MORNING NEWS OVER THE WIRES

About one hundred friends of Hon. W. C. H. Grimmer and Mrs. Grimmer called upon them last evening at their home in St. Stephen and presented them a set of solid silver knives and forks in recognition of their 25th wedding anniversary.

James Mc Allister, a former resident of Moncton, was killed at Grant, Montana, on Nov. 11, by falling from a wagon, the wheels of which passed over his body. He leaves his mother, one brother and four sisters.

Herman Thompson, who has been under arrest in St. Stephen for shortage in his accounts with the Singer Manufacturing Co., has been released, friends having advanced money to settle the shortage.

The rains of yesterday caused the river at Sussex to swell and there was some danger of a flood.

Sir Maurice de Bunsen, British ambassador to Madrid, is mentioned as a possible successor to Ambassador Bryce at Washington.

H. G. Read, father of the missing civil engineer, Herbert W. Read, has offered $500 reward for information which will establish his whereabouts or fate.

INDIANS AND COWBOYS AT THE STAR

The Star has one of those exciting western pictures for tonight and Saturday in the strong Biograph romance "Red Wing's Gratitude," a film that reeks in daring deeds, expert horsemanship and wild western climaxes. It will be a strong feature for the two fine days of the week. Laughing matter will be supplied a plenty in the ludicrous story of "The Blue Garter," and the farce "Found in a Taxicab." "A Broken Melody," is a sad story of a blind musician and a crippled girl with a sweet sequel. Miss Dennison will sing "Mollie Come Ride on a Trolley." The matinee for children Saturday will as usual be a popular event among the little ones.

THE FINAL SETTLEMENT

What is conceded to be one of the most powerful American dramas written in recent years is L. B. Parker's new romance of a phase of life in the idle rich class entitled "The Final Settlement," which will come to the Opera House for Monday, Tuesday and Wednesday next.

The theme of the story is daring and sensational and attacks those members of society who seek recourse to the divorce courts to relieve themselves of undesirable mates. The climaxes and situations are startling and spontaneous and the story well told and consistent. The company presenting the play is announced as of unusual excellence. The piece was a big success in the west last season. This is its first tour east.

Seats are now on sale at the Opera House box office.

WHEAT SHIPMENTS LARGE

The Trade and Commerce Department at Ottawa is informed that the inspections of grain at Winnipeg up to November ". reached a total of 51,246,350 bushels, of which 40,516,350 were wheat. The shipments from lake ports up to the same date aggregated 29,806,999, about ten million bushels more than last year.

SOCIETY WOMEN'S HAIR

A Simple Treatment That Will Make it Truly Fascinating, Chas. R. Wasson Guarantees it

Nowadays every up-to-date woman has radiant hair.

What a foolish creature a woman would be if she lost the opportunity to add to her attractions.

Yet in Canada today there are hundreds of thousands of women with harsh, faded, characterless hair who do not make any attempt to improve it.

In Paris most women have beautiful hair, and in Canada all women who use Parisian Sage have lustrous and luxuriant hair.

And any woman reader of the St. John Evening Times can have attractive and lustrous hair in a few days' time by using this great hair rejuvenator, Parisian Sage.

Chas. R. Wasson sells a large bottle for 50 cents and he guarantees it to banish dandruff, stop falling hair and itching scalp in two weeks or money back.

Parisian Sage is an ideal hair tonic, not sticky or greasy.

APPEAL FOR PARNELL STATUE

Mr. Harrington, M. P., is again appealing to Ireland for the necessary funds to erect Parnell's monument in Sackville street, Dublin. It is now three years since Ireland was asked to subscribe £3,000 for the erection of the monument, as America has paid for the statute. So far only £1,000 has been collected, and that apparently with some effort.

For some months work was entirely stopped. In a letter to the press on the subject Mr. Harrington points out that by agreement the contractor can stop the work when £300 worth has been constructed that is not paid for, and adds that he can think of nothing more disgraceful than that the Parnell statue should remain unfinished.

A large number of people attended the New England tea, given last night in Oddfellows' Hall, Simonds street, by the members of Rebekkah Lodge, last evening. The affair was managed by Mesdames Sharkey, Ledford and McMasters.

7,500,000 pairs of CATSPAW RUBBER HEELS will be sold and worn this year. That's some Heels. All dealers.

THIS DEVELOPS BUST, MAKES ARMS AND NECK ROUND

"If your bust lacks development or firmness you can rely on both increase and firmness from the persistent use of the following: Obtain from the druggist two ounces of glycerine and one ounce tincture cadomene compound (not cardamon), mix and let stand several hours; then add a teaspoonful of borax and three ounces of rosewater. Shake well and apply to the neck, arms and bust, rubbing and massaging until it is completely absorbed; then wash the parts treated with very hot water and soap and dry thoroughly. Apply the treatment morning and night regularly for several weeks or months as the case may require, and the most exquisite firmness and rounding out of hollow places will reward you.

