**WOULD BE FIRST AMERICAN SAINT**  
 Investigations Towards Canonization of Founder of Order of Sisters of Charity

Rome, Nov. 24.—Mgr. Robert Seton, of New York, Archbishop of Hippopolis has just returned after two months spent in Spain, which he went through from Barcelona to Cadix. He visited most of the famous shrines, and was much impressed with the orderly and religious spirit of the people, in contradiction to the revolutionary reports which often emanate from there.

Cardinal Merry del Val, who, notwithstanding being a Londoner by birth and an Italian by adoption, is truly Spanish at the bottom of his heart, has followed with interest Mgr. Seton's excursion into which the American prelate received.

Archbishop Seton is the highest American prelate living in Rome. His friends here are much interested in the investigations which the Congregation of Rites, presided over by Cardinal Martini, the Apostolic Delegate to the United States, is carrying on to establish the virtues of an ancestor of the archbishop, Mgr. Elizabeth Anne Seton, who, about 100 years ago, founded the Order of the Sisters of Charity, under the Constitution of the Order of St. Vincent de Paul in America. The Pope himself is interested in the process for the canonization of Mother Seton, who would be the first American saint, as all other candidates to sanctity in the United States were persons of foreign birth or extraction.

Elizabeth Seton was the daughter of Dr. Richard Bayley, whose wife, Charlotte Bayley, was the daughter of Andrew Barclay and Helen Roosevelt. In 1794, at the age of 20, she married William Seton, a New York merchant, and immediately departed for U.S.A., where her husband died in the first year of their marriage. Mrs. Seton returned to the United States and in 1805 entered the Roman Catholic communion. After founding and operating a private school for several months with the aid of a gift of \$8,000 from the Rev. Samuel Cooper, she founded an institution at Emmitsburg in 1808. Next she, with her two sisters-in-law, and two other women, assumed religious habits and founded the order ever since identified with her name.

**KING HAS WONDERFUL COIN COLLECTION**  
 Victor Emmanuel Has 100,000 Including Very Rare Ones

Rome, Nov. 23.—The news that King Victor Emmanuel has sent a copy of his "Corpus nummorum italicorum," that is a general catalogue of mediaeval and more modern Italian coins, to all the directors of numismatic collections of the world, is considered here a great event, as His Majesty has been personally working on it for twelve years, taking his private collection on a basis.

His collection, which he began to put together when quite a young boy, has now reached almost 100,000 pieces, some of immense value. Up to the present he has confined himself to Italian money, of all the regions of the peninsula, but it is said he will branch out in a new direction when this is complete, especially as he has received a precious collection of French coins from the government of the republic.

His Papal coins are most interesting and complete, beginning with those of Gregory III, in the eighth century, down to the fall of the temporal power. Among them are the "triple ducat," of Nicholas III, in the middle of the ninth century, coined for the Holy Year under that Pope; a piece of Alexander VI, the infamous Borgias, which is unknown, and another with the Ecce Homo, so rare as to be unfindable now. Of Milan there is a ten-cent piece, one of the only two existing, the other being kept in the Paris Library.

**UNCLE SAM WENT SIXTY MILLIONS BEHIND LAST YEAR**

Washington, Nov. 25.—Higher salaries for the thousands of clerks grown gray in the government service are urged upon congress in the annual report of the Treasury, made public by Secretary MacVeagh. Mr. Treat points out that with the higher cost of living, the salaries paid the government employes are grossly inadequate. He recommends a retirement plan.

The report shows the government sustains a deficit of \$58,734,954 for the fiscal year. The ordinary revenues for 1909 were \$693,589,489, an increase of \$2,528,767 over 1908, while the ordinary expenditures were \$696,224,445, an increase of \$41,220,054 over 1908. The \$31,419,442 in expenditures for the Panama canal exceeded by \$888,434 the proceeds of the sales of bonds for the purpose. The net amount advanced from the general fund of the treasury for the canal to the close of the last fiscal year was \$82,875,074, which is reimbursable from proceeds of bonds which are issued.

