ST. JOHN, N. B., JULY 11, 1896.

THIS MORNING'S NEWS.

CANADA.

R. G. Dun & Co. report 39 Canadian failures this week, against 35 in the corresponding week last year.

The recount in West Assiniboia, Man., resulted in a tie, and the returning officer decided in favor of Nicholas Flood Davin, the Conservative.

The Baptist convention at Winnipeg has adopted a resolution opposing all school legislation "not strictly in accord with the most absolute separation of church and state."

NEWFOUNDLAND.

The Peary expedition steamer Hope sailed from St. John's for Sydney Friday night. She carries a crew of seventeen men. The Hope carries twelve months' provisions and nine boats and is prepared for every emergency.

GREAT BRITAIN.

The deceased wife's sister bill passed the third reading in the House of Lords Friday night by a vote of 204 to 142. The Duke of Argyll, the Duke of Norfolk, the Duke of Rutland and the whole clerical clique in the House of Lords did their utmost to defeat the measure, but their efforts were unavailing.

UNITED STATES.

James R. and Theodore D. Sutton, proprietors of Sutton's Despatch Line of San Francisco packets, plying between New York and Philadelphia to San Francisco and other California points, have assigned.

MINOR LOCAL MATTERS.

A quantity of straw in Lynch's shipyard was set on fire Friday night and made a big blaze. No damage was done.

Tug Hope, while towing a raft at South Bay on Friday, ran into a sunken pier and broke her paddle wheel quite badly. She will be laid off for two weeks.

Try that justly celebrated five cent cigar, Stonewall Jackson, at Louis Green's, tobacconist, King street, and you will be convinced that they are superior to many so-called ten cent cigars.

The hardware and nail manufacturers who have been in session here were given a sail on the river on Friday. They were taken as far as Vanwart's on the David Weston, where dinner was served.

Joseph Denaco, accused of burglarizing John Sealy's store on the South Wharf, was found guilty in the Circuit Court on Friday and sent to Dorchester for five years.

Joseph C. Dodge, 24 years of age, while attempting to board the Flying Bluenose at Middleton, Friday afternoon, missed his footing and fell beneath the cars. His neck rested on the rails and the wheels went over it, completely severing the head from the body. Neither head nor body were disfigured. The deceased was a son of C. C. Dodge, proprietor of the Middleton hotel.

Prejudice. — Smokers who are under the impression that they cannot get a good cigar for five cents should try the old reliable Stonewall Jackson. Though costing more than any other five cent cigar manufactured in Canada they have enormously the largest sale. Sold by all dealers who are satisfied with reasonable profit. H. Jacobs Co., Manufacturers, McGill street, Montreal.

At a meeting of the Horticultural Society on Friday afternoon a resolution was passed expressing regret at the death of Sir Leonard Tilley, who was the president. The tender of Mr. Timothy Cusack to build the road around the new park at Lily Lake was accepted, and he will go ahead at once. Votes of thanks were passed to Mr. James Goldie, of Ontario, for his gifts of swans and pheasants, and to Mr. S. S. Hall for his efforts in securing the gift. Mr. J. Douglas Hazen was elected president.

A PHYSICIAN'S OPINION OF LACTATED FOOD.

A physician, who regularly uses Lactated Food in his own family, and who always prescribes it for infants, says:

"At this time of the year I strongly urge every mother to use Lactated Food for her babe. As an aliment, I regard it as the most nutritious and digestible of all prepared foods; it is easily assimilated and has no undigested particles to pass into the bowels to irritate and cause bowel disorders."

Mothers, keep your little ones happy, strong and contented by using Lactated Food.

Resemblance.

[From the Cleveland Leader.]

She—Do you know, this bicycle reminds me so much of you?

He—How is that?

She—I always have a dickens of a time getting it started.

Get the Best--
It's Here for Little!

No one can compete with, let alone undersell, the Oak Hall, even at ordinary times, so how much less is this so when the $30,000 stock of E. A. Small & Co., of Montreal, is here at 50 cents on the dollar. It's a picnic from a money-saving standpoint, and there's satisfaction certain in every article sold or your money back for the asking. Look around all you like, but as you value the almighty dollar, don't spend one until you have compared our goods and prices with the best and lowest to be found elsewhere.

