

Knit-to-fit
REGISTERED & PATENTED

Combination Suits

Ladies delight in these perfect fitting undergarments. They are *knitted* all in one piece—not cut to fit—and have no clumsy seams to irritate the skin. The special weave at throat and around the waist (as illustrated) shows how the Knit-to-fit Suits prevent that uncomfortable "bunching."

Silk hand crochet around neck and down the front, cuffs and ankles.

All sizes—all weights—in all fabrics from silk to cotton. Write for illustrated catalogue if your dealer does not handle Knit-to-fit.

THE KNIT-TO-FIT MANUFACTURING CO.
322 Papineau Avenue, - - - Montreal.

GOOD ADDRESSES AT EVERY DAY CLUB

Rev. David Lang and E. T. C. Knowles Were the Speakers at the Afternoon and Evening Meetings Yesterday.

"It is good for a man to bear the yoke in his youth." This saying was made the text of an impressive address by Rev. David Lang at the Every Day Club last evening. There was first the yoke preparation, and the speaker by clear illustration set forth the need of proper training of the physical and mental faculties. The reason there were so many men unable to get work was that they had not trained themselves to do any one thing well.

Then there was the yoke of self-control. A man must not only develop his powers but have them under subjection. Some of the greatest failures in life were men who had great powers but lacked self-control.

The third yoke was that of religion, which supplemented and strengthened self-control, and led men to exercise their powers for the benefit of mankind.

Mr. Lang referred to two classes who have wrong conceptions of the meaning and purpose of life. One, at the top of the social scale, might be found at card parties, theatres and the like, ever seeking some new pleasure; the other, at the bottom, is seeking pleasure in gross dissipation. He also referred to the "goody-goodies," who were such because they lacked the capacity to be anything else.

The musical programme was especially good. Besides the hymns there was a solo by E. W. Bonnell, and two selections were sung by the Exmouth street male quartette.

That man should develop and make the best of his faculties for the benefit of his fellow men was the basis of an admirable address by E. T. C. Knowles at the afternoon meeting. He began by pointing out how much was lost in the material world through waste. He took the waste of forest wealth as an illustration, and quoted striking figures. He also contrasted a small German town, whose municipal expenses were paid by its forest reserve, with one of equal population in Minnesota, which wasted its timber wealth and was eventually destroyed by a carelessly set forest fire.

Mr. Knowles next took up the waste of natural resources in corn, barley, oats, wheat, etc., used in the manufacture of liquor, and then dealt with the waste of human energy, the misery and the debasement of manhood caused by the drink habit. He applied to individuals the lesson derived from the facts set forth, and appealed to his hearers to disregard any past failures and with courage and determination win success in the pathway of good citizenship.

B. L. Sheppard, who presided, said that the Every Day Club had changed the point of view of quite a number of men in their outlook on life, and had made them feel more strongly their duties and responsibilities.

The president referred to the paralysis of the street which seized upon so many young men and resulted in habits of idleness and intemperance. Roy Dixon sang a solo and several hymns were sung.

COASTING ACCIDENT ON WEST SIDE HILL

Another coasting accident occurred in Duke street, Carleton, on Saturday evening, when a double-runner broke down opposite the City Hall. Mrs. James H. Gosline, wife of Policeman Gosline, of Middle street, was crossing the street at the time and was struck by the front sled which broke away from the double-runner, and was knocked down. She was only slightly hurt.

The double-runner started opposite the Presbyterian church and was speeding down Duke street when Mrs. Gosline started to cross the street. Michael Joyce, who was steering, says he tried to swerve and the double-runner broke down and he was thrown into the gutter and his back and right arm bruised. Charles Stackhouse and Hubert Moore were also reported to have been hurt.

A woman who resides in Old Orchard (Me.) went to Haverhill (Mass.) last fall, taking her cat with her. After being there a while she found that the cat was missing. The woman returned home a few weeks ago and found that pussy was at home, too. The cat had traveled nearly 100 miles.