The available balance in the treasury was reduced during the year from \$243,171,348 to \$126,375,428.

There was \$3,466,328,354 of money in the country at the close of the year.

**FORESTRY AGENTS WORKED IN HURRY**

Seattle, Wn., Nov. 24.—When the government inquiry into the validity of the findings of the thirty-three Alaskan coal land claims known as the Cunningham group, was resumed today it was with the intention of concluding the Seattle end of the investigation before adjournment for Thanksgiving after which the investigation will be taken up in Spokane.

The principal point brought out yesterday was the fact that the forestry agents, who were sent to Alaska to go over the claims, made only a cursory investigation owing to the demand of the general land office that they hurry through with the work.

N. Snowden, a map maker, in the employ of the government, who prepared the map showing the location of the improvements of the claims, admitted that he spent only six days in the field, in which time he was expected to go over more than 5,000 acres of mountainous country. Under cross-examination he said there might have been some points he had missed.

**DILLON'S CRIME HAS COST PUBLIC \$20,000**

Montreal, Nov. 23.—Almost \$20,000 has been spent by the government and city of Montreal on John Dillon, who was saved from the gallows for a short time by Mr. Justice Tremblay's decision last Thursday. The expenses of Dillon's trial totalled almost \$10,000, and the two commissions sent to Ireland on his behalf cost \$2,000.

One way to flatter a woman is to tell her that you can't.

**ST. JOHN GETS SHARE OF STORM**

Wind Reaches 48 Miles an Hour—Vessel Owners Receive no News of Damage to Local Shipping

Although the storm which began yesterday and developed into a rain storm today kept up with much violence, no reports of any damage are known locally. Inquiry this morning at the different places which are the first to feel the effects of a storm, namely the telephone company, the telegraph offices, etc., failed to bring other than satisfactory reports concerning conditions about town.

There was no trouble reported with the wires either in telephoning or in telegraphing. Outside the city and province, however, the storm was much worse. The C. P. R. telegraph company's wires, which were out of order in Upper Canada, are now working again, but owing to the storm, there was a slight delay in transmitting messages this morning. Little news came through from the States.

In the bay and harbor a very heavy sea was running.

From midnight the temperature has been rising steadily. At 9 o'clock this morning it was 46, but it went higher at noon and 50 was recorded. The wind blew hard from the northeast, and at times had a velocity of forty-eight miles. At 1 o'clock this had reduced to thirty miles. The prospects are for continued stormy weather.

In Fredericton, the snow of last night was followed by rain, which came down in torrents. Normal school students were dismissed at noon for the day.

On account of the storm, the trains were two hours late. The Montreal came in two sections, the first section being about half an hour late, and the second more than two hours late.

The Halifax express, due at 6 o'clock this morning, was five hours late, as the result of the locomotive of a freight train being off the track at Londonderry, N. S.

Another important disturbance is developing off the Atlantic coast. The outlook is still for very stormy weather in the maritime provinces.

No word of any marine disasters has been received among the shipping men of the city from along the coast. Mostly all the vessels bound from or to this port have likely made harbor for safety.

**CANADA TO BUILD CRUISERS**

Ottawa, Nov. 25.—(Special)—It is understood that the cruisers and destroyers of the new Canadian navy will be built in Canada. There will probably be some announcements of an important character in the near future regarding some negotiations that have been quietly going on with a number of government firms looking to the establishment of a first class ship building works in Canada.

There is no doubt that the sentiment of Canada is that Canadian money for Canadian cruisers should be spent in Canadian yards.

**EXECUTOR IS REMOVED FROM OFFICE**

James Crawford Estate Matter in the Probate Court This Morning

In the probate court this morning in the matter of the estate of James Crawford, bookseller, before E. T. C. Knowles, judge pro hac vice, there was return of citation to remove Andrew Crawford, a brother of deceased and executor of his will, from office, in consequence of his having neglected to comply with an order made by the late Judge J. R. Macdonald, and to pass his accounts, and because of his having removed from and ceased to be domiciled within the province.

