A BIG STRIKE.

C. P. R. EMPLOYES KNOCK OFF WORK.

What Their Grievances Are—Effect of the Strike on the Railway.

[SPECIAL TO GLOBE.]

MONTREAL, Sept. 28.

Advices received here from Winnipeg state there is a prospect of a general strike of train hands on the western part of the Canadian Pacific Railway. The situation is said to be critical, though neither strikers nor officials care to say anything about the merits of the question involved. The newspapers in the west it is said are keeping the matter quiet at the request of the great corporation. Such a strike would be a calamity at this time when the crops are beginning to move and this is one of the strong cards the men are playing to bring the railway people to time.

Later advices from Winnipeg state the agents and operators on the C. P. R. are also in the strike. They resist a reduction of pay which, it is said, will become general from St. John to Vancouver. Any strike of trainmen would be sympathetic.

At nine o'clock last night a general order was issued calling out all the telegraphers in the employ of the Canadian Pacific Railway from St. John, N. B., to Vancouver. The order was issued by Mr. T. M. Pierson, Assistant Grand Chief of the Order of Railway Telegraphers, who has been in the city for some days organizing the movement at this end of the line. There are about 850 telegraphers employed on the C. P. R., and 750 of them belong to the union. Mr. Pierson says that every one of these went out promptly at nine o'clock last night in response to the order. The officials of the company say that only a very small proportion of them will obey the summons.

Advices from Ottawa and Toronto this morning say that trains are running as usual. At Montreal, so far, there is no appreciable difference. It is yet too early, however, to size up the situation, but there is no doubt that the majority of operators from St. John to Vancouver will respond to the strike call. Pierson, (who is managing the strike, says the men had to complain of their employment, their promotion and their pay. These three points may be taken as covering the field in which they considered themselves not only unjustly and harshly, but even tyranically, treated. He continued: "This strike, I want it to be understood, is entirely the work of the men themselves. They have needed no spurring or urging from the outside. As a matter of fact, during the last week I have had about 700 telegrams from members of the order in the employ of the C. P. R. asking that a strike be ordered. They found their positions had become intolerable and they resolved to stand the pressure no longer."

All the operators between Quebec and Montreal, including the train despatchers at Quebec, are out on strike.

PETERBORO, Ont., Sept. 29.

In consequence of the C. P. R. strike here all freight train service has been suspended. Only the passenger service is being carried on.

WINNIPEG, Sept. 29.

Last night all the operators belonging to the order struck as far west as Fort William and at 1.30 all the men from Fort William to Vancouver were ordered to leave their keys. In Winnipeg all but one despatcher quit.

This state of affairs will tie up freight, only schedule passenger trains being able to run.

Judging from the way the order to strike has been obeyed by the telegraphers in this division the strike is general along the whole line. To-day all the offices between Fairville and Fredericton Junction were closed, and all between Fredericton Junction and McAdam, while in the general office here Chief Despatcher Newcombe, who is not a member of the order, was working all day just as he had been all night. So far as could be learned all the men who are connected with the order, and nearly all in this section are, have gone out. The operators in the way stations along the line are also the station agents, and as a result the ticket offices are closed and passengers are compelled to buy from the conductors. The offices at Fredericton Junction and McAdam are in charge of relief men, the agents there having gone with their associates. At Fredericton Junction the Fairville agent, Mr. Dewitt, a non union man, is in charge, his assistant holding the Fairville station, while L. W. Power is at McAdam, having gone out from here on Monday afternoon's train. So far as can be found out the same conditions prevail on the branches to Woodstock and St. Stephen, all or nearly all the offices being closed. Among the men on strike is the operator who came here to "sub" for Mr. Brown, one of Mr. Newcombe's assistants, who was married this afternoon.

So far as can be learned representatives of the order from various parts of the road had a conference in Montreal recently to discuss their relations with the C. P. R., and the strike is understood to be the result of demands made on their behalf by Mr. Pearson as the outcome of the meetings. The men claim that they suffer in many ways because of rules and regulations that operators on other railroads are not subjected to. They say they are subject to dismissal without cause and have no redress; that they are not allowed any money to clean their stations and are dismissed if the auditors report them unclean; that they are dismissed without investigation as the results of any reports by the auditors and in many other ways are unfairly treated, besides being poorly paid. They say the grievances were reported to the general managers, not to the local managers, because in times past reports have frequently been made to local managers, but have never been productive of any results.

