ST. JOHN, N. B., SEPT. 11, 1896.

HELP ASKED FOR.

An appeal for aid for the inhabitants of the town of Tignish, Prince Edward Island, has been issued. The town was almost totally destroyed by fire on the 30th of August and many of the inhabitants were left homeless and destitute. Families have been divided and billeted out here and there among the farmers of the surrounding country. This has been found to be necessary in order to provide shelter for so many people who have lost their homes, and it is to aid these that a relief committee has been formed. This committee has undertaken the task of appealing to the charity and sympathy, not only of the people of the Island, but also to those throughout the Dominion. The members of the committee of seven in number will receive any contributions and distribute them among the distressed. If the contributions are in money the remittances should be forwarded to the president either by registered letter or post office order; if anything else but cash is forwarded it should be marked, "For Relief Committee," as this will insure reduced rates on transportation. Special appeals are made to the Mayors of the chief cities of Canada; the co-operation of the principal newspapers is asked, and the hearty support of private citizens in the work is solicited. The committee are Rev. Dugald M. Macdonald, who is president and treasurer; F. J. Buote, S. F. Perry, J. Dorion, M. D., J. W. Green, Patrick Kennedy and John Hackett. The case is one that calls for substantial help.

LABOR LAWS AT THE ANTIPODES.

Just now there is a good deal of agitation going on among the labor organizations, both in the United States and Canada, for shorter hours, and outside of those who take a prominent part in what is termed skilled organized labor many thinking men are inquiring as to the effect of reduced hours from the economist standpoint. Mr. P. J. McGuire, who is one of the leading men in the United States in favor of organized labor, in speaking at Portland, Me., on Wednesday night, favored the "eight-hour day" in order to give more chance for the employment of the idle. The plan had been tried in Australia, he said, and worked well. Prof. Dyde, of Kingston, Ont., who has taken a deep interest in the labor problem in Canada, recently communicated with the Minister of Labor and Education in New Zealand as to the effect of the compulsory half-holiday required by law, and the reduction of hours for women and minors. Professor Dyde put his communication in queries, as follows: "Do adult males work greater number of hours than they did before the act passed? Are young persons under eighteen dismissed from work and older males employed in their stead? How is business affected by the change? Does the half-holiday have any influence upon the observance of Sunday? Does the half-holiday increase the number of drunks and disorderly cases at the police court the following day?" In brief, the replies of the government officials to these questions stated that there was no doubt that a compulsory half-holiday during the week leads to a well-kept Sunday, as the artisan or shopman then has a chance for recreation and is willing to rest on Sunday. The hours of the week are limited for women and young persons, but not for adult males. The compulsory closing of the shops on half-holidays has not in any noticeable degree increased the working hours of adult males during other days. There was talk of reduction, but nothing came of it and now there is a very healthy trend of public opinion on the subject. No young people under eighteen had been dismissed on account of the limitation of the labor hours. Limiting the working hours of women, girls and children limits the work of the adults, as the stoppage of one part of the machinery in mills, etc., often necessitates the total closing down of the factory. There had been no real injury done to business. Since all must close, the volume of business remains the same. There had been no influence of any sort upon the police court cases, certainly the holiday had not tended to increase drunkenness, and as a reason for the general soberness of men and women, it was held that the sound, healthy men and women who play tennis, or the girl just in from a ten-mile walk, is less likely to want stimulants than the poor, fagged, worn-out person without holidays, and with whom life drags. No answer could be given as to the attendance at places of worship, as no statistics were compiled. On the whole the New Zealanders hold their labor laws have a general tendency for good upon the industrial classes.

Among the acts performed by the late administration after they had been condemned by the people at the polls was the appointment of a commission to revise and consolidate the Dominion statutes. The object was to provide rewards for political friends, including a defeated candidate, Mr. Coatsworth, of Toronto. A salary of $1,000 a year was attached to a commissionership, and it was expected the work would occupy several years. The Governor General gave his sanction to the appointment of the commissioners, but the new government took the matter into consideration and it is now announced that by an order-in-council dated Aug. 20 the appointments have been cancelled. This has been done on the recommendation of Sir Oliver Mowat, Minister of Justice, on the ground that as Parliament had not sanctioned the appointments it would be well to rescind them. No doubt Mr. Coatsworth and his brother commissioners will be disappointed and their friends may raise another "constitutional" question, but the action of the government will be heartily endorsed by the country.

