THE GERMANS ARE LOYAL

Most of Those in Canada are Naturalized—Would Fight for Their Homes.

(Toronto Ttelegram.)

It would perhaps be incorrect even to state that the article recently published in the Deutsche Tages Zeitung practically advising Germans in the colonies to protest against Britain's Dreadnought fleet, has raised a ripple of excitement among local Teutons.

The paper that throws out the suggestion that the ideas of colonist Germans, were they secured, might voice a protest about being taxed to provide ships which might invade their fatherland, is an agrarian organ. The whole article seems to be regarded by Germans in this city as being unwarranted, and to be scarce worthy serious discussion.

One well known German business man of this city who, on account of his official position, does not wish to be named, says:—

"Most Germans in Canada are naturalized British subjects. They discuss many things here amongst themselves, but international politics forms a very little part of their talk as I hear it. The Germans of the United States are all patriots to the land of their adoption. So are those in Canada. They have their business interests. True, they retain a natural affection for the fatherland, but they have pledged themselves to support and defend this country, and they have no thought of doing anything else. The article you speak of has been received here, and some of us have read it, but it has not been taken seriously.

"The average German, or man of German descent in this country will contribute taxes as readily as any other Canadian, and for any purpose that may be lawfully devised.

"If there are any of German descent living in Canada that would feel so strongly on the subject as to protest against being asked to support a British navy along with the rest of Canadians, they had better be back in the land they left. I am not speaking for all. Political opinions are not alike, but the majority of German colonists are loyal to this country."

Mr. A. Scheur, a leading Toronto business man of German descent, said:—

"I should say that all Germans here who have taken the oath of allegiance would stand by the British flag if it came to a point. It would be absurd if they should not defend their own homes and the country that protects them and gives them shelter and an opportunity to make a living, against any country that might invade. The majority of Germans have become true Canadians, there is no question about it. There are ten millions of Germans in the United States who are patriotic Americans. It is the same with Canada. There are under a million Germans here probably, but they would do nothing that would reflect at all on their citizenship."

Another gentleman in the city who is German himself, stated:—

"I hear Germans talking more about bowling alleys and music than about politics. Do not bother about such things. Tell us to improve the brand of lager beer."

THE VERY REASON.

Mrs. Askitt (on a visit to the town she left twenty years before)—And so you're still single, eh? How come you to be an old maid?

Miss Oldgirl—Waiting for Tom Shyboy to propose.

THOUSANDS LOSE HOMES IN FIRE

Japanese City is Visited By Disasterous Conflagration—Loss is Millions.

Osaka, Japan, Aug. 1—Confusion prevails as a result of Saturday's disastrous fire. Thousands of persons are homeless and hunger is staring many of them in the face. A system of relief has been organized by the municipal authorities but it is inadequate.

The number of casualties has not yet been determined, but hundreds of injured persons are crowding the hospitals.

The last estimates are that 20,000 buildings were destroyed,these including banks, the stock exchange, the museum, government edifices and factories. While at present it is impossible to state accurately the losses, these are given rougily at several million yen. It is feared that some of the insurance companies will fail as a result of the heavy losses they will have to pay.

The conflagration lasted more than 25 hours and today the burned section presents a deplorable sight. The streets of the city are very narrow and the houses mostly of wood construction. Under a strong breeze, the buildings were easy prey for the flames. Once hope was almost abandoned that the conflagration could be arrested. The firemen fought valiantly against the odds of lack of water and wind and many of them fell unconscious at their posts. Had not the water supply been curtailed by the existing drought, it is believed the fire would have been checked without great damage.

During the fire the greatest confusion prevailed among the spinning girls in the factory quarter, but fortunately no serious loss of life occurred there.

The belongings of the people who were able to save anything from their burning homes are piled in great heaps along the railroad tracks from Osaka to Kobe,where they were removed early Saturday morning when the fire broke out. The ablebodied members of families returned to the city to assist in fighting the flames, leaving the old people to guard their effects from thieves.

An area over four miles square, containing some of the city's handsomest structures, including the Bhuddist temple, the largest in the world, was entirely burned over before the fire was brought under control. The stock exchange,which was one of the most important in this country, was entirely destroyed. This loss, it is believed, will tend considerably to dislocate the business of Osaka, which with its manufacturing concerns, is one of the chief commercial cities of Japan.

Family Physician Said Incurable

She Was Cured Completely By Dr. Hamilton's Pills

A Terrible Experience With Indigestion

Another example of the marvelous merit of Dr. Hamilton's Pills comes from Kingston, where Mrs. E. V. Holton was snatched from the grave and restored to sound health by this wonderful medicine.

"Three weeks ago I was taken suddenly ill. My head throbbed and ached and I became so dizzy that I had to go to bed. There was a terrible feeling of weight and fullness in my left side and all the region of my stomach and liver was sore even to touch. I wasin a terrible state—had no appetite, in fact I was afraid to eat because of the suffering I had to endure after meals. I got so bilious and had such pains across my eyes that I could scarcely see. My doctor said I had Incurable Indigestion.