LIVES WERE WORTH FOUR MONTHS EACH

Engineer Who Caused Fatal Train Wreck Killing Two People Gets Eight Months Jail—Thieving Conductors Found Guilty

Toronto, March 7—At Guelph Saturday Justice Riddell sentenced Engineer Cornelius Kennedy to eight months' imprisonment for running his train on the wrong track at Harriston and causing a collision in which two men were killed.

The judge referred to the case as extraordinary. There were five men, any one of whom could have prevented the collision had he been attending to his duty, but none of them were. Conductor Matthew Fleming and Fireman Frank Lane got off with suspended sentences.

At the trial of the conspiracy case against two Grand Trunk conductors and a couple of Jews in Toronto for selling tickets between here and Montreal at reduced rate and defrauding the railway out of fares, the defence decided to offer no evidence, to the surprise of the court. Conductors Corrigan and McCallum and Harry Rosenbes and Joseph Woods, of Toronto, were found guilty and remanded for sentence, bail being refused.

The death of County Judge John Deacon took place at Pembroke Saturday at the age of eighty-six.

Samuel McCauley was killed at a crossing in Essex while driving Saturday. He failed to see an approaching train, was struck and thrown forty feet. He was seventy-eight years old.

WILL BOOM PLAN FOR VALLEY ROAD

Carleton County People are Still Agitating for it and a Public Meeting Will Soon Be Held at Centreville

Woodstock, N. B., March 7.—The people in this county are keenly interested in the proposed valley railway. A meeting of the merchants and citizens of Centreville was recently held, presided over by Mr. Hawker. Strong resolutions favorable to the scheme, moved by H. T. Scholey and seconded by Hon. G. W. White, were unanimously carried. A public meeting will be held in the Opera House there on Friday evening.

Fred. Tweedie and Dr. Peppers, of Centreville; B. F. Smith, E. R. Teed, C. L. Smith, J. T. A. Dibblee, Geo. E. Balmain, G. A. White, of the board of trade, Woodstock, and Ald. Hagerman and McManus, with two county councillors to be elected at the special meeting called for Tuesday, will go to Fredericton as soon as the date is set, in conjunction with the delegates from St. John and with the Fredericton delegates, urge upon the local government the advisability of guaranteeing the bonds for the construction of the railway.

REV. J. H. A. ANDERSON BEFORE THORNE LODGE

There was a good attendance at the Thorne Lodge temperance meeting yesterday afternoon. A. H. Patterson was chairman. The musical programme consisted of a duet by Mrs. Pitt and Miss M. Thompson and a solo by Mrs. M. A. Thorne. Rev. J. H. A. Anderson addressed the meeting on the term Gospel-Temperance. He said the gospel ideal was a temperate man, temperate in the broadest sense, one who did not indulge the appetites of the body and kept the mind and spirit in a state of control. Christ exemplified this ideal and through all His teachings tried to elevate men to a state where the body, mind and spirit were as a unit in striving for this end.

The efforts of the gospel were to release man from the bondage of his passions and to make him in the fullest sense manly. He said the gospel and temperance must go hand in hand to the accomplishment of lasting good and temperance bodies must be inoculated with the gospel of Christ to attain their end.

Moncton, N. B., March 7.—(Special)—The restaurant conducted by Clement Cormier, in a building owned by Ald. J. T. Forbes, lower Main street, was gutted by fire this afternoon. How it caught is a mystery. Cormier lost all his goods, and the building was damaged to the extent of $500 or $600. Cormier had $350 insurance, which will about cover his loss, and the loss on the building is also covered by insurance.

STOMACH MISERY IMMEDIATELY RELIEVED

If the food you ate at your last meal did not digest, but laid for a long time like lead on your stomach, then you have indigestion in one of its stages, and quick action should be taken.

Of course there are many other symptoms of indigestion, such as belching up of sour food, heartburn, dizziness, shortness of breath and foul breath, and if you have any of them, your stomach is out of order and should be corrected.

