TWO FATALITIES AT SYDNEY

Workman Overcome by Gas, Fell Into Hopper of Furnace—Another Killed by Train

Sydney, N. S., Dec. 6.—Two horrible accidents occurred in Sydney this evening. James Costello, an employee of the Dominion Iron & Steel Company, met a tragic death while at work at the top of No. 1 blast furnace, a height of something over 100 feet from the ground. The man was overcome by gas and fell into the furnace. The charge became stopped, and it is then that he has to climb up the perpendicular ladder to the top of the furnace. At this extreme top Costello inhaled the fumes and fell over into the hopper below to death.

In the second accident, Sylvanus Broughton, of England, while he was on his way to work this afternoon, and when having reached a crossing where the coal trains of the Dominion Coal Company and shunting trains of the Dominion & Steel Company cross, he turned along the railway to take a short cut to the coke ovens gate and was killed by the big locomotive of the coal company's outgoing train. He was instantly killed.

VASSAR STUDENT OVER-WORKED COMMITS SUICIDE

Fishkill Landing, N. Y., Dec. 6.—The body of Miss Margaret Daurey, the Vassar student who disappeared yesterday, was found late today in the cistern of her father's home at Fishkill Landing. Miss Daurey, who was the daughter of the Rev. Wm. H. Daurey, wandered away from the care of her friends yesterday morning. It was known that she had been forced to abandon her studies at Vassar because of mental strain due to over-work, and from the moment her absence was noted, there was great anxiety for her safety. The all-night and day search came to a sad ending when a railroad detective found the lifeless body of the girl in six feet of water at the bottom of the cistern.

FREDERICTON FIRE

Fredricton, N. B., Dec. 6.—The most serious fire which Fredricton has experienced in several years, broke out at 6 o'clock this evening in the Cameron brick building on Queen street. In the lower flat of the building is located the millinery establishment of Misses Young, which business is now conducted by Brock & Patterson Ltd., of St. John. Their stock was damaged by water, but not seriously. The fire originated in the second story, which is occupied as a photo gallery by W. W. Jones, and made considerable headway before being discovered.

FEW DOSES END KIDNEY TROUBLE

Lame Back, Bladder Misery or Any Other Kidney Disorder Vanishes

Usually suffers from backache, bladder trouble or out-of-order kidneys, feel relieved after several doses of Pape's Diuretic.

Misery in the back, sides, or loins, sick headache, inflamed or swollen eyelids, nervousness, rheumatism and darting pains, heart palpitations, dizziness, sleeplessness, listless, worn-out feeling, and other symptoms of inactive, sluggish kidneys simply vanish.

Uncontrollable urination (especially at night) smarting, discolored water and all bladder misery ends. Feeling miserable and worried, is needless because this unusual preparation goes at once to the out-of-order kidneys and bladder, distributing its cleansing, healing and vitalizing influence directly upon the organs and glands affected, and completes the cure before you realize it. The moment you suspect any kidney or urinary derangement, or feel rheumatic pains, begin taking this harmless medicine. It is the only remedy, at any price, made anywhere else in the world, which will effect so thorough and prompt a cure as a fifty-cent treatment of Pape's Diuretic, which any druggist can supply.

Your physician, pharmacist, banker or any mercantile agency will tell you that Pape, Thompson & Pape, of Cincinnati, is a large and responsible medicine concern, thoroughly worthy of your confidence. Only curative results can come from taking Pape's Diuretic, and a few days' treatment will make any one feel fine.

Accept only Pape's Diuretic—fifty-cent treatment—from any drug store—anywhere in the world.

NURSE MARRIES SON OF MAN OF MANY MILLIONS

Bristol, Tenn., Dec. 6.—Behind the marriage of Edwin King Ream, son of Norman B. Ream, the multi-millionaire director in the Steel Trust and many railroads, to Mrs. Nellie Speed Armstrong, a trained nurse of this city, is a romance. Though blocked at every move by his wealthy parents, young Ream married the woman of his choice. While it is whispered that his parents may deal severely with him in the matter, it is believed that they will forgive him.

The romance began at Norton, Va., where Mrs. Armstrong was conducting a small hospital at the Ream-Kimron collieries. Young Ream was brought to Virginia by his brother-in-law, Mr. Kimron, of New York, and met Mrs. Armstrong immediately upon his arrival. He promptly fell in love with her.

News of the infatuation reached the ears of his parents and everything possible was done to block the courtship. He was taken back to New York. Mrs. Armstrong then gave up the hospital and moved to Bristol.

