N. Y. FINANCIAL BUREAU.

Continued hardening in the railroad list seems likely in the market. Industrials will probably not hold the fulness of rallies and may be a disturbing element from time to time until their readjustment is completed. The best policy for the daily operator as we see it is not to refuse reasonable returns on recoveries on at least part of holdings but repurchasing on recessions in good railroad stocks. While short turns may be made in some of the industrials in selling on rallies, the hazard is far greater than in purchasing rails on reactions. The announcement of Taft that tariff revision will be completed by June is favorable but the market advanced on advance knowledge of his more favorable inaugural speech. forcasts of which were exclusively mentioned by us yesterday. This steel development will be found to have a most favorable outcome as we have steadily maintained and we see no reason for changing the views submitted during the late shake-out, that the stock market atmosphere is materially cleared and that conservative optimism is justified. Market literature and press comment exhibit more cheerful tone today.

DETAILED STOCK GOSSIP

Our reports on S. P., U. P., Atch. C.Q. and N. P. make us lean strongly to these high class standards which we believe should be conservatively bulled.. They display greater rallying power than most of the other stocks far as stability is concerned. Reading seems to be held between 120 and 123 now. Extension of move would be expected with the removal of either of these limits. Specialties like Con. Gas., Att. Atla. D. H., may do better. ACP is being sold on the rally by professionals and reactionary operations are not over in it, although the shortage is now becoming unwieldy. Smelters is in a much beter position than ACP, the 78 support having been strongly maintained. Tips are still bullish on the reactions. St Paul finds a better support now toward 141. K. T. Car Fdy., Denver com. and preferred are low priced stocks not to be over-looked by daily operators. Steel is more strongly supported on declines according to our reports, but will probably move within a two to four point trading area up and down for a time.

The Care of the Hair

Every woman and every man desires beautiful hair. And everyone may have it if they will but give it proper care and attention.

The first and all important step toward the prevention of baldness and grayness and toward promoting a luxuriant growth of fine, silken hair is to keep the scalp sweet and clean and free from dandruff.

All kinds of advice have, from time to time, been offered for the removal of dandruff, and for the promotion of hair growth; some bad, some good.

There is, however, one safe, sure and economical way. That is to use Hay's Hairhealth.

Hay's Hairhealth "Keeps You Looking Young." It positively removes dandruff and always restores gray and faded hair to its youthful color and beauty, no matter how long it has been gray or faded or what its original color.

It is not a dye, promotes a fine growth of luxuriant hair when all other remedies fail. Is not greasy or sticky, and does not soil skin or linen.

Send 2c. for Free Book, "The care of the Hair."

You can get $1.00 and 50c. bottles of Hay's Hairhealth of any druggist, or they will be sent, prepaid, on receipt of price by Philip Hay Specialties Co., 32-32 Clinton street, Newark, N. J.

The plate of 40 Photos (New Brunswick Winners) will be reproduced in the Pictorial Supplement of the Toronto Sunday World, and at the same time the 40 New Brunswick Winners will be entered in the Toronto Contest, which is open to all Canada.

WOMAN SUFFRAGE

Chicago, Feb. 27—The movement to enfranchise women has reached such a stage in its development that one of two courses is open to man, in the opinion of Miss Ethel M. PHILADELPHIA HAD A $300,000 FIRE TODAY

Philadelphia, Feb. 27—A fire in the funeral supply establishment of Paxton and Comfort Co. early today, practically gutted the big structure, and before it was gotten under control did damage amounting to about $300,000. The building is eight stories in height. The flames started on the third floor and for a time it looked as though they would sweep the entire block bounded by Fifth and Sixth and Arch and Cherry streets.
