ST. JOHN MAN AT 59 CHALLENGES BOSTON ATHLETES

Patrick Cavanaugh Shows What He Can Do—The "Amateur" in Some Local Sporting Phases—Ring, Athletic, Baseball and Rowing News—O'Neil at Detroit

(Boston Post.)

If any of the old-time athletes feel like entering the arena once more one Patrick Cavanaugh, of South Boston, will meet them on the wrestling mat, cinder path or in any sport at which they think they excel.

Cavanaugh, who lives at 210 Emerson street, is 59 years old, but says he is as spry as he was 30 years ago, and if his stunts of today are any criterion for his prowess in his youth he certainly was good. He works all day in his shoe repairing establishment in the Peninsular district and between times enjoys himself trotting a fast 100 or by taking a crack at the high or broad jump. He is a big, powerful man with a huge frame, standing 5 ft 10in. in height and weighs 185 pounds, and his joints are as pliable as elastic.

"I do not think I am an athlete," said he to the writer, "but if you hear of any fellow my age, which is 59 years, who thinks he is an athlete then I would like to meet him in a match consisting of any ten athletic events which he may mention, the only thing barred out being boxing, a thing which I never indulge in. I will throw the weights, run or jump, or, in fact, take a chance at anything."

After Cavanaugh had finished speaking he laid down the shoe on which he had been working, and reached up over his head and took down a violin and bow and kicked off the slipper which he had on his right foot. Holding the bow with his toes he proceeded to play a number of tunes, something not witnessed every day in the week. Then, to show that he was not a dead one, he sat on the floor and brought both his legs around his neck, slapping the soles of his feet together behind his head, turned a handspring and did a few other stunts that were eye-openers.

Besides being an athlete, he is an inventor and has a patent arch supporter which is a great seller. He is of Irish parentage and was born in St. John, (N. B.) He has a large following, who think he is the greatest ever, and stand ready to back him against any man of his age in the world.

Note.—Mr. Cavanaugh is a brother of M. T. Cavanaugh, shoe repairer, on Brussels street, St. John.

Figuring on the ease with which Dan Ahearn, the Irish American A. C. jumper, broke the record for the running two hops and a jump on Saturday and again on Sunday, many are anxious to have him try to better the mark for the running hop, step and jump, the American record for which is 48ft, 6in., made by Eddie Bloss, the old Boston jumper, at Chicago many years ago.

Hugh McLean, the middle distance bicycle champion of America, has come out of retirement and proposes to defend his title again. He took a quiet course in training and Saturday night rode a two-mile exhibition in 2m 54 4-5s. He promptly received several offers and will post a forfeit to ride four races at the Revere beach track. His first race will be Saturday night in a 25-mile handicap from scratch against Peter Drobeck and Pat Logan, each having a handicap of two laps.

The winner of the association singles on Friday will also be eligible. The Boston Herald says:

O'Neill will also row in the quarter mile championship in which the entries are:—O'Neill, Shea, Murphy, Sheehan, Lepping, Fuessel, Wolff, and Cosgrove.

Bat and ball were laid aside by professional baseball clubs on Monday out of respect to the memory of Harry C. Pulliam. This is the first time in baseball history, it is said, that all 16 clubs of both the National and American Leagues simultaneously refrained from their sport.

The results of Monday night's bouts were:—

New York—Sailor Burke made a chopping block of Fred Lucas at the Bedford A. C., the referee stopping the fight in the second round.

New York—Jack Curley effectually put a damper on any aspirations held by Lew Sheppard at the Olympic A. C., by knocking out Sheppard in the second round.

Memphis, Tenn.—Jack White, the Chicago featherweight, and Chuck Larsen fought eight rounds to a draw at the Phoenix Club. Eugene Sims, Sycamore, Ill., knocked out Peter Mitchell in three rounds.

(Sports, Halifax.)

