Toronto, Ont., Sept. 1.—(Special)—A man drove up to North Toronto last evening and left a box hidden as he thought, in the bushes, a young man saw the act, however, and notified the police, who on examining it, found the box contained dynamite. The police are looking for the man.

mal School Has Record
Attendance.**

Fredericton, N. B., Sept. 1.—(Special)—The residence of Prof. and Mrs. A. H. The happy couple will leave this evening for Amesbury. The nuptials of Hugh Miller of Westville, (N. S.) and Miss Ethel May Ross, daughter of Building Inspector G. W. Ross were celebrated at the bride's home this morning in the presence of relatives and friends. Rev. Dr. Smith was the officiating clergyman. **Chief Superintendent and Prin-
cipal Arranging for Military
Training in Normal School.**

Fredericton, N. B., Sept. 1.—(Special)—The local government held a short session this morning, but so far as could be learned there was very little business transacted. There was very little on the schedule and it is likely that the members will go to St. John either this evening or to-morrow morning. Chief Supt. Carter and Principal Bridges are arranging with Major Fiset of the Royal Regiment to supply instructors for military training at the normal school. It is likely that the male students will be formed into cadet companies.

JUDGE RITCHIE GIVES CONSTABLES LECTURE

**Methods Spoken of and Instances Brought to At-
tention—Something More Next Time if Con-
ditions Do Not Improve**

After the city constables had presented their reports and were on the point of leaving the police court on their daily routes today, they were summoned back by Judge Ritchie, who delivered quite a lengthy lecture on their methods. His honor spoke about complaints which had reached his ears that a certain constable, though perhaps it might be true of all, had, in the absence of a man on whom he was to serve papers, served them on his wife in the street. They were altogether too zealous and eager in the pursuit of their work. Only a short time ago a case had come before him in which a

colored man had been summoned to appear and did appear only he came on the wrong day and, after being present in the court room all morning, was told that he must come on Thursday. In other cases people would complain that a constable would be impudent and would very strongly question their veracity. "You must not serve a man's wife, daughter or servant," said the magistrate, "but try to govern yourself according to what the law requires of you. You can go now, but keep in mind what I have said, and if I hear any more complaints there will be more than this little talk done in the matter."

HUNDRED DOLLARS OR SIX MONTHS IN JAIL

**Moncton Man Has The Choice—Supreme Court

Moncton, N. B., Sept. 1.—(Special)—Henry Cormier must pay \$100 or serve six months in county jail. There will be two Moncton cases to come before the supreme court at Dorchester on September 7. Lloyd Leaman is charged with resisting arrest by the Moncton police, and the two Leblanc brothers charged with stealing forty dollars from a house on the Patisco road. Ben Leblanc, who escaped a week ago, has not appeared yet, and chances are he will not be at the trial.

The play-off in the league series will be at 5 o'clock this afternoon, when the C. C.'s and C. A.'s will play. James McAllister is expected here from St. John to handle the indicator. A good game is expected.

THEFT OF \$300 WATCH IN 1907, CHARGE IN HALIFAX

Halifax, N. S., Sept. 1.—(Special)—R. T. Miller, a clerk connected with the Quebec post office, was brought here yesterday by a detective, and this morning was arraigned in court charged with stealing a gold watch, valued at \$300, from the Halifax post office on January 12, 1907. Miller pleaded not guilty and the case

was put over for one week. Miller's defence is that he bought the watch from a clerk in the Halifax post office, named Kinsman, paying him for it, in instalments. The purchase was made, he says, while he was in Halifax on a vacation. Miller was at one time in the Halifax office and was transferred to Quebec. He is well connected in Quebec.

MURPHY WILL NOT LET KLING GO

Cincinnati, Ohio, Sept. 1.—President Murphy of the Cubs does not like to hear of the persistent rumors that catcher Kling is to come here. "I will not stand for a trade for Kling," he said yesterday. "Kling has seen fit to absent himself from the Chicago team, thereby possibly endangering our chances of winning the championship this year. He belongs to Chicago and must play with Chicago or not at all. If Kling plays baseball next season it will be with the Chicago team. Or if he does not play until the season after that, it still will be with the Cubs."