Mi-o-na tablets have cured thousands of cases of indigestion and stomach trouble. If you have any stomach distress, Mi-o-na will relieve instantly.

But Mi-o-na unlike most so called dyspepsia remedies, does more than relieve; it permanently cures dyspepsia or any stomach trouble by putting energy and strength into the walls of the stomach, where the gastric juices are produced.

A large tin box of Mi-o-na tablets costs but 50 cents at Chas. R. Wasson's 100 King street, and are guaranteed to cure or money back. When others fail, Mi-o-na cures. Read this voluntary statement.

Jessie A. MacRae, of Ayr, Ont., says:—"I have used various remedies for stomach trouble, none of which have done me much good or given any lasting benefit, until I tried the Mi-o-na Stomach Tablets. This excellent remedy has strengthened my stomach, overcome the pains, relieved me of gas in the stomach, and has done me a great amount of good. I would recommend it to any one who has these troubles as a most satisfactory treatment, and one of unusual merit."

Booth's Laxatives for constipation. 25 cents at Chas. R. Wasson's, 100 King street.

CIVIL SERVICE EXAMINATIONS WILL BE MUCH HARDER TO PASS

Under New Regulations for Competitive Examinations a High Standard Will be Set—Plenary Council at Quebec This Summer.

Ottawa, March 7.—Conditions which will govern the first competitive examinations have been announced by the civil service commissioners.

The examination will be under the new act and hereafter semi-annual competitive examinations will be held in May and November, in the principal cities of Canada. An interim examination will be held on the 30th inst. to enable some pressing appointments to be made.

The commissioners evidently propose to establish a high standard for entrance to the civil service. The candidates will be required to come up to ordinary pass standard of universities in subjects under examination, and for positions requiring special expert qualification candidates are required to be university graduates.

From the results of examinations of the 30th inst., about a score of positions in the inside service will be filled, including stenographers, clerks, etc., required in various departments.

Special examination papers will be given candidates for the vacant position of compiler on geological information; junior assistant in the hydrographic survey; assistant chemist at the Central Experimental Farm and draughtsman in the mines department.

All of these must be university graduates in the department of science.

It is announced that the Pope has asked his representative in Canada, Mgr. Sbaretti, to call the first plenary council ever held in Canada. The council will be held under the auspices of the Catholic Church Extension Society and will be attended by all the bishops in Canada, superiors of religious institutions, and all the prominent theologians of the church.

The date has not yet been definitely determined, but it will be in the early summer at Quebec. Doctrines will not be a subject for debate, but the meeting of the council may be made the occasion for a restatement of the church's belief. Disciplinary laws will be laid down to govern changing conditions of the church in Canada. There have been three councils in the United States, one in 1852, a second in 1866, and the last one in 1884. The continent of South America was covered by a plenary council held in 1899.

A successful winter scouting experiment was conducted on Saturday and Sunday by two militia detachments, one under Major Morrison, of Ottawa, and one under Captain C. T. Wilkinson, of Brockville. Each leader had seven officers. Captain Newton, aide to the governor-general, was umpire, and Captain Lord Herbert, chief of the Scouts Life Guards, watched the experiment, which consisted of real service conditions, the transport being by sleigh and toboggan, and the trip was made on snowshoes. The parties slept out in tents. The distance between Ottawa and Prescott is sixty miles and the two parties made the trip in orthodox scouting style without hardship, though the weather was below freezing.

It is understood that this experiment will be followed up by the militia authorities, who will encourage this form of military training.

HOW TO CURE FRETTING OF INFANTS

Mrs. Emma E. Percival Gives Advice That is Very Valuable.

When young children and babies continually fret and cry you can be sure in nine cases out of ten there is pain caused either by wind or acidity of the stomach.

