"APENTA"
THE BEST NATURAL APERIENT WATER.
Bottled at the UJ HUNYADI Springs, Buda Pest, Hungary.

Considering the nature of the Hungarian Bitter Water Springs, it must obviously be desirable for the medical profession and the public to be assured authoritatively that the working of these Springs is carried on in a scientific manner, and not merely on commercial lines, and with this view the Uj Hunyadi Springs, from which "Apenta" Water is drawn, are placed under the absolute control of the Royal Hungarian Chemical Institute (Ministry of Agriculture), Buda Pest.

Prices: 15 Cents, 25 Cents and 35 Cents per bottle.

St. John Globe

ST. JOHN, N. B., JULY 13, 1896.

THIS MORNING'S NEWS.

CANADA.

It is rumored thirteen Victoria, B. C., sealing schooners are among the missing craft on the coast of Japan since the big tidal wave of a few weeks ago.

NEWFOUNDLAND.

Gov. Murray, the British and French commodores and the Newfoundland ministry held a conference Saturday evening on the French shore fishery troubles. All preserve the greatest reticence as to the result of the discussion, but from semi-official sources it is learned an amicable settlement of the difficulty is likely. The St. John's press urges conciliatory overtures from the Newfoundland government, fearing the French may take measures to entirely prevent Newfoundland from fishing on the treaty coast, the result of which would be ruinous to hundreds and entail losses a thousand times more serious than the duties demanded at present by the Newfoundland government.

UNITED STATES.

Arthur Sewall, the Bath, Maine, shipbuilder, has been chosen by the Democrats as their candidate for Vice-President.

Julis Freudenthal, the well-known New York merchant, has left that city heavily in debt. Twelve banks hold paper for a large amount, and his estimated liabilities will reach $500,000.

The business portion of the town of Bartlett, N. H., was entirely destroyed by fire Sunday evening. Loss about $100,000. An incendiary fire at Galveston, Texas, on Sunday, destroyed a shed owned by the Norgan Steamship Company, which contained 2 000,000 yards of jute bagging. Loss $150,000.

Harry L B. Nead, of Montreal, formerly assistant paymaster of the C.P.R., charged with stealing a package containing $5,500 from the railway company last February, was arrested in New York on Thursday. The police also arrested Annie Cleaverly, with whom Nead has been living recently in Brooklyn. The woman came from near Toronto. Both prisoners were taken to court and remanded until Monday, when Adolph E. Bissonnette, high constable of Montreal, hopes to receive extradition papers.

FOREIGN.

Ernst Curtis, LL. D., the well-known German Hellenist, is dead.

The number of new cases of cholera reported throughout Egypt Saturday was 462, and the deaths numbered 321. Among those who have died from the disease is Major Owen, of the Soudan expedition.

A despatch from Vienna says Emil Holub, the noted African explorer, has received details of the discovery of gold fields in the Orange Free State which rival those of the Transvaal.

The inquiry into the disaster on the Hodynskey plain during the coronation ceremonies, when a couple of thousand lives were lost, has been concluded. The police prefect, the president of the fete committee, M. Budberg, member of the committee, and the architect of the sheds are declared to be answerable for the disaster. They will be arraigned before a tribunal of the senate.

MINOR LOCAL MATTERS.

Mr. Michael Harrington leaves to-morrow for Campobello to do police duty for the summer.

The Harkins company went up river on Sunday in Mr. E. L. Jewett's steam yacht, the guests of Capt. Thompson.

Complaint is made that horses and cattle are allowed to wander about the Loch Lomond road, to the great inconvenience of persons driving on the road.

John Lunn, a coachman, fell off the wharf near the Prince Rupert's landing, on Saturday, and was painfully injured on the side. Dr. Emery attended him.

A good investment for five cents at Louis Green's, tobacconist, King street: A famous Stonewall Jackson cigar, superior to many so-called 10 cent brands.

The Boston train, due at 10.45 o'clock, p. m., was two hours late on Saturday night. One of the boiler tubes burst in the engine near Hoyt station, and another engine had to be sent from Fairville to bring the train in.

Six deckhands on the Prince Rupert, who were getting $22 a month, struck last week for higher wages. They claimed, when the boat started making two trips a day, that they had to work harder. The company refused to grant the increase and the men left.

