REPORT OF MR. TEED

Magistrate Kay of Moncton Exonerated By Commissioner

The report of M. G. Teed, K. C., commissioner to investigate the charges against James Kay, Police Magistrate of Moncton, states:—"I do not find that the said James Kay has been either prejudiced, biased, incompetent or incapable of discharging in a fair and reasonable manner the duties of his office, or exercised the duties thereof unfairly and partially, and without due regard to law and justice, and I do not find that he should be removed from the duties of his office so far as the administration of justice is concerned, nor in fact was there any evidence whatever that he was negligent."

"I find, that he had not accounted for or made returns of fees received by him from the municipality for preliminary inquiries, but that he has not retained the same dishonestly but under color of right and bona fide."

"I also find that he has not accounted for renewal execution fees received by him in connection with his office of city court commissioner, and for which he should have accounted, and in respect of which he has expressed his willingness to account, and that such retention of the last mentioned fees, though caused by carelessness, and extending over a long period of years, was not done intentionally, dishonestly or fraudulently, but through oversight by reason of the manner in which both the accounts and the cash were kept."

"I have therefore, no recommendation to make in regard to his dismissal."

WOMEN'S EFFORTS TO SAVE MRS. ROBINSON

Ottawa, Oct. 31—A petition from the councils of women all over Canada signed by many thousands of women from the Atlantic to the Pacific for executive clemency in the case of Mrs. Robinson, of Sudbury, now under sentence to be hanged, for putting to death the unnatural children of her husband and daughter, was presented to Hon. A. B. Aylesworth, minister of justice, by Mrs. Adam Short and Mrs. Peter Larmouth, of Ottawa, on Saturday. Hon. Mr. Aylesworth said the petition would be duly considered by the government.

Representatives of the Federation of Labor waited upon Sir Wilfrid Laurier, Hon. Mr. King and Hon. Mr. Lemieux Saturday and presented the resolutions adopted by the federation at its recent annual meeting. One of them asked that the provisions of the Lemieux act be extended beyond the mining and transportation industries to any industry which could be regarded as a public utility.

In reply to this Mr. King expressed the opinion that the act might be extended at some future time, particularly in the case of the building trades, but that this would not be done until the demand came specifically from the trades interested.

An evidence of the growing importance of Canada is given by the action of the New York Herald which has just assigned a member of its staff to look after Canadian affairs. R. H. Patchell, who for some years has been a member of the Herald's Washington news bureau, has been given the post. He will make Ottawa his residence.

SATURDAY AND SUNDAY WITH THE DOMINION W. C. T. U. DELEGATES

In the schoolroom of Centenary church on Saturday afternoon W. C. T. U. sessions were continued. There was a large attendance and important business was done. A feature of the afternoon's meeting was the reading of her biennial address by the president, Mrs. Gordon Wright. A summary appeared in Saturday's Times.

The afternoon session began at 2.15. After devotional exercises and the reading of the minutes of the previous meeting, the hearing of reports was resumed and Mrs. W. B. Johnston's on the press was read by Mrs. Bascom. Gratitude was expressed in this that the secular press for day offers such a wide open door for the discussion of religious and temperance work. The report urged that greater use of the press be made by the local unions. There was no discussion following the reading, and the report was adopted. Mrs. Ewing of Quebec, then gave her report on the medal contests. Full reports had been received from every province except Manitoba. There had been a large number of contests for gold and silver medals and books all over the dominion, and every case the results were very encouraging and the outlook for larger work bright. The total number of contests in the dominion during the year was 231.

Several persons participated in a discussion following the reading of this report, which was adopted. Musical and essay contests were mentioned in the report. There was some slight difference of opinion among the speakers as to whether the songs and essays ought to be exclusively on temperance.

Mrs. Betts, of British Columbia, then delivered a five-minute address on the work there. Temperance sentiment was not very pronounced in that province as yet, she said, but the W. C. T. U. were busy organizing local option leagues in all the cities, towns and municipalities. Mrs. Betts, besides attending the convention attended the meeting of the board of missions in Toronto. It was decided to send a bouquet of flowers to Mrs. McKee, Ontario.

