Automobilist in Glidden Touring Party Tells How He Was Held Up and Robbed by Girl Bandits on the Western Prairies.

New York, July 26—According to a special despatch from Denver Clark M. Bibbitt of Buffalo, N. Y., who is taking part in the Glidden Automobile Tour, tells how he was held up and robbed by two girl bandits. Here is Mr. Babbitt's story in his own words, as quoted in the special despatch:

"Our car left Sterling about 8 o'clock Saturday morning and when we had driven about 30 miles across the prairie, we encountered two young women on horseback. They were some distance away when we first noticed them and we supposed they were a couple of the Wild West cow girls, we had often read about. The girls kept galloping in our direction and as we were proceeding slowly, it was not long before they were within hailing distance. They waved to us first and taking it for a friendly salutation of the road we all waved back. Some few words of greeting were exchanged, when one of the girls called out "Hold on there a minute, I want to tell you something."

"Better stop," I told the driver and he came to a halt. Then while one girl kept us covered with her revolver, the other rode up beside the machine and held out her hand. I handed over my money, $93 and Batholomew produced his watch and pocket book containing $100. Without waiting for anything more the girls wheeled and rode away.

"Both girls were young, wore wide-brimmed hats and brown khaki suits. They rode astride and were dandy riders. The hold-up occurred at about 11 o'clock in the morning. There was no way to get any one to chase the girls and all we could do was to ride on to Denver."

HURLED TO DEATH FROM FLYING AUTO

Wealthy Manufacturer Killed Almost Instantly in an Automobile Accident at New Haven, Conn.

New Haven, Conn., July 26—Going down a steep hill at a rapid speed yesterday a trolley car struck the automobile owned and driven by Charles C. Buckingham, who met instant death. Mr. Buckingham's wife and two nieces were injured. Mr. Buckingham was a prominent piano manufacturer of New Haven. He was driving his car and was going down the hill when he attempted to avoid a puddle in the road. The machine skidded toward the trolley car tracks and before Mr. Buckingham could bring his car to the middle of the road again it was struck a glancing blow by the trolley car going in the same direction. The automobile was turned completely over and Mr. Buckingham was dashed, head foremost, on a stone wall bordering the street. His skull was crushed.

TWO TERRIBLE RAILWAY WRECKS

Six Lives Lost and Scores Injured By the Derailing of Train

Kansas City, Mo., July 25—Six lives were lost, three persons were probably fatally injured and some fifty were hurt in the wreck of a Wabash passenger train that plunged into the Missouri River, 30 miles east of Kansas City late last night.

Of the eight cars in the train, five coaches and the locomotive are now in the river, with the water covering all of them except one end of a sleeping car. A chair car and two Pullmans remained uninjured.

At the scene of the wreck the river makes a bend and the railroad follows it. For days flood waters have undermined the roadbed, making it too weak to hold up the heavy trains.

Indianapolis, Ind., July 25—Forty-two persons were injured today by the derailing of part of a Cleveland-Cincinnati-Chicago and St. Louis passenger train at Zionsville, seventeen miles northwest of Indianapolis. Six passengers were brought to Indianapolis hospitals, while the others continued their trips. The baggage car and the coaches behind it left the track while the train was running 50 miles an hour.

INDIANTOWN NEWS

What is Going on Around the Busy River Front

It is expected that rafting operations at the Douglas boom will terminate in about three weeks. There are about four thousand joints to be rafted yet.

The following is a statement of the rafting at the Mitchell and Douglas booms for the week ending July 24th. Mitchell boom, 2121 joints, or 62,832 pieces. Douglas boom, 1,644 joints, or 50,835 pieces. Lost by drift wood, 120 joints.

The tugs Flushing and Lily left for the Fredericton booms this morning. The Admiral goes up tonight.

It is reported at Indiantown that the water up river is falling slightly.