The Toronto *Telegram*, independent Conservative, says: "When the Liberals come in they will be told that a grit gerrymander is the best answer to a tory gerrymander. They will be told to replace the franchise act with an act which will give to the grits all the advantage which the present statute gives the tories. If they are wise they will understand that there is in this country a spirit which yearns for fair play in politics, and that in the long run fairness earns more than fraud, even in this country." A spirit of fair play and honesty in politics dictates that the evil work of the gerrymander shall be undone, and that a franchise law based on common sense should be enacted. There is no need of unfairness, and there is not likely to be any.

The announcement in our Ottawa despatches that Mr. Chesley, ex-M. P., was appointed immigration agent here by the moribund government will excite some surprise in Portland. Ald. McGoldrick's friends were sure that he was slated for the position before election, but he was "left" after the ballots told their tale. They have the satisfaction of knowing, however, that the same fate befell Mr. Chesley.

"THE GREAT ASSASSIN."

EUROPE TO BE AROUSED AGAINST THE SULTAN OF TURKEY

Because of the Armenians and Cretan Atrocities.

BOSTON, Sept. 11.

A special despatch to the *Herald* from London says: "It is reported that a private despatch arrived here last night from Constantinople confirming the rumors recently current that the powers are seriously considering the question of deposing the Sultan. It is added that important developments are expected from the probable action of the Sheik Ul Islam, whose fiat is necessary for the legal removal of the Caliph. In consequence of the receipt of a peremptory British note, the Sultan of Turkey has issued an irade ordering that the expulsion of Armenians from Constantinople be stopped. The popular feeling of indignation excited by the cruelties of the Sultan against the Armenians and the Christians in Crete will shortly find voice in a series of mass meetings that have been summoned in Birmingham, Manchester and other large cities in England. This feeling is not confined to England, as is evidenced by the fact that a large meeting to denounce the massacres in Anatolia and Crete, and to call upon the powers to put an end to the misgovernment of the Sultan, was held in Berlin yesterday, and further meetings for the same object will soon be held in other places in Germany. In Paris a number of Armenian students made a tour of the newspaper offices and appealed to the editors to arouse the sympathy of the nation for their suffering and despairing countrymen. The students were generally advised to keep quiet until after the visit of the Czar to Paris. They were told that after the Czar had left Paris indignation meetings would have a prospect of success. A few days ago Mr. Gladstone was requested to address a mass meeting to be held at Liverpool for the purpose of condemning the Sultan of Turkey for permitting the massacres of Armenians. In reply to the request Mr. Gladstone has written a letter in which he says: "My opinion of the great assassin and of the disgrace the European powers have allowed him to bring upon them are well known to my countrymen, but I do not think that benefit would accrue from my taking part in meetings, however valuable and even obligatory such meetings may be for those still engaged in the active duties of public life."

W. C. T. UNION.

National and Dominion Conventions—The Local Union.

The official call for the 23rd annual convention of the National W. C. T. U. has been issued by Frances E. Willard, president, and Katherine Lente Stevenson, corresponding secretary of the organization. The St. Louis Music Hall is to be the place, and November 12 to 18 the time. Among the visitors expected are Lady Henry Somerset, vice-president of the World's W. C. T. U.; Miss Agnes E. Slack, secretary of the World's W.C.T.U.; Countess Shimmelman, of Norway; Mrs. A. O. Rutherford, president of the Dominion W. C. T. U.; and Mrs. Hughes, a gifted Welsh woman, whose literary name is Gwyneth Vaughn; Mrs. Emma Booth-Tucker, a commander of the Salvation Army in America, and Mrs. Maud Ballington Booth, who occupies the same position in the newer organization of American Volunteers; Mr. Herant Kiretchjian; Miss Clara Barton, general secretary of the Armenian Relief Association; Mrs. Leonora M. Lake, of the Catholic Total Abstinence Society; Miss Mary Blood, of the Columbian School of Oratory; Mrs. Emily M. Bishop and many others.