The case was proved by Amon A. Wilson, K. C., proctor, who acted for the executor when he was here, and who had in his hands at the time of the executor's departure, some money belonging to the estate, but the exact whereabouts of the executor since his departure he could not ascertain.

John R. Armstrong, K. C., appeared for two creditors. It was ordered that the executor be removed from office and Mr. Wilson appointed administrator cum testamento annexo de bonis non.

**GIRL WANTS TO STAY WITH GYPSIES**

Chicago, Nov. 25.—There is a feud between two gypsy tribes with Chicago and vicinity as the scene of conflict.

The alleged kidnapping of 13-year-old Amelia Johnson from her father, Ephraim Johnson, in Elizabeth, N. J., three years ago, started it. The arrest of Zaireho Demetrios on a charge of stealing the girl, aggravated the feud.

Now Nicholas George, his wife and three children, said to be members of Johnson's band of gypsies, are under arrest and may be deported.

Demetrios Nomads informed the authorities that the Georges were smuggled in from Canada after being denied admission by way of Detroit. The gipsy girl repeated on the stand before Judge Butler that she did not want to return to her father, but preferred to live with the Demetrios, because she loved to travel. Demetrios declared his son was Amelia's husband and that the girl's father had been paid \$1,000 for the bride. The girl and boy were held to the juvenile court.

**THE COAL AND STEEL COMPANIES MERGER**

Montreal, Nov. 25.—(Special)—A circular was issued last night by the Royal Trust Co. to holders of Dominion Coal common stock, asking them to state before December 17 whether they will sell their stock on the same terms as given in the prospectus of the Dominion Coal and Dominion Iron Co.

**QUEENS UNIVERSITY HAS FLAG INCIDENT**

Kingston, Ont., Nov. 25.—There is indignation over a picture post card of Grant Hall, Queen's University, showing the stars and stripes flying over the building. They are being offered for sale. Citizens are being urged not to purchase the cards.

**PERSONALS**

George Ham, of the C. P. R. advertising department, who has been ill, is greatly improved.

Dr. Bell on Tuesday performed an operation on Andrew A. Allan, of H. & A. Allen, at his home in Montreal. The operation, which was for an affection of the neck, is not regarded as being of such a nature as to imperil the life of the patient.

Mrs. John M. Robertson of Leinster street, was hostess at a 5 o'clock tea yesterday introducing into society her sister-in-law, Miss Nora Robinson. In the evening Mrs. Robinson was hostess at a bridge party of eight tables. Prizes were won by Miss Nora Robinson and Miss Jean Trueman and W. H. Harrison and Paul Longley.

B. F. Smith, ex-M. P. of East Florenceville is at the Royal.

Lt. Col. Turner of the Salvation Army and Mrs. Turner left last night's Montreal train for Toronto.

Rev. Dr. G. M. Campbell, secretary of the Canadian Bible Society, left last night for Albert county.

Rev. Thomas Marshall, superintendent of Methodist missions in New Brunswick, Prince Edward Island, Nova Scotia and Newfoundland is in the city.

W. H. C. Mackay, city ticket agent of the C. P. R., was a passenger to the city on the Montreal train at noon.

J. Gerald Burke, chief clerk to W. B. Howard, D. P. A. of the C. P. R., went east at noon today.

W. C. Whittaker, assistant post office inspector, arrived on the Halifax train in Houlton.

Rev. Gordon Dickie came in on the delayed Halifax train, arriving here at noon today.

A. A. Stewart was a passenger to the city on the Halifax train arriving here at noon.

His Lordship Bishop Richardson came in from Fredericton at noon.

George V. Cooke was a passenger to the city on today's Montreal train.

Post Office Inspector Colter arrived on the Montreal train.

The most popular men of letters are the postmen.

**FREDERICTON JCT. NOTES**

Fredericton Junction, Nov. 23.—Rev. O. N. Mott is doing a small grocery business here.

Luther Smith's double tenancy mansion is about completed. Mr. Glasgow and Mr. Hawker are living in it.

