BISHOP CASEY CALLS FOR PRAYERS OF PEOPLE

Tells of Plenary Council in Quebec and Makes Announcements—Fast Day on Sept. 10.

In the Cathedral at 9 o'clock mass yesterday, His Lordship Bishop Casey, spoke on the plenary council of the church to be held in the city of Quebec, beginning on Sept. 19. Since the days of the apostles, he said, all great questions in the church had been decided at councils. These councils were of two kinds, universal and plenary, the latter having to do with matters affecting the church in the country in which they are held. The council to be held in Quebec will be the first in Canada.

The delegates present, he said, would discuss dogmas as relating to Canada and the laws of discipline and other matters. It would be a great occasion at which there would be in attendance probably 250 dignitaries of the church—bishops, vicars-general, monsignori and learned theologians.

In the diocese of St. John Bishop Casey said he had orderd that the litany of the Blessed Virgin be recited after the late mass on Sundays, from now until after the meetings, as a prayer for guidance of the council. To the same end, Friday, Sept. 10, would be a fast day. He also asked the people in their private prayers to pray for the work of the council.

The meetings, he said, would last at least four weeks, how much longer, he did not know.

AMUSEMENTS

NICKEL HAS LAUGH FEAST IN STORE

This is to be the week of weeks at the Nickel. The leading feature for the first three days will be the little comedy sketch that has been woven around the song-hit, I Remember You, which Miss Holmes is to sing. Mr. Buchanan and Pat Harrington will both "work" in this number, and it is sure to create a tornado of laughter. The actions of shorty Pat and lanky "Bob" Buchanan will in themselves be full of fun. Pat himself will sing the Irish ditty, O'Reilly, and on Tuesday and each succeeding day will have a different number. This is to be his farewell week, and he is going to give his friends the best songs in his repertoire. Mr. Buchanan will render the dainty excerpt, The Absinthe Frappe, from Victor Herbert's It Happened in Nordland.

Pictorially the Nickel has a great show. The Oyster Fisher's Gold is a strong drama with magnificent scenic effects on the Atlantic coast; Led Astray is a melodrama, and An Inspiring Sunset one of the Pathe's rich scenic pictures. There are two comedies.

CARDINALS CONSPIRACY AT THE STAR THEATRE

Over in Star Theatre, north end, they are still putting on those excellent biograph features, the pictures that make a sensation whenever or wherever shown. This time it is the strong comedy-drama of the middle ages entitled "The Cardinal's Conspiracy; or When a Woman Wills She Wills." This is a particularly dainty number, with gorgeous scenery, fine acting and lovely costuming. Besides this feature the Star will have three other films and Miss Ballard is to render a new song.

A number of young men have been in the habit of spending their Saturday afternoons and Sundays loafing at the foot of Clarence street and there is a complaint that the place is made almost unsafe for a woman to pass without an escort. The police know some of these men and there may be arrests.

W. S. Hooper, of Fredericton, left for home on Saturday evening.

PUT MONEY IN THE BANK

Is Rev. A. A. Graham's Advice to Audience in Every Day Club, Last Evening.

Supplementary to the address of Dr. Samson on thrift was that of Rev. A. A. Graham at the Every Day Club last evening. He dealt with the elements of thrift, based on industry and temperance, and considered three essentials—constant industry, systematic saving and moderate expenditure. He placed saving before expenditure because if the latter were given first place there might be nothing to save.

Mr. Graham dwelt upon the value of a savings bank account, no matter how small the deposits, and more especially upon the government annuities plan, which he hoped the people of St. John would profit by.

The real wealth of a country was in its people and the difference between China and Canada, or Africa and Canada was really the difference in the people. He pleaded for the development of an all-round, systematical manhood, interested in every good work, and keeping a warm heart for every such work and seeing good in every church and in all the people, and always ready to reach out a helping hand to those who are down. He vigorously condemned the lazy man, and the man or woman who despised work. The dignity of labor was emphasized, and with it the value of work which was unselfish and sought the good of others.

A feature of the musical programme was a solo by Miss Oram. There was a large audience. Rev. S. W. Anthony was among those present. The chairman made a plea for parents to visit the club's playground and see for themselves what is done there.

AMERICAN UNION TURNED DOWN

Conciliation Board in Glace Bay Dispute Decides Againts tthe U. M. W. A.

Ottawa, July 25.—The report of the board of conciliation and investigation to which was referred the dispute between the Nova Scotia Steel & Coal Company and the members of the local union of the United Mine Workers' Union of America at Sydney Mines, was made public by the minister of labor today.

The main question at issue was the same as the issue underlying the strike at Glace Bay, namely, the recognition of the international as opposed to the provincial union. The majority of the board, viz., Judge Chipman, chairman; and Judge McGillivray, the company's representative on the board, find in favor of the company's contention that there should be no official recognition of the international union, whose headquarters and head officials are in a foreign country and whose influence and authority in Canada constitute a serious menace to industrial peace and stability in this country.

In the main, their report is in accord with the report of the board which reported last spring on the issue in dispute between the Dominion Coal Company and the U. M. W., and is a significant pronouncement in favor of having Canadian union labor interests subject only to the control of Canadian labor organizations.

