MORNING COTTON LETTER.

Private wires from Texas reporting that temperatures were ten degrees lower than yesterday, were advanced as a cause for the renewal of liquidation late yesterday, which sent prices down to the lowest level of the day. The close was only two or three points up from the lowest, and reflected a net loss of 10 to 17 points, a reaction from the high price of the morning of about 24 to 25 points. The detailed weather reports received at New York at about 11 o'clock in the morning, cover the maximum and minimum temperatures in Texas for the 24 hours ending at 8 o'clock in the morning. The private wires referred to above, undoubtedly mean that the high temperatures during the middle of the day yesterday were lower than they were during the middle of the day on Monday. Whether the Texas crop can be much helped by anything short of soaking rains remains to be seen. Outside of Texas the crop has probably improved during the past week, and should Texas conditions become more favorable, it is probable that we shall have a very nervous and irregular market pending further developments and a nearer view of the August bureau. There is, however, nothing in the situation to change opinions as the ultimate course of prices, for, unless conditions are abnormally favorable for the balance of the season, we shall probably see a price calculated to check consumption between now and next summer. Old cotton crop, judging from the manner in which local stocks are diminishing, is to be no more of an obstacle to bullish speculative sentiment above 12 1-2 cents, than it was a cent lower, and the only way the new crop could be a pressure against the market for the immediate future is through hedge selling, which is not yet in evidence. Technical conditions seem, therefore, the only factor against prices at the moment, and this is a factor, the influence of which is never more than temporary now we are rapidly nearing August, the most critical month of the growing season.

W. W. PRICE.

New York:—Cotton market easier, after opening on commission house selling. Trading lighter than yesterday. Spot brokers heavy sellers, Weld and Mitchell selling and traders trying to break market. Lots of stops caught on raids by Gifford and other traders.

Chicago—Local speculators buying wheat July shorts covering. Slaughter.—12, 14p. Exchange rates—487.30, 487.10, 485.85.

New York:—The break in cotton has been started by a few big traders who, seeing that the market was heavily overbought and honey-comber with stop orders, had very little trouble in causing a severe break. They were helped by rumors of lower temperatures and the breaking of the drought in Texas. The weather bulletin this morning shows no relief from high temperatures, twenty points showing temperatures ranging from 100 to 106. It looks like cotton ought to be bought on this break.—W. W. Price.

New York:—It is rumored that a big assessment is to be announced on Wheeling and Lake Erie and that foreknowledge of this has caused the weakness of the securities.

J. P. Morgan & Co. announce that time within which Chicago Gt. Western stocks may be deposited with them under reorganization plan and agreement dated June 1, 1909, will expire August 2nd. After that date no stock will be received except upon terms to be fixed by them.—Dow Jones.

Chicago:—More showers and thunder storms are predicted for Kansas and Nebraska.

Slaughter 12.50 p. m.

Soo, first week July, increase $66,300.

June net increase Amn Tel and Tel Co. increased $101,300; surplus after charges increased $216,597.

New York—Heidelbach Yeikelheimer & Co. shipping $,500,000 gold to Argentine next week.

American Telegraph and Telephone net earnigs five months ended May 31, net increase $599,700; surplus after interest increase $914,500.

Amalg 10 to 12 12, Beaver 29 1-2 to 30, Buffalo 270 to 350, Cham 50 to 54, City Cobalt 48 to 51, Cob Con 37 to 38, Cob Lake 18 to 22, Coniagas C20 to 650, Crown 330 to 335, Foster 23 -2 to 25, Gifford 22 1-2 to 24, Gt Nor 14 to 15 1-4, Green Meehan 17 to 18, Hargrave 55 to 1-2, Hudson 180 to 225, Kerr Lake 119 to 800, Rose 839 to 845, Lit Nip 25 to 1-2, McKinley 84 to 88, Nancy 16 to 25, Nip 1095 to 11, Ophir 53 to 59, Otisse 45 1-2 to 3-4, Peterson 26 7-8 to 28 1-2.

New York—The decline in A. C. P. seemed to be due largely to a bear raid.

Liverpool—Cotton closed weak, 7to 12 net decline.

New York—Gifford was a big buyer of all low opitons on the break.

New York—It is stated by an Atchison official that a proposition to make dividend on common stock a quarterly dividend instead of semi-annual, was not acted upon at meeting today and that dividend will not be declared until October next when next semi-annual declaration is due. Only routine business was transacted at the regular monthly meeting this morning.

July wheat	130 1-2
October wheat	110 1-8
December wheat	106 1-8

SEVEREST INDIGESTION CURED BY "No. II,"

Father Morriscy's Stomach Remedy

So many people with Stomach Trouble came or wrote to Father Morriscy that he gave the matter special attention, and devised his "No. II" Tablets. Each of these tablets will digest 1¾ pounds of food—a good meal—so that even if the stomach can scarcely act at all, the meal will be digested.