The old shed in front of T. B. Hart's store and owned by Henry McLaughlin has been torn down. It was an eyesore and its removal makes a decided improvement in the grounds around the junction.

The many friends of Dr. A. J. Murray will be glad to learn that there is a change for the better in his health.

Mrs. John Shearn and her mother, Mrs. Thos. Alexander are visiting friends in Houlton.

A piano as a birthday gift is not bad. L. L. Currie is the donor and his only daughter, Carrie, got the gift.

**MR. TROOP FOR OTTAWA**

Ottawa, Nov. 24.—Rev. G. W. H. Troop, formerly of Washington, D. C., who recently resigned from the Anglican ministry there, to enter the Unitarian Ministry, has been chosen pastor of the Church of Our Father, Unitarian, in Ottawa. Mr. Troop is son of the Rev. G. O. Troop, rector of St. Martin's, Montreal.

**COW CRAZED, WAS BITTEN BY MAD DOG**

Animal Spreads Hydrophobia—Lead Pencil Puts Out Girl's Eye—Big Improvement on Roads

Strathroy, Ont., Nov. 25.—A case of hydrophobia is reported on the farm of Norman Brock, Main road, Adelaide township, in which one cow had to be killed, while several others may be infected with the disease.

About three weeks ago a stray dog came to the home of Mr. Brock and began chasing the horses and cattle in a field and biting them. Mr. Brock chased the dog off the premises, but it came back a week later. In the meantime Mr. Brock's own dog took sick and died.

At the second return of the dog, Mr. Brock was himself bitten on the leg, but not seriously, and nothing was thought of it. He then shot the dog.

His suspicions were not aroused, however, till one of his cows took sick and chased the other cattle around the field. Dr. Branleth, veterinary surgeon of Strathroy, was called and pronounced it a case of hydrophobia. The cow was driven into the barn and killed. Two other cows and two horses, which were bitten, have developed no symptoms, yet, but they will be watched closely.

Sidney Crossing, Ont., Nov. 25.—S. Barker's little girl, while going out of school, fell and ran a sharpened pencil into her eye. She will lose the sight of that eye.

Brookville, Ont., Nov. 25.—The county surveyor, J. R. Macdonald, has been adopted by Leeds and Grenville, and next spring will see a start made on the reconstruction of the main thoroughfares of these united counties, a distance at present estimated at some 200 miles.

The plan will include the expenditure of \$200,000, of which \$100,000 will be contributed under the provision of the Highway Improvement Act of this province.

The council has been dealing with the question for several years past, but it was not until this session that the matter reached an issue by the introduction of a by-law designating the roads and providing for the cost of building them by improved methods.

Swan River, Man., Nov. 25.—Ernest Richards, in attempting to light a fire with gasoline instead of coal oil, was terribly hurt. The house was nearly destroyed. Richards is in hospital.

**READ CLUE IS RUN DOWN, NO RESULT YET**

Montreal Detective Finds He Was Tracing Wrong Man—Montreal Steamer Season Closed

Montreal, Nov. 25.—(Special)—The clue which Detective Markey has been following in connection with the missing Herbert Read, of New Brunswick, was run to earth this morning and proved to be without foundation, as it was another man who resembled Read that the police rounded up. The mystery is as deep as ever.

With the departure of the Thomson liner Cairn from this port today the trans-Atlantic navigation will be closed for the season. There is a strong feeling among mariners here that the port could be kept open until December 1 and it is thought this could easily be done without endangering the safety of the steamers.

The coroner's jury in the case of Edward Fortin, who succumbed to injuries caused by earth quaking in while he was working in an excavation on Tuesday of last week, returned a verdict of accidental death, but expressed the opinion that proper precautions were not taken.

**ONE MARITIME PROVINCE MAN FOR EDINBURGH**

Methodist Delegates to World's Missionary Conference Appointed in Toronto Yesterday

Toronto, Nov. 25.—(Special)—Twelve delegates to the world's missionary conference in Edinburgh next June were appointed yesterday by the executive of the general mission board of the Methodist church. Their names will not be published until they have been notified of their appointment.