There are plenty of new potatoes coming down. They are bringing about 90 cents a tub. There is a fairly good supply of turnips at 50 cents a dozen. Beans are plentiful but peas are somewhat scarce. There are but a few strawberries left and they were bringing 5 1-2 cents on Saturday. Blueberries are coming along in fairly good quantities at 7 and 8 cents a box. There are some few raspberries arriving. Small white turnips are coming in plentifully and are selling for about five cents a bunch. Some new beets and carrots are selling at five cents a bunch.

The steam yacht Kathleen, the property of George V. Cooke, of Dunlap, Cooke Company, arrived at Indiantown this morning and is having her boiler tested.

POLICE COURT

William Hogan, who was arrested on Saturday evening for assault forfeited a deposit of $20 in the police court this morning.

Michael Barry, drunk on Carmarthen street was fined $8.

WHO BOSSES THE FIRE DEPARTMENT

Whether Chief Kerr or the Council Has the Say Will Be Fought Out This Afternoon

The meeting of the safety board this afternoon is expected to be a lively session. Considerable interest is being taken by some of the aldermen in the case of Frank Shannon who some time ago was transferred by Chief Kerr from No. 4 fire station to No. 5 station in the north end. Various reasons have been assigned for the chief's action and some of the aldermen are of the opinion that the change was not made with the best interests of the department in view.

The aldermen have been approached on the matter by friends of both Chief Kerr and Mr. Shannon and opinions are divided as to what was right and what wrong.

It is understood that both will be heard before the board this afternoon and some lively discussion on the matter is anticipated. The chief contends that he has complete control of the department while several of the aldermen claim that the common council has the say as to what shall be done in a case of this kind.

MURDER AND SUICIDE

Wealthy Young Man Kills His Wife and Follows Crime With Bullet Through His Own Head.

New Bedford, Mass., July 28—After showing a letter in which he said he had murdered his wife, Robert M. Fanning, of Westport, shot and killed himself in the police station here early today. The police later found the horribly mutilated body of his wife, where the man had directed. Fanning's father is said to be a wealthy manufacturer of Providence, R. I.

HERO OF "SLOCUM" FIRE MEETS VIOLENT DEATH

New York, July 26—Lawrence Halleran, an inspector of the dock department, who received a medal for saving sixteen lives during the burning of the steamer General Slocum, fell from a train on the trestle of the Long Island Railroad yesterday, near Goose Creek, and was killed. His hat was carried off his head by the wind, and in reaching for it he fell from the car platform. He was knocked unconscious when his head struck a tie and was dead when men hurried back along the trestle and climbed down into the water in an effort to rescue him.

Rev. Jacob Heaney, B. A., pastor of the Carleton Methodist church has returned with his family from a visit to Prince Edward Island.

U. M. W. OFFICIAL SPEAKS IN VERY CONFIDENT TONE

He is Sure of Ultimate Victory for His Men in Glace Bay Strike.

Union is Keeping Strict Tab on Quantity of Coal Mined, and Claim Less Work is Being Done Now Than During the First Week of the Strike.

Sydney, C. B., July 26—(Special)—E. C. McCulloch, vice-president of the U. M. W. of A., speaking this morning as to conditions in the strike region, said "the outlook for final victory is as favorable as we could wish. There were less men working and less coal mined last week than in the opening week of the strike. We," said the vice-president, "keep a close tab on everything and know every man that goes to work, where he works, how much coal, even to the very pound, is hoisted out of the pits and loaded off the banks, and the quantity of coal that is shipped. We have a report to the effect that the company expect a lot of miners from Scotland. These men may possibly come, but we do not believe that they agree to live behind fences and will not go to work for the company under the existing conditions. The company are also seeking men in Newfoundland. They offer these people $2.50 per day, but when they get up on the scene the rate paid is 14 cents per ton. Montreal is also a point from which men are being brought under the same conditions. It is represented to all these people that there is no trouble between the miners and the company, but the difficulty is simply between sections of the men. The company have ordered a number of their tenants to vacate the houses occupied by them, and we look for a wholesale order in this direction very shortly. We shall take care of these evicted tenants temporarily housing them in tents until September, when we shall arrange for more suitable winter quarters."