Now here is something good if you want it but don't you tell a soul who told it. The other day we met a prominent member of the M. P. A. A. A.—a good head and a wise one. He said, "well, lots of the professionals running amuck in the amateur sport of this town." "No," said we—'where?" 'Out on the Wanderers grounds" said he. "Worse than hockey last year when the—paidout the stuff," he continued

It is said that Mike Murphy will play hockey in Halifax this year. Take it or leave it. There is something to it. It is further said that it has been "fixed." Take it or leave it. That word "fixed" is going to be a mighty big thing this year, and you can put it down for us that this is going to be a big hockey year. There will be more hockey talk, more hockey interest than ever before. And, say, the clubs this year have got to put out the big long green, and they've got to show it out good and hard if they want to catch anything good. They've got to bait the hook good and fat this year and no beating around the bush either.

* * *

Mr. So-and-So you get $1-2-3-etc., and you needn't be scared to let anyone know—for nobody is going to take it away from you. So you clubs that are going to be running hockey teams next year want to start in and hold a few tag-days, garden parties and church socials, so that the coffers of the treasury will be jingling—for after the way you've been fooling for the last few seasons—you've got to quit your fooling now and get busy and dig, dig, dig. If you don't you don't fit—and that is no lie.

You've got to get the money
If you want to get the honey
From the big, big hockey bee;
It's no use to keep a shying,
Hockey players are high-flying,
An' you've got to keep on buying—
That's as plain as A. B. C.

I.C.R SUFFERS $7,000 LOSS BY FIRE IN HALIFAX

Halifax, N. S., Aug. 3—The coal sheds of the I. C. R., more than a dozen box cars, half a dozen coal hoppers, 700 tons of coal, and other property of more or less value, went up in smoke this afternoon at the I. C. R. yards, Richmond.

The good work of the I. C. R. fire department saved the surrounding property from destruction, the fire having gained considerable headway before the city apparatus arrived, when good work was done by the city men.

The engines were all taken from the roundhouse, cars were hauled to sidings, and further from the scene of the fire. The D. A. R. train was delayed until trenches were dug under the rails for the hose when it went in, and the Sydney train went out, the delay to the D. A. R. train being slight.

The damage is estimated at $7,000. New coal sheds are being built at the new roundhouse, so the loss is not serious.

KICKS FELLOW PLAYER IN FACE

Toronto, Aug. 3—"Micky" Ions was arrested this afternoon on a charge of aggravated assault on George Kalls at Scarboro Beach during a lacrosse game on Monday. He was allowed out on bail of $200.

The match was the first of the championship series, and keen rivalry has existed between the teams for some time past. When they met yesterday the Torontos ran away with their opponents, scoring fifteen goals to Tecumseh's four. Kalls, who is one of the youngest and most popular of the Toronto players, was responsible for four goals. During the closing minutes of the game Kalls sent a hot shot into the Tecumseh's goal which struck Ions on the ear. Ions passed the ball down and smiled at the occurrence and the incident was supposed to be ended.

A minute later Kalls stooped down on the turf to fasten the lace of his shoe when, to the astonishment and indignation of the crowd, Ions was seen to take a running kick at the stooping player, landing with his boots on Kall's face. For this assault Referee Joe Lally, sent Ions off the field for the remainder of the game.

The assault was plainly seen by the thousands who were in attendance at the match, and it produced a demonstration of anger from the crowd. After the game Ions left for his home in Brantford.

UMPIRE CHASED FOR LIFE

Lynn, Mass., Aug. 3—Turbulent scenes marked today's base ball game between Lynn and Fall River. Scarcely had the game began when a crowd of several hundred spectators rushed upon the field in the direction of Umpire McLaughlin. A squad of police surrounded the umpire and fought off the crowd which, foiled in the attempt to seize the object of their wrath, pelted the police and the umpire with stones and other missiles.