Writing on this subject from her home in Bedford, Mrs. Percival says: "As a nurse of many years' experience I can say that nothing I know of will give such splendid results as Nerviline in four drop doses in hot sweetened water. I once had a case with a baby that cried continually, suffered as if in convulsions.—Nerviline relieved at once. I have also used Nerviline with grand effect for cramps, stomach gas, indigestion and stomach disorders. For general household use, to cure the many internal ills that constantly arise, I can recommend no preparation as honest, reliable and economical as Nerviline."

Nurses, physicians, laymen, thousands that use Nerviline every day, all say its pain-subduing, health-giving powers warrant it being kept in every home. Refuse any substitute for NERVILINE, which is sold in large 25c. bottles by all dealers.

ITALIAN GOVERNMENT WINS IN ELECTIONS

Present Ministry Will Have Large Majority—Much Disorder at Polls

Rome, March 7—General elections were held throughout Italy today for the new chamber of deputies. The campaign had been an apathetic one, but the casting of the ballots resulted in many conflicts and much excitement in a number of provinces. In the province of Caserta one man was killed and reports from other constituencies state that many persons were injured in street brawls. The government, in anticipation of trouble, had taken preventitive measures and the troops eventually succeeded in restoring order.

According to partial returns received tonight the present ministry is given a large majority in the new chamber.

The Clericals almost in full force participated in the elections for the first time since 1870. Premier Giolitti is still arbiter of the situation and Italy's position with regard to her foreign policy which did not figure in the campaign, remains unchanged.

The success of the anti-Clericals in three constituencies in Rome where they stood against the Clericals shows the persistent strength of the anti-Clerical "bloc" formed last year, when it was led to victory by the Nathan administration in the municipal elections.

WEDDINGS

Facett—Rodgers

Salisbury, N. B., March 5.—The home of Mr. and Mrs. James Rodgers, Fredericton road, Salisbury, was the scene of an interesting event on Wednesday, March 3, when William R. Facett was united in marriage with Miss Delila Rodgers. Quite a number of relatives and friends were present to witness the ceremony, which was performed by Rev. H. H. Ferguson.

Hetherington—Perry

Codys, March 3.—A very pleasant social affair at Codys, at the residence of T. P. Hetherington, was the marriage of his son, Frank Judson, to Miss Alice Perry, daughter of Mr. and Mrs. S. C. Perry. The ceremony was performed by the Rev. C. W. Sables, promptly at 5.30 p. m., after which a collation was served to the eighty guests. The bride was handsomely gowned in a blue traveling suit. Mr. and Mrs. Hetherington will reside in Saskatchewan. The presents were numerous and valuable, consisting of solid silver, beautiful linens, bric-a-brac, and generous donations in cash. Mr. and Mrs. Hetherington have the best wishes of their numerous friends.

McWilliams—Irving

Harcourt, March 6.—A very quiet but pretty wedding took place at Millbranch on Wednesday, March 3, when Mary, eldest daughter of James Irving, was married to Frank McWilliams, formerly of the same place but now of Bigford (Sask.) The bride, who was given away by her father, was daintily attired in a dress of white organdie. Only relatives and immediate friends were present. Rev. R. H. Stavert performed the ceremony, assisted by Rev. Thomas Irving, uncle of the bride. The happy couple will spend a week in visiting relatives and will then leave for their future home in Bigford (Sask.) The bride's traveling dress was navy blue broadcloth.

THE IDEAL CITIZEN

Rev. Dr. Flanders Describes Him in an Excellent Sermon in Centenary Church

Following up his sermon on the Ideal City, Rev. Dr. Flanders in Centenary church last night discussed the Ideal Citizen. The text was Ephesians. ii—19: "Fellow citizens with the saints and with the household of God." He said that some one remarked after hearing his sermon on the Ideal City that if such a place could be realized it would probably be uninhabited, as there would be no men good enough to live in it. Another objection which had been raised was the difficulty of securing the right kind of aldermen. It should be remembered, said Dr. Flanders, that aldermen were no better or worse than other men. Not only did they represent the civic ideals of the men who elected them, but their moral ideals as well.