FEAR JOHNSON IS OUT OF GAME

**Washington's Star Pitcher May
Be Permanently Disabled.**

Washington, Sept. 1.—Walter Johnson, Washington's premier pitcher and one of the star twirlers of the American League, may never pitch another major league game. Because of an injury to his shoulder, Johnson was forced to leave the team at Chicago and return to this city for rest and treatment. He hurt his arm during a recent game in Cleveland. He says that his condition is such that he could not play another game this season. It is feared that one of the ligaments of Johnson's arm is broken, and in that event there is only slight hope for the complete restoration of the arm. Johnson has pitched forty games this year and has shown splendid form.

CALIFORNIA WANTS AEROPLANE MEET

Los Angeles, Sept. 1.—Through the Aero Club of California, a committee of Los Angeles business men have notified the Aero Club of America that southern California will make a bid for the proposed international aeroplane competition next year. The committee selected from the membership of the local Aero Club began a movement today to raise a fund of \$100,000 to be distributed as prizes to the successful sky pilots. The letter to the Aero Club of America states that the lack of wind and rain during the summer season around Los Angeles would make ideal conditions for record breaking aeroplane races.

INCREASE PRICE OF PRINT PAPER?

Appleton, Wis., Sept. 1.—Forty paper manufacturers, representing practically every company in Wisconsin, Michigan, and Minnesota, gave a banquet here last night in honor of G. Frank Steele, of Port Edwards, special representative of the paper interests in Washington, during the tariff bill fight.

It is said they discussed an increase in the price of print paper in the near future. One manufacturer admitted that print paper would stiffen soon, but would not say that uniform action would be taken.

MASTERS AIR BUT KILLED BY A TRAIN

**Louis Reynaud, Airship Inven-
tor, Had Just Completed
Improved Aeroplane—His
Family Will Test it**

New Orleans, La., Sept. 1.—Louis Reynaud, the inventor of an airship which was to have been its trial flight on Sunday, was killed last night when the carriage in which he was returning home from a day's work on the aeroplane, was struck by a New Orleans and Great Northern passenger train at Gentilly road and Brussels street here.

His invention had been kept a secret until a short time ago. Since then it had been the object of much interest and great things were expected of it. The machine is one of the biplane order, differing from the Wright Brothers' aeroplane only in that it has a long tail, which, it is claimed, would make it more steady. It was to have carried two more passengers.

Eugene Reynaud, a brother of the dead inventor, said that he and other members of the family probably will complete the preparations for the flight, which, however, will be delayed for several days.

gested—May Be Conference With C. P. R.**

McGoldrick, chairman; Mayor Bullock, Aldermen Holder, Elkin, Likely, Potts, and Kelley, City Engineer Murdoch and Recorder Skinner. Hon. Mr. Pugsley who made suggestions for some changes. He also explained matters in connection with the work undertaken by his department. There will be another meeting of the board in the course of a few days for further consideration of the agreement. In the meantime it is likely that members of the committee will meet with C. P. R. officials for the purpose of going over the agreement with them.

JEROME WARNS FIGHT PROMOTER

**Mere Bid for Fight Violation
of the Law.**

New York, Sept. 1.—Accompanied by William Gibson, one of the heads of the Fairmont Athletic Club, and by Gibson's lawyer, Commissioner Baker of the police called on District Attorney Jerome yesterday for a conference about the proposal of the club to hold a prize fight in this city. The club is understood to have made a bid of \$20,000 for the fight. Mr. Jerome warned Mr. Gibson that such a bout would not be tolerated here, and that only boxing exhibitions for club members were allowed.

It was said that the district attorney told the promoter he was violating the law by even bidding for the fight, and Gibson gave the assurance that if such was the case, the club's offer would be withdrawn. But Maurice Dieches, counsel for Gibson, said later that the club might go ahead with its arrangements and make a test case of the ruling laid down by Baker and Jerome. The lawyer said he understood there had never been a positive decision as to the legality of selling tickets in advance for a fight and taking them at the door.

