FOSTER MAKES A TWO HOUR SPEECH

Proceedings in Parliament Yesterday—Duncan C. Ross, New Member Introduced

Ottawa, Nov. 24—With the object apparently of furnishing the opposition with material for future discussion on imperial topics, particularly of naval defence, G. E. Foster, occupied two hours in the house this afternoon with a speech devoted entirely to a review of the proceedings of various imperial conferences held since 1887.

The pretext for this lengthy exposition of matters, set forth clearly and in detail in blue books and other official documents, was a resolution moved by the member for North Toronto, asking for the production of all correspondence and papers relating to the formation and work of the secretariat decided upon by the imperial conference of 1907. While Mr. Foster's summary of the proceedings of the conferences in 1887, 1894, 1897, 1902 and 1907 was very comprehensive, he laid special emphasis on the views of the admiralty and of the representatives of the over-sea states on the subject of military and naval defence.

In closing he declared that these conferences had grown not only in public favor but in their sphere of action and usefulness. They constituted the only imperial parliament and formed the one medium for the exposition of the best and strongest sentiment in the empire. He hoped that in the future similar able contingents of delegates and representatives would attend these conferences and that the same unanimity and wisdom would characterize their discussion and conclusions, as had been shown in the past.

Sir Wilfrid Laurier congratulated Mr. Foster on his fair and accurate summary and said there was no objection to the motion for papers relating to the secretariat.

An interesting feature of the session was the introduction of Duncan C. Ross, the new member for West Middlesex, who was greeted with loud Liberal cheers, when escorted by Sir Wilfrid Laurier and Hon. W. L. MacKenzie King. He was presented to the speaker and afterwards took his seat.

Mr. Jameson (Digby) asked the prime minister whether he had yet elected to sit for Quebec East or Ottawa.

Sir Wilfrid Laurier—I have not yet decided. It is a case of "how happy could I be with either were the other dear charmer away." (Laughter.)

Petitions praying for an amendment of the criminal code to suppress race track gambling continue to pour in on members. Among those presented today was one by Hon. Charles Murphy, secretary of state, on behalf of his constituents in Russell county.

Mr. Martin (St. Marys) introduced a bill to amend the Railway Act by providing for fortnightly payment of railway employes.

Replying to Mr. Crocket, the minister of railways said that the Transcontinental commissioners were aware that certain parts of the work on the New Brunswick section of the Transcontinental had been sub-let, but that that could be done without consent. They did not know of any case where a contract had been sub-let from one sub-contractor to another.

Sir Wilfrid Laurier informed Mr. Smith (Nanaimo) that the revenue to date from the sale of Canadian annuities was $337,604, the number having purchased annuities being 426.

The remainder of the session was spent in committee of supply of the public works estimates.

LIBERALS CARRY BY-ELECTIONS IN NOVA SCOTIA

Premier Murray Achieves Triumph — Wins Three Seats; Conservatives Hold One

Halifax, N. S., Nov. 24.—Premier Murray achieved a great triumph today in the by-elections for the provincial legislature.

In Victoria (C. B.), Angus A. Buchanan was elected by acclamation to support him.

In Cumberland, J. H. Livingstone is elected by more than 300 of a majority over T. Sherman Rogers, Conservative, the Labor candidate, A. L. Landry, being at the foot of the poll.

Lunenburg piled up the splendid majority of 495 for Hon. A. K. Maclean, attorney general, who was opposed by J. W. Margeson, a young lawyer of Bridgewater.

The Conservatives were able to hold Hants, where they elected Albert Parsons, of Walton, with a majority of 42. He succeeds the late C. S. Wilcox, who in the general election had 67 majority over MacKeffey (Lib.)

The labor candidate in Cumberland county polled 641 votes in the town of Springhill. This is a greater vote than the combined votes received by the Liberal and Conservative candidates in that town who had together 540 votes—235 for the Liberal and 305 for the Conservative.

In Amherst the labor candidate had 331 votes, compared with 590 for the Liberal and 508 for the Conservative. Livingstone's total vote was approximately 3,000; Rogers, 2,700; and Landry's, 1,250. The labor candidate will lose his deposit.

A. K. MacLean today has a majority in Lunenburg of 495, compared with only 201 to his credit in the federal election of 1908. He will add considerably to the debating strength of the Liberals in the house of assembly and will make a capable attorney general.

Albert Parsons is a merchant engaged in business in Walton. He made heavy gains in Windsor, doing about 100 better in that town than the Conservative in the last election.

OLDEST ENGLISH SURNAME.

"Smith" is, according to Prof. Mahaffy, the oldest English surname. In a list of names he discovered when investigating the Petri papyri, there is one, he says, "which appears regularly in the same form and of which we can give no explanation. It is the name Smith—unmistakably written. We have never found anything like it before, and it is surely worth telling the many distinguished bearers of the name that there was a man known as Smith in the twentieth year of the third Ptolemy, 227 B. C., and that he was occupied in brewing beer or selling it."
