MURDER CASE IN ONTARIO

Coburg, Ont., Sept. 6.—Belief is general now that the man found with a bullet wound behind the left ear lying in a pool of blood between the rails west of Grafton station, was murdered. His coat was soaked with blood and there were bruises on his forehead. No weapon of any kind has been found. The man, it is believed, was in Coburg Saturday night and another man who was recently in his company has apparently disappeared and the police are looking for him. A Standard Bank slip was found on the murdered man, the same as used by the Provincial Steel Company of Coburg, and it bears the name of A. B. B. He was an employee of that company and as \$8 was found on him it seems robbery was not the motive. He wore a moustache but otherwise was clean shaven, of medium weight and height and two fingers of right hand are gone.

Today Dr. Latta viewed the body and place where it was found and adjourned until Monday night next at Grafton town hall. In the meantime a postmortem will be held. Yesterday Crown Attorney Kerr communicated with Mr. Cartwright and last night Inspector Miller, of the attorney general's department, came down.

A man was arrested today as a vagrant and brought by Inspector Miller and Constable Smith to Coburg jail. Soon Inspector Miller came to the conclusion that the man was crazy and after telephoning Dr. Clark of the asylum found that such a man had escaped from the institution three or four days ago. His name is George Thornley. There appear to be blood stains on his clothes. Dr. Clark of the asylum says Thornley is harmless.

THE QUEBEC BRIDGE

Montreal, Sept. 6.—The Quebec bridge commissioners are meeting here tomorrow, when it is expected that an important announcement will be made regarding plans for the new bridge.

Among those in the city today are Hon. Geo. P. Graham and Messrs. Butler, Modjeska, Vartlet, Holgate and Fitzmaurice. In conversation with one of the engineers your correspondent was informed that the plans and arrangements for the new bridge had been agreed upon.

It is thought that tomorrow's meeting will ratify, before Mr. Graham, the agreement reached by the members of the committee. It is also thought that the services of Mr. Fitzmaurice, who was called into consultation, have had an important bearing on the agreement reached by the commission and it is now hinted that the verdict of the commission will be unanimous.

DEATH OF A CHILD

The people of Millidgeville were greatly shocked by the death of the two-year-old son of Mr. and Mrs. James Hughson, which occurred there at 9 o'clock Monday morning. The little boy was only six weeks old. The doctors were unable to do anything for him and he died after being seized with convulsions yesterday morning. The sympathy of a wide circle of friends is extended to the family in their bereavement.

DEATH IN SCRATCH.

Simple Injuries With Serious Results

Morris Quarzani, an eleven year old Windsor boy, has just died as the result of a scratch on his wrist. Poison entered the wound, which was caused by falling off his bicycle, and despite the physicians, the boy died. Such incidents as these—by no means infrequent—ought to make people realise the danger that may lie even in the smallest flesh wound.

Take a simple illustration. When a dirty knife, a rusty needle, a splinter of dirty wood, a barbed wire fence, or a thorn, scratches the hand, the latter is inoculated with germs, of which the amount is full. Directly these germs are introduced through the breach in the skin, a battle royal ensues between them and certain organisms in our blood.

When the invading germs are too strong for Nature's defences, in a few hours the finger will become hot and throbbing. A little later the wound may exhibit a whitish appearance in the middle of the swelling, and we have what is known as a festering or poisoned wound.

The way to avoid such serious results is to cleanse the wound and apply Zam-Buk. Zam-Buk is a powerful yet painless germ killer, and when applied to the broken skin is absorbed into the tissue, instantly destroying the germs that spread disease and inflammation.

The flesh is thus soothed and purified, the wound made perfectly healthy, and all poison and cause of festering removed. Having done this, Zam-Buk then proceeds to heal the wound or sore with new healthy tissue, in a quick, painless, and perfect manner.

Zam-Buk must not be confused with ordinary ointments. Zam-Buk is a unique preparation, possessing antiseptic, soothing and healing qualities that are not to be found together in any other preparation. It is not only a unique healing balm, but it is also a skin food. For skin diseases and injuries—cuts, bruises, burns, eczema, chafing, ulcers, ringworm, etc., it is without equal. It is also used widely for piles, for which it may be regarded as a specific. All druggists and stores sell at fifty cents a box, or post free from Zam-Buk Co., Toronto, for price.