Chatham *World:* Mr. J. R. Lawlor entered upon his duties as postmaster on Friday. His appointment was one of the last that the late government made. Mr Fish, the former postmaster, was dismissed in consequence of alleged irregularities.

The four-year-old son of Mr. Leonard Haines, of Acadia street, on Saturday afternoon fell over the embankment in front of his father's house into Sayre's lumber pond, a distance of about twenty-five feet. He was found lying among the logs by William Izzard and picked up. He was quite severely injured.

Short-sighted dealers invariably hold our famous Stonewall Jackson cigar back on account of them costing more than any other five cent cigar. See that you get them and don't allow inferior brands, affording larger profits, to be palmed off on you. The largest sale of any five cent cigar in the Dominion. H. Jacobs & Co., manufacturers, McGill street, Montreal.

Chief Justice Tuck, on the application of Mr. John F. Ashe, defendant's attorney, Saturday set aside a judgment rendered before Mr. Masson, in the parish of Lancaster civil court, at the suit of John P. Wells vs. Robert Hennessey, on a promissory note made payable at the bank of emergency, not incorporated, there being no proof of presentment and dishonor.

At the regular meeting of the St. John Typographical Union, Saturday evening, the following officers were elected: President, R. W. McKinney; Vice President, Geo. P. Themas; Recording Secretary, W. H. Coates; Financial Secretary, John Law; Treasurer, Robt. Kennedy; Sergeant-at-Arms, R. A. Johnston; Trustees, Wm. Essington, Arthur King and John McGourty. Delegates to Trades and Labor Council, A. H Gorman, Geo. P. Swetka, Jas Seaton, John McGourty and R. W. McKinney.

As if by Magic.

This is always the case when Nerviline is applied to any kind of pain; it is sure to disappear as if by magic. Stronger, more penetrating, and quicker in action than any other remedy in the world, pain cannot stay where it is used. It is just the thing to have in the house to meet a sudden attack of illness.

DROWNED IN EEL RIVER.

WOODSTOCK, July 11.

News of a sad drowning accident has come to hand from Eel river. It appears that a young man named Burns Edgar, accompanied by two sons of Rev. Mr. Corbett, were fishing for pickerel in Eel river. They started to swim ashore, when Burns Edgar was overcome and drowned. No further particulars are to hand. The young man was unmarried and lived with his mother and sister at Kirkland. He was 25 years of age.

The Academy of St. Cunegonde, Montreal, has selected and purchased a Pratte piano for the use of its advanced pupils.

KINGS COUNTY RAMBLES.

Yesterday, as on every fine Sunday, the drive to the Willows was the most pleasant one from St. John—various ways being accessible thereto, to suit the tastes of the tourist or pleasure-seeker. The trip via the Millidgeville ferry, through Chapel Grove and Clifton, is one of most picturesque scenery, as is also that via Gondola Point ferry. Twenty-one bicyclists crossed the ferry Sunday with Capt. Wm. H. Pitt, who never tires in entertaining his patrons describing his past history crossing the Kennebeccasis. The captain is just nineteen years to-day running the ferry at Gondola Point, and never lost a life or met with an accident. Up to and including Sunday just 257 bicyclists crossed the ferry this season. Capt. Pitt also prides himself in being a prominent member of the L. O. A., having been chosen worshipful master of Kings Own Lodge, county lecturer for Kings County West and deputy grand chaplain of New Brunswick. The captain took a very prominent part in the interest of Col. Domville in the late very successful Liberal victory.

There is another route through Kings county, which drivers of horseflesh prefer, via Perry Point bridge; and here a word to the commissioners may save the county considerable expense, as the planking is not of the safest or strongest kind. The flooring of the bridge is composed of one layer of plank, which has been worn so from continuous traffic and age that it is unsafe for a horse of 1,000 or 1,200 to cross without going through. There are many holes in the bridge and various patches of slabs or boards are placed over holes already worn through. This bridge should have a double flooring and that as soon as possible. A gentleman crossing yesterday morning had to go ahead of his horse to find the safest footing, and rather than return by the bridge crossed at Gondola Point.