Three are missionaries returning from China by way of Europe, five are from Toronto, two are from the west, one is from the maritime provinces and one is from the Province of Quebec.

**EDUCATIONAL INSTITUTIONS TO BE TAXED**

Toronto, Nov. 25.—(Special)—The legislative committee on assessment has decided that all educational institutions shall be taxed \$5.

**CITY WILL DEFEND THE KERR SUIT**

At a joint meeting of the treasury and harbor boards today, it was decided after a discussion lasting an hour and a half, that the city should continue to defend the suit of Robert Seely, trustee, vs. the Francis Kerr Co., now in the equity court. The city will maintain that it had the right to grant the lease which was given to the Kerr Company and which it is claimed interferes with the right of the Seely property.

**INSPECTS ST. JOHN FIRE DEPARTMENT**

Alderman Edwards, of Halifax, was in the city today on his return after a visit to the United States cities, where he has been inquiring into fire department matters, with a view to acquiring information that would be of benefit in improving the fire fighting system of Halifax.

Ald. Edwards today inspected the fire stations and the apparatus here, and expressed himself as well pleased with the efficiency of the local department.

Even when a woman weighs her words she gives good measure.

**LOCAL NEWS**

Bargains in apples—choice apples from \$1 a barrel up, at The 2 Barker's, Ltd.

Mantel drapes, silk hangings, etc., dry cleaned by a modern process at Ungar's Tel. 58.

Miss Blackadar, returned missionary, will speak on missionary work on Friday evening in the Tabernacle church.

Despite the wet weather there will be plenty to amuse and entertain all who attend the Temple Fair in the north end, this evening.

Thorne Lodge No. 259, I. O. G. T. will meet tonight in the Haymarket Square Hall, at 8 o'clock. All members are requested to be present.

Photographs—the kind that are pictures, neat and artistic and above all a true likeness. We make them. See our free Christmas offer. Condon studio, King street.

The sale and supper to have been held in the Charlotte street Baptist church, west end, has been postponed until tomorrow evening on account of the weather.

George Dunham, an aged laboring man, fell in Brussels street this morning and was slightly injured. He was taken to the hospital, where his wounds were dressed.

Pidgeon's special shoes are just the thing for these brisk November days. Here are styles and shapes for all tastes and ages; shoes for every member of the family, from grandpa and grandma to baby in the cradle.—C. B. Pidgeon.

The North End hook and ladder and the chemical were called out this morning about 8.50 by a still alarm for a fire in Fred Logan's house, 124 Chesley street. The fire, which was started from a defective flue, did little damage.

The funeral of Moses Kimball was held this afternoon at 2.30. Service was conducted by Rev. B. H. Nobles and interment was in Cedar Hill cemetery. Members of the Knights of Pythias attended. Mr. Kimball was a member of New Brunswick lodge. Members of the order sent a floral piece.

The U. S. immigration staff for West St. John for the winter is almost complete. Those already here are Chief Inspector Ralph Harrison, Inspectors Fischler and Coyne and Dr. Billings, who being built on Quebec today. Inspector Wildard, who is on leave, and Inspector Arnold are yet to arrive.

A. B. McIntyre told the Times today that there was not a particle of truth in the report that he had been offered a position on Rockland Road by himself and Mr. Bingham, was not in accordance with the city by-law governing buildings. He said the statement had probably originated with someone who would prefer that the building had not been erected.

Before Judge McLeod in the circuit court this morning hearing in the case of Jones & Co vs. Burgess & Sons, Ltd., was continued. James Brebner, an employee of the defendants, was put on the stand and told of correspondence between the two parties. J. W. Jones, one of the plaintiffs in the case, whose examination was begun yesterday, was again called on to give testimony this morning and he was being examined by Mr. Mullin when the court adjourned at 1 o'clock.

**NOTICE TO MARINERS.**  
 The Quaco Reef bell buoy has been reported out of position. It will be replaced as soon as practicable.  
 GEORGE H. FLOOD,  
 Agent Dept. Marine and Fisheries.  
 2259-11-29