Flanked by bluecoats, McLaughlin made his way to the clubhouse, still followed by the angry fans. As soon as the clubhouse was reached McLaughlin and six of the officers went inside and turned the key, leaving the other policemen outside to keep back the mob. Gradually the crowd dwindled away and finally when there were but half a hundred of the disturbers remaining the umpire and his protectors made a dash for safety. Running at full speed in the direction of the gate they were pursued closely and barely succeeded in boarding a trolley car when the crowd came up yelling and making dire threats against McLaughlin. The crowd pursued the car, and when McLaughlin and the officers, after alighting at Central square, ran for the station where the umpire was to take a train for Boston, the crowd continued the pursuit.

Arriving at the station the pursuers made no attempt at violence but contented themselves with hooting and jeering. During the melee at the park McLaughlin was struck on the head with a stone but was not seriously hurt.

HEAVILY HANDICAPPED

Is Every Man or Woman who Suffers from Indigestion.

No one can enjoy life fully, or do life's work properly, without good health, and no one can possibly have good health unless the stomach is working right.

Headache—drowsiness—shortness of breath—pain in the stomach—apathy—irritability—bad breath and bad temper are some of the signs of indigestion—signs that should never be neglected, especially as there is a quick and sure cure—Father Morriscy's "No. 11" Tablets.

These tablets were devised by the late priest-physician to relieve and cure those of his parishioners who suffered from any form of stomach trouble, and they have relieved and cured thousands.

Here is what Mrs. Jerrry Mullin, of Trout Brook, Northumberland Co., N.B., writes about them, dated Dec. 2, 1908:

"I was afflicted with a very severe stomach trouble and the medicine I received from Father Morriscy cured me completely."

If your stomach is not right, just try "No. 11" Tablets. 50c. at your dealer's, or from Father Morriscy Medicine Co., Ltd., Chatham, N.B. 46

THE INGLENOOK PHILOSOPHER of Kennebeccasis Bay.

Little Fred's fifth annual visit to her old chum has just terminated. We have been the best of friends for several years, and she is about eight years old. How the daisies and other wayside flowers between the wharf and our destination called and beckoned to her! One might fancy she heard their voices and that her responses were not inaudible to them. She fancied that the birds in the shrubbery sang their best songs to welcome her to their domain. Perhaps they did! Who knows? Ah, happy childhood! Would it be weak to allow a tear to fall for the trials and disappointments that the years are sure to bring to Little Fred, as they are sure to bring them to all her brothers and sisters in the world? I think not. May the approach of the evil day to my little Fred be long delayed—if possible, may it never dawn for her at all, but that is asking too much.

Another of my annual visitors is Miss Molly (I prefer to think of her as Miss Molly, because Molly is an unconventional name and sounds more chummy than Mary). She came unannounced, bringing a well-filled picnic basket, for when Molly goes to the country she goes to feast her eyes on the beauty of field, wood, river and sky, her ears on the songs of the birds, and to breathe the air—an air odorous of new-mown hay, wild flowers and spruce and cedar groves. We spent the day in the open, picnicked on the identical spot where we picnicked a year ago, and when the Hampton gave warning of its approach on its way to St. John, we thought it all too soon. A visit from Molly is rejuvenating, for our friendship has been uninterrupted for more than twenty years.

I had another welcome but silent visitor last week: a box of beautiful roses, which arrived by mail from another province. It came from Bessie, whom I met for the first and last time at her father's house about thirty-five years ago. She discovered me through a newspaper paragraph several months since, and wrote me, with a snapshot of the old homestead, where I chanced to be a guest for a day, so long ago. Her father and mother, my host and hostess, between whom and myself there sprang up a mutual liking, have "gone awa," but the daughter says she has the photograph of the stranger which he gave her father when he bade the family good-by.

Early impressions are almost ineffacable; later ones are faint and transitory. My memory is clearer of the events of my childhood than of the occurrences of last year. The moral is evident. Parents cannot begin too early to teach their children how to live.

ACHING IN THE STOMACH

Bilious Headache, Sluggish Liver, Indigestion and Stomach Disorders.