"As a last hope I used D. Hamilton's Pills, I saw clearly they were doing me good and continued the treatment. My appetite and strength gradually returned—my color improved and day by day the stomach and liver derangements were less troublesome. All symptoms of biliousness and indigestion have now passed away, I am cured by Dr. Hamilton's Pills."

The same medicine that so wonderfully cured Mrs. Holton will cure anyone else of biliousness, constipation, indigestion, headache, poor color and stomach trouble. Get Dr. Hamilton's Pills today—refuse any substitute, 25c. per box, or five boxes for $1.00. By mail from The Catarrhozone Company, Kingston, Ont.

CLIPPER AIR SHIP

Petawawa Camp, Ont., July 31.—(Special)—The Baddeck No. 1, new aerodrome, arrived in camp this morning and will be immediately set up. Baldwin and McCurdy have practically completed the fitting up of the Silver Dart and preliminary trials will soon commence. Baddeck No. 1 is a slightly larger aerodrome than Silver Dart. The new machine is expected to develop a speed of fifty miles per hour when the motor, now being tested in the Silver Dart, is transferred.

Montreal, Aug. 1.—Bombadier Ellis of the 3rd Battery, artillery, St. John (N. B.), had his leg broken at Dominion Park Saturday. He, with other members of the battery, who were en route home, took in the sights of the park and among other things visited the "House of Nonsense." In a sort of a squirrel cage attachment Ellis got his leg caught and before he could extricate the limb it was broken. He is at Notre Dame Hospital.

TWO DAYS ADRIFT

Halifax, N. S., Aug. 1—Weakened by exposure, lack of food and water and suffering physically from the terrible experience, Guy Murphy and Frank Brennan, of the Lockeport schooner Defender were yesterday rescued eleven miles from Little Hope Light where they were in an open dory after having rowed fifty-two miles. They had been without food or water and had been lost from their vessel forty-eight hours. They were picked up by the Dominion Coal Company's steamer Herod and landed at Halifax.

JUST THAT.

"Yes, she is quite brave enough to go up in a balloon."

"But there is no danger in that."

"What! No danger in going up in a balloon?"

"No; all the danger lies in coming down."

"HEART OF A RACING TOUT"
Greatest Race-Track Picture Ever Made.

4—OTHER NEW FILM STORIES—4

MISS ANNIE EDWARDS, Soprano
In Indian Novelty "DANCING SUNSHINE"

AMUSEMENTS

NICKLE'S FEATURES ALL BRAND NEW

The Nickel is to the fore today with a show that is simply bristling with points of excellence and distinct novelty. Little Dorothy Dainty, of New York, is the newcomer in the singing department and will be heard in the late success, I'm Sure I Met You Somewhere. This nine-year-old little girl possesses a sweet voice and is certainly going to be a big favorite. Holmes & Buchanan are winding up their highly successful second engagement here with that delightful sketch of their's entitled A Woodland Wooing. This feature, which consumes over twenty minutes, will be hear at 4 p. m., 8 and 9.15 p. m. It has been wholly re-written and is a laugh and delight from start to finish.

It is in the pictorial department the Nickel will be conspicuously different today and hereafter. New pictures, new faces, new ideas and a greater variety of trade-marks will be seen. The bill for the opening is the late Biograph successes: Sweet and Twenty, Jealousy and the Man, and a strong historical drama by the Italian Co., of Turin, entitled The Neapolitan Uprising, also a Urban-Eclipse Co. comedy, Mrs. Simpson's Attractiveness. These are pictures of most recent issue, contemporaneous with the biggest shows in New York.

STAR HAS RACE-TRACK FEATURE.

The cosy little Star Theatre in North End, is not to be caught napping in the picture game, but is delivering to its patrons tonight and tomorrow the latest Selig Co. feature, "The Heart of a Race Track Tout," in other words, a story of love and devotion among the gambling classes who follow the track for a living. It is a magnificent picture, with racing scenes, etc., in absolute realism.

Miss Annie Edwards, St. John's sweet-voiced soprano, has been engaged by the Star for a limited period, and will open her engagement with the new Indian love-ditty, "Dancing Sunshine." There will be three other pictures and plenty of good music and startling effects.

DEATH OF WOMAN MAKES NUMBER OF VICTIMS THREE

Biddeford, Me., Aug. 1—Mrs. Eugene E. Cutts, of Saco, one of the persons who were precipated into the water by the overturning of the power boat Item on Wednesday night, died today, thus increasing the number of fatalities to three. The others to lose their lives were Miss Katherine Lynch and Miss Margaret Harvey, while the remainder of the thirty-one occupants of the boat were rescued by the president's yacht Sylph, and several small boats.

Mrs. Cutts was held under the water by her clothing becoming entangled in the wheel of the overturned craft and there was but a spark of life in her body when she was taken out of the water. Efforts to sustain life were successful for the time being and it was believed she would recover, but it is thought that she suffered internal injuries by contact with the steering wheel.

HIS IDEA OF REVOLUTION.

Digby—I've got a great scheme.
Rigby—What's that?