He said that the future of the city lay with the young men. He paid all honor to the good men of the past and to the good men of the present, but the young men should prepare themselves.

Men, said Dr. Flanders, were divided into two classes, the egoists and the altruists. The egoist was the man who thought the world owed him a living and who spent his life in a vain endeavor to collect the imaginary debt. The altruist recognized that he was in the world to serve the world; that he was the administrator of his own will as God meant him to be, and refused to shut himself up in his house while women and children cried for bread. Such a man would take an intelligent interest in the affairs of his country and city. He would not need anyone to teach him how to vote. One of the saddest sights of our times was the periodical herding together of ignorant human bipeds by some one anxious to secure the influence of their votes.

The preacher said the Christian altruist was the ideal citizen. He commended the idea of young men's clubs where political and other questions of the day were discussed in an intelligent manner.

In conclusion, he said the young men of ancient times used to have an adage, "It is sweet and seemly to die for one's country." He would rather urge that it was sweet and seemly to live for one's country.

RUSHING LIQUOR ACROSS THE LINE

A "Line" Liquor Emporium at Centreville, Carleton Co. Doing a Rushing Business

Centreville, March 6.—A rather disgraceful episode took place a few days ago at the "line" liquor store, which has caused much indignant talk. One McMullen and a helper—Stackhouse—keeps a "joint" to sell liquor, right on the boundary line, about three and a half miles from here. They have suffered jail at the hands of the Maine authorities, but they have said that the Carleton county Scott act authorities are better contented to have the thing continued with the collecting of a fine once in a while.

Recently the Canadian customs officer from Bloomfield and two doughty constables from Woodstock "came and saw and conquered." McMullen and Stackhouse paid up at once—$50 fine and $15 costs. Such a victory of course must be celebrated, and it was. The barroom is in working order still.

A British institution for the blind has acquired a number of multi-cycles for the outdoor exercise of its inmates. Each machine seats 13, and with 26 feet working the pedals they run very easily and smoothly. The leader is, of course, an attendant and can see.

Catching a fox alive with an overcoat is a feat performed by David Clinard, a member of the Fox Hunt club of Winston, Salem, N. C., After a long and exciting chase Mr. Clinard with six hounds had tired Reynard out, and in doubling the fox came so near Mr. Clinard that he threw his overcoat over the animal and succeeded in capturing it.

SCOTT'S EMULSION

"would do so much for you if you would take it, 'twould strengthen you and do you good every way."—

Words of a physician to his over-worked, worried, run-down patients.

All Druggists

Good Blood

Means good health, and Hood's Sarsaparilla has an unapproached record as a blood-purifier.

It effects its wonderful cures, not simply because it contains sarsaparilla but because it combines the utmost remedial values of more than 20 different ingredients. There is no real substitute for it. If urged to buy any preparation said to be "just as good" you may be sure it is inferior, costs less to make, and yields the dealer a larger profit. Get Hood's Sarsaparilla today.

MAY MAKE LARGE LOAN TO THE G. T. P.

Reported That Dominion Government Will Lend Transcontinental Railway $10,000,000 to Tide Over Temporary Financial Difficulties.

Montreal, March 7.—It was said here today by Conservative members of the Ottawa house, back for the week end, that important developments are understood to be under way between the Grand Trunk Pacific and the dominion government, involving a loan to the G. T. P. of $10,000,000 in order to help them tide over their financial difficulties. It is understood that the government will bring down legislation authorizing this loan at an early date, the company, of course, giving security for the loan.

It is stated that the company has been insistently demanding certain modifications in its contract with the government, but that Sir Wilfrid Laurier has firmly resisted altering the contract, as ratified by parliament and the people, and that the government loan was finally decided upon as a compromise.

Precedent for this action will be found in the fact that the Macdonald government lent $30,000,000 to the Canadian Pacific at a time when it was in great financial difficulties, taking the personal guarantees of Lord Mount Stephen and Lord Strathcona, while the C. P. R., as a result of this help, was in a position to repay the loan long before it was due.