Dr. Hamilton's Pills Cured.

"From using a cheap remedy recommended by an unscrupulous druggist, my condition was made much worse,," writes Miss Minerva E. Michie, daughter of a well known citizen of Portland. "I suffered so terribly with indigestion and biliousness that the very sight of food made me shudder. It was two years ago my health began to fail. At first I had constipation, liver sluggishness and occasional headaches. My appetite was variable—I wanted too many sweets—then I lost all desire to eat and had constant aching in the stomach, attacks of dizziness, pains between the shoulders, stifling feeling after meals and felt I wasn't going to recover.

"The moment I used Dr. Hamilton's Pills I felt better. After I had taken a few pills my chest and back were relieved of pain, and my head felt clear and no longer was full of blood and rushing noises. I kept on using Dr. Hamilton's Pills and slowly but surely my appetite returned and I gradually regained strength, color and spirits. Today I am as well as ever and attribute my present splendid condition entirely to Dr. Hamilton's Pills."

If you are troubled like Miss Michie was (and most people generally are) no medicine will do you so much lasting good as Dr. Hamilton's Pills.

Beware of the druggist that asks you to take anything in place of Dr. Hamilton's Pills which alone can help and cure you, 25c. per box, or five boxes for $1.00 at all dealers or The Catarrhozone Company, Kingston, Ont.

O. H. WARWICK JR. WEDS MISS BULYEA

Interesting Ceremony In Gagetown Methodist Church This Morning — Bride and Groom Come to St. John.

The Methodist church at Gagetown was the scene of a very interesting event this morning at 9.30 o'clock, when Miss Nina Kathleen Bulyea, youngest daughter of Mr. and Mrs. Jotham Purdy Bulyea, was united in marriage to Orlando Henry Warwick, son of O. H. Warwick, of St. John.

The church was very prettily decorated for the occasion with ferns and potted plants, while the bridal party stood under a large arch of evergreen, in the centre of which was a bell of water lilies. Rev. Henry Penna, pastor of the church, performed the ceremony in the presence of a large number of invited guests.

The bride was becomingly gowned in white satin messaline, with Duchess lace and pearl trimming, and wore a veil crowned with lily of the valley, she carried a showed bouquet of white sweet peas.

The bridesmaid was Miss Winfred Babbitt, cousin of the bride, and she wore yellow messaline with a large black picture hat and carried a bouquet of lavender sweet peas. The groomsman was David W. Ledingham, of St. John, and the ushers were A. G. Watson, of Montreal, and Charles Warwick, brother of the groom. Miss Alice Simpson, of Gagetown, played the wedding march.

After the ceremony a reception was held at the bride's home, and a buffet luncheon was served on the lawn. The bridal party left on the steamer Victoria for this city, and will leave on the 5.50 train for a trip to Montreal, Toronto, Niagara Falls and other places of interest. On their return to the city they will reside at 51 Mecklenburk street.

The bride's traveling costume was of brown Rajah silk, with hat to match. Many very beautiful gifts were received, testifying to the popularity of the young couple. Employes of the O. H. Warwick Company sent a magnificent parlor cabinet.

There were many guests from outside, including Mr. and Mrs. J. M. Palmer of Sackville, Mrs. A. C. M. Lawson of Norton, Misses Ray, Miss Sulis and Mrs. Fred Dobson of Boston, Miss Switzer of New York, Mr. and Mrs. O. H. Warwick, Dr. and Mrs. Warwick, Mr. and Mrs. G. L. Warwick, Mrs. F. L. Robinson, Miss Paterson, Miss McAdoo, Mr. and Mrs. Frank Watson, Mr. and Mrs. F. L. Corey, Mr. and Mrs. Percy Masters of St. John, and Dr. and Mrs. Kirby of Hillsboro.

