placer Gold Discoveries—Gold as Coarse as Wheat

Victoria, B. C., July 6.—(Special)—By a freak coincidence, two placer gold discoveries, both of which promise important gold mining camps, have been made almost simultaneously within a day's travel respectively of British Columbia's two chief cities, Victoria and Vancouver. Seymour Creek, where J. L. Marriott, an Australian, has made a lucky strike, is but five miles distant from the first named provincial city, and already it is stated virtually to its source. Marriott and his seventeen associates have been panning five weeks near Seymour Canyon, the gold running 20 cents to the pan. The Vancouver discovery is at Port Renfrew, on the southwestern coast, just across from Leechtown. The new finds are on the Sombrio River, seemingly a continuation of the same deposits which at Leechtown returned \$60,000 in the first month's working. It is claimed there is plenty of gold there as coarse as wheat.

A member of the reception committee will meet all trains and boats.

The county masters and directors of ceremony of each company on arriving in St. John will report at once to J. King Kelley, county master of St. John, or any member of reception committee.

Refreshments will be served on Barrack Green and dinner will be served in exhibition building by a strong committee from one of the local churches from 11 to 1 o'clock.

The procession will start from the Barrack Square at 1:30 p. m. It will be headed by a platoon of police followed by Dr. A. W. MacRae, Right Worshipful Grand Master, who, mounted on the conventional white charger, will represent King William (Prince of Orange) from whom the order takes its name and whose victory over James at the Battle of the Boyne in 1690 is celebrated on July 12th. County, district and primary lodges, preceptories of the Royal Black Knights, and Royal Scarlet chapters will follow and it is expected over 125 primary lodges will be represented. Grand lodge officers, invited guests and old members in barouches will complete the parade.

The route of march will be through the following streets: Carmarthen, Broad, Charlotte, King, Dock, Mill, Main, Durham, Victoria and Adelaide, Paradise Row, Wall, City Road to Victoria. It was announced that the Cursey case having been stood over from the last term would take precedence over the others and C. N. Skinner, proctor for Mr. Cursey expressed the opinion that it would be disposed of by Thursday.

Application was made for an execution against Mr. Cursey for non-payment of \$75 a month alimony, ordered by Judge Gregory last term. Mr. Skinner explained that Mr. Cursey had not paid the amount due and was in arrears. His Honor made an order that the amount in arrears be paid into court by Friday otherwise an execution would issue.

Mr. Skinner intimated that the money would be forthcoming.

It was agreed to stand the remaining cases on the docket over until Tuesday next.

Dr. Thomas Walker was called as the first witness, and repeated the evidence he gave at the previous hearing. About three years ago he noticed that the relations between Mr. Cursey and his wife were not what they should be. He never saw them engaged in a quarrel. Witness was still on the stand when court adjourned.

Peter J. Hughes asked to have the bill dismissed in the St. John case of John A. L. Jungberg vs. Rose N. Jungberg, on the ground that the couple had become reconciled. His Honor took time to consider.

The local government met at ten o'clock this morning.

A committee composed of Messrs. Hazen, Maxwell, and Morrissey was appointed to consult with the St. John Street Railway Company in regard to running cars over the Suspension Bridge.

Members of the executive will probably go to St. John tomorrow night.

YORK MUNICIPAL COUNCIL WILL MAKE PREMIER HAZEN AID VALLEY RAILWAY PLAN

Warden Hinchey Calls Upon the Residents of York to Demand a Railway From "The Powers That Be"—New Brunswick's Most Pressing Need at the Present Time.

Fredericton, N. B., July 6.—(Special)—York Municipal Council met in semi-annual session here this morning.

The proceedings opened with prayer by Rev. J. H. MacDonald, after which Warden Hinchey delivered his annual address. He spoke of the recent forest fires, and expressed the hope that settlers when clearing land would take every precaution to prevent fires from getting beyond control.

Referring to the St. John Valley Railway project, the warden said: "I am firmly convinced that a railway down the valley of St. John is New Brunswick's most pressing need at the present time. This is too important a question to be made a political football of, and I trust that the Dominion and local governments will at the earliest possible moment grant the necessary financial assistance to some company which will undertake the construction of the road."

"It is a most regrettable thing as I view it, and as I hope you gentlemen view it, to see thousands of people who inhabit one of the oldest settled portions of this continent, compelled today to resort to the most primitive transportation methods. This is not as it should be, and it is our right and our duty to demand a railway from the powers that be."

