BERNIER IN GOOD FORM AFTER HIS ARTIC VOYAGE

Father Point, Que., Oct. 3—(Special)—The steamer Arctic with Captain Bernier, passed tonight on her way to Quebec, after taking on her mail. Her appearance here at 7.30 came as a surprise as she was not expected until noon tomorrow. Since 7 o'clock this morning, however, she made 160 miles, with her canvas spread, and helped along with her steam and a favorable tide came bowling in like an Atlantic liner.

Bernier looks in the best of health and states he has covered 24,000 miles since leaving Quebec. He had carried out his mission and planted the flag on an island as far north as 84. As to fresh provisions Bernier said they killed considerable more musk oxen meat than they wanted for the needs of the party. Professor Weeks and Jackson are also well. Bernier sent messages to Sir Wilfrid Laurier and Mr. Brodeur, but refused to give details of his voyage until he makes his report to the latter.

EIGHT KILLED IN EXPLOSION

Roslyn, Wash., Oct. 3—At least eight men were killed and three perhaps fatally injured in a gas explosion in coal mine No. 4 of the Northwestern Improvement Company near here today.

When the explosion occurred a column of fire was thrown hundreds of feet into the air, igniting the shaft plant and adjoining buildings. Under the intense heat the hoist of the shaft crumbled and fell. Cinders were blown in all directions, several buildings in parts of the little mining town taking fire. The citizens were unable to extinguish the fires and the Roslyn fire department was called out.

PEARY IN STEAMER COLLISION

Portland, Me., Oct. 3—The Harpswell line steamer Aucocisco, upon which Commander Peary and Mrs. Peary were passengers on their way to Eagle Island this forenoon was struck by the Merryconeag, of the same line, just as she was coming out from Trefthen's Landing at Peak's Island. The Aucocisco has a hole punched in her bow, but the damage was not so serious but that she proceeded on her way. The shock threw one of the passengers flat on his back and others were badly frightened. The explorer was talking with a young woman when the two boats met. He manifested no alarm and assisted in assuring the other passengers.

STARVING ESKIMO EATS OWN CHILD

Fearful Story Brought From The Arctic, By Hudson Bay Company's Steamer

St. Johns, Nfld., Oct. 3—Adventure and tragedy in the icy wastes of the far north formed the burden of the news brought to this port today by the Hudson Bay Company's steamer Adventure, which arrived with the crew of the lost Dundee whaler Paradox, and the story of an Eskimo who, driven to cannibalism by starvation, ate his child and shooting several neighbors who attempted summary punishment, fled into the trackless wilderness of ice.

The Paradox, one of the fleet of Dundee whalers, met the fate of her companion ship Snow Drop a year ago, when she was crunched in the merciless jaws of the ice floes off Baffin Land early in August. The crew with scanty provisions, made their perilous way over the broken ice towards the mainland, when they were picked up by the Hudson Bay Company's steamer Pelican which brought the whalers to Fort Churchill. The Pelican herself subsequently struck a rock which destroyed her rudder, and while trying to reach St. Johns under a jury rig, she smashed one blade of her propeller. The men of Dundee were taken along by the Adventure on her regular fall trip. On board the steamer also were several missionaries, surveyors and prospectors from the northwest country.

The Hudson Bay mounted police also report through dispatches brought by the Adventure, the cannibalism of a starving Eskimo. The man's fishing and hunting season had been a failure, and driven mad by hunger he cut the throat of one of his children and then ate the little victim. When the man's neighbors learned of the horrible crime, they attacked him according to the primitive law of the race. The thoroughly-maddened Eskimo fled the shelter of his igloo and from hummocks of ice beat off all assaults, shooting down several of the attacking party and finally escaping into the wilderness. Whether he finally succeeded in reaching some remote village where the news of his crime had not reached, or whether he finally succumbed to starvation is not known.

SPORTSMEN HAD TO ROUGH IT

Fredericton, N. B., Oct. 3—A large number of sportsmen who have been hunting big game in the Miramichi woods since the season opened have returned to the city. They had an unusually rough experience on account of the floods and only a few succeeded in securing trophies of the chase. Sir Robert Harvey, Bart., who has been hunting at Henry Braithewaite's camps, was one of the fortunate ones, securing a moose with an antler spread of forty-six inches. Major Church, of London, who also hunted at Braithewaite's camps, shot a moose with an antler spread of forty-five inches. Mr. and Mrs. Alex. Sellers, of New York, and Major Hinman, of Boston, were among those who failed to secure game.