ANOTHER CHILD IS BURNED TO DEATH

Seven Year Old Daughter of Daniel Dunn of Caledonia Mines Burned While Mother Was Absent From Home

Glace Bay, March 7.—The little seven-year-old girl of Daniel Dunn, of Caledonia Mines, was burned so badly this afternoon that death ensued about two hours after the accident. The mother had left the child alone, but only intended to be away a few minutes. The little one attempted to remove the blower from the fire, and her clothes caught, enveloping her in flames, which burned all the flesh from her body.

Mother Gave Her Child Away.

Had Given up all Hope of Living Heart Trouble was Cured by Milburn's Heart and Nerve Pills.

Mrs. Andrew Savoy, Grattan's, N.B., writes:—"In the year 1905 I was taken sick and did not think I could live any length of time. My trouble was with my heart and people told me that nothing could be done for a case like mine. I consulted the very best doctors but they could do me no good. For seven weeks I could hardly cross the floor. I had no pain, but was so weak nobody in the world can believe how I felt. I had given up all hopes of living and had given my little girl to my sister-in-law.

"One day a friend came to see me, and calling me by name, said, 'Lizzie, if I were you I would try a dose of Milburn's Heart and Nerve Pills as they are good for heart trouble.' My husband got me a box, but for two days I was not feeling any better, but on the fourth day my husband said, 'I believe those pills are doing you good.' I was able to say, 'Yes, I feel a good deal better this morning.' He said, 'Well, I will get you another box right away.' I took two boxes and three doses out of the third one, and I was perfectly well and have not been sick since then.

"I will never be without them in my home for God knows if it had not been for Milburn's Heart and Nerve Pills, I would not have been alive now."

Price 50 cents per box, 3 boxes for $1.25, at all dealers or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont.

ANNUAL MEETING OF ARTILLERY OFFICERS

The annual meeting of the officers of the 3rd Regiment, Canadian Artillery, was held in the Union Club on Saturday evening. Lieut. Col. J. B. M. Baxter in the chair. Reports of the regimental and band committees showed the receipts to be considerably in excess of the expenditures.

Majors L. W. Barker, B. R. Armstrong and W. H. Harrison were elected as the new regimental committee, and Captain W. A. Harrison and F. C. Magee and Lieut. H. R. Ross as the band committee. Lieut. R. D. Magee and Capt. J. T. McGowan were appointed an audit committee.

The work for the coming year was discussed and it was decided that in future the signalers of the different companies should be placed under one officer. Capt. McGowan was appointed as the officer to supervise the training.

PULPIT REFERS TO THE LATE REV. MR. NOBLE

Rev. Gideon Swim, pastor of the Waterloo street U. B. church, at the evening service yesterday, preached on the life and work of the late Rev. Joseph B. Noble, of Woodstock. About sixty or sixty-five years ago Rev. Mr. Noble occupied the pulpit of that church, being the first pastor, and he was a close personal friend of Rev. Mr. Swim for the last twenty-two years.

The text of Rev. Mr. Swim's sermon was "Well done, good and faithful servant." Father Nobles, the preacher said, was a good man who up to the measure of his ability lived a holy life. He was also a faithful man, faithful to his church as a minister and faithful to his people and to the poor and needy.

Rev. Mr. Swim, at the close of the Sunday school in the afternoon, baptized two candidates. Others are expected to receive the rite next Sunday.

The Wife—I had all kinds of faith in my husband when I married him.

The Maid—And now?

The Wife—Oh, I soon discovered marriage to be a great faith cure!—Chicago News.

"Is it true that the Bloptons are living beyond their income?"

"Worse than that; they're living beyond their credit."—Chicago Journal.

Little Tommy (in lower berth on train)—Say, Mamma, I'm sleepy. I want to go to bed.

Mamma—Hush! Tommy, you're in bed now.

Little Tommy—No'm I ain't. I'm in a chiffonier.