EXPECT TO UNCOVER A SENSATION

Murder of Steward McTavish of P. E. Island Declared by Cambridge Police to be Most Sensational One.

Boston, July 26—(Special)—The murder of Stewart McTavish, of Prince Edward Island, seems likely to develop one of the biggest sensations in the criminal annals of New England. The attorney for Mrs. Elizabeth Richmond intimates that he will seek to prove an alibi and the Cambridge detectives for their part, assert they will be able to prove Mrs. Richmond one of the most fiendish of modern murderesses. They claim to have discovered facts which show that McTavish was killed in his room while in a sort of stupor caused by a drug and they have called upon Professor Whitney of Harvard, to prove this by an examination of the vital organs of the victim.

TRYING TO FLY FROM ST. LOUIS TO THE SEA

St. Louis, July 26—An attempt to capture the Lahm Cup was started last night when the balloon University City, piloted by John Berry, ascended at Sunset, bent on exceeding the mark of 475 miles made by Captain Charles Chandler on October 17, 1907. With Perry were Paul McCullough, his aide in winning the recent Indianapolis race, and John S. Thurman, of St. Louis, a novice. The balloon was provisioned for 48 hours and equipped for flight in the upper air strata. Berry announced his intention of attempting to reach the Atlantic coast by means of the high eastern currents.

NEW YORK RECTOR DEAD

Nahant, Mass., July 26—Rev. Dr. William R. Huntington, rector of Grace Episcopal church, New York City, died early today after a lingering illness caused by intestinal trouble. He was 71 years old.

The funeral of Mrs. Lucy A. McDonald was held from her late home, Chesley street, this afternoon at 2.30. Service was conducted by Rev. A. B. Cohoe, and interment was in Cedar Hill.

MAN WHO FLEW ACROSS THE CHANNEL IS RAPIDLY TIRING OF HIS JOB AS SOCIAL LION

Louis Bleriot, Suffering from Acute "Hero Worship"--He Was Almost Suffocated by His Admirers, and Police Had to Come to His Rescue.

London, July 26—Louis Bleriot, the Frenchman who made history yesterday by flying across the English Channel from Les Barques to Dover, a distance of 21 miles, in the remarkable time of a little less than half an hour, and his famous little monoplane both reached London this morning to receive the monetary fruits of his achievement in the shape of a cheque for one thousand pounds ($5,000) and the latter to be placed on exhibition to the financial advantage of both a London hospital and the enterprising proprietor of the only American department store here. The famous aviator is finding hero worship much more trying to endure than the strain of navigating the air. Remarkable scenes were again witnessed at Dover this morning when M. Bleriot, returned there to attend a civic reception in his honor. The Frenchman was mobbed by the enormous crowds and the police had to come to his protection so eager were the enthusiasts to greet him at close quarters.

A similar ovation awaited the aviator in London, his compatriots having gathered at Victoria Station in huge numbers and M. Bleriot must have narrowly escaped suffocation from their embraces. With the help of the police he finally succeeded in getting away and reached his hotel where he was presented with the check at a luncheon party.

"Bleriot fever," seems to have seized a large part of the populace of London. Those unable to see the flyer himself have been besieging the store where the compact little monoplane is installed in a department among other travelling requisites, the machine being so small, it looks like a large toy rather than the practical flyer which enabled its daring manipulator to carry out his epochal feat.

A NEW STANDPIPE FOR THE TRANSCONTINENTAL

T. McAvity & Sons Have a New Model With Several Improved Features.

T. McAvity & Sons have just completed at their foundry, Water street, a new type of standpipe for use on the Transcontinental Railway. The pipe which is used for supplying water to the locomotives is a very large affair and embodies several features which are a distinct improvement over the standpipe formerly manufactured by the firm, for the C. P. R. and I. C. R.

The stand-pipe is used in conjunction with the water tanks in the yards or can be used with a reservoir supply, the water being piped for a considerable distance if necessary. The mechanism is very simple and it is easily operated.