Secretary Treasurer Bliss reported receipts for six months ending June 30th, as follows: \$17,430.42, and expenditures, \$13,330.50, leaving a balance of \$2,099.92. Receipts on the road tax fund were \$8,950.72, expenses \$2,342.64, leaving a balance of \$6,608.08. Cash balance in the bank on June 30th, \$8,028.94.

Mr. Bliss reported that in eight years the debt of the municipality had been reduced from \$15,400 to \$3,800, and would be washed out in two years.

Coun. Green, who was elected for Mr. Adams, in succession to Dow. Boone, will take his seat this afternoon.

A business meeting of congregation Brunswick Street Baptist Church was held last evening to consider tenders for enlarging and improving the church. During the evening a deputation from George Street Church appeared and asked that their action be deferred until the question of amalgamation of the two churches might be considered. It was decided to defer action on building improvements until Tuesday evening next.

Gloucester, N. S., July 6.—(Special)—The strike inaugurated this morning by the U. M. W. brought out a large majority of the Dominion Coal Company's employees. Estimates differ as to the exact number affected, but it is safe to say that 75 per cent. of the men are out.

Domination No. 16 is closed. At Nos. 2 and 9 not more than one hundred men are at work, although those pits employ about 1,600 men. At Caledonia and No. 4, about seventy men turned out and these mines employ about 900 men. At Dominion and Reserve the mines are doing well. The first named place, according to the coal company, 450 men are working, while the U. M. W. say not more than 250 are in their places. At Reserve mine the workers claim half the men, which number about 900 or 1,000. The P. W. A. claim much larger proportions are at work.

Two of the coal company police were arrested, on a warrant this morning charged with assault. Barring this slight unpleasantness there has been nothing of an unpleasant character.

Montreal, July 6th.—(Special)—F. L. Wanklyn, vice-president of the Dominion Coal Company has received a telegram from General Manager Duggan at Sydney reporting that conditions are better than expected. The strikers, says Mr. Duggan, have been noisy, but orderly, and the collieries in operation are turning out half of the usual output.

The trip of the president from Norwich to New York furnished no little excitement when one of the windows in the day coach, acting as a buffer between the private car Mayflower and the engine, was struck with a missile and sent splinters of broken glass flying through the car. A freight train was passing at the time and a large lump of coal slipped from one of the cars and was hurled by the momentum of the train against the window. A trainman sitting nearby was badly frightened but suffered no serious injury.

It will be attended by the representatives of three great nations, Great Britain, France and the United States, and at it President Taft is expected to deliver his principal speech. He may also speak briefly at the Plattsburg ceremonies tomorrow afternoon, where Senator Root will be the orator of the day. The French minister, M. Jusserand, is among the guests from Washington who will spend the day in and around Burlington, Vt., leaving there early Thursday night in order to reach Washington Friday afternoon.

The description of the alleged murderer of Elsie Sigel was age approximately 30, height 5 feet 4 in.; weight, 125 pounds, slender and unhealthy, Americanized in dress and hair. It was mentioned that he had a predilection for tying his shoe laces toward the toes of the shoes and preferred Chinese silk shirts. It was stated that he frowned often.

A glance at the newcomer disclosed that his shoe laces were tied downward and cloth that resembled silk or silken peeked forth from beneath his waistcoat. He was in the vicinity of thirty years of age and was in the neighborhood of 5 feet 4 inches tall and to cap the climax, would weigh not more than 125 pounds. He was slim and delicate looking and his hair was trimmed in American style. He grimaced repeatedly but none would venture to designate the facial contortion, a frown.

However after he recovered his composure it was ascertained that he did not intend to give himself up to the police for the murder of Elsie Sigel but desired the services of a policeman to locate a youngster who demolished a window in his laundry on Carmarthen street.

ALMOST READY TO CLAIM THE BIG REWARD

But Unfortunately the Chinese Visitor to Police Headquarters Today Was Not Leon Ling But an Inoffensive Laundry Man.

Just as fame and monetary reward were within their grasp at noon today the hopes of the police, who believed that Leon Ling the fugitive New York murderer was within their grasp evaporated like mist.

Shortly prior to twelve o'clock a faint rap on the door of police headquarters evoked from within an invitation to enter the police sanctum. Responding to the invitation was an effeminate appearing Chinaman who approached the detention room as if optimism was a lost virtue with him.

The description of the alleged murderer of Elsie Sigel was age approximately 30, height 5 feet 4 in.; weight, 125 pounds, slender and unhealthy, Americanized in dress and hair.