The crops through Kingston and Kings county are looking well. Potatoes, hay and oats will be productive of a large yield this season.

HIRES Rootbeer absorbs all the goodness of nature's most healthful herbs, roots, barks and berries.
Made only by The Charles E. Hires Co., Philadelphia.
A 25c. package makes 5 gallons. Sold everywhere.

NOTICE IS HEREBY GIVEN that application will be made to the Parliament of Canada at the next session thereof for an Act to incorporate a Religious Body to be called and known as "The Wesleyan Methodist Connection of Canada," and to authorize such corporation to meet and adopt, frame or repeal constitutions and make regulations for enforcing discipline in said Connection, and to empower said Corporation to acquire, receive and take conveyances of such lands, moneys, mortgages, securities or other property as may be required for the purposes of a chapel or chapels, college or colleges, school or schools or other educational purposes connected with the said Connection, and for the purpose of a printing and publishing house or houses in connection with the said Connection, and for power to undertake and carry on such business of printing and publishing, and for authority and power to endow and support such chapels, colleges and schools, and such printing and publishing house or houses and a book depository or depositories in connection therewith, and to take and receive the benefit of any gift or devise by will or otherwise in its said corporate name or otherwise, and to give said Connection all necessary powers connected therewith.

CELEBRATING THE TWELFTH.

The Orangemen of St. John and vicinity commemorated the twelfth of July by attending divine service in various churches. The members of the order in the city went to St. James' church in the afternoon, where Rev. A. D. Dewdney preached a sermon from Psalm xx. 5: "We will rejoice in thy salvation, and in the name of our God we will set up our banners." The procession marched from Germain street to the church and was composed of: Trinity Preceptory, No. 503; Queen Preceptory, No. 62; St. John Scarlet Chapter; Verner Lodge, No. 1; Eldon, No. 2; York, No. 3; Gideon, No. 7; Johnston, No. 24; Havelock, No. 27; Union, No. 75; and Dominion, No. 141. Major A. J. Armstrong, Deputy Grand Master of British America, headed the procession.

To-day a large number of the order generally went to Hampton, where a parade and picnic was held in conjunction with the Hampton Orangemen. The Carleton Cornet Band accompanied the excursion.

The Orangemen of Musquash attended service in the Episcopal church there, Rev. Mr. Bareham preaching. There was about four hundred in the procession, among whom was Past Grand Master James Kelly of this city. Music was furnished by the Artillery band.

The Fairville, Carleton, Pisarinco and South Bay Orangemen went to the Fairville Presbyterian church in the afternoon. Rev. Mr. McDonald preached. After the service the procession formed and marched to the Lancaster reservoir, where the Carleton Orangemen dropped out of the line. The others then marched back to Fairville and as far as the Yorkshire tavern, where the South Bay and Pisarinco lodges left the line, and the Fairville lodge returned to their rooms.

Dominion Lodge, No. 141, of Portland, on Sunday morning attended service at the Portland street Methodist church, where Rev. Mr. Penna preached a powerful sermon. The parade was headed by Major A. J. Armstrong, Past Grand Master, and Worshipful Master R. A. C. Brown.

FLORAL NOTES.

BY H. E. GOOLD.

Don't allow faded blooms or seed pods to remain on your window boxes. Keep the plants clean and well watered, care being taken that the corners of the boxes should be as thoroughly soaked as the middle.

Our canna bed is beginning to show bloom, and the effect is really better than usual this season. They require the warm weather to bring them to perfection. I have some fine seedlings from Florence Vaughn that surpasses the parent plant in size and markings. Mad Crossy, Charles Henderson and Paul Marquand bloom finely and will receive further mention later in the season.

The cutworms have left us for their transition period, for which we are truly thankful. Dahlias that were cut off are sending up a second growth that does not look very healthy.

My outdoor roses are now a mass of bloom and the air is full of their fragrance at night. Several short rows of Mad. Plantier contain bushes about one foot high and about the same diameter with from fifty to sixty buds on them and are very fragrant.

In answer to several enquiries about the small sticky slug on the roses, hedge plants and cherry trees, I would say spray with hellebore or kerosene emulsion as soon as possible and should a rain occur shortly after applying same give them a second dose, which should be sufficient.