The young man slipped out of New York frequently and came here to see his sweetheart. Last August they met at Louisville and were married. The marriage was kept a secret, but Mr. Ream came here this week and, claiming his bride, announced the marriage.

The couple are now on a honeymoon trip in Chicago and will return in a few days to live in this city, the bridegroom owning extensive mining interests in this section.

Fashion Hint for Times Readers

RESTAURANT FROCK WITH MUFF TO MATCH

The very smartest notion in Paris now is the short frock of dressy character, the trailing skirt being confined only to elaborate evening costumes. This dainty restaurant frock is a type often seen in New York at the tea hour, when the smart folk drop in at the fashionable restaurant for a "bit and sup."

This frock is of violet satin, with trimmings of pompadour ribbon in a rose and violet flower pattern. The muff shows the paragon mounted effect; that is, stripes of marabout sewed on fabric—in this case on cream lace over violet satin.

DENIES RUMORS OF IMPENDING STRIKE

Vice-President of Trainmen's Order Says Request Not Yet Submitted

New York, Dec. 6.—"Rumors of an impending strike," said Vice-President Morduck of the Brotherhood of Railway Trainmen today, "are premature and we believe were put out to influence the roads of the northwest into granting the demands of the Switchmen's Union of North America. We have nothing to do with that movement and have troubles enough of our own without entering into any others."

"Our proposals have not yet been submitted to the management of the eastern railroads and we have no reason to suppose that they will be refused when they are submitted. It is no secret that we have long felt we are entitled to higher wages. A demand for them was deferred two years ago, when the financial panic caused a pause."

A. H. Smith, vice-president and general manager of the New York Central, said today:

"The company is on the most friendly terms with its employees at present. In other well-informed quarters it was said tonight that in view of the fact that the railroads have long contemplated an increase in their own rates, they are not in a position to treat too brusquely a request for an increase of wages from their employees."

SPECTATOR DROPS DEAD DURING SIX DAYS' GRIND

Oxygen Used to Stimulate Riders—Tobacco Smoke Darkens Building.

New York, Dec. 6.—An indiscretion in diet cost Shirley of the British-French team seven laps tonight in the six-day bicycle race at Madison Square Garden. He came on the track heavy from a heavy meal at the same time as Yonon, who proceeded to set such a pace that the other riders in following him lapped Shirley repeatedly.

The riders kept consistently at a pace which slowly netted them fractional gains over their performance a year ago for a corresponding number of hours. The galleries were filled with enthusiasts, many of whom had been in their seats since morning and the smoke was so thick that some of the riders wore goggles. One spectator with a weak heart dropped dead from excitement during a sprint.

Root and Fogler were given oxygen by their trainers at each interval of relief, just before going on the track. Oxygen hitherto has not been tried in long distance contests. However, the stimulant seemed to agree with both.

At 11 o'clock the score was a tie at 406.15 miles between fourteen teams with Shirley and German sixteen laps behind at a mark of 493.5 miles. All the riders, however, were ahead of the old record of 493.25 miles, made last year by McFarland and Moran.

ARCHBISHOP FAVORS EARLY CLOSING LAW

That he has been misrepresented by the press in his attitude on the temperance question is a statement given out by Mr. Paul Bruchesi, Archbishop of Montreal.

He was strongly in favor of the early closing movement, he said. There could be no doubt that temperance was one of the worst evils. Yet he did not desire to be an extremist, and to injure or ruin vested interests by demanding the closing of saloons altogether. The gradual reduction of liquor licenses, however, would be a good thing for the community from any point of view. Why, he asked, since the saloons were now forced to close on election days and such holidays as Christmas, New Year's and Good Friday, should they not be shut up on Labor Day?

ONE FIGHT THAT MORGAN LOST

Magnate's Efforts to Prevent Erection of Skyscraper Near His Home Fails.

New York, Dec. 6.—The neighborhood in which J. Pierpont Morgan, his son, J. P. Morgan, Jr., and other multi-millionaire New Yorkers live is no longer "exclusive" by the courts. Commercial interests have already so far encroached on its confines that Mr. Morgan and others, who sought to enjoin the erection of a sixteen-story office building, were denied their application today by Referee Chase F. Brown, who had been appointed to the case by the supreme court.

Mr. Morgan and his associates contended that an office building in their neighborhood would greatly depreciate the value of their property. Certain clauses in the original deeds of the property, they held, confirmed their contention.