Superintendent Timmerman, of the Atlantic division of the C. P. R., was seen to-day by a reporter. He said trains were all running on time and that the work was going on without interruption. As to the cause of the strike he knew nothing. He said the operators on his division had never made any complaints to him, either individually or through representatives, and he did not know of any grievances, and believed they were striking because ordered to do so. He said in failing to report any grievances they had departed from the recognized course and had acted contrary to the generally understood policy. It was of this failure to report to local managers that the general managers had refused to treat with them. When asked if the strike would extend to the trainmen, Mr. Timmerman said he did not see how it could, as they (the trainmen) had always followed the course of first reporting to their own managers. He did not believe they would act in sympathy with a movement that was not along the recognized lines.

A Halifax despatch says the telegraph operators there refused to join the big strike.

BRILLIANT WEDDING

Marriage of Hon. W. C. Whitney and Mrs. E. S. Randolph.

BAR HARBOR, Sept. 29.

At St. Sauveur's church, Bar Harbor, at 12 30 o'clock to day Mrs. Edith S. Randolph was married to William C. Whitney, ex-Secretary of the Navy. No invitations were issued and none of Mr. Whitney's family were present. Mrs. Randolph asked a few friends verbally, who afterward went to her home, The Anchorage, for breakfast. Mrs. Randolph's brother, Frederic May, attended to the church duties, and seated the crowd of people who came to see the ceremony. Mr. Whitney was attended by Mr. Brun. The Spanish minister and the bride were attended by her two children. The church was beautifully decorated and thronged with people. The bride was attired in blue and white silk. She carried pink roses, and wore a bonnet with pink roses and forget-me-nots. The couple will remain here for a week and then go to Hot Springs.

Steamer Monowai sailed from Sydney, N. S. W., for San Francisco to-day with £475,000 in gold on board.

THE WEATHER.

WASHINGTON, Sept. 29.—Forecast for New England: Increasing cloudiness, with rain on Wednesday; easterly winds, increasing in force; probably dangerous gales on the coast.

QUICK RUN.—Brigt. Curlew, which sailed hence on the 1st inst., arrived at Dundalk this morning, all well, without having lost any portion of her deckload, notwithstanding the rough weather recently reported on the other side.

MARITIME BOARD OF TRADE.—The Maritime Board of Trade will hold its first session at the local Board of Trade rooms this evening. The council met at 4 this afternoon. A number of delegates are in the city to attend the meeting.

BRITISH ASSOCIATION.—Late papers from Liverpool give very full accounts of the meetings of the association. On Sept. 18th papers were read before the geological section by Sir Wm. Dawson and Dr. Geo. F. Matthew. Sir Wm. Dawson took for his subject "Pre-Cambrian Fossils." Specimens of eozoon were exhibited and the investigations of Sir Wm. Logan, Dr. Matthew and others in America were reviewed. Dr. Matthew then read his paper on "Some Features of Early Cambrian Faunas." Many eminent geologists discussed these papers. Many excursions have been arranged for the scientists and they are being entertained in right royal fashion.

PARLIAMENTARY NEWS.

RECOMMENDATIONS OF COMMITTEE ON AGRICULTURE.

Registration of Canadian Cattle in the U. S.—Translators Appointed.

[SPECIAL TO GLOBE.]

OTTAWA, Sept. 29.

The committee on agriculture met this morning. Dr. Sproule presented the report of the sub-committee to which the special report on agriculture was referred. They recommended:

1. Provision in the estimates for a cold storage system to place perishable products on the British market in good condition.

2. Such modifications of the quarantine regulations as would, without endangering our herds, facilitate the importation of thoroughbred stock.

3. Steps to facilitate the shipment of cattle to Great Britain by way of Portland and Boston so as to obtain the advantage of quick transit and competitive freight rates.

The question of freight rates was handled rather gingerly. It is described as one of great magnitude and importance to the farmers, and deserving of careful consideration. The report was adopted unanimously, and will be printed and distributed.

Mr. Featherstone moved a substantive motion recommending that steps be taken to secure the acceptance in the United States herd books of registered Canadian live stock. At present United States registration is accepted in Canada. The motion as adopted read as follows:

That the Minister of Agriculture be requested to correspond with the Secretary of Agriculture in the United States to obtain a withdrawal of the order forbidding the admission of Canadian registered stock into the United States without American registration, and to secure the acceptance of our registration.

Messrs. H. R. Fiset, J. A. Geoffrion and J. O. Pelland were to day appointed by the Debates Committee translators to fill the vacancies caused by the dismissal of Messrs. Vanasse, McLeod and Blanchard.

SHOES well bought are half sold. That is the secret of our increasing business. The trick of buying the right thing at the right time at the right price is the trick that makes our store such a success.

Why is it that every day our shoe store is filled with buyers from every part of the city, regardless of distance? There must be some good reason. People—especially ladies—don't go out of their way to buy unless there is a reason.