Gloxineas do not require the full blaze of the sun, a partial shade in the heat, but I have seen good specimens grown in a north window; the blooms large, pure white, and fragrant. This variety is rather rare and should be carefully tended by the fortunate owner. Never allow these plants to become dry while in bloom, and cut off the flower stalk as soon as the bloom fades; in watering do not allow water to get on the crown of the bulb or on the leaves and buds, as it is very apt to rot them. An application of manure water about twice a week will increase size and quantity of bloom.

Don't hesitate about putting your palms out of doors during every rain, nor taking care that the wind does not blow them about; you will be pleased with their improvement under this treatment.

Never allow the farfugium grand (a leopard plant) to bloom, as the flower is a small inferior looking affair, and will only serve to destroy the beauty of the foliage by robbing it of the yellow spots.

Any questions regarding the culture of flowering plants addressed to H. E. Goold, florist, Sussex, N. B., will receive prompt attention.

BRITISH WOOD MARKET.

[Farnworth & Jardine's Circular.]

LIVERPOOL, July 1.

The arrivals from British North America during the past month have been 30 vessels, 33,699 tons, against 22 vessels, 20,117 tons, during the corresponding month last year, and the aggregate tonnage to this date from all places during the years 1894, 1895 and 1896 has been 119,056, 118,869 and 178,464 tons respectively.

The business on the whole during the past month has been quiet, and there is little change to report. Imports, with few exceptions, have not been excessive; the demand has been fair, the deliveries generally satisfactory and stocks are moderate. Values of most articles are firm.

New Brunswick and Nova Scotia Spruce and Pine Deals.—Of spruce deals the import has been 7,696 standards, against 3,584 standards same time last year; the deliveries have again been satisfactory, most of the arrivals going direct into consumption; the stock is now very moderate; prices have continued very steady, although there is not much change in value to record; with moderate supplies prospects are fair.

Birch.—Logs.—The import continues too large, and although the deliveries have been satisfactory prices have again given way, recent sales being at very low rates; the stock is too heavy. Planks have also come forward too freely, and have also declined in value; the recent low prices, however, have stimulated consumption, but the stock is too heavy.

ONE HONEST MAN.

Dear Editor:—Please inform your readers, that if written to confidentially I will mail in a sealed letter, particulars of a genuine, honest home cure, by which I was permanently restored to health and manly vigor, after years of suffering from nervous debility, sexual weakness, night losses and weak shrunken parts. I was robbed and swindled by the quacks until I nearly lost faith in mankind, but thank heaven, I am now well, vigorous and strong, and wish to make this certain means of cure known to all sufferers. I have nothing to sell, and want no money, but being a firm believer in the univeral brotherhood of man, I am desirous of helping the unfortunate to regain their health and happiness. I promise you perfect secrecy, and as I do not wish to expose myself either, please address simply: P. O. Box 388, London, Ont.

A plan for a $2,500,000 town hall on a $4,000,000 site is now before the London County Council. The site proposed lies in Spring gardens, between Trafalgar square and St. James' park, on both of which open spaces the new building would face. It would finish a continuous line of public buildings from the Parliament houses to the Nelson monument.

IF YOUR SIGHT is not perfect it can be made so by properly fitted lenses. Eyes are examined and tested free, and errors of vision scientifically corrected by Charles A. Russelle, graduate optician, 85 Germain street. Send or call for treatise on the eye free.

A GREAT ENTERPRISE.

THE FOUNDING OF "NEW FRANCE" IN DIGBY CO., N. S.

Operations to be Conducted on a Large Scale.

[SPECIAL TO GLOBE.]

WEYMOUTH, July 12.

A large real estate deal took place at Weymouth on Saturday last. The Stehlin family of New France, Digby county, bought the large lumber yards of G. D. Campbell, together with three large new buildings, wharves and nearly the entire south of Sissour river that runs through the town. About one year ago the Stehlin family came out from France and opened up a settlement about fifteen miles back of Weymouth and have named the place "New France." They have built a large saw mill at that place and a number of handsome dwelling houses. Last year an electric plant was put in and now the entire settlement is lighted by electricity. They have one of the finest mills in the province. This year they applied for a right of way to build a railroad from New France to Weymouth. The road has been surveyed and work will begin at once. It is estimated that it will cost from $17,000 to $20,000. This road will be used for bringing their lumber, etc., to Weymouth for shipment. They have bought up thousands of acres of woodland in the interior of the forest. The kind bought at Weymouth last Saturday will be used as the terminus of the railroad. A number of large wharves will be built in addition to these they already have. This new enterprise will be a boon to Weymouth and will be the means of increasing the shipping of our port.

