The immigration via ocean ports was 24,447, as compared with 16,218 for the same period last year, a decrease of 3 per cent.

The action was brought by J. E. Young, who claimed damages to the extent of \$1,500 from the company. He alleged that some months ago he was boarding a pay-as-you-enter car, which was pretty well crowded, and was just going to pay his fare after the car had started, when he was struck a violent blow by another passenger. The force of the blow knocked him clean off the moving car, and he fell to the road, sustaining a fractured skull and other severe injuries. In the meantime the man who had been assaulted and badly injured while riding on a street car. The jury found that the company was not responsible, nor was the victim, but that the man who committed the assault should be held liable—if he could be found.

COMPANY NOT RESPONSIBLE

Jury Exonerates Street Railway From Liability for Assault By One Passenger on Another

A peculiar case involving the rights and responsibilities of common carriers with regard to assaults committed on their passengers, was decided last Thursday by a jury in an action brought against the Montreal Street Railway Company for damages by a man who had been assaulted and badly injured while riding on a street car. The jury found that the company was not responsible, nor was the victim, but that the man who committed the assault should be held liable—if he could be found.

The action was brought by J. E. Young, who claimed damages to the extent of \$1,500 from the company. TWELVE KILLED BY EXPLOSION IN MINE

Vermont Fire Victims Now Number Nine—Truro Merchant Accidentally Shoots Himself

Jamestown, Pa., Oct. 31—Twelve men were killed in the Cambria Steel Company's coal mine, two miles from here, tonight, as the result of what is supposed to have been a dynamite explosion. All the dead are foreigners. Three men escaped with their lives by a perilous climb on life ladders through poisonous mine gas and falling slate up the steep walls of the main shaft. At the time of the explosion only fifteen workmen, all track layers, were in the mine.

The explosion occurred at sundown as the workmen were putting their tools away at the end of their day's work. The concussion caused by the terrific subterranean blast shattered many windows in the mining village surrounding the mine. Halifax, Oct. 31.—S. M. Bentley, of Truro, one of the leading business men of that town, accidentally shot himself on Saturday afternoon, as a result of which he died this morning.

Saturday was the last of the open season for partridge and Mr. Bentley, whose house is near the Victoria Park, went into the woods with his gun to seek some game. He had been out an hour when he stumbled and the gun was discharged, its contents entering his body.

Mr. Bentley fired the second barrel to attract help, some boys responded and gave the alarm. He was taken home and the doctors did what they could but without avail.

St. Johnsbury, Vt., Oct. 31.—When the ruins of the Citizens Savings block had been wet down to a temperature which made possible thorough search, it was definitely learned that nine lives were lost in the fire which practically destroyed the principal business building of this town early today. Two other persons were probably fatally burned and two were taken to a hospital suffering from severe, but not dangerous, burns. The property loss is estimated at \$50,000, partly covered by insurance.

Of the nine persons killed, two fell from the upper stories of the building in an attempt to reach safety by means of rope ladders, while seven were burned to death, their bodies not being recovered until several hours later.

The block, a four-story brick building, was a combination of stores, offices, tenements and assembly halls. A restaurant and the town police station were located in the basement, the Citizens Savings Bank and a number of offices were on the second floor, the third floor was given up to tenements, and there were two assembly halls on the fourth floor. All of the persons killed or injured were tenants who occupied apartments on the third floor.