Read how the treatment cured Mr. Gosline:—

Salmon Lake, Nov. 30, 1908.

"I was troubled with indigestion, so severe that I really thought I had cancer of the stomach. I took much doctor's remedies till I was forced to seek another resource, and this was the Rev. Father Morriscy. His treatments worked miracles, until I have been entirely cured, so that now I do not look to the quality of the diet but to the quantity."

J. T. GOSLINE.

No matter what form of Indigestion or Dyspepsia you may have, "No. II" Tablets will help, if not cure you. 50c. at your dealer's, or from Father Morriscy Medicine Co., Ltd., Chatham, N.B. 49

NO MONEY FOR ROADS BUT "HEELERS" GET OFFICES AT FAT SALARIES

Last October the Hazen government spent $44,000 from this year's grant on the roads of the province to aid the Conservative candidates in the dominion election—the most disgraceful act any government of this province was ever guilty of. Besides, the money was wasted.

Now the government is compelled to announce that there will be no government grants to expend on the roads this year. This is the news that comes from every county.

The Hazen government has a larger revenue than any previous government but has no money for the roads the farmers need.

While the farmers are denied money for roads the government has appointed new officials in every public office at Fredericton at fat salaries and very little to do. The only reason for the appointments is that the "heelers" must be provided for.

Outdoor Sports and Zam-Buk.

Every athlete, every ball-player, every swimmer, every canoeist, every man or woman who loves outdoor life and exercise, should keep a box of Zam-Buk handy.

Zam-Buk is a purely herbal preparation which, as soon as applied to cuts, bruises, burns, sprains, blisters, etc., sets up highly beneficial operations. First, its antiseptic properties render the wound free from all danger from blood poisoning. Next, its soothing properties relieve and ease the pain. Then its rich herbal balms penetrate the tissue, and set up the wonderful process of healing. Barbed wire scratches, insect stings, skin diseases, such as eczema, heat rashes, ringworm, babies' heat sores, chafed places, sore feet—all come within Zam-Buk's power. It also eases and cures piles. All druggists and stores.

DR. SMITH HEADS DENTAL SOCIETY

Annual Meeting of New Brunswick Dentists Was Finished Last Night.

The New Brunswick Dental Society met here yesterday in annual session in Keith's assembly rooms. Dr. Joseph Daly of Sussex, presided.

Among those present were: Drs. H. B. Nase, E. R. Sewell, J. H. Barton, J. D. Maher, F. G. Sancton, H. P. Travers, W. P. Broderick, John G. Leonard, A. F. McAvenney, J. M. Magee, S. B. Smith, F. C. Bonnell, C. F. Gorham, L. A. Langstroth, T. W. Godsoe, J. A. Draper, F. C. Bonnell, St. John; S. T. Whitney, St. Stephen; Jasper J. Daly, Sussex; R. B. Hagerman, East Florenceville; D. Philips Dear, Sydney, Australia; E. R. Hart, Sackville; J. Walker Moore, St. Stephen; F. B. Hicks, Brookline (Mass.); A. R. Currie, Woodstock; A. H. Webb, Halifax; H. W. Murray, Shediac; L. Parker, F. S. Horton, Boston; F. A. Arntfield, Toronto; G. T. Leighton, Rexton; R. F. Reade, C. A. Murray, H. S. Thompson, F. E. Burden, Moncton.

At the afternoon session the president, Dr. Daly, gave his address. A paper was read by Dr. Murray of Moncton on gold inlay. There was a clinic by Dr. Burden, also of Moncton, on porcelain inlay.

Dr. Fenwick C. Bonnell of this city, gave a very interesting demonstration of the painless removal of dentine by the use of somnoforme.

After the discussion of clinics and papers, the question of a meeting place next year was discussed, and Moncton was the choice. Adjournment was made at 6 o'clock.

The annual meeting was brought to a close with the evening session. A matter of considerable importance was the discussion on the care of children's teeth, and the advisability of examining the teeth of and giving clinics to school children.

The election of officers resulted as follows:

President, Dr. Stanley B. Smith of this city.

Vice-President, Dr. Hart, of Sackville.

Secretary-Treasurer, Dr. F. A. Godsoe, re-elected.

The following committees were appointed:

Paper and Essay Committee—Dr. F. C. Bonnell, Dr. Barbour, of Fredericton, Dr. H. Thompson of Moncton.

Clinics Committee—Dr. Charles Murray, Moncton; Dr. Magee, St. John; Dr. Moore, St. Stephen.

Entertainment Committee — Doctors Reade, Taylor and Price.

Today will be devoted to entertaining the visiting delegates. They will leave for Loch Lomond at 10 a. m., remaining until evening. This year's meeting was the best in the history of the society. There were between fifty and sixty delegates present.