The Stehlins have a large capital at their back and intend pushing their new enterprise for all it is worth.

SOUTHERN BAPTIST ASSOCIATION MEETING.

The Southern Baptist Association is now in session at Hampton. Rev. George Howard called the association to order on Saturday morning. After a social session Rev. A. H. Lavers was unanimously elected moderator and Rev. E. E. Daley vice-moderator. Rev. J. B. Champion was appointed secretary, Rev. G. W. Schurman, assistant secretary, and S. E. Frost, treasurer.

The reading of letters from churches occupied a good deal of time. These showed that there are 45 churches in the association, of which about 30 have already reported this year by letter. There are about 25 ordained ministers in the association at the present time, and about 5,500 communicants, indicating a Baptist population of some 18,000 within the bounds of the association at the present time. The value of church property last year was, in round figures, $165,000, and of parsonage property $18,000 additional. The sum of $25,000, or thereabouts, was raised for denominational purposes outside of local affairs last year.

There was much discussion over the report of the literature committee. The *Messenger and Visitor* was endorsed by the speakers. N. B. Cottle denounced much of the denominational literature in the Sunday schools as trash, and on the paragraph particularly advising the young people to study the New Testament he took the ground that they should read and study all parts of God's word, the Old as well as the New Testament.

The report on temperance, which was adopted, expressed regret that the outlook was not as encouraging as the committee desired, as the reports of the grand lodge and grand division showed a falling off in membership, and the plan to elect prohibition candidates at the recent federal election had not received as much support as was looked for. On the other hand, however, prohibition sentiment was growing, and there was cause for thankfulness in the adoption of temperance text books in the public schools. The committee urged the churches to greater zeal in the work.

That
Extreme tired feeling afflicts nearly everybody at this season. The hustlers cease to push, the tireless grow weary, the energetic become enervated. You know just what we mean. Some men and women endeavor temporarily to overcome that
Tired
Feeling by great force of will. But this is unsafe, as it pulls powerfully upon the nervous system, which will not long stand such strain. Too many people "work on their nerves," and the result is seen in unfortunate wrecks marked "nervous prostration," in every direction. That tired
Feel-
ing is a positive proof of thin, weak, impure blood; for, if the blood is rich, red, vitalized and vigorous, it imparts life and energy to every nerve, organ and tissue of the body. The necessity of taking Hood's Sarsaparilla for that tired feeling is, therefore, apparent to every one, and the good it will do you is equally beyond question. Remember that
Hood's
Sarsaparilla
Is the One True Blood Purifier. All druggists. $1.

WHY was Isaac Pitman's Shorthand
THE ST. JOHN Business COLLEGE.
S. KERR & SON.
Adopted and taught in the PUBLIC SCHOOLS OF NEW YORK?
BECAUSE it is the BEST and has the latest and most practical text books. Because the intellect of the best shorthand experts of the last half century has been devoted to the criticism, improvement and development of ISAAC PITMAN'S Phonography.
Our students therefore get the best Shorthand as well as the best course of Business Training.
Circulars free to any address.
S. KERR & SON.

PEOPLE'S PASTIMES.

Base Ball.

The Alerts defeated the Roses on Saturday in an admirable game. About 500 were present. The game was keenly contested from the start. Whelly and Driscoll were the battery for the Alerts, and Friars and Connor for the Roses. Whelly had only three hits made off him. Friars had six. Each pitcher struck out five men. The score at the end of the game was 7 to 5 in the Alerts' favor. Dan Connolly umpired.

At Moncton the Starlights won their opening league game, defeating the Moncton players by a score of 17 to 9.

The West End League game between the Oak Halls and the Royals of Fairville, on Saturday, ended in a fight. Dalton, of the Royals, got mad and threw a bat at Tilley, the pitcher for the Oak Halls. This raised a storm of disapproval, and the prospects were for some time good for a free fight. The Oak Halls finally left the field and refuse to play any more with the Royals.

League games on Saturday: Louisville 9, Philadelphia 1; Baltimore 10, Cleveland 1; Cincinnati 9, Washington 5; Brooklyn 5, Pittsburg 1; Boston 12, St. Louis 5; second game, St. Louis 12, Boston 7; Chicago 3, New York 2. Sunday games—Cleveland 5, Chicago 2; Cincinnati 9, Brooklyn 5; Baltimore 7, Louisville 2; Washington 14, St. Louis 1.

A GAME AT THE CAPITAL.

FREDERICTON, July 12.

The St. Johns and Tartars played their first game in the New Brunswick Base Ball League series here yesterday afternoon in the presence of about 500 people. The Tartars won by a score of 14 to 7. They outplayed their contestants in every respect, showing superior batting, superior base-running, superior fielding and superior battery work. Tibbits was in the box for the home team with Doran behind the bat, and despite the fact that the former's arm was in such condition that at the commencement of the game he intended pitching only five innings, he did such effective work that he continued until the ninth, when his arm gave out and O'Neill, C. Kearns and Earl hit him successively for two singles and a three bagger, which, with one error of Finnamore's at short stop, produced three runs with no one out. Grace then went into the box and retired the visitors in one, two, three order. In the first eight innings the St. Johns got only three hits off Tibbits, and with the three in the ninth only six hits in the whole game. Doran gave Tibbits excellent support behind the bat, not having a single passed ball or error in the entire game, while he caught three men on bases by magnificent throws, and one at the home plate by one of the quickest plays ever witnessed here. White pitched for the St. Johns with O'Neill behind the bat. The former did very good work until the seventh inning, when he was hit for two three-baggers and two singles and was replaced by C. Kearns, who was batted in the same inning for two singles. In the eighth inning O'Neill went into the box and was replaced behind the bat by Kearns with the result that the Tartars were retired in one, two, three order. The heavy batting of the Fredericton team, together with their excellent battery work, would have given them the game, but six of their runs were scored through the ten errors of the visitors.

The Wheel.

Many city wheelmen risked sunstroke on Sunday and had good runs. A large party went to the Cedars via Gondola Point, and quite a large number sojourned at Rothesay.

Fraser Winslow, of Fredericton, rode down from Fredericton on Sunday by the river road.

Morin won the final heat of the Grand Prix race at Paris on Sunday. Jacquelin was second and Eden third.

The electric light sports on the A. A. grounds on July 23rd will give some of our flyers a chance to show what they can do on this track, which is now in pretty good shape. If Holman, Jones, Salmon and Sancton meet in a race there will be plenty of excitement.

The Turf.

[Diomed in Halifax Echo.]

Melicite, the mare that Mr. Clinch sold to the officer of the 66th P. L. F., is a very speedy animal. I think I am right in saying that this was the first time she has faced the starter. She is by Neptunus, out of Orphan Girl, by the handsome Orphan Boy, and was bred by Dr. Gilchrist, of St. John, who also bred Bowstring and Donna Perfecta.

The Driving Club are offering a large inducement to horse owners during carnival week. Five hundred dollars for a free-for-all is a goodly sum of money. It will be large enough to bring fast horses from the States, as money hung up in purses is very scarce just at present and fast horses are very plentiful. The provinces will be represented by Special Blend, Warren Guy, Lady Bug and some others. Mr. Willis has a good chance for the money, but I rather think that the Nova Scotia horse will not show as good a mile here as in St. John.

I regret to hear of the accident occurring to the speedy pacer Sir William, who broke his leg at Kentville last Thursday. An effort will be made to save the horse, but of course it is doubtful if his speed will ever return.

I was looking for that sportsman, E. L. Willis, to accept the challenge of the owners of Geneva, 2.11½, to trot against any stallion owned in the Dominion. Mr. Willis wants the race in St. John. That is a pity. Choose neutral ground, where nothing can be said; and further, invade the enemy's country and go to the other province and fight it out, and may luck be with you.

CHARLOTTETOWN RACES.