The official circular has gone out for the ninth annual convention of the Dominion Woman's Christian Temperance Union. It will be held in Toronto from November 6th to 10th next. The greatest question to settle at this convention is whether Toronto or Montreal is to have the honor of the great world's W. C. T. U. convention of 1897. It has been decided to hold this world's convention in Canada, and it will be in one of the two cities named. Already the Toronto workers are preparing for the battle for this honor, and are confident of success.

At the W. C. T. U. quarterly meeting on Thursday in Carleton it was reported there are ten children in the Little Girls Home, Brussels street. Each union reported on the work of the quarter, showing that much had been done in the way of jail visitations, mothers' meetings, etc. In the evening a public meeting was held, Mrs. Gray, of Fairville, presiding. There was an excellent programme, including an address on temperance by Miss Long, of Fairville. The Carleton ladies entertained the visitors at supper at 6 o'clock.

SHIPPING NOTES.

PITCH PINE.—Schooner John S. Parker, Capt. Gesner, arrived to-day from St. Georges, Bermuda, with pitch pine. She came up in a week and had strong winds.

CHARTERED.—S. S. Mantinea has been chartered to load here for W. C. E., deals, at 50s.; if Manchester, 51s. 3d. This is quite an advance over former rates.

LOST OVERBOARD.—Capt. King, of the brgt. Louil, at New York from St. John, reports on Sept. 3, lat. 42 40, lon. 68, during a heavy southerly gale, Seaman William Christiansen, aged 28, a native of Norway, was carried overboard by mainsail and drowned.

THE PERFECTION.—Some particulars have been received here of the destruction by fire of the British barque Perfection, Captain Loomer, from Quebec, on Aug. 17, for Rio de Janeiro. It seems that she was burned on August 30 in latitude 42 37 north and longitude 50 22 west. The members of her crew were picked up on September 2 by the Dutch steamer Sparnam, from New York for Boulogne and Rotterdam, and were landed in England. Captain Loomer, it appears, suspects a Belgian sailor of having set fire to the ship.

THE LATE STORM.—A Vineyard Haven despatch states Thursday night five fishing schooners and a small number of coasters were anchored at Tarpaulin Cove during the violent easterly gale. Sch. Red Jacket, Mullen, of and from Rockland for New Bedford and Providence with 1,580 barrels of lime, parted both chains and dragged afoul of the fishing schooner Edith L. Conley, carrying away port rail and chain plates. She afterwards drove ashore on the west side of the harbor, where she pounded heavily, but remains tight. The Conley lost bowsprit and all her headgear. Fishing schooner Emma, of Portland, parted both chains and fouled schr, Mertis H. Perry, of Gloucester, and had main and fore booms broken. Her standing rigging was carried away and port bulwarks stove. She afterwards went ashore on the rocks near the lighthouse and bilged. She lost both seine boats. The Perry lost foremast and bowsprit, with all headgear, and received other damage. During the collision, Ned Shehan, of Provincetown, one of Perry's crew, jumped overboard and was drowned.

Schooners Helen and Maud Gertrude, of Newport, parted chains and went ashore on the west side of Tarpaulin Cove.

Five vessels were wrecked at Point Judith. It is believed all hands were saved.

Women who are weak and nervous, who have no appetite and cannot sleep, find strength and vigor in Hood's Sarsaparilla.

BASE BALL.—The tenth game of the series between the Roses and Alerts will be played to-morrow afternoon on the Shamrock grounds. If the Alerts win this game they will have secured the majority of games played.

MR. KELLY PRAISED.—Referring to a concert given at Hampton last week the Sussex *Record* says: Mr. J. Kelly, of St. John, a remarkably fine tenor singer, held the audience spell-bound during his rendering of several pieces. Mr. Kelly was the best tenor heard in Hampton for years.

SPORTS AT MONCTON.—The M. P. A. A. A. annual meet will be held to-morrow at Moncton. The sports promise to be very interesting. St. John will be well represented. The I. C. R. is selling tickets at the low rate of $2 good to return any time Monday.