"Some time ago, Magistrate Butts ruled that the Fairmont was a bond-fide club, and it got from Justice Seabury an injunction restraining the police from interfering with its bouts," said Mr. Baker. "We can make an arrest, however, if we find the law is being violated. It is next to impossible to enforce the law against these clubs. If the Farley bill, which was turned down in the Legislature, had been passed, the police would know where they stand. We ought to have a law which prohibits the sale of tickets in advance for a fight and taking them at the door."

TIDAL WAVE SWEEPS TOWN, LIVES LOST

Rawhide, Nevada, Sept. 1.—Squatter town, a settlement just south of Rawhide, was swept by a tidal wave following a cloudburst in the hills to the north last night, and 13 buildings were destroyed. It is reported that two women and four children are missing. The cloud broke on the summit of the low hills to the north of the camp. Gathering force as it poured down the channel, the flood swept into and over Squattertown, half a mile further down. The water formed a mile ten feet high as it crashed into the structures there. Before the wave passed, seven hundred persons were rendered homeless and the town was a scene of confusion. The water in the basin at the foot of National Hill.

QUEBEC WILL NOT GIVE UP POLICY

Quebec, Sept. 1.—Sir Lomer Gouin says that his government has fully made up its mind after mature reflection and a thorough consideration of the whole question what policy it was its duty to pursue in connection with the pulpwood and pulp and paper industry. No subsequent action on the part of the United States will affect that policy or the sense of duty that dictated it. This reference to a ministerial policy refers apparently to Sir Lomer Gouin's declaration in Montreal of a coming prohibition of pulpwood export. He did not care to discuss the matter further, but added: "We are not inviting and do not desire any tariff war with the United States. All we desire is to hold what we have."

READVILLE RACE MAY BE POSTPONED

Readville, Mass., Sept. 1.—Showers and threatening weather in the early part of the day caused considerable doubt in the minds of the officials as to whether the racing division of the blue ribbon event of the turf in this country, the American Derby, would be run off on the Readville track this afternoon, at the second day's grand circuit meeting. The \$15,000 purse, although not as great as that divided among thoroughbreds in yesterday's great race, brought out a list of entries fully as large as yesterday and created as much interest. The Ed, owned by F. W. Entricksen of Tavistock, Ont., is the scratch horse and, owing to his good showing on the circuit this season, is picked by many to finish well up among the leaders.

**Edward O'Kane of Chatham

Train—St. John Man There**

A fatal accident occurred about 1 o'clock this morning about two miles east of McAdam as the result of which Edward O'Kane of Chatham had both his legs severed from his body by the wheels of a train, and now lies dead in McAdam. SAYS DIRECT NOMINATION KILLS PARTY

**New York Assemblyman
Takes Issue With Gov.
Hughes' Recently Expressed
Views.**

Albany, Sept. 1.—"Direct nominations as we have seen it is the greatest goliath that was ever handed to a confiding people," was the declaration here of Assemblyman Robert J. Conklin of New York city, a member of the special committee appointed by the last legislature to investigate the question of direct primaries and report to the legislature of 1910. Mr. Conklin said the committee had completed its investigation and other statutes which have direct primary laws. Assemblyman Conklin voted for a direct nominations bill in 1907 and 1908, and voted against the Hinman-Green bill this year. He says hereafter he will oppose direct nominations.

"The people of New York state," he said "have no idea of the political anarchy that exists in the middle western states. Direct nominations have driven parties entirely out of existence in many communities. In Wisconsin there is no longer a Republican party and a Democratic party. There are several personal factions, the most prominent of which are the Stalwarts and the Half-Breeds. The latter are the followers of La Follette and the former are his opponents. Those who were at one time Democrats have disappeared, and have gone into the Republican party, so-called, to vote at the primaries. There is no longer party principles, but only personal views of faction leaders. To some extent the same state of affairs exist in Iowa and Kansas and everywhere else where this system of direct nominations is in operation. The minority party has been swallowed up. In every community we have visited there have been but one opinion expressed by the decent, sober, intelligent citizen, the conservative professional man—and that has been of disgust and loathing for the political anarchy into which they have been plunged. Time and again we met with the expression from the biggest men in the cities we visited: 'Do not inflict this iniquity on the State of New York.'"