OBITUARY

Miss Fannie Leach

Miss Fannie Leach, who was taken suddenly ill on Main street a few days ago, passed away at the home of her brother, Thomas B. Leach, 17 Simonds street, late Sunday night. Miss Leach, who had a large number of friends in the city, had not been well for some time. After she was found on the street in a serious condition she was taken immediately to her brother's home. She did not improve, however, and death came shortly before 12 o'clock Sunday night. A funeral service will be held at her brother's house this evening at 8 o'clock and tomorrow morning the body will be taken to Sussex on the 7 o'clock train for burial in the Upper Sussex cemetery.

W. E. Smith

St. Stephen, N. B., Sept. 6.—(Special)—W. E. Smith, who has been long in failing health for some months, died this afternoon, at his residence on Porter street, from heart failure. He was sixty-five years of age and leaves a widow and two sons, Thomas, of Bangor, and R. of this town, and three daughters, Mrs. Samuel Hays, of Bangor, Mrs. Winnie McWha, of this town, and Jessie, at home. Mr. Smith was for many years in the British army and had visited many lands. He was a member of Frontier Lodge, Knights of Pythias, and of the Uniform Rank.

The funeral takes place Wednesday afternoon at 2:30 and will be conducted by the Uniform Rank, K. of P., interment in the Rural cemetery.

Mrs. Andrew Ruddick

Hampton, Sept. 6.—(Special)—Mrs. Lydia E. Ruddick, wife of Andrew Ruddick, died at 8 o'clock this morning at the residence of her son-in-law, Geo. H. Barnes, Hampton Station, after a long illness from heart trouble, in the seventy-third year of her age. She leaves, beside her husband, five daughters—Mrs. P. A. Magowan, of Moncton; Mrs. C. A. Sayre, Tacoma (Wash.); Mrs. G. H. Barnes, Hampton; Miss Elizabeth McKenzie Ruddick, Hampton; and Mrs. H. K. Leach, Tacoma; also one sister, Mrs. James H. Moran, Montreal. Mrs. Ruddick before her marriage was Miss Cochrane, of St. Martins. During her married life, which continued fifty-two years, Mr. and Mrs. Ruddick lived successively at St. John, Barnesville, St. Martins, Moncton, Sussex, Upland and Hampton, in all of which places they made many friends, and Mrs. Ruddick's death will be sincerely regretted by many outside of the immediate family circle. The funeral will be Wednesday afternoon at 2:30 o'clock from her late residence and interment will be made in Hampton cemetery.

MORNING LOCALS

Fire on Saturday night did considerable damage to J. S. Gibbon & Co's coal and wood shed off Smythe street.

At the garden party held by the ladies of the Church of the Good Shepherd, Fairville, a Morris chair, the first prize for the voting contest for the most popular councillor, was won by Dr. L. B. Curran, with 1,342 votes. Councillor Fox came second with 921 votes. The gate prize fell to Rudolph McKiel, while B. Farris led in the voting contest for a large quilt.

General Superintendent William Downie and W. B. Howard, district passenger agent of the C. P. R., returned on Saturday from Montreal, where they attended a winter schedule meeting. It was definitely decided that the Sunday train service should be continued further than first proposed, as already announced in the Times. The winter timetable will go into effect about Oct. 15. The service will be about the same as last year.

Miss Maria Murray, of Douglas avenue, fell at Millidgeville on Saturday evening and broke her wrist.

I. C. R. Policeman Scovill Smith was ten years in the I. C. R. service yesterday. He is a good officer.

On Saturday morning a leak developed in No. 2 main near the Little River reservoir and portions of the city were without water for about four hours.

To Cross Ocean

Prof. Henry H. Clayton, who for the past 16 years has occupied the position as meteorologist at the Blue Hill Observatory, says he expects to cross the Atlantic very soon in a balloon. He is of the opinion that there are upper air currents flowing constantly eastward, which would make it possible to make the trip in three or four days. He expects to use a very large balloon with about 230,000 cubic feet capacity. At the present time he is in California, intending to make a test flight across the continent. It is the plan of Professor Clayton to make use of the trade winds which blow eastward during