The annual exhibition races at Charlottetown take place on September 16th and 17th, when the following programme will be given, the purses aggregating $1,150:

FIRST DAY—16TH SEPTEMBER, 1896.	
Three-minute class	$150
2.35 class	150
Free-for-all, open to Canada and United States	300
SECOND DAY—17TH SEPTEMBER, 1896.	
Three-year-old class	$150
2.28 class	250
Free-for-all (pacers)	150

Five horses to enter and three to start in each race.

Horse distancing the field entitled to first money only; he to withdraw and remaining horses to finish the race.

Purses divided: 60 per cent. to first, 30 per cent. to second, 10 per cent. to third.

Except in the free-for-all, horses to be owned and have been in the Maritime Provinces at least three months previous to close of entries.

Entries close 8th September. No horses barred by record made after 1st August.

Requital Wins.

SHEEPSHEAD BAY, L. I., July 13.

The Realization Stakes for three-year-olds, worth about $23,000, was run at this track Saturday afternoon with six starters. Requital won; Peep-o'-Day second, and Hastings third. Distance, 1⅝ miles. Time, 2.49 2-5.

Halifax and St. John Crews Compared.

[Halifax Mail, Saturday.]

A *Mail* reporter had a talk this morning to a St. John man, one of those who were instrumental in getting together a four-oared crew in St. John to row at the carnival. He stated that he went out to the Arm yesterday to have a look at the fishermen four. He says they are heavier than the St. John four, who average 143 pounds, The Halifax crew average about 162 pounds. The gentleman interviewed stated that, taking everything into consideration, Halifax ought to win from St. John in the big race. The Halifax men were not only heavier built than the St. John crew, but they will be better boated and will have the advantage of everything modern, whereas the St. John crew will have to row their race in a boat built for the Paris crew. The Paris crew were all big men and consequently a boat was built to carry a heavy weight, whereas the present St. John crew are a small lot, and the heavy boat will act as a handicap.

The gentleman also stated that the boat now used in practice by the St. John four was one the Paris crew used, and the boat in which the crew will row the race is even an older boat. Other reasons were advanced why the Halifax crew should win. The St. John man also stated that the New Brunswick crew row well. They have a finished, clean stroke, but the stroke seems to lack power. In his opinion the men are too slight.

THE AMATEUR CREW.

Messrs. Cameron, Hall, Fairweather and Gilbert, the amateur crew training for the Halifax regatta, had a fine spin on Saturday evening under the supervision of Mr. Peter Clinch. They are in good condition, and although rowing against a stiff breeze, showed good bursts of speed.

MILLINERY SALE.—Mme. Kane in order to clear out the balance of her spring millinery is making special reductions for the next few days. As Mme. Kane makes a point of having the latest novelties in fine millinery, this sale should be interesting to all the fair sex.

The children of Los Gatos, Cal., are blessing the memory of Mr. Teasdale who once lived there. At his death he willed all his money to the school children of the town, to be placed in a bank at San Jose and the interest to be drawn annually for the purchase of candy, to be distributed equally among all the boys and girls of the schools of the town. The distribution of candy is made to the children on Memorial Day. The only request of any kind made in connection with the gift was that his little friends would see that his grave was never neglected or destroyed. On every Memorial Day it is a beautiful sight to see the children decorating his grave with the choicest flowers that the beautiful gardens of Los Gatos produce.

Close your eyes to quality and the world is full of cheap things, but with your eyes open the real good things are few and far between. The "Something Good" cigar, the "best on earth," is one of them. They are positively a ten cent smoke for five. See that you get them, and see that they're stamped. Made only by Empire Tobacco Co., Granby, Que.

WORDS IN SEASON.

Beloved, follow not that which is evil, but that which is good. He that doeth good is of God: but he that doeth evil hath not seen God—III. JOHN I. II.

IN THE CHURCHES.

Rev. J. B. Cropper, a native of St. Vincent, W. I., and a recent graduate of Pine Hill Presbyterian College, Halifax, addressed a united meeting of the Presbyterian Sabbath schools at St. David's church, Sunday afternoon.

St. Matthew's Presbyterian church, North Sydney, has extended a call to Rev. T. Chalmer Jack.

Rev. A. S. Morton, now in England, has been called to the Shediac Presbyterian church.