LOCAL OPTION CAMPAIGN IN SYDNEY AND STANLEY WARDS

Social and Moral Reform Council so Decides—Other Important Matters Taken up at Meeting Here Yesterday

The Moral and Social Reform Council of New Brunswick decided at a meeting yesterday afternoon on a local option vote in Sydney and Stanley wards. The executive committee of the organization was instructed to wait upon the chairman of the liquor license commissioners to urge that steps be taken to have liquor inspected so as to check adulteration. Resolutions were passed calling upon New Brunswick's parliamentary representatives to have legislation passed at the present session defining the position of the I. C. R. in regard to the importation of liquor into Scott act counties; and on the subjects of race track gambling, adultery and the social evil.

The honorary president, His Lordship Bishop Richardson, occupied the chair. Before assuming his seat he raised the point of whether it was advisable to have the representatives of the press present during the meeting. Archdeacon Raymond said that two-thirds of the business of the gathering could be reported. Personally, he had the greatest confidence in the discretion of the reporters, but the question of local option campaign was to come up, and some present might not feel at liberty to express themselves freely.

J. Willard Smith then moved that the representatives of the press be asked to withdraw. This was seconded and carried unanimously, and the reporters accordingly left the room. The following account of the business transacted was given out last night by the president, Rev. A. A. Graham.

Stanley and Sydney Wards

M. E. Agar reported on behalf of the committee appointed at the annual meeting to wait upon the government and present the drafts of proposed amendments to the liquor license act. The report of the executive was presented by Rev. Angus A. Graham, and its recommendations were considered. A slight amendment to the constitution was passed, and it was agreed to undertake a local option campaign in Stanley and Sydney wards, in this city, and the executive committee was appointed a campaign committee to direct the movement for reform.

The recent decision of the supreme court of this province regarding the relation of the I. C. R. to the amendment to the Canada temperance act was brought before the meeting, and the following resolution was unanimously approved:

"Whereas, the House of Commons has passed an amendment to the Canada temperance act prohibiting the importation of liquor into counties where the said act is in force; and

"Whereas, the Supreme Court of New Brunswick has delivered a judgment declasing that the Intercolonial railway and its servants acting under its instructions are not subject to the said amendment; and

"Whereas, a large extent of territory in this province is thereby deprived of the benefit which the House of Commons evidently desired to bestow upon all Scott act territory; therefore

"Resolved, that the attention of the federal government and of the New Brunswick members of the commons and senate be called to the fact that the evident purpose of the said amendment is defeated throughout all Intercolonial territory, and that they be urged to see that the original intention of the amendment be made clear by the necessary legislation at the present session."

The question of amendments to the criminal code was fully considered, and the following resolutions expressed the judgment of the council:

Race Track Gambling

Whereas the courts have interpreted the clauses of the criminal code bearing upon gambling and betting, in such a way as to make lawful the negotiating of bets by bookmakers and handbookmen, if done on the streets, or if done on race tracks, while they move about, but unlawful if they remain in any building, booth, or defined place, thus making the law absurd; and

Whereas the states of New York, Alabama, Louisiana, Texas, Missouri, Illinois, California and Washington and many others, as well as Japan, have recently prohibited all such professional gambling, leaving Canada almost alone in legalizing this vice, and making her race tracks the rendezvous of gamblers and other social parasites from all over the continent; and

Whereas our people are in consequence being schooled in gambling and its attendant evils; therefore

Resolved, that the Moral and Social Reform Council of New Brunswick strongly urges representatives in the House of Commons and Senate to use their influence to have enacted without delay such amendments to the criminal code as will, under adequate penalties and by simple process, make pool selling, bookmaking and the business of gambling, clearly unlawful everywhere and under all circumstances, as well as the publication of information tending to aid in gambling, and in other respects to render the law effective for the suppression of gambling.

Whereas, in the present state of the Criminal Code, adultery and the living together as husband and wife of a man and woman not married to each other are not unlawful in Canada;

And whereas, many Canadians and persons from other countries are availing themselves of the license afforded by the present lax state of our laws;

And whereas, the sanctity of marriage, the purity and peace of the home, and the virtue of the nation are thus seriously imperilled, and the traffic in women made the more easy;

There, resolved that we, the members of the Moral and Social Reform Council of New Brunswick, assembled in session, strongly urge our representatives in the house of commons and senate to exert their influence to have the Criminal Code amended without delay so as to protect Canadian society and morals against such a grave peril.

These amendments and resolutions were approved unanimously.

Tuberculosis

Rev. Hunter Boyd addressed the council on the War With the White Plague, and proposed the following resolution which was seconded by Rev. D. Lang, and received the hearty approval of all present:

"Whereas, the objects of the Association for the Prevention of Tuberculosis are in harmony with the aims of the Council of Moral and Social Reform, this meeting cordially endorses the work of the said association in this province, and urges the members of this council to aid in removing the conditions which engender the disease known as tuberculosis."

The executive committee was instructed to wait upon the chairman of the board of license commissioners and urge upon him the necessity of steps being taken for the inspection of all beverages sold in licensed places, and further urge upon him the adoption of some method of inspection in virtue of powers bestowed upon the commissioners in section 22 of the License Act. Efforts are being made to prevent the adulteration of foods, but no attempt to guard against adulteration of beverages.

Bishop Richardson spoke of the alarming amount of profanity noticed upon the railway trains, and it was agreed to call the attention of the various railway authorities to the necessity of enforcing the laws against profanity on their premises and in their cars.

Delegates Present

The meeting was a protracted one occupying practically the whole afternoon. The following were the delegates present with the bodies they represented:
