AMUSEMENTS FOR OURSELVES AND OTHERS

AT THE OPERA HOUSE.

The plays announced for the remainder of this week by Our Own Stock Company are as follows: Tonight and Thursday, R. C. Carton's recent London success, Lady Huntworth's Experiment. One could not wish for a more delightfully interesting comedy. Although mirth predominates, there runs through the play a pretty thread of romance. A titled English lady is forced through circumstances to go out into the world to earn her living. She secures a position as cook in a clergyman's family. Humorous complications ensue through the three acts until in the end everything turns out happily for all concerned. Friday and Saturday, The Lost Paradise will, it is promised, be given an elaborate scenic production. Extensive preparations are said to be in progress and large audiences will doubtless be present to see this, the best known of all labor plays.

NAVAL REVIEW AT THE NICKEL

The St. John public never tires of seeing British pictures, indeed the Nickel in striving to secure as many of these as possible is catering to an insistent demand. Today A Naval Review Off Spithead will show the flower of Britannia's fleet in home waters, a veritable Armada. The views are most inspiring. All the latest additions to the navy will be represented, those monsters of the deep calculated to destroy a city in one short session. Along with this strong feature will be shown Castles Along the Loire, that charming jaunt amid grand old relics of chivalric days. The new story pictures are Electric Insoles, a fountain-head of farcical fun; The Old Maid and the Burglar, still more merriment, and The Dog That Saved His Country's Flag, a heroic picture that will arouse enthusiasm. Miss LeRoy will conclude with her two little Irish songs by Lohr and Master Packer will finish the illustrated ditty Someone. New orchestral music. On Thursday the Nickel will present two new educational features in Chemical Experiments and Gun Drill of British Bluejackets. These are of the new Urbanora series.

ST. JOHN MAN IN MOTION PICTURES AT "STAR."

St. John people are mostly all familiar with the adventures of Benedict Arnold, who was mixed up most conspicuously in the American war of revolution and who at one time kept a place of business in Broad street, Lower Cove. This patriot is the subject of the Star Theatre's leading reel of film for tonight and Thursday, which should draw tremendous crowds, especially those interested in local history as linked with the great American-English struggle. In the Vitagraph Co's historical film the ups and downs of Arnold are vividly portrayed though some may take exception to the purely American presentation of the story. The other pictures are "A Chaperoned Honeymoon," something very funny and "Indian Basket Making at Bar Harbor, Me." Miss Edwards will sing a pretty number and there will be good music. Special extra 1,000 feet of film to make programme an hour long.

GOOD SHOW AT THE ORPHEUM.

Without doubt one of the very best shows ever engaged for the Orpheum is that playing there this week. What the bill lacks in numbers is made up in the excellence of the entertainment provided. Zero, the remarkable contortionist, has an act which for novelty and dexterity is much admired. Zeita, the Bohemian violinist, is a capable and artistic violinist. It is refreshing to hear something of this character on the vaudeville stage, and the appreciation of it by an audience is a convincing proof that the public is not demanding slap stick vaudeville, but rather that they are capable and willing to enjoy that which will be profitable and educating. Despite the storm of last evening the Orpheum was splendidly patronized, and large numbers will doubtless be in attendance during the week.

RACES AT THE VIC. THURSDAY

The second race in the city championship series is slated for Thursday, when the local speed men will meet in the 440 yard race. There is much doubt as to who will be the winner, as there are at least half a dozen men in the city who are almost equally fast at this distance. The race will take place between the third and fourth bands, and the ice will be kept clear for the skaters on the part of the rink which they will use for the contest. The policmen's sports will be held Monday evening, Jan. 31st.

MORTGAGE BURNED

The celebration in connection with the burning of the mortgage at the Baptist church, Fairville, last evening, was heartily enjoyed by the large congregation in attendance. A large number of the city clergymen were present and addresses of a very interesting nature were given by Revs. W. Camp, D. Hutchison, W. M. Townsend, G. A. Ross, A. B. Cohoe and the pastor, F. E. Bishop.

An historical sketch of the church, was prepared and read by Mrs. M. Black. A musical and literary programme was carried out.

The original debt of the church amounted to $6,400. The wiping out of this can be mostly attributed to the zealous efforts of the pastor, F. E. Bishop, who since

An appreciative audience listened to Joshua Clawson in the Natural History Society rooms last night in an interesting address on "The Scenery of Switzerland."

Collector A. T. Dunn, of the customs house, received word from Ottawa yesterday that Harvey Ring of the west side, George McSherry and George F. Corbet have been appointed preventive officers.