JOHN McKANE TALKS.

His Account of the Newcastle Shooting Affair.

[Halifax Echo.]

John McKane, of the Merchants' Bank of Halifax, who was involved in the shooting affair at Newcastle early last Monday morning, is at the Halifax hotel. He had a long interview to-day with the directors of the bank, the result of which has not been made known.

In conversation with a reporter Mr. McKane said that last Sunday night he called at the Waverly Hotel, in Newcastle, to see his friend, Mr. Hall, of Truro, who had just arrived, and found that the latter had retired. Mr. Hall invited him into the room, and afterwards they heard Norman McKenzie outside and asked him to join them in a smoke.

The three proceeded to enjoy themselves at recalling old times in Truro and giving recitations, Mr. McKenzie and Mr. McKane both reciting.

"We did not think we were disturbing anybody," said Mr. McKane; "in fact, the whole thing was thoughtlessness on our part. About 2 o'clock we had decided to leave, when a loud knock came to the door. We opened it and Beynon, who was an utter stranger to us, asked us in a very impertinent manner to stop our noise. He said if he were the proprietor he would clear out the whole crowd of us.

"Some hot words passed between McKenzie and Beynon, but I cannot say who struck the first blow, as McKenzie has not yet testified. As soon as the scuffle commenced I rushed past Mr. Hall to the door and saw Beynon with a chair raised above his head, with which he tried to strike me. I dodged the blow by re-entering Hall's room. On looking out again he once more tried to strike me. This time the chair went to pieces.

"All this time I was keeping McKenzie back, shouting to him that the man was simply crazy. When the chair broke I made a rush for him and asked him if he intended to kill people. Then the first shot was fired. McKenzie then rushed at him. In the scuffle Beynon got two black eyes, which is the extent of his injuries outside of the scratch on his throat. I rushed him into his own room, where he fell over his bed and I tried my best to take the revolver, but he managed to fire two shots in quick succession, one of which grazed my cheek and I think entered McKenzie's wrist. The second one entered McKenzie's breast, making a deep wound. I immediately let go of Beynon and carried McKenzie to his room and summoned a doctor.

"All I can add is that the accounts in the papers have been grossly misleading and exaggerated."

WEST SIDE IMPROVEMENTS.

At a joint meeting of the Board of Works and winter port committee of the Common Council on Friday, Recorder Skinner submitted a draft of the agreement between the sub-committee and Mr. Timmerman of the C. P. R. It was carefully considered by the gentlemen present. Some slight changes were made in it, and it will now be submitted to the C. P. R. managers for confirmation. It is in line with the proposition of the railway people.

The matter of the tenders for the construction of the wharves was then taken up. Mr. Mayes's tender was discussed, and a sub-committee appointed to meet Mr. Barber, the C. P. R. engineer, and get his opinion relative to certain changes in his plans and specifications.

The company has made a good choice in selecting Mr. W. H. White as their local agent.

A MONCTON MARRIAGE.

[Transcript.]

The residence of Mr. Barney McKeiver, Main street, was last evening the scene of an interesting event when his eldest daughter, Miss Minnie, was married to Mr. W. McD. Campbell, storekeeper at Apohaqui. The ceremony, which was performed by Rev. E. B. Hooper, took place in the presence of intimate friends of the contracting parties. The bride looked exceedingly well, attired in a dark traveling suit. She was assisted by her sister, Miss Mattie McKeiver. The groom was supported by Mr. McCready, of Apohaqui. After the ceremony the happy couple and guests partook of a wedding repast, and left in the 2 o'clock express for their future home, Apohaqui, accompanied by the best wishes of numerous friends. The many handsome presents of which the bride was the recipient testify to the esteem in which she is held.

MISSION STATION.

The Presbyterians are opening a mission station in Portland. Preaching services will be conducted in the Temple of Honor hall to-morrow (Sabbath) evening, at seven o'clock. All interested in the movement are invited to attend.

ACKNOWLEDGMENT.

The King's Daughters beg to express their thanks to all who so kindly aided them in the Floral Concert. They wish especially to thank the mothers of the children who took part for their assistance. The friends of the order will be glad to know that enough money was raised to carry on the work during the summer months.

GOOD AND CHEAP CLOTHING.

Good clothing at a very low price is a combination seldom found, but one that A. Gilmour, merchant tailor, claims to have made in the summer suitings he advertises at $15 the suit. As far as the non-professional eye can judge they certainly appear like exceedingly good value, and the GLOBE was assured that in many cases $15 is much less than regular price, but he is determined not to carry them over the season.

Where Solomon's Wisdom Failed.

[Chicago Tribune.]

King Solomon was the wisest man that ever lived. People came from miles around just to look at the receptacle of so much widsom. One day a young man came to him and knelt before his throne.

"Oh, king, live for ever," said the young man. "I am in love. I bought the object of my affection a diamond pin. She allowed me to kiss her and later accidentally called me 'dear' and blushed and apologized. Does she care anything for me?"

"I don't know," said King Solomon.

MILLINERY SALE.—Mme. Kane in order to clear out the balance of her spring millinery is making special reductions for the next few days. As Mme. Kane makes a point of having the latest novelties in fine millinery, this sale should be interesting to all the fair sex.

The total real estate assessment of the city of New York for 1896 is $1,731,509,143, an increase of $85,480,488 over that of last year. The total assessment on personal property, corporations and bank shares is $374,975,762, a net increase of $4,736,866. This makes the wealth of the Empire City, as estimated by the tax commissioners, to be $2,106,484,905, upon which the tax levy for the current year is $43,996,571 31, making the tax rate about 2 10.

PEOPLE'S PASTIMES.

The Wheel.

Eddie Bald is in good form. At Appleton, Wis., on Friday he won every race he started in. He won the mile in 2.15 1 5; the half in 1 min., and the two mile in 4.42 3 5.

At Catford on Friday John S. Johnson, the American bicyclist, established a new world's record for the half mile with a standing start. He made the quarter mile in 29 1-5 seconds, and the half mile in 54 2-5 seconds. The previous record for the half, held by Johnson, was 55 1 5 seconds.

Trotting at Old Orchard.

OLD ORCHARD, Me., July 10.

The New England racing record was broken twice on the kite track this afternoon by Roan Wilkes, of Lebanon, Tenn. He won the 2.12 pace in straight heats—the first in 2.09¼, next two in 2.07¼. He won quite easily. In the final heat Bayard Wilkes, a former Maine horse, made the first quarter in 30 seconds, and first half in 1.03.

Sports at Halifax.

[Echo.]

E. C. Rogers, the Saratoga oarsman, who arrived on the Halifax Wednesday, says Durnan, Gaudaur and Hackett will be along in a few days. Mr. Rogers has been offered accommodation at the Lorne club house and may keep his scull there for some days; but as his party will have six boats—four singles, a double and a four—they will require considerable room.

John L. McCusker, the champion swimmer, is anxious to come here if there are any swimming races. He thinks there are ten or twelve other professional swimmers who would come if $400 or $500 were hung up for 100, 220, 440, 880 yards and one mile races and the races might be made international, for the championship of the world. McCusker runs a water show and aquatic exhibition of ornamental and fancy swimming and with it is Miss Ella Wilson, champion lady swimmer of the world. In the exhibition the Chinese, French, English, German and American styles of swimming are illustrated. In trick and fancy swimming McCusker turns double and single somersaults, cartwheels, walks on his hands, etc.

Base Ball.

The National League games on Friday were: Cincinnati 12, Washington 6. Second game — Cincinnati 12, Washington 4; Cleveland 12, Baltimore 0. Second game—Baltimore 9, Cleveland 6; Louisville 10, Philadelphia 8; Chicago 11, New York 5; Brooklyn 4, Pittsburg 2. Second game—Pittsburg 11, Brooklyn 6; St. Louis 12, Boston 11.

The Starlights went to Moncton and the St. Johns to Fredericton this morning to play the opening games of the New Brunswick League series.

Violets defeated Young Alerts on Friday, 10 to 3.

The Young Mutuals won the last game of the series in Chipman's field Friday night. The standing of this three-cornered league is: Lilies 5, Mutuals 4 and Socials 3.

In the East End League last night the Lilacs defeated the Canadas by a score of 12 to 9. The Arclights and Anchor Lines play to-night.

American Cricketers Defeat Marylebone.

The American team of cricketers from Haverford College played the eleven of the famous Marylebone Club at Lord's on Thursday and soundly thrashed them by 204 runs.

At the end of their first innings Marylebone had scored 169 runs, while the Americans in theirs had rolled up the splendid total of 373.

The game was the seventh of the Americans' tour and it was their first victory, although the drawn matches they played with Shrewsbury, Rugby, Haileybury and Marlboro were virtual wins.

The visitors batted in splendid style. Their captain, J. A. Lester, ran up 105. Of the eleven who went to the wickets seven scored over a quarter of a century.

There was a large crowd present to see the match, and when the game was over they treated the visitors to a regular ovation.

Yale Crew Dined.

LONDON, July 10.

This evening at the Sports Club a banquet was given the members of the Yale University crew who took part in the Henley regatta. Mr. Jackson, the manager of the Sports Club, presided. Hon. Chauncey M. Depew was also present. Commander Cowles, naval attache of the American embassy, made a speech in which he said he believed the men would again compete at Henley, and would profit by their experiences this year. The Americans were beaten by a good crew, but their defeat was tempered by hospitality which the English know so well how to dispense. Chairman Jackson eulogized the Yale crew as sportsmen and excellent companions. He expressed the hope they will return to England and capture the cup. Captain Treadway said he did not wish to make any excuse for the Yale crew losing. The climate had nothing to do with their defeat, as it was as good as that to which they were accustomed. He ascribed whatever success they had to their coach, "Bob" Cook. The dinner was most enjoyable. The Americans took advantage of the occasion to again express their thorough appreciation of the many courtesies they had received while in England both from the public and their competitors.

Eton and Harvard.

The annual cricket match between Eton and Harrow was commenced on Friday. Eton scored 206 runs for three wickets at lunch time.

Among the Fghters.

At Buffalo, N. Y., on Friday night, the 20 round go between Young Griffo and Jack Everhardt took place. It was declared a draw after a stubborn contest.

Eddie Connolly seems to be unable to get on any matches, as the lightweights are not anxious to meet him. Maurice Hagerstrom, the Swede, says he would like another go with Connolly, but his offer seems hardly worth considering, so easily did Connolly beat him before.

The coming battle between Dick O'Brien and Scaldy Bill Quinn is creating a lot of interest in Boston.

Jack Burke, the Fredericton boxer, is talking of giving sparring exhibitions in Amherst and Springhill in the near future.

Peter Maher is in New York, having just arrived from California. He will go into training at once for his contest with Choynski.

MAN'S ADVANTAGE OVER WOMAN.

A man, fortunately for him, is not such a victim to fashion's decrees as a woman. Neatness and comfort are the main requisites, after that the rest is left to the clothing manufacturer or tailor. Extreme features of any kind are rarely a success, as few men care to make themselves noticeable by any pronounced effect in their costume, and very few changes are made through different seasons in the cut and style of men's suits. But any new idea for gaining extra comfort is quickly appropriated and thus the Fibre Chamois which furnishes the style to women's clothes is now being used through men's outer coats, to give that comforting warmth and protection which will defy wind or rain equally well, and yet adds no perceptible weight.

Boils
It is often difficult to convince people their blood is impure, until dreadful carbuncles, abscesses, boils, scrofula or salt rheum, are painful proof of the fact. It is wisdom now, or whenever there is any indication of
Impure
blood, to take Hood's Sarsaparilla, and prevent such eruptions and suffering.
"I had a dreadful carbuncle abscess, red, fiery, fierce and sore. The doctor attended me over seven weeks. When the abscess broke, the pains were terrible, and I thought I should not live through it. I heard and read so much about Hood's Sarsaparilla, that I decided to take it, and my husband, who was suffering with boils, took it also. It soon purified our

RHEUMATISM'S VICTIMS

AFTER SPASMODIC EFFORTS FOR A CURE USUALLY GIVE UP.

There is One Medicine That Has Cured Thousands After Other Medicines Had Failed—A Released Sufferer Adds His Strong Endorsation of This Wonderful Remedy.

[From the Trenton Courier.]

What an innocent sounding name has rheumatism, and yet how terrible a reality to the thousands who suffer with it. Doctors agree that rheumatism results from poison of and deposits in the blood, but as to just how they can be reached and eradicated, it would seem that their knowledge fails. The usual treatment is a long series of medicines which may give temporary relief, but do not cure, and then the patient usually gives up, thinking that there is no medicine that will cure him. This is a mistake. Rheumatism is not a necessary evil, and because one is growing old it is not imperative that one should accept rheumatism as a natural accessory to advancing years.

There is a remedy for rheumatism despite the general belief that it cannot be cured—a remedy that has cured thousands of the most severe cases. A noted instance of the truth of this assertion which has just come to the knowledge of the *Courier* is the case of Robert Francis, Esq., formerly of Trenton, now retired from business in Rat Portage, Ont., and still residing there. He has been a victim of rheumatism for over three years. Last winter he visited his friends in Trenton and was then contemplating a visit to the south in search of relief from his constant foe. He had to use a staff in walking and went at a slow pace. This Christmas he was here again on a visit to his friends, smart and erect and without the stick or the sorrowful look of a year ago. His friends and acquaintances all accost him as a new man and congratulate him on his healthy, fresh and active appearance in contrast with a year ago. He has cheerfully and gratefully given the following statement of his efforts after a cure. "My home is at Rat Portage, Ont., where for years I was engaged in business and where I still reside. For three years I have been a great sufferer from rheumatism. I tried several highly recommended remedies to no purpose, as I continued to grow worse till it was difficult for me to walk. I was for thirteen weeks confined to my bed at home and in the Winnipeg hospital. I was then induced to try the Mount Clement Springs. I took six courses of baths of twenty-one baths each without any seemingly beneficial result. I read of several cures in the *Courier* from Dr. Williams' Pink Pills for Pale People, and friends who used them with benefit to themselves urged me to try them. I did so and after a short time I felt an improvement in my condition. I have taken twelve boxes in all and my improvement has been continuous and satisfactory, so that I need the cane no longer, and I have increased my weight from 140 pounds to 175 by the use of Pink Pills. I am not entirely free from rheumatism, but I am a new man, one thousand per cent. better than I was a year ago, and I attribute my health entirely to Dr. Williams' Pink Pills."

Dr. Williams' Pink Pills strike at the root of the disease, driving it from the system and restoring the patient to health and strength. In case of paralysis, spinal troubles, locomotor ataxia, sciatica, rheumatism, erysipelas, scrofulous troubles, etc., these pills are superior to all other treatment. They are also a specific for the troubles which make the lives of so many women a burden, and speedily restore the rich glow of health to pale and sallow cheeks. Men broken down by overwork, worry or excesses, will find in Pink Pills a certain cure. Sold by all dealers or sent by mail, postpaid, at 50c. a box, or six boxes for $2.50, by addressing the Dr. Williams Medicine Company, Brockville, Ont., or Schenectady, N. Y. Beware of imitations and substitutes alleged "to be just as good."

A wonderful boy soprano named Richard Coker 30 years ago startled New York and began as a chorister at Trinity church and ended by singing at Buckingham Palace, London. When he grew up he adopted the name of Della Rose, developed a baritone voice, inherited a fortune, and is now advancing toward middle life and living quietly in London.

NOTE-KITING EXTRAORDINARY.

A New York Firm Loses $250,000 Worth of Paper—Only a Few Thousand in Return.

NEW YORK, July 9.

Every effort is being made to stay the hands of those who have possession of the notes of J. E. Hoffmire & Son, ship joiners, whose paper was sold by note brokers. Through the schemes of these note-kiters more than $250,000 worth of paper was placed on the market, although the firm realized only a few thousand dollars from the sale. The brokers may be criminally prosecuted.

The firm was induced to go into various outside ventures which were represented to be veritable bonanzas. They were led to deals for timber lands in Canada and elsewhere, a trolley scheme, a match company and various other corporations which are regarded as paper concerns.

Issue after issue of the firm's notes passed into the hands of note brokers and other promoters. The notes were again passed into other hands, and finally got so far away from the Hoffmires that they could get no trace whatever of them until they were presented for payment. They took up as many of their notes this spring as matured, and ever since the firm has been struggling to keep up the payments, but at last they found the load too heavy, and had to stop.

The biggest scheme into which the firm was induced to go is said to have been a deal to purchase the controlling interest in the Keystone Match Company of Camden, N. J., with a view of getting the match trust to buy it out at a great advance in price. The amount of $50,000 common stock and $50,000 preferred stock of the company was to be purchased with Hoffmire paper.

The astonishing part of the deal came later. It is asserted that after the firm had made the notes for the purchase of the stock it was induced to put up the stock which had been purchased as collateral security for the payment of notes, so that now its notes are outstanding and it has not got the stock.

The notes of the firm, it is said, are scattered all over the country, and it will be some time before the holders can be found. Inquiries have been coming in from banks and mercantile firms in this city, Boston, Albany, Binghamton, Buffalo, Toronto, Quebec, Philadelphia, Paterson, New Haven and other cities, who are supposed to hold some of the paper.

The sheriff has found nothing at the place of the firm to levy on, as all the property is covered by a mortgage of $25,000 to Mrs. Hoffmire. Counsel for the firm to-day said that Hoffmire & Son had received in cash out of the entire $250,000 or more of paper which they issued only $15,000 of money and about $19,000 of their own obligations. The balance of the outstanding paper represents absolutely nothing except the extent to which they have been victimized.

The married women's law passed by Congress at its last session, which went into effect last month, completely changes the condition of women before the law in the District of Columbia. The law formerly in force was among the least progressive of the statutes relating to women. Under the new act a married woman may bargain, sell or convey her real and personal property, and may enter into a contract in the same manner and to the same extent as a married man may in relation to his property. A married woman may also carry on any trade, business or occupation by herself and with others, and her earnings from her business or from her labor or service are her own property. The husband is no longer liable for the payment of his wife's debts contracted before marriage, and the sole right of the mother as one of the natural guardians of the person of her children is fully recognized.

A French politician has introduced a proposal in the Chamber to put a stamp tax of one centime on every published book. He argues that the government would have already received 1,000 francs from Zola's "Rome" alone.

Our Manufacturing Interests.

What a Hamilton Manufacturer Has to Say.

Mr. James Brayley speaks for the public good.

THE PROPER POLICY.

Our representative interviewed Mr. James Brayley, of Hamilton, at his office, 58 King William Street. Mr. Brayley is an enterprising business man, and one of Hamilton's foremost manufacturers. His goods, Saddlery hardware, punches, dies, etc., are known from Halifax to Vancouver, and stand very high in the estimation of the trade.

Mr. Brayley said: "For years I have been troubled with gravel and weakness of the kidneys. I had to stand up and clench my teeth when urinating, so intense was the pain. The pains around my loins where almost intolerable, and I felt as though a cat were being pulled down my back by the hind legs.

"I went from bad to worse till at last I could not urinate at all, and had to be operated on. I had no confidence in anything, and made up my mind to suffer torture to my dying day. Reading the testimony published by the Doan Kidney Pills Co., I saw a similar case to my own, and, being in constant agony, decided to give them a trial, and got a box of the pills from Spackman's drug store, at the corner of Market Square.

"It did me no good, so I got another, and another, until I had taken four boxes, and was about giving up when relief came. I continued to take them till the pain left my back, and I am now as limber as an eel. Instead of getting up a dozen times a night I never get up more than once now. The urine is now perfectly clear and has no sediment of any kind.

I am delighted to testify in behalf of Doan's Kidney Pills, as they cured me after the last ray of hope had fled."