PRESENTATION TO NICKEL OPERATOR

Barry Wilson Who Leaves to Join the Canadian Westinghouse Staff at Hamilton Ont., Remembered By Associates

Barry Wilson, son of LeBaron Wilson, will leave today for Hamilton (Ont.), where he has been appointed on the staff of the Canada Westinghouse branch. Mr. Wilson, who is a clever electrician, has been operator at the Nickel Theatre for some time. On Saturday evening last he severed his connection with the staff of that house of entertainment and the occasion was marked by a presentation to Mr. Wilson to show the esteem in which he is held.

W. H. Golding, on behalf of the staff, presented to him a large morocco writing portfolio, with his monogram in gold, and a silver plated safety razor outfit in leather case.

Mr. Wilson's responsible position at the Nickel has been filled by the appointment of M. J. Mason, lately operator at the King Edward Theatre in Halifax.

MONTREAL STOCKS

MARINE NEWS

Norwegian steamship Ravn is now on her way to Sherbrooke, N. S., from Norfolk.

Donaldson line steamer Concordia, well known at this port has been sold to Italian interests.

The Donaldson liner Hestia, from Cadiz, with salt for A. N. Whitman, arrived at Halifax on July 11.

British sailing ship Brynhilda, arrived at Buenos Ayres July 10 from Boston, with a cargo of dry lumber.

British steamship Morris, which recently loaded deals at this port, has been fixed to load deals from the Miramichi river for West Britain or East Ireland.

Spanish steamship Madrileno, which left this port last Saturday for Manchester, (Eng). took away 2,111,983 feet of spruce deals shipped by John E. Moore & Co.

The steamer Tanke arrived at Louisburg, N. S., last Tuesday from Port Dufferin with a cargo of lumber and will take on board a quantity of bunker coal and sail for Preston, E.

Steamship Manchester Shipper is due at Gaspe today from Montreal to load a part cargo of deals, after which she will come to this port to finish loading with general cargo for Manchester, (G. B.)

The steamer Mills left Chatham, N. B. on Saturday for Portland with a cargo of pulpwood, but put into Port Hastings, C. B., for bunker coal. She started from the latter port about noon on Monday and is due there today.

The schooner Mary E. Pennell, from St. Martins, N. B. for New York, which arrived here on Sunday and was placed on the flats at South Portland to stop a leak, will be forced to discharge her deck load of laths and haul out on the marine railway for repairs. The schooner had been ashore on her passage up and her bottom was more seriously damaged than was supposed, —Portland Argus, July 13.

North Sydney, C. B., July 13—After a career of 52 years of sea faring life, the past 12 years of which were spent in command of the steamer Bruce, Capt. P. Delaney is about to retire. The Bruce plies regularly between here and Newfoundland ports. Captain Delaney for many years was in the coastal service in Newfoundland waters and engaged in seal fishing. In his 12 years on the Bruce he had never missed a trip, and despite hazarduous Newfoundland weather had never had a serious accident. He will become a superintendent of shipping for the company operating the steamer.

When the schooner Elvira Ball left Jacksonville, Florida last winter for Boston it was never expected that she would turn up at the Azores first, but it was found necessary to abandon her in a waterlogged condition on February 13, and then she drifted derelict until picked up near Fayal and turned into that port a few days ago. Her hull and cargo of lumber are reported worth $50,000, but, apart from the salvage job, the drift of the derelict is another illustration of the tendency of the North Atlantic currents toward Europe, the same drift which persuaded the early discoverers of North America of the existence of another land far beyond the Western Sea. The Elvira Ball was a derelict little more than four months, but the Fannie Woolston some fifteen years ago drifted derelict about three years.

TO VISIT HIS PARENTS AFTER A LONG ABSENCE

James Donnelly, who has for a number of years been sexton of St. David's church will leave today for his old home at Harbor Grace, Newfoundland, on a three weeks' vacation trip.

The purpose of his trip is to visit his father and mother at Harbor Grace, whom he has not seen for twenty years.

A Mother's Breakdown

Her Health So Shattered Her Children were Taken From Her

It is a sad story, one that is not often heard now-a-days that is told in the following letter by Mrs. Marion R. Charlotte, written from her home in Pittsburg: "For about five years I suffered from a complication of disorders, the origin of which my doctor was unable to discover. It was undoubtedly owing to imperfect action of the liver and stomach. I am sure of this because there was a continual weight and painful fullness in my right side and scarcely anything I ate was digested. I also suffered agony with hemorrhoids. A succession of sleepless nights, cruel pains in my side and back, combined with the terrible state of my nerves made me wish for death.

"I could do no housework, my sisters took my small children and I despaired of ever getting on my feet again.

"One memorable day a neighbor brought me a box of Dr. Hamilton's Pills which had cured her of troubles similar to mine. To my astonishment, I felt better next day. Gradually all my pains disappeared, I put on flesh, looked healthy, had lots of spirit and a desire to work. Dr. Hamilton's Pills cured me and I know they will work marvels for every woman that uses them."

The one safe dependable medicine for men and women in poor health is Dr. Hamilton's Pills — refuse any substitute. At all dealers, 25c. per box, or five for $1.00. By mail from The Catarrhozone Company, Kingston, Ont.

I. C. R. Policeman John Collins reports Harold Simpson for selling post cards in the depot yesterday, such being prohibited by the railway regulations.

Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the Heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing Hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds: it strengthens; it offers real, genuine heart help.

If you would have strong Hearts, strong digestion, strengthen these nerves — re-establish them as needed, with

MR. HARNEY FINED $10. FOR VIOLATION OF THE SCREEN LAW

Interesting Case Concluded in the Police Court Yesterday Afternoon

In the police court yesterday afternoon, Michael Harney was fined $10 for maintaining screens on the windows of his licensed barroom contrary to law. There were two informations against him, one for refusing to allow Night Detective Lucas to enter his barroom and the other for maintaining screens. The first was dismissed.

When the case was taken up yesterday, Mr. Harney took the stand and said that when Lucas called he was not in possession of the key of the barroom and therefore could not open the door when requested to do so. He gave the detective, he said, permission to break the door if he wished to do so.

Percy Harney, son of the defendant, said he acted as barkeeper for his father. At the time of the visit of the policemen he said he had the key of the barroom with him. He always kept it with him from Saturday evening, when the bar was locked, until Monday morning.

Edmund S. Ritchie, for the defence, asked that the charge of refusal to allow the officer in the barroom be dismissed in view of the evidence.

George A. Henderson, for the prosecution, argued against dismissal. He contended that if there was not positive refusal there was neglect.

Judge Ritchie took the view that if Lucas was sure there was anyone in the bar after hours it was his duty to break the door down after he had the permission of the proprietor. He dismissed the charge.

The second information was then gone on with. Mr. Henderson said that ever since the new amendments came into force there had been trouble with Mr. Harney about his blinds or screens.

Mr. Ritchie did not deny that the screens objected to were in use. The defendant, however, thought that, as he was in possession of a hotel license, he had a right to some consideration in that direction.

His honor pointed out that even hotels have no right under the law to maintain screens or other devices which might obscure the view of their barrooms.

Mr. Ritchie intimated that Mr. Harney had given orders to have the objectionable blinds removed.

Judge Ritchie thought he ought to have done so before the case was brought up. He commented on the fact that the amendments were passed in April and said that he for one did not intend to wink at any violation. The only question here was the number of days during which the screens were maintained.

Mr. Henderson said the prosecution had proved the screens were in place on two days.

His honor imposed a penalty of $10, or $5 a day. The fine was paid.

Also final clearance of those elbow-length tan gloves at one-third their real value. See advertisement page 5.

PLEASURE PARK BURNED

Buffalo, N. Y., July 14—Luna Park, a pleasure resort at Main and Jefferson Sts., was practically destroyed by a fire that broke out early today. Among the buildings burned were the skating rink, the theatre and a number of concession buildings on the east side of the park. Manager McBroom estimates the loss at $50,000 with some insurance. The grand stand though scorched, was saved as were also a number of buildings on the extreme north and south side of the grounds.

For Brow Head for orders per stmr Moeris:—2,956,794 feet spruce deals, etc., 8,506 feet birch plank, W. M. Mackay.

For Manchester, G. B. per stmr Madrileno, 2,111,983 feet spruce deals. John E. Moore & Co.

W. C. CROSS HOME FROM A TRIP TO THE COAST

William C. Cross, one of the delegates from the maritime provinces to attend the sessions of the Dominion Wholesale Grocers' Exchange in Victoria (B. C.), has returned home. The sessions were very interesting and well attended by wholesale grocers from all over Canada. Subjects of vital interest to the trade were discussed.

After leaving Victoria, Mr. Cross went to Seattle, where he visited the Alaska Yukon Pacific exposition. The next stop was in Portland (Ore.), where he attended a meeting of the Northern Baptist convention on Sunday, June 27.

From Portland, he went to San Francisco where he visited his brother, Charles V. Cross, who is engaged in the wholesale cloth trade, afterwards going to Redlands, seventy-five miles from Los Angeles, where he visited another of his brothers, Henry S. Cross.

On the return journey, Mr. Cross visited Salt Lake City, Denver, Omaha, Chicago, Detroit and Toronto. From Toronto he took the steamer for Montreal, sailing by the Thousand Islands. Altogether, he had a very enjoyable and profitable trip.