The pipe now ready will be shipped to McGivney's Siding and three others of a similar pattern are in course of construction, to be shipped to Ontario where they will be placed on the Transcontinental line.

INDIAN WANTS TO MEET STERLING

Secretary Covey, of the Every Day Club, received a letter from Charlottetown this morning urging that Stirling go over there to run against the young Indian, who is considered a very fast man, and coming champion. Mr. Covey replied that Stirling could not go to the Island city, but the club would be glad to have the Indian enter for their sports here next Monday evening. The entries for these sports close on Wednesday night.

MONTREAL STOCKS

Montreal, July 26 — (Special) — Stocks were quiet but steady. Dom. Coal rose to 78 12 and MacKay to 83 1-4. Other features were Pacific, 186 1-4; Textile, 74 3-4; Pfd., 108 1-2; Quebec Ry., 58 1-2; Toronto, 126; Dom. Steel, 46; Pfd., 129; Soo, 147; Detroit, 67 1-4; Richelieu, 83.

THIS EVENING

Moving pictures and illustrated songs at the Nickel.

Moving pictures and illustrated songs at the Star, North End.

Attractions at Rockwood and Seaside parks.

The regular meeting of the common council on Monday next should be a very busy and interesting session. Among the matters to come up will be Alderman Potts' motion to make a fixed rate of taxation for a period of years; the question of permanent pavement, the safety boards recommendations in the fire department controversy and several other matters of lesser importance.

H. L. Spencer is in the city, and but for a little weakness bears his eighty years remarkably well. His book of poems, The Fugitives, is highly praised by all who have secured a copy.

HIS CONTRIBUTION.

Claude—Old Closefist is the meanest man in the state. I asked him to contribute something to an Arctic expedition.

Clara—And what did he contribute?

Claude—A grass-cutter.

Member of Masonic Order Commits Suicide in a Chicago Hotel

Chicago, July 26—After taking every precaution possible to prevent identification, a man registered as Edward Wilson, committed suicide yesterday in the Saratoga Hotel by swallowing poison.

Investigation seemed to prove the man planned to end his life. He was a member of the Masonic order, and a note found with a lodge apron in the room, made a request that he be buried by the Masons. Previous to ending his life the man had cut from the receipts the name of the lodge to which he belonged, and even the buttons from his clothing, concealing them to hide his identity.

AMERICAN PRAISES THE LEMIEUX ACT

Winnipeg, July 24—Dr. Victor S. Clarke of the United States Bureau of Labor, yesterday attended the meeting of the board of conciliation which is taking evidence in the matter of the differences between the Grand Trunk Pacific and the operating employes of the company. Dr. Clark came to the city with the object of securing information with reference to the value of the Lemieux Act.

He stated that the act was one which might be adopted by certain of the American states. He added that he had examined the legislation relating to labor which had been enacted in various countries and that the Canadian law came nearer to what they would like to have in the United States than anything else he had found. The law could not be adopted by the United States congress but it could be passed by the various state legislatures.

CHANGES AT THE NICKEL

Master Pat Harington is ill at his hotel and will not be able to take his place at the Nickel until Tuesday, but DeWitt Cairns, who has just returned from Scenic Temple, Boston, will be heard today instead. The sketch in which Pat and H. & B. participate, has been deferred.

Don. McEachern, the well known ball player formerly of this city, but now of Presque Isle, (Me), will arrive here today to spend his vacation with his parents. It is possible he may be seen on the local diamonds during his stay home.

It is said that as the result of the proposed plan to license boxing exhibitions here, there are likely to be some good bouts in the future.

Miss Joan Coster will be at the E. D. C. playgrounds tomorrow afternoon and ground hockey and basket ball will be played.

The weekly business meeting of the Every Day Club will be held this evening in the hall.

George Y. Dibblee of Fredericton spent Sunday at Duck Cove.