A minority report presented by Daniel McDougall, the representative of the U. M. W. on the board, dissents from the majority view and urges that since the members of the international union compose about ninety-five per cent. of the employes of the coal company, as compared with only five per cent. members of the Provincial Workmen's Association, and since the U. M. W. is a joint organization of Canadian and United States workmen, it would be in the interests of industrial peace to give this strong central organization a recognized status and authority to speak for the miners in the company's employ.

WILL KEEP BUSY ALL SUMMER

Repairing Water Mains--Engineer Expects He Will Have to Shut Off Supply Several Times.

City Engineer Murdoch said last night that he expected the repairs to the concrete section of the water main would take the balance of the summer to complete. There are many leaks in it, he said, and they may have to turn the water off again once or twice.

A curious thing was discovered in connection with the pipe. When the water was turned off recently to enable the men to make repairs, he said, some water continued to come through. It was thought there might be a leak at the gate but it turned out this was not the case. A dam was formed in the inside of the pipe and the water was kept pumped out. It was then found that a jet of water was forcing itself into the concrete in Fitzgerald Lake, otherwise known as the "dry" lake.

The men have fallen back on the old system of repairing the pipe. Wherever they see water bubbling up from the ground from a leak they dig down. Then when the pipe is uncovered pine wedges are driven into the holes and smoothed over with cement. During the past week much work was done filling where the pipe had been uncovered.

Mr. Murdoch says that he expects to be able to patch up the concrete main so that it will serve. He did not think it could be made absolutely tight. He had heard and read much of inventions designed to make concrete tight but so far none had been a success. The reason was that the concrete itself was a porous substance.

DIED IN CHURCH

Manset, Me., July 25—Miss Janet McNaughton, aged about 65 years, of Albany, N. Y., a guest at the Hotel Dirigo, Southwest Harbor, died of heart disease while attending the Episcopal church in Northeast Harbor today.

A. B. Hannay, of Ottawa, with his wife and children, returned to the city yesterday from Harvey, where they spent the last two weeks.

FULTON McDOUGALL TRANSFERRED TO WEST

Moncton Manager of Royal Bank to Leave Shortly — Robert Cochran

Moncton, N. B., July 25—Robert Cochrane, an aged and prominent resident of Moncton, passed away this morning, aged 84 years, after an illness extending over a year or more. He was one of the city's best known and most highly respected citizens. He was born in St. John in 1825 and removed to Moncton at the age of 10, having lived here sixty-five years. In the early history of Moncton Mr. Cochrane was employed in shipbuilding and built several ships. His parents emigrated from Edinburg, Scotland, to St. John. George H. Cochrane, collector of customs here, is a son and the surviving daughters are Mrs. Owen Cameron, Mrs. C. E. Taylor and Mrs. F. Fraser, all residing here. Mrs. Cochrane also survives.

Family Physician said Incurable

SHE WAS CURED COMPLETELY BY DR. HAMILTON'S PILLS

A Terrible Experience With Indigestion.

Another example of the marvelous merit of Dr. Hamilton's Pills comes from Kingston, where Mrs. E. V. Holton was snatched from the grave and restored to sound health by this wonderful medicine.

"Three weeks ago I was taken suddenly ill. My head throbbed and ached and I became so dizzy that I had to go to bed. There was a terrible feeling of weight and fullness in my left side and all the region of my stomach and liver was sore even to touch. I was in a terrible state—had no appetite, in fact I was afraid to eat because of the suffering I had to endure after meals. I got so bilious and had such pains across my eyes that I could scarcely see. My doctor said I had Incurable Indigestion.

"As a last hope I used Dr. Hamilton's Pills, I saw clearly they were doing me good and continued the treatment. My appetite and strength gradually returned—my color improved and day by day the stomach and liver derangements were less troublesome. All symptoms of biliousness and indigestion have now passed away, I am cured by Dr. Hamilton's Pills."

The same medicine that so wonderfully cured Mrs. Holton will cure anyone else of biliousness, constipation, indigestion, headache, poor color and stomach trouble. Get Dr. Hamilton's Pills today—refuse any substitute, 25c. per box, or five boxes for $1.00. By mail from The Catarrhozone Company, Kingston, Ont.

HENRY PELLATT DEAD

Toronto, July 26—(Special)—Henry Pellatt, father of Sir Henry M. Pellatt, and a member of the well known financial firm of Pellatt & Pellatt, died suddenly last night at his summer home on Lake Couchiching near Orillia. The immediate cause of death was heart failure but the deceased gentleman, who was in his eighteenth year, had been in failing health for the past eighteen months.

Harold Ellis returned to Montreal by the C. P. R. last evening, after spending his vacation with his father and mother, Mr. and Mrs. Alfred H. Ellis, of this city. Mr. Ellis is a member of the staff of the Bank of British North America in Montreal and is well known in St. John in athletic circles as a former active member of the Neptune and Marathon football teams.

While cutting kindling wood on Saturday night, Samuel Stanbeig, a waiter in the Dufferin hotel, let the axe slip and his hand was quite severely cut. Dr. Emery was called and dressed the wound.