A Presbyterian mission was opened Sunday in the Main street Temple of Honor Hall. Rev. James Ross preached very acceptably. The mission will be in charge of Mr. William Ross.

A successful strawberry festival was held Saturday by the ladies of Trinity church, Lands End, Kings county.

Rev. H. F. Laflamme, a returned missionary, preached Sunday evening at the Germain street Baptist church, delighting a large congregation. He told of the progress of the mission work in India.

ROYAL HOSPITALITY.

LONDON, July 13.

The *Sunday Sun* publishes an interview with an officer of the Ancient and Honorable Artillery Company of Boston, who said the reception of the company from the Queen exceeded anything the members possibly imagined. It is impossible to express their feelings. Their hearts were almost too full of words. The receptions at Windsor Castle and Marlborough House were most affecting incidents of the visit, and the personal kindness of the Queen and Prince and Princess of Wales thrilled their nerves and brought lumps to their throats.

DENOMINATIONAL RALLIES.

WASHINGTON, July 13.

Thirty meetings arranged to be held in the tents and churches Sunday afternoon offered varying attractions to the 40,000 Christian Endeavor delegates in attendance at the convention. They were mostly denominational rallies and drew crowds according to the numerical strength of each particular denomination.

A number of Brooklyn ladies have formed a club to reform street costumes. They have agreed that after the first Monday in October next they will wear skirts clearing the ground at least by three inches, except on occasions demanding full dress. They are also pledged to a rainy day dress in which the skirt reaches the knee and is to be worn in connection with bloomers or knickerbockers, leggings or boots, and a light waterproof.

THE CHIEF ENGINEER.
The "Empress of India's" Chief Engineer Tells an Interesting Story.
Mr. Francis Somerville, one of the best known men in the steamboat traffic on the rivers and lakes of Ontario, having been engaged in this business for fifty years, and who resides at No. 195 Upper Colborne Street, Kingston, speaks as follows of his recovery from the sickness which has affected him for some time.
Said Mr. Somerville: "The grip left me with kidney troubles and gravel. I had severe pain over the kidneys and in the small of my back, also between the shoulders and in the bladder.
"The urine was very dark-colored with a great deal of muddy sediment. I went to Mr. McLeod's drug store and bought two boxes of Doan's Kidney Pills. I have taken them with what people tell me is the usual good result.
"They have cleared the urine, removed the sediment, relieved me of distressing pain in the back and between the shoulders, and have built me up in a surprising manner. In fact, I am entirely free from the troubles which affected me before taking these remarkable pills, and I recommend them as a certain cure for all troubles arising from kidney disorders."
—*Whig*, Kingston.

FOR ALDERMAN.

I HEREBY give notice that I shall be a Candidate for Prince Ward to fill the vacancy caused by the resignation of Ald. McRobbie, and if my past conduct at the Board has been satisfactory I humbly and sincerely ask your support.

JOHN S. NICKERSON.
6-26

ELECTION CARD.

To the Electors of the City of St. John:

LADIES AND GENTLEMEN,—Having been requested by a large number of electors to be a candidate for the Aldermanship of Prince Ward, I have assented to their request. If elected I shall give my best abilities to the management of civic matters generally, and especially to all matters relating to Prince Ward.

I remain your obedient servant,
THOS. J. McPHERSON.
St. John, July 4, 1896. 7-4

TO THE ELECTORS OF THE CITY OF SAINT JOHN.

AT the earnest solicitation of a large number of electors, I have decided to stand for Prince Ward at the coming Aldermanic election to fill the vacancy.

Soliciting your favor and support, I am,
Yours faithfully,
7-7 tl d W. B. WALLACE.

I HAVE
A small lot of BATH SPONGES, good value, cheap. Also a few TURKISH TOWELS, the genuine article, and a nice White SOAP—Swiss Buttermilk—5c. a cake; less by the dozen.
M. V. PADDOCK,
7-11 DRUGGIST.

July 11, 1896.
Strawberries! Strawberries!
received fresh each day at W. ALEX. PORTER'S. Also FRESH CREAM.
N. B.—Full supply of Fruit each boat.
W. ALEX. PORTER,
Corner Union and Waterloo Streets And 72 Mill Street.

HENRY MAXWELL & SON