AMERICAN GIRL'S PRINCE IS SUED FOR A MILLION

Creditors Say Miguel Promised to Pay Them Fifth of Rich Wife's Dowry.

Budapest, Dec. 6.—According to the newspaper Hirlap, a syndicate of creditors is suing Prince Miguel of Braganza, who married Miss Anita Stewart of New York, at Tullock Castle, Dingwall, Scotland, September 15 last, for \$1,000,000. Prince Miguel was in financial difficulties and the syndicate advanced him a large sum payable when he should make a rich marriage. The claim is set up that following negotiations, which resulted in his marriage to Miss Anita Stewart, the prince promised to recoup the syndicate with one-fifth of the dowry, which was \$5,000,000. Now Prince Miguel declines to pay anything beyond the amount borrowed.

KIDNEYS CURED BY THIS SIMPLE TREATMENT

Get your druggist to mix the following ingredients: One-half ounce fluid extract Balm, one ounce of compound fluid Balm, and two ounces of syrup Sarsaparilla compound. Shake well and take a teaspoonful after each meal and one before retiring. Drink plenty of water, but little of any liquid at meal times.

The great urinary specialist, Gaut, whose single fees range from \$20 to \$1000, acknowledges in his latest reports that this simple mixture is most reliable and will cure all but the most complicated and aggravated kidney and bladder affections and rheumatism; therefore, it is well worth trying.

Puffing under the eyes, backache, headache and dizziness, burning of the eyes, blurred vision, extreme nervousness, and insomnia all indicate urinary trouble. Many more symptoms could be named, but the reader will surely recognize them.

THE ROSALIND SAFE

St. John's, Nfld., Dec. 6.—Facts for the safety of the Rosalind, a certain bound for St. John's from New York via Halifax, were dismissed tonight when the vessel, several days overdue, was reported by wireless from Cape Race to be five miles off this port, hidden in the dense fog.

Your Blood is Poisoned

If You Suffer from Headaches or Neuralgia

Frequent attacks of Headaches or Neuralgia are Nature's warnings of Blood Poisoning. The pain is due simply to the tortured nerves, inflamed by the blood being overloaded with impurities, because of inactive bowels, kidneys or skin.

There is usually chronic Constipation and the foul matter, instead of passing from the body, is absorbed by the blood. The kidneys are not as strong as they should be and fail to filter from the blood the necessary amount of impure matter.

Instead of the skin throwing off one and a half pounds of waste matter every day, it becomes inactive and does only half its work, leaving three-quarters of a pound of this waste to poison the body. Headache, nervousness and pain killers simply numb the nerves and have no helpful action on the organs causing this poisoning of the blood. To cure Headaches and Neuralgia, the blood must be purified, which can be done only by making the kidneys, bowels and skin healthy and active.

"Fruit-a-tives," made from concentrated and intensified fruit juices, is the greatest blood purifying medicine.

"Fruit-a-tives," or "Fruit Liver Tablets," is a scientific cure for Headaches and Neuralgia, and never fails to cure because "Fruit-a-tives" stops the cause of these troubles.

PRIDE AND POVERTY ASCRIBED FOR MISS WARDLAW'S DOWNFALL

Lawyer for Accused Murderess of Mrs. Sneyd Tells of Prisoner's Fear of Her Straits Being Made Public.

New York, Dec. 6.—"Poverty and family pride have been the reasons for it all," said Frankfort Port, Jr., today, in defense of his client, Miss Virginia Wardlaw, who is held at East Orange (N. J.) charged with the murder of her niece, Mrs. Cecy W. N. Sneyd. "You can get some idea of the fierce pride of these southern women when I tell you that from last Tuesday till Saturday Miss Wardlaw's sister and mother lived on loaves of bread until help was forced on them."

When I found that John Wardlaw, Princeton 77, was Miss Wardlaw's brother she implored me in her cell not to seek help from her friends.

"Don't," she sobbed, "let it be known that a sister of John Wardlaw was sent to jail accused of a crime."

Mrs. Henry S. Kane told the police today that Miss Wardlaw called at her house in answer to an advertisement and inquired about the terms of the rent and whether the house had a good sized bathtub. She wished to move in at night and insisted that none of the Kane family should visit the house after she had been given possession. The police think this information significant in view of the fact that Mrs. Sneyd's body was found in a half-filled bathtub.

Nothing further has yet been learned of the whereabouts of Fletcher Sneyd, the missing husband of Cecy Sneyd, Miss Wardlaw's sister, and the mother of Mrs. Sneyd.