The recent freshet carried away all the bridges on the tote roads leading to the Miramichi hunting grounds and the sportsmen had a serious time getting out frequently being compelled to wade through water waist deep. One party hunting at what is called the North Pole were to have returned home on Saturday but the team sent after them the first of the week was compelled to return on account of the floods.

Mr. and Mrs. Willard Kitchen and daughter, Miss Gladys Kitchen, have returned from a two months trip to the old country.

Chief Engineer and Mrs. Rutter celebrated the thirty first anniversary of their wedding on Friday. A number of friends called in the evening to pay their respects.

Mrs. Frank Shute and child arrived yesterday from Vancouver to visit Mrs. Shute's parents, Mr. and Mrs. W. T. Whitehead.

Mr. and Mrs. W. E. Cooper and child returned yesterday to Kansas City, accompanied by Miss Margaret Wiley, who will spend the winter there.

Senator Thompson has returned from a pleasant trip made in company with Senator Yeo, of P. E. Island.

The Sunbury municipal elections will be held on Tuesday. So far as can be learned every parish will be contested with the possible exception of Northfield. Albrey Grass is again in the field in Lincoln and is confident of election. There are contests on in Maugerville and Sheffield for the first time in some years. Councillor Charles Burpee has retired as the representative of the latter parish after thirty years service.

PREMIER RECEIVES LABOR RESOLUTIONS

Ottawa, Oct. 3.—President J. W. Patterson and the new executive of the Canadian Federation of Labor, presented the resolution of the recent convention to Sir Wilfrid Laurier and Mr. King, minister of labor, on Saturday and received the usual assurances of careful consideration. The resolutions ask for action by the government on a number of subjects, including the coinage of half cent pieces, prohibition of military bands joining the international union, placing a tax on foreign employes of foreign corporations doing work in Canada, the subsidizing of Canadian shipbuilding, and the appointment of a royal commission to investigate the evils of international unionism.

WENT TO DEATH IN POSE FOR PICTURE

Amesbury, Mass., Oct. 3—While posing in a canoe to have their pictures taken, Joseph Manahan, aged 24, and his brother, Frederick, aged 17, were capsized and drowned in Lake Gardner today in full view of Miss Bella Bailey, a young woman friend, who was about to snapshot them from the shore. The young men could not swim and although the accident occurred close to the bank of the lake they were unable to get a footing and Miss Bailey was powerless to assist them.

TANNERY FIRE

Huntsville, Oct. 3—(Special)—Fire broke out on Saturday morning in the premises of the Anglo-Canadian Leather Company, one of the biggest tanneries in Canada. Aver 100 feet of dry loft and a large number of hides in the process of curing were destroyed. The loss will be $15,000, mostly on hides.

NICKEL'S LATEST SCHEME TO ENTERTAIN

Catering directly to the public's taste, after an exhaustive experiment, the Nickel today presents a 3,000-foot bill of the best motion pictures procurable, a dainty little character singer in Miss Pauline Barry (return engagement) and a dramatic lecturing of a magnificent picture by that talented actress, Miss Grace Renard. This with the Nickel's own superb orchestra will offer the public a clean, varied and intensely interesting programme from the up-going of the curtain to its down-going. Little Miss Barry returns from a Halifax exhibition engagement with the new opening number entitled Whirling Over the Ball-room Floor, and Miss Renard will please everybody with her telling of the romantic story of compelling interest, A Baby's Shoe, by the Biograph Co. The other pictorial features are both headliners. In Selig's Across the Divide watchers will see a picture of true western life; the mountains, the prairie, Indians, gold miners, burros, and pioneers. The plot is spell-binding, the finals pleasing. In the Kalem story, The Winning Boat, a picture of up-to-date motor boat racing, will be shown on the great lakes. There is a charming love story, indeed a melo-drama woven around the rival craft with a winsome girl in the thick of it. Altogether, the Nickel has outdone itself in presenting a big show. Be early.

WILLIAM TELL AT THE STAR TONIGHT

There is not a school-child, or once-was school-child, who does not know the story of William Tell. Tonight in the clean, cosy "Star" Theatre, north end, this bit of history will receive a most amusing cartooning in the Edison film, "An Amateur William Tell." The big drama of the bill is to be "A Sailor's Child," with thrilling scenes in the ocean as the father and child escape on a raft. An educational and industrial picture of unusual worth is to be presented in "The Making of Honey," a study from nature by the Edison people. There will be two additional pictures. Miss Lipsett will have a new song and there will be plenty of bright, catchy music.

"A camel can work a week without drinking, but who wants to be a camel?"

Some long coats of the most elaborate nature are seen.