STEAMSHIP SUBSIDIES. — Mr. J. T. Knight, of St. John, is at Ottawa and had an interview with Hon. Mr. Blair on Thursday regarding the winter service subsidy on behalf of the Anchor Line Company. The whole question of steamship subsidies will be taken up by the cabinet-in-council on Saturday.

THE WIFE-KILLER'S CASE.—The verdict of the Coroner's jury on the death of Mrs. Ouillet was that "she came to her death by extreme external violence by the fault of her husband, but how far that violence went to cause her death they were not prepared to say." Ouillet is in Dalhousie jail awaiting trial.

MR. TUFTS' INTENTION.—It is generally understood, although not definitely settled, that Mr. Frank Tufts, of St. John, intends to purchase Judge Morton's residence and farm at Sussex Corner. The Judge on Wednesday said negotiations for the purchase were being made. If sold Mr. Tufts will probably take possession March 1st.—*Sussex Record.*

THE AMERICAN BOATS.—Steamer Cumberland left Boston last evening and is coming direct to St. John. She is expected here between 7 and 8 this evening and will leave again as soon as possible, probably about 11 o'clock. The trip of the State of Maine has been cancelled. She has gone back to Boston and will leave there to-morrow on her regular trip.

AT REDUCED RATES.—Ladies who desire to come here from Moncton, Fredericton, St. Stephen and other points along the I. C. R. and C. P. R. to attend the meetings of the Association for the Advancement of Women should make up parties. The C. P. R. will sell parties of eight or more return tickets for a fare and a third, while the I. C. R. will make a single fare return rate to parties of ten.

FLEET OF TRAMP STEAMERS EXPECTED.—The prospect of a blockade of grain, fruit, etc, at Montreal, has induced shippers to bring out all the tramp steamers they can charter to take away the proceeds of the bountiful harvest. A whole train of freight cars laden with apples was taken down to the steamship wharves on Wednesday. Several refrigerator cars belonging to the Goodell California Fruit Line are delivering California fruit on the wharves.

THE COAL TRADE.—Bqetn. Peerless, Capt. Davis, arrived at Sydney Sunday from Chatham, having made the round trip from Sydney in fifteen days. The Peerless has been chartered to load coals for St. John at $1.30 per ton; schs Shenandoah and Viola are also loading coals for St. John; bqetn. Preference will go from Yarmouth to Sydney to load for St. John; sch. Blomidon, Capt. Holmes, arrived yesterday from Madeira, and will load coals for Windsor.

COL. MAUNSELL PROMOTED. — Lt. Col. Maunsell, D. A. G., has been appointed officer in command of the Royal Regiment Canadian Infantry. The regiment is composed of four companies—the schools at London, Toronto, St. John's, Quebec, and Fredericton. Lt.-Col. Maunsell is the senior officer and is therefore given the position as commander. The position is a new one, and is created because of differences that might arise in the event of the regiment being called out. It will not necessitate his removal from Fredericton.

THE STORM that raged along the American coast kindly gave St. John the go-by. Only the tail-end of it was felt here in the heavy rollers in the bay and the rain of last night. So far no disasters are reported and no serious damage has resulted to shipping. Many mariners heeded the warning and remained in port, thus saving themselves the danger of serious mishaps. The I. S. S. Company's service was demoralized, the steamers being compelled to remain in port. They are now making their trips again, and by to-morrow will be back on time.

JEWISH HOLY DAYS.—The celebration of the Jewish New Year was concluded on Wednesday. Thursday of next week will be the day of Atonement, which will be observed by all the Jews. Four days after that is a holy day, which, however, is not generally observed. The end of the New Year celebrations practically end on the day of Atonement. Rabbi Tubkin conducts all the services. Next year the Jews will have a synagogue of their own in which to worship. This will be the first time in this city that they will have a house built specially for themselves, and they look forward to it with pleasure.

"THE MEDICAL RECORD" in its issue for the week ending Sept. 5th presents to its readers a number the departments of which are all supplied with most interesting items. "The Original Articles" discuss tuberculosis and other important subjects, the "Editorials" are, as usual, a most important feature of this journal, the "Society Reports" contain a full account of the meeting of the New York Pathological Society with discussions, and the "News of the Week," "Progress of Medical Science," "Clinical Department," "Therapeutic Hints," "Correspondence" and "Medical Items" complete this most interesting and instructive issue. Wm. Wood & Co, publishers, 43-47 East Tenth street, New York.

CHANCE FOR OARSMEN. — Now that boat racing has become somewhat interesting and citizens generally are beginning to take hold of this most exciting sport, everybody will be glad to learn that Mr. J. J. McBriarty, of the International Cafe, has offered a purse of $100 to be competed for next Friday. Any four-oared crew that wishes to take part in this contest is requested to send representatives to a meeting to be held at the International Cafe on Monday evening next at eight o'clock. Mr. McBriarty's only stipulation is that the race must be rowed in the harbor so that all may have an opportunity of seeing the contest free of charge. There has been no satisfaction in the contests between the St. John and the McLeod-Sullivan crews, and as both crews have many friends who are anxious to see them come together in the harbor no doubt this race will be arranged for. His Worship the Mayor will be asked to act as referee in this race.

THE WINTER PORT.—Mr. T. H. Sime having resigned as arbitrator of the Mayes property the City Council, at a meeting Thursday afternoon, appointed Mr. D. J. McLaughlin to act in his stead. Mr. Sime is in poor health, and it is understood will make the trip to Shediac and back in the Springhill. Messrs. Sime and Drury had agreed on Mr. George McAvity as the third arbitrator, but ill health has compelled him to decline. Messrs. McLaughlin and Drury will have to choose a new companion.

Scows for the new government dredge have been considered. Several will have to be built and they will cost over $1,000 apiece. It is possible some large deal scows may be made over to suit the purpose, though it is difficult to get them large enough.

The Council of the Board of Trade at a meeting this morning considered the question of steamer subsidies. Mayor Robertson was present and told something of his interviews with the government. The meeting decided on a resolution to be forwarded to Messrs. Ellis and Tucker, M.P's., urging that subsidies be granted only to Dominion maritime ports. The meeting discussed at some length, and at times with considerable vigor, the whole winter port question. Some thought none of Canada's business should go through Portland, Me. Others contended that even when the improvements now in contemplation at Carleton are completed and the Beaver, Donaldson, Furness, Elder Dempster and Head line steamers are arriving there would not be accommodation for the large boats of the Allan and Dominion lines. With this view Mayor Robertson agreed. It was further pointed out that the Grand Trunk controlled a great part of the business and could well afford to subsidize lines to go to its terminus at Portland. The meeting did not discuss the progress of the work in Carleton, but as already stated the admission was general that their completion would still leave much to be done to enable St. John to handle all the winter business of Canada.

THE COURTS.

COUNTY COURT CHAMBERS.

In James Donald *et al* vs. Chas. W. Segee and Edward Murphy, a claim for wages amounting in all to $170.81, Mr. H. H. Pickett, for Mr. Murphy, took the preliminary objection that the claims had not been filed within thirty days; S. Alward, Q. C., contra. The matter was adjourned until next Thursday.

EQUITY.

In Kinnear vs. Miller an order was made for the appointment of a guardian for the infant defendants and for leave to mortgage. Mr. W. B. Wallace for defendants, Mr. T. P. Regan consenting.

An order was made allowing Frank L. Thurber and wife to adopt Charles D. Sargent, an infant four years old, and changing child's name to Thurber. Mr. E. R. Chapman, solicitor.

CHAMBERS—JUDGE BARKER.

The hearing of the preliminary objections in the Restigouche election case was set down for Oct. 2nd. L. A. Currey, Q. C., and W. Pugsley, Q. C., solicitors.

The argument on the application to release John Doherty from the Kings county jail was heard to-day. Doherty was convicted under the Scott Act for two offences in 1895. In January, 1896, he was arrested on a warrant on the first conviction, and served his term of imprisonment. He was a short time ago arrested on a warrant issued on the second conviction. Mr. Tweedie, for the prisoner, argued that unless the conviction for the second offence adjudged that it should be in addition to the first the prisoner, by serving his first term, in reality served both terms. Mr. F. A. McCully contra.

Judgment was reserved.

PROBATE COURT—KINGS COUNTY.