DOES THIS MEAN NEWS OF ANDREE?

Eskimos Tell Priest of 'White House' That Came out of the Sky

Ottawa, Dec. 5.—An interesting story connected with long-lost Andree, the explorer, who twelve years ago left Spitzbergen in a balloon in search of the North Pole and never returned, is told in an interview by Bishop Albert Pascal of Prince Albert, who has been the guest of the Oblate Fathers in Ottawa.

Bishop Pascal has charge of an immense territory, extending even as far north as the Pole. His story had to do with the country on the eastern portion of his diocese between Saskatchewan and Hudson Bay. There is a young priest, Father Turquille, a member of the Oblate Order, who resides at Reindeer Lake, who had travelled extensively among the Eskimos in the northern part of the region in order to learn their language.

On one occasion he went with a nomadic party about six days' journey to the northeast of Reindeer Lake, and there met another party of Eskimos. Noticing a revolver which the priest carried, the Eskimos told him that some years before a "white house" had descended from the sky and contained white men who had killed many caribou to supply themselves with food. They intimated that the white men were in a half starving condition.

None of the white men were now living, they stated, but the "white house" was still in existence and was used by members of the tribe as a sort of supply house for rope, with which it was covered.

It is thought that this may explain the disappearance of Andree and his companions, as Andree may have landed at the place indicated and perished. Father Turquille, said Bishop Pascal, will make another journey and endeavor to get the Eskimos' story and all the facts in connection with it.

KNIGHTS HOME FROM NEWFOUNDLAND

W. J. Mahoney, state deputy Knights of Columbus, accompanied by several local members of the order returned to the city yesterday afternoon from Newfoundland, where they had been engaged in introducing that order. Mr. Mahoney informed the Telegraph that the proceedings passed off most successfully. Two new councils were formed, namely, Dalton Council, No. 1448, at Harbor Grace, and Terra Nova Council, No. 1452, at St. John's. The former council contained a charter membership of over seventy-five including His Lordship Bishop March, Monsignor Leitch, Rev. Dr. Whalen, Mr. Holahan, superintendent of education, and other prominent figures in church and state. The council at St. John's included the following: Premier of the Colony, Sir Edward Morris, Hon. M. P. Gibbs, Mayor of St. John's, Judge Morris, Rev. Monsignor Roche, V. D. Whalen, Mr. Jackson, ex-minister, Hon. E. Cashin, present finance minister, J. M. Kent, K. C., and Hon. W. J. Ellis.

CANADIAN NEWS NOTES

Essex, Ont., Dec. 6.—(Special)—A fire, caused probably by the explosion of a gasoline engine in Naylor's mill, Sunday, threatened for a time to destroy the entire village. The public electric lighting plant, a flour mill and a saw and door factory, all owned by Naylor, were destroyed. The damage is estimated at \$50,000, with insurance of \$100,000.

Tweed, Ont., Dec. 6.—(Special)—Two sons, aged five and seven years, of Edward Kepone, of Actionville, about five miles from Tweed, were drowned Sunday afternoon while sliding down the bank of the river on a sled. The ice broke and both boys were drowned before help could reach them.

Toronto, Dec. 6.—(Special)—J. W. Doyle, Conservative, was elected today to the legislature for North Middlesex by about 100. The seat was made vacant by Duncan Ross, Liberal, resigning to run for the commons. Doyle's opponent was W. J. Mitchell.

Toronto, Dec. 6.—A brief despatch to the offices of the Temiskaming & Northern Ontario Railway notified the commission of the collapse of the trestle bridge crossing North Wabes. The collapse was caused by a landslide, and eight or ten tons were carried away.

A freight train was crossing the bridge at the time, with Engineer Thomas and Conductor McNabb in charge. The engine was left on a remnant of the bridge while the tender, one box car and caboose went down in the debris. No one was hurt.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a now in charge of a constable. The case has caused a sensation and interesting developments will likely follow. George W. Fowler will prosecute.

Richard McLeod, who got hilarious and raised a disturbance his long Sunday morning, was given a light fine and bound over to keep the peace for a year in the police court this morning.

At the regular communication of Zion Lodge, No. 21, A. F. & A. M., held this evening, the most worshipful grand master, Dr. Bridges, and officers of Grand Lodge paid an official visit. After witnessing the conferring of several degrees the visiting brethren were banqueted in the banquet hall below the lodge room. A very enjoyable evening was spent by all.