MOTHERS BLESS ZAM-BUK

Read How It Gives the Little Ones Ease

A most important thing for mothers to watch is the treatment of rashes, chafed or chapped places, etc. When you put an ointment on to a child's skin it gets into the blood through the pores just as surely as if you put it into the child's stomach. Did you ever think of that? How important, therefore, that the salve or balm should be pure! Zam-Buk is absolutely pure; contains no animal fat; no mineral coloring matter; no acid astringents; no burning antiseptics—yet it is antiseptic! It is purely herbal, and thus meets all the needs of the skin in that superior way in which nature always provides.

Mrs. R. Gentleman, of 1090 St. James street, Montreal, says: "My two-year-old daughter had eczema for over six months, on face and body. Doctor didn't cure. We tried various remedies in vain, but could give the little one no ease. When Zam-Buk was tried it was very different. It soothed the pain and the irritation, and the child ceased to scratch. Perseverance with Zam-Buk brought a complete cure."

Mrs. C. W. Bowerbank, of 126 Denison Avenue., Toronto, says her baby's face was covered with a burning eruption. Little one was terribly pained—scratched, and made the places very bad. Zam-Buk cured.

Scores of similar cases could be cited. Zam-Buk should be in every home, because it heals sores, stops pain, and cures skin diseases. Eczema, itch, ulcers, bad legs, poisoned wounds, abscesses, cold sores, cracked hands, scalp sores, whether in children or adults, are cured by Zam-Buk. It is also a cure for piles. All druggists and stores at 50c. box, or post free from Xam-Buk Co., Toronto, for price. Send a one cent stamp (to pay return postage) and we will mail you a free trial box.

DYSPEPSIA AS IT BEGINS

This Stage Easily Cured

The first symptoms of dyspepsia and indigestion give little indication of their subsequent seriousness.

One of the most common symptoms of stomach disorder is a sense of fulness or lightness after eating. This indicates that the stomach needs help. Belching of gas frequently follows, the tongue is coated, the bowels become irregular, until finally in addition to the stomach distress, constipation adds its deadly influence in destroying health.

The treatment is simple and if employed promptly and reasonably persevered with, cure is speedy and permanent. Take Dr. Hamilton's Pills in full doses every second or third night, then three times a week, one pill at bed time.

The first effect of Dr. Hamilton's Pills is to excite activity of the liver and kidneys. This cleanses the system and prepares the stomach for vigorous work. Gastric juice is abundantly secreted, digestion of food and not its fermentation, marks stomach activity with total absence of gas and removal of other symptoms of preverted action.

For good health, vigorous appetite and the best digestion, use Dr. Hamilton's Pills. No other medicine will do so much good. Price 25c. per box, at all dealers, or The Catarrhozone Co., Kingston, Canada.

DESIGNED TO CHECK COMBINES

Bill Introduced in Parliament by Hon. Mr. King, Labor Minister

TORIES AND NAVY

They Have Three Policies So Far, Says Mr. Turriff—Royal Bank Buys the Colonial — Montreal Bars Likely Have to Close Earlier

Ottawa, Jan. 18—A piece of progressive legislation was presented to the Canadian house today by Hon. MacKenzie King, minister of labor. It is a measure designed to place a check upon combinations for the restraint of trade and the undue enhancement of prices.

It provides for adequate investigation of complaints, for giving publicity to its findings, and for the punishment of those who have combined for improper purposes. The bill resembled the Industrial Disputes Act, which has proved to be a great success in Canada.

The bill provides that if six or more persons show prima-facie evidence to a superior court judge that a combine exists which has unduly enhanced the price of a manufactured article, unduly limiting the production of any commodity, or unduly restricted trade in any way, the judge shall order the minister of labor to have an investigation made.

This shall be done by a board of three, one member to be appointed by those who complain, one by those complained against, and the chairman by the first two and, if they fail to select, the judge who has heard the complain shall act.

The board has the full powers of a court to compel the attendance of witnesses and the production of evidence. The board must report to the minister and he must give the report the fullest publicity.

Two remedies are provided where a combine is reported to exist. The government may withdraw the tariff protection from the articles produced by the combine and bring the manufacturers into competition with the world.

The other remedy is a provision that if the combine persists in its course, then, after ten days from the publication of the report, there shall be a fine of $1,000 a day imposed until the abuse is remedied.

There is also provision that where a patentee makes use of the protection of the patent act to restrict trade or unduly enhance prices the patent may be revoked.

The act provides for its expeditious and thorough enforcement, and all expenses of investigation are borne by the government.

Where question is raised as to the scope of the investigation the bill states that the board shall make it as thorough and complete as the public interest requires.

Boards are to conduct their investigations in public and the decision of two members shall be the decision of the board.

Whenever the minister of labor believes that counsel should aid the investigation the board may retain the services of a lawyer, upon the consent of the minister of justice.

Witnesses are to be allowed the same fees and traveling expenses allowed at present in civil suits.

With the consent of the minister of labor a board may employ experts to examine books and to report upon technical questions.

Each member of a board shall be paid $20 a day by the government.

The bill was given a first reading.

Mr. Turriff replied that it would be hard to please all of the opposition with a naval policy, for they did not know where they stood. There were three naval policies already declared by the opposition and no one knew how many more they had to declare.

The debate was adjourned by Mr. Wilcox of North Essex.

Port Hope, Ont., Jan. 18—(Special)—Lina Elizabeth Ennis, daughter of Albert Ennis, passed away this morning from convulsions, the effect of acute scarlet fever. Mrs. Ennis was a Christian Scientist and refused medical aid. The child was out sleigh riding Saturday in a raging fever.

Montreal, Jan. 18—It is now practically certain that the Carter bye-law providing for the early closing of bars in Montreal, will be passed. This afternoon the council spent several hours wrangling over the proposition and on the advice of the city solicitor all legal obstacles in the way of its adoption were waived.

The bye-law therefore stands for its final reading and adoption on Monday next, when it will undoubtedly be adopted, as it was approved by an overwhelming majority. It will mean the closing of all bars by 10 o'clock on week days and at 7 o'clock on Saturday nights.

PRINCESS CLEMENTINE, OF BELGIUM, TO WED PRINCE VICTOR NAPOLEON

Late King Leopold Opposed His Daughter's Marriage to French Pretender

Brussels, Jan. 18—The Gazette says that the marriage of Princess Clementine, the youngest daughter of the late King Leopold, and Prince Victor Napoleon may be expected in a few weeks.

As far back as 1905 the engagement of Princess Clementine to Prince Victor Napoleon was announced. The prince is a cousin of King Victor Emmanuel. King Leopold strenuously opposed the marriage and for a time practically confined his daughter to the palace. His objection was said to be based on the ground that his friendliness with France made impossible the alliance of his daughter with a pretender to the French throne.

John Black has been appointed manager of the new branch of the Bank of B. N. A., at St. Martins. A. L. Swift of the local branch of the bank has been transferred there also.

The interesting lecture given by Mrs. E. A. Smith on her tour through the west, in the Germain street Baptist church school room last evening, was much enjoyed. The proceeds will go towards Missionary Society work.

UNIONISTS HAVE MADE MORE GAINS

Won 21 Seats Out of 44 Yesterday; 12 Formerly Liberal

CHURCHILL ELECTED

T. P. O'Connor Increases His Majority — Government Loses Two Prominent Politicians—Big Turnover, However, Before Government Can Be Defeated —Majority of 80?

London, Jan. 18—The Unionists had decidedly the better of the election held today. Of forty-four seats contested they won twenty-one, of which twelve were represented by ministerialists in the last parliament.

The only consolation for the Liberals was in the success obtained in the Bermondsey division of Southwark, where the government candidate, H. J. Glanville, recaptured the seat which went over to the Unionists in the by-election last November.

Several of the Liberal losses, as on preceding days, were caused by three-cornered contests, the intervention of a Labor or Socialist candidate precluding the success of the government supporters.

Fourteen of the London boroughs returned eight Liberals and six Unionists, as compared with eleven Liberals and three Unionists in the last parliament.

The Unionist gains include Southwark (West), Mile End, a division of Tower Hamlets, where H. L. W. Lawson, manager of the Daily Telegraph, was elected; Bow and Bromley, Chelsea, one division of Liverpool, Whitehaven, Boston, Warwick and Leamington, Kidderminster, Coventry and two seats in Brighton. Most of these were Unionist before the great Liberal victory of 1906, and are returning to the Conservative fold.

While there were not so many contests today as on Saturday and Monday, there were more prominent politicians with fortunes at stake. Two of these, Colonel J. E. B. Seely, under-secretary for the colonies, and R. K. Causton, paymaster-general, lost their seats for the Abercromby division of Liverpool and Southwark (West) respectively.

The loss of Colonel Seely was especially severe for the government, as he has been the spokesman in the House of Commons for the colonial office and was one of the younger men in line for promotion.

Three members of the cabinet—Winston Spencer Churchill, president of the board of trade; Sydney Charles Buxton, postmaster-general; and Walter Runciman, president of the board of education—retained their seats, Mr. Churchill with his Labor colleague, A. Wilkie, substantially increasing the majority usually given by Dundee. Sir W. S. Robson, the attorney-general, also holds his old seat for South Shields.

T. P. O'Connor's grip on the Scotland division of Liverpool was proved by the increase of 500 which he received over his big majority of four years ago.

On the other side, among the prominent men who will go back to Westminster are the Right Hon. Alfred Lyttleton for St. Georges, Hanover Square; John S. Harwood-Banner, for the Everton division of Liverpool; H. L. W. Lawson, son of Lord Burnham, who captured the Mile End seat, which he held before 1906 and which he once occupied as a Liberal; J. K. Foster, a prominent writer on fiscal questions, who won against Silas Hocking, the novelist, in Coventry, which was previously represented by another literary man, A. E. W. Mason, who retired from parliament at the beginning of the year.

MAINE JURY WOULDN'T BELIEVE "SPOTTER" IN LIQUOR SELLING CASE

Judge, Much Incensed at Their Finding, Discharged Them From Further Duty

Saco, Me., Jan. 18—Immediately after a verdict of "not guilty," had been rendered in a liquor nuisance case in the Supreme Court today, Judge Albert M. Spear summarily dismissed the jury for the balance of the term, declaring: "It would be highly improbable that the state could produce sufficient evidence to convince your judgment beyond a reasonable doubt." The jurymen were paid off and left for their homes, although there is still another week of work ahead of the court.

The liquor nuisance charge was against a Biddeford man and was supported by the evidence of a detective hired by the sheriff as a "spotter."

CROSSED IN LOVE, SWEDISH PROFESSOR BECOMES RECLUSE

Lived in Hut in Massachusetts for Ten Years; Found Ill and in Squalor by Authorities

Worcester, Mass., Jan. 18—After more than ten years of a hermit's lonely existence in a remotely-situated hut, the last two months of which have been passed on the damp floor which served as a bed, while he was ill as a result of exposure and lack of food, Andrew P. Johnson, an aged Swedish recluse, was taken in charge by the Worcester overseers of the poor, today, and sent to the city hospital for treatment. It is believed he will have recovered sufficiently within a few weeks to warrant his removal to the poor house, where the last days of his old age will be spent.

Mr. Johnson was a professor of music in Sweden many years ago. Disappointed in love there, he came to this country and after a farewell visit to the old home took up his lonely abode in a hut in the woods off Greenwood street.

AT WORK IN 3 WEEKS

$4 Worth of Father Morriscy's "No. 7" Cured Her of Inflammatory Rheumatism.

Mrs. Agnes Edgar, of Grand Falls, N.B., had a terrible time with Inflammatory Rheumatism. Anyone who has had this most painful disease will understand her suffering—and her joy when she found Father Morriscy's "No. 7" had cured her. She says:

"I took Father Morriscy's Prescription for Inflammatory Rheumatism. I had suffered everything with it, but in three weeks after starting Father Morriscy's Prescription I was able to do my work, and after taking four dollars worth of medicine I was well. I highly recommend it any sufferer with Rheumatism."

Rheumatism comes from bad kidneys. The poisonous Uric Acid which they should remove stays in the blood, accumulates in joints and muscles, and causes agony. Father Morriscy's "No. 7" puts the kidneys right, removes the Uric Acid from the blood and the whole system, and cures the Rheumatism. 50c. a box at your dealer's, or from Father Morriscy Medicine Co. Ltd., Chatham, N.B. 53

OBITUARY

James P. Brooks

The death took place in Watertown (Mass.) on Friday, Jan. 14, of James P. Brooks, son of the late Joshua and Jane Brooks, of this city, and a former sailmaker here. He leaves one brother, John, of Somerville (Mass.), and three sisters, Mrs. Charles W. Coleman, of Waltham (Mass.); Mrs. F. W. Dorman, and Mrs. Rudolf Wottrich, of this city. Mr. Brooks had been a long sufferer of cancer of the throat. He was sixty-five years of age.

Mrs. Joseph Moore

Dr. M. Case received a telegram from Brooklyn yesterday stating that Mrs. Joseph Moore, formerly Miss Susan Vanwart, of Wickham, had died at that place. Mrs. Moore was the daughter of the late Alfred G. Vanwart, of Wickham. Besides her husband she leaves several children. Three brothers and three sisters also survive. The deceased was fifty-six years of age. She will be buried at Brooklyn.

Killed by Blood Poisoning.

Used an old razor for paring his corns. Foolish, because a 25c. bottle of Putnam's Corn Extractor will cure all the corns in a family for a year. Safe, because purely vegetable. Use only Putnam's.