Mrs. Waycott then read the report on the official organ of the W. C. T. U. This paper has been published monthly for two years. An increase of subscriptions was noted and the delegates were reminded that no overdue subscriptions were carried over a month. In answer to a question, Mrs. Waycott said that there were 1,800 subscriptions together. British Columbia in 1908 sent \$131.21, and in 1909, \$106.91. Alberta in 1908, \$40.75, in 1909, \$37. Saskatchewan in 1908, \$13.25, in 1909, \$10.50. Manitoba in 1908, \$76, in 1909, \$135.75. Ontario in 1908, \$16.20, in 1909, \$12.70. Quebec in 1908, \$48.53, in 1909, \$51.75. New Brunswick, in 1908, \$28, in 1909, \$17.25. Nova Scotia, in 1908, \$0.50, in 1909, \$8.75. Foreign subscriptions 1908, \$3.50, in 1909, \$2.50.

In the discussion that followed, Mrs. Currie contended that the fact that there was a deficit on the paper was a disgrace to the convention. Mrs. Gray, Miss Richardson, Mrs. McKinney, Mrs. Chisholm, Mrs. Jones, Mrs. Chesley and others took part, and it was decided that new subscriptions should be taken during the convention and the report was adopted.

Mrs. Gray then moved the convention place on record its appreciation of the work of Mrs. Waycott in the White ribbon bulletin. This was carried by a standing vote.

A brief address was then given by Mrs. I. C. Archibald, of Chicoutimi, India, on the progress of the work of the W. C. T. U. in that country, and the convention adjourned.

During the early evening receptions were held for the delegates at the residence of Mrs. T. H. Bullock and for the members of the W. C. T. U. at the residence of Mrs. E. S. Hennigar, 28 Orange street.

The beautiful weather of yesterday afternoon had the effect of bringing out a large attendance of children and their friends to the Sunday school mass meeting at 4 o'clock. An orchestra was present and there was special singing by the choir.

Mrs. Wright, president of the Dominion W. C. T. U., presided and introduced Mrs. Asa Gordon, dominion evangelistic superintendent, who gave an interesting address on the effects of alcohol on the human body. She looked at the basis of the marks the text "Look not thou upon the wine when it is red for at the last it biteth like a serpent and stingeth like an adder."

Besides the address there were responsive readings, a temperance song with chorus, Marching to Victory, and a vocal selection by the members of the Queen Square Junior League. The service was evidently a very interesting one for the children and they participated in it heartily.

The church was filled again in the evening when Mrs. Gordon delivered the annual convention address on the subject The Ideal Home.

An interesting address was delivered yesterday morning from the pulpit of the Congregational church by Mrs. M. E. Sanderson, world's treasurer of the W. C. T. U.

The city W. C. T. U. entertained the visiting "Y" delegates at Mrs. E. S. Hennigar's residence, Orange street, Saturday evening. Speeches were made by dominion "Y" secretary, Mrs. Waycott, Mrs. Fraser, "Y" secretary for New Brunswick, Miss Ella Smith, of Windsor, "Y" secretary for Nova Scotia, Mrs. Powers, of Lunenburg (N. S.), Miss Harris, "Y" secretary for Ontario, Miss Scott and Miss Bailey, of Montreal. Music was provided by Miss Lora Miles, of St. John, and a reading given by Miss Dorcas Corbett, also of this city. A very pleasant evening was spent by all and at the close refreshments were served.

Of these corpuscles in your blood that have been called "Little Soldiers," is to fight for you against the disease germs that constantly endanger your health. These corpuscles are made healthy and strong by the use of Wood's Sarsaparilla.

This medicine is a combination of more than 20 different remedial agents in proportions and by a process known only to ourselves and it has for thirty years been constantly proving its worth. No substitute, none "just-as-good."