Administration of the estate of the late Isabella Paddock, widow of Dr. Adino Paddock, has been granted to Mrs. F. V. Glyn, of New York. Real estate entered at $1,500, and personal at $400. J. Roy Campbell, proctor.

SEPTEMBER WEDDING.

The residence of Mr. R. G. Doherty, St. Nicholas River, Kent county, was the scene of an interesting event Wednesday afternoon, the occasion being the marriage of his daughter, Lorinda, to Mr. William Bowser, a prominent young barrister of Vancouver, B. C. The ceremony was performed at 3 o'clock by the Rev. J. D. Murray in the presence of the intimate friends of the young couple. The happy couple have gone on an extended tour to the chief points of interest in the upper provinces before starting for their future home in Vancouver. The bride is a sister of Mr. D. M. Doherty, of St. John. The groom's present was a gold watch and chain with diamond settings. The presents were very handsome, among the number being $300 in gold.

ST. JOSEPH'S COLLEGE.

One hundred and forty-three names are now entered in the Prefect's register and still they come.

There are few changes from last year's teaching staff. Rev. Brother Raphael has taken charge of the musical department in the Sorel College, P. Q. Father Arsenault replaces him here. Messrs. Whalen and Roulin both go to the seminary in Quebec.

The work on the Lefebvre Memorial Hall is being vigorously pushed by Contractor Gaudet and his men. Two carloads of slate for the roofing have arrived at Memramcook station. The June, '97, closing exercises will also take place in the hall, providing the amounts subscribed are paid up so as to keep the men steadily at work.

PERSONAL.

Mr. George Coster, of New York, who has been visiting his sons, Messrs. Charles A. and J. Arthur Coster, returned to New York to day.

A. K. Mackasey, of Halifax, is in the city visiting at Mrs. McQuarrie's, Pine street.

Dr. S. F. Wilson, of Montreal, is at the Aberdeen.

Mr. John M. Sawyer, of Bangor, is visiting his brother-in-law, Mr. E. L. Jewett.

Mr. John Calhoun, of Savannah, Ga., an old Carleton boy, is visiting relatives in the city.

INFORMATION WANTED.

To the Editor of the Globe:

SIR,—The writer, who is a resident of Wright street, has had a dispute with his neighbors about a noise that has been very distinctly heard in that vicinity the last two evenings. My claim is that it is caused by the roll of the waves in Courtenay Bay, as it is always noticeable when there is a heavy swell outside and the wind from the southeast. My friends think it impossible for so loud a roar to be produced in this way. Perhaps you, Mr. Editor, or some other citizen may be able to enlighten us.

Yours truly,
COURTENAY BAY.

POLICE COURT.

Henry Thompson, drunk on Prince Wm. street, was fined $4.

John Devine was arrested on Thursday afternoon by Officer Killen, on suspicion of theft. Devine was wearing a bran new fashionable Mackintosh coat, altogether out of keeping with the rest of his attire, and as he had previously been convicted of stealing, the officer took him into custody. It was afterwards found that the coat was stolen from Messrs. Fraser, Fraser & Co.'s store. Devine was remanded for sentence.

Patrick Lyons, who was charged by Jas. Daley with attempting to assault him, was let go, as Daly did not wish to prosecute.

HOMEWARD BOUND.

[SPECIAL TO GLOBE.]

OTTAWA, Sept 11.

Hon. John Costigan, who has been attending the Irish convention at Dublin, sails for Canada to-day.

TROOPS FOR CUBA.

MADRID, Sept. 11.

It is announced that in addition to the 40,000 troops which are to be embarked for Cuba at the beginning of the month of October a force of 25,000 men is about to be organized for service in Cuba if it should become necessary to send further reinforcements.

DIDN'T FORGET IT.

[Green Bag.]

Counsel in a case lately pending for trial in the New York Surrogate Court had his question met with the answer: "The matter slipped my mind."

"In other words, you forgot such an important event."

"No, I haven't forgot it."

"Pray, sir, what difference is there between forgetting a matter and having it slip your mind?"

"Well, counsellor, it is this way. A thing slips from the mind, but by and by you remember it. But if you forget a thing it never comes back."

His Honor made a note of the distinction.