THE TIMES NEW REPORTER

JOY IN CAMPBELLTON

Campbellton, July 26—(Special to the Times New Reporter)—The arrival of Evelyn Thaw at this place, whether she is really Evvie or not, is a great boon to the young men who hope some day to become reporters on the New York American or the Police Gazette. Evvie means "copy," at space rates, and it does not really matter whether the tan leggings cover the shapely ankles of Harry's Evvie or the thin shanks of a woman nobody knows. What could be more readable in New York than the story of a lumber jack striding through the streets of Campbellton with a bottle of champagne by the neck in either hand, to present to the girl whose picture has been in all the papers, and who has seen the inside of Paris and New York? The picture of Evvie having a joy-ride on horseback to the Kedgewick, and paddling about for water lilies on the limpid stream, will charm New York; and when she returns to Campbellton the town band will surely be secreted somewhere to give her a reception. It is hoped that Harry will gain his freedom and come this way before fall. It beats all how popular this region has become among the great and good people of the earth. Why don't you come up yourself?

THE FIRE RECORD

The city fire department is again suffering from spontaneous combustion and the safety board is getting out the hose.

SOON TO BE CIVILIZED

The announcement that boxing bouts may become common events in this city has caused great satisfaction among our best citizens. A good bout with lots of blood in it, and bets made at the ringside, and booze also on the side, would, it is pointed out, do much to humanize the community and elevate the ideals of the people. The Evangelical Alliance, preachers' meetings and ladies' sewing circles would all attend these manly exhibitions.

SPANIARDS AND MOORS ARE IN SHARP CONFLICT

Fighting Resumed Outside of Melitta Last Night —Spanish Forces to be Increased With General Marina in Supreme Command.

Board of Works 30jan09

Madrid, July 26—Fighting between Spanish forces under General Marina and Moorish tribesmen was resumed outside of Melitta at nine o'clock last night.

General Linares, minister of war, in an interview today announced that the mobilazation of Spanish troops would soon reach 24,000 thereby bringing General Marina's effective force up to 40,000 men, but on account of the extent of territory on the Riff coast to be covered, he considered it doubtful whether that number would suffice, and consequently the formation of new bridgades would continue. General Orogo's division and the Gibraltar brigade will leave here today for the Rift coast.

General Linares declared that General Marina enjoyed the full confidence of the government and that he would remain in command and be given every man he asked for.

The Madrid newspapers have been notified that hereafter they will not be allowed to print special despatches from the seat of war until their accuracy has been confirmed by the general staff. Foreign correspondents are forbidden to telegraph any except official news.

The government denies that it intends to suspend the constitutional guarantees in Catalonia and other provinces.

NEWS FROM FREDERICTON

A Centenarian Who is Hale and Hearty—Death of Richard Jones — Police Court Business.

Fredericton, N. B., July 26—(Special)—Richard Jones, a well known resident, for a numebr of years in the employ of Jas. A. Bell, grocer, died on Saturday evening, aged seventy-six.

John Brown, a colored resident of this city, entered upon his 105th year on July 5, and claims to be the oldest man in the province. He was born in this city and has lived here all his life. He claims to remember the departure of the 104th Regiment for Quebec in the winter of 1813. He is wonderfully active for a centenarian and earns his living sawing wood and doing other odd jobs.

The St. John River Commission will meet in the supreme court chamber here on Wednesday afternoon.

The police captured four drunks, all strangers, in a field near the Intercolonial track Sunday afternoon. This morning, at the police court, they forfeited deposits of $8 each.

A tramp arrested this morning for drunkenness was found with a revolver in his possession when searched at the police station.

Mayor Chestnut and Fred B. Edgecombe leave this afternoon for Caines River on a fishing trip.

FINED $50 FOR SELLING LIQUOR TO DRUNKEN MAN

James Flood Before Police Court for Violating the Liquor License Act

The case of Jas. Flood, charged with selling liquor to a drunken person, James Bowes, came up in the police court this morning. Dr. A. W. MacRae appeared for the defendant and Police Clerk Henderson for the crown.