McCormick-Tait

At 5.30 o'clock this morning in the cathedral Rev. A. W. Meahan united in marriage, Willard H. McCormick, of Golden Grove, and Miss Mary Tait, of Sussex. The wedding was a very pretty one and was was witnessed by a number of relatives and friends of the bride and groom. Miss Sadie Ryan, of this city, was bridesmaid, and Louis Horgan, groomsman.

After the ceremony a dainty wedding breakfast was served at the home of the groom's brother, James T. McCormick, 289 City Road, and Mr. and Mrs. McCormick left by the C. P. R. on a honeymoon trip. They will make their home in the McCormick homestead at Golden Grove. The bride received a very large number of prety presents in honor of the happy day.

Tufts-Nelson

A quiet but pretty wedding was solemnized this morning at 5.30 o'clock, when Miss Ella L. Trifts, daughter of Mr. and Mrs. J. F. Trifts, of this city, became the bride of Archibald R. Nelson, of Staten Island (N. Y.)

The ceremony was performed by the Rev. E. B. Hooper at the home of the bride's parents, 42 Wall street. The bride was given away by her father and was attended by her sister, Miss Lillian. Mr. Fred King acted as best man. The wedding march was rendered by Mrs. Fred Harreus, of New York city.

The bride was becomingly attired in a dainty travelling suit of brown and carried a bouquet of white carnations. The bridesmaid wore a gown of lemon silk mull with hat to match and held a bouquet of pink carnations.

The apartments were prettily decorated for the occasion with cut flowers and potted plants. The wedding gifts were numerous and beautiful, including principally cut glass and silver.

At the conclusion of the ceremony a wedding breakfast was served, after which the happy couple left for a month's honeymoon trip to Boston, Stroughburg (Pa.), and Ashbury Park. Mr. and Mrs. Nelson will be at home for the summer at Brooklyn.

Among the out-of-town guests were Mrs. Wm. Ludlum and Mrs. Fred Harreus, of New York city.

BALL GAMES ARE SOCIAL EVENTS

E. D. C. Grounds Place of Much Interest—Tonight I. C. R. Men Will Meet.

The ball games in the Commercial League are social events of interest. About thirty young ladies were among the spectators in the grand stand at the Every Day Club grounds last evening, and cheered with great enthusiasm indeed the contestants in the game between the Brock & Paterson and Macaulay Bros & Co. teams. Rev. George Titus covered second base for Macaulay Bros.

This evening two I. C. R. teams will meet on the E. D. C. diamond, and the contest will be fierce. These teams have played several games, and find great enjoyment in the pastime. All these games are free to the public, and with the base ball and the play of the children in their corner, the field presents a very animated appearance.

All this comes of having a playground controlled by a club that is not out after the "long green," but spends it on the grounds.

TAXES HERE AND OVER IN HALIFAX

(Halifax Mail.)

Even in its rate of taxation our sister city, St. John, is making desperate efforts to keep up with Halifax. Last year with a rate of 1.91 Halifax was away ahead of St. John with its 1.86. This year Halifax jumped to 1.99. Then St. John got busy and made a strong push for the lead, coming up almost shoulder to shoulder with us by fixing its rate at 1.98, or just one point behind Halifax. In other words for 1909-10, the Halifax rate jumped 8 points, while the St. John rate jumped 12 points. So you see in the matter of piling on the taxes Halifax is not the 'only pebble on the beach."

THE HALEY LAD'S RESCUE

William and Ernest Haley, who, as reported in yesterday's Times, were rescued from drowning in Gloucester, Mass., are sons of the late John Haley, who was killed on the steamer Indrani a year ago last May, and are grandchildren of Mr. and Mrs. Cyrus T. Graham, of 89 Simonds street.

Mr. Graham is an employe of the city on the steam roller. He was overjoyed to learn that his grandchildren were safe. He had been fearing some trouble owing to a telegram yesterday from his daughter, the children's mother, asking him to send her $25, and she would explain later.

Mrs. Haley and the children went to Gloucester a few days ago to visit relatives.