Officer Finley was the first witness sworn. He stated that he saw James Bowes near Mrs. Catherine Quigley, his daughter's shop, on the Marsh Bridge, seemingly in an intoxicated state, about 5 o'clock in the afternoon on July 21st. Having seen Bowes drunk a second time a few minutes later, witness went to Jas. Flood and told him that Mrs. Quigley had reported him (Flood) for selling liquor to her father while he was drunk. Flood said that he thought Bowes was sober. Witness replied that Mrs. Quigley had told defendant not to serve her father, Bowes. Flood said he did not want Bowes around the place at all.

Mrs. Catherine Quigley, sworn, testified that her father was not an habitual drunkard, but on the day in question about noon he was very much under the influence of liquor, and was more so later in the afternoon. She watched Mr. Bowes go into Food's barroom on Wednesday afternoon and bring out with him a bottle of whisky.

Harry Brown was the next witness called. He stated he was in defendant's bar between 4 and 5 o'clock on Wednesday, saw Mr. Bowes come in and go out, and thoughe he was sober. Witness also saw Mr. Bawes hand a bottle to defendant, but did not see him get it back again.

Christopher McDade swore that on seeing Mr. Bowes on Wednesday afternoon, he thought he was sober. Questioned by Mr. Henderson, witness denied having been told by defendant that if Mrs. Quigley would withdraw the charge, he (Flood) would sell her father no more liquor.

Cyrus Gould, a blacksmith, employed with the last witness, gave similar evidence.

The defendant, James Flood, next took the stand, and swore that Mr. Bowes did not seem to be drunk when in his bar on Wednesday. He denied telling Officer Finley that he had served Bowes with liquor, but admitted to the court that he had sold the latter a half-pint of gin.

This closed the case and Dr. MacRae moved for the dismissal of the defendant.

His honor at the conclusion of the case referred to the increase in drunkenness which had come within his notice since the first of May. After reviewing the evidence given on both sides, the judge fined the defendant the full penalty of $50.

The case of Mrs. Bradley, who has been reported for selling liquor to an intoxicated person, has been deferred until Friday afternoon at 2 o'clock.

The case of Geo. Cusack, charged with a like offence will come up at 2.30 this afternoon.

P. W. Wetmore formerly of St. John West, but now in business in Fredericton, spent Sunday with his family.

A. H. Chipman left Saturday for New York as a guest of the Equitable Life Insurance Co at its 50th anniversary.

HART AND SCHRECK WILL MEET TONIGHT

Both Men Are in Good Shape for the Bout Which Will be Pulled Off at Terra Haute.

Terre Haute, Ind., July 26—Mike Shreck and Marvin Hart are both here and each claims to be in good shape for the bout which is carded for tonight. In spite of Governor Marshall's recent stand against boxing the promoters think the affair will not be stopped. The bout is for ten rounds.

PREPARING TO FLY AT PETEWAWA CAMP

Canadian Aviators are Making Ready for Tests—New Aerorome to Be Called Baddeck.

Petewawa, Ont., July 26—(Special)—Messrs. McCurdy, Baldwin and Lieut. Perrin and William MacDonald are putting the aerodrome Silver Dart together and will rush the work on during the next three or four days. No ascent is likely to be made before the end of the week. The fifth and last aerodrome, the young inventors have made will be tried at Petewawa Camp, but it is not here yet. The intention is to experiment with the Silver Dart and later on with the new flying machine which has been christened the Baddeck. Later on some military officers from Ottawa will visit here but none have arrived yet and the time will be taken up in getting the machine together.

CHICAGO MAY HAVE A $20,000,000 STATION

Chicago, July 26—A new union station to accommodate railroads entering Kansas Citl, Mo., which probably will cost more than $20,000,000 seems assured by action taken by directors of the new project. At a meeting here they determined to accept the ordinances imposed by the Kansas City authorities. Details of the plan will now go to the engineers.

WILL BRING SWINDLER BACK FROM THE COAST

Toronto, Ont., July 26—(Special)—Detective Murray left Toronto on Saturday night for Vancouver where he will take charge of John A. E. Anderson the alleged bank swindler, who was arrested here on Friday on information supplied by the Toronto police.
